Precinct 9.	Ten for a Three Year Term
Precinct 10.	Eight for a Three Year Term
	One for a Two Year Term
Precinct 11.	Eight for a Three Year Term

nd to vote on the following question:

Shall the Town of Milton be allowed to exempt from the provisions of Proposition 2 1/2 so called, the amount required to pay for the bonds issued to design and construct new science laboratories and remodel existing science laboratories at the high school and pay costs related to this item, previously authorized by Town Meeting vote.

YES
NO

For these purposes the polls will be open at each and all of said precincts at seven o'clock in the forenoon and will be closed at eight o'clock in the evening.

And thereupon to adjournment of said meeting on the following Saturday, to wit, March twelfth next, at one o'clock in the afternoon at the Milton High School Auditorium, 91 Brook Road in said Milton, then and there to act upon the following articles, to wit:

Articles 1 through 52 inclusive appearing in regular type on the following pages.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times nd places and for the purposes herein mentioned by posting attested copies of the Warrant n each of the Post Offices of said Town seven days at least before the fifth day of March, and eaving printed copies thereof at the dwelling houses of said Town at least four days before aid date.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk, on or before said fifth day of March, next.

Given under our hands at Milton this 27th day of January nineteen hundred and ninety four.

Joseph P. McEttrick
Katherine Haynes Dunphy
John Michael Shields
Board of Selectmen

Commonwealth of Massachusetts)
County of Norfolk)

Pursuant to the within Warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town and leaving attested copies at the dwellings of the inhabitants. Warrants were posted on February 25, 1994 and delivered to the inhabitants on February 26, 1994.

A True Copy: Attest

Carol A. Beebe, Inspector
Nona R. Mahoney, Deputy Inspector

PRECINCT ELEVEN TIE BREAKING VOTE

The outcome of the election for Town Meeting Member in Precinct Eleven resulted in the same votes for the following candidates:

Precinct Eleven

William E. McGuire	155
Geoffrey W. Wilkinson	155

According to the Milton Town Charter, Section 1.

> "In the case of a tie vote which affects the election of town meeting members in any precinct, the members elected from such precinct at the same election other than those whose election is so affected, shall, by a majority vote, determine which of the members receiving such tie vote shall serve as town meeting member."

At 12:15 p.m. on March 12, 1994, a Precinct Eleven Caucus was held among the members elected on March 5, 1994 to determine who would serve until 1997. The results were as follows:

Geoffrey W. Wilkinson	5
William E. McGuire	1
Blanks	0

Therefore, Geoffrey W. Wilkinson will serve Precinct Eleven until 1997.

PRECINCT ONE VACANCY CAUCUS

Mark J. Nahorney resigned as a Town Meeting Member in Precinct One.

According to the Milton Town Charter, Section 6:

"In the event of any vacancy in the full number of elected town meeting members from any precinct the remaining elected members of the precinct may choose from among the registered voters thereof a successor to serve until the next annual town election."

At 12:30 p.m. on March 12, 1994 a Precinct One Caucus was held to elect a registered voter to fill the vacancy created by Mr. Nahorney's resignation.

At the caucus a motion was made and seconded to elect Bernard T. Packer Chairman and Janet A.F. Hildebrand, Clerk of the Caucus. The vote was unanimous.

The names of two registered voters were placed in nomination:

John R. Cahill, Jr.	46	Essex Road
Steven L. Kolodziej	39	Cheever Street

The results were as follows:

John R. Cahill, Jr.	7
Steven L. Kolodziej	6

Therefore, John R. Cahill, Jr. will serve Precinct One until 1995 at which time he may run for election as a Town Meeting Member.

James G. Mullen, Jr.
Town Clerk

ADJOURNED TOWN MEETING — MARCH 12, 1994

The Town Meeting held at the High School Auditorium was opened at 1:20 p.m. by the Moderator, Richard P. Ward.

The Town Clerk, James G. Mullen, Jr. informed the Moderator that a quorum was present.

The Moderator introduced Rev. Mark W. Harris, Pastor of the First Parish Unitarian Universalist Church who delivered the invocation.

The Town Meeting Members stood and were sworn in by the Town Clerk, James G. Mullen, Jr.

The following Town Meeting Members were absent from the Annual Town Meeting held March 12, 1994:

PRECINCT ONE:	Francis J. McCabe Susan N. McCabe Robert F. O'Meara

PRECINCT FOUR:	William J. Driscoll, Jr. L. Joyce Smith Robert W. Smith
PRECINCT FIVE:	Galen E. Wifholm Galen E. Wifholm, Jr.
PRECINCT SIX:	Kenneth G. Caldwell Patrick F. Fitzgerald Redmond S. Fitzgerald Martin J. Haddigan
PRECINCT SEVEN:	John J. Boles, Jr. Thomas S. Gunning (Ex-Officio) Timothy J. Letson

PRECINCT EIGHT: James F. Dinneen

PRECINCT NINE: Elizabeth A. Hebard
Jeffrey T. Marr
Ambrose B. Nangeroni

PRECINCT TEN: Jean F. Dunn
Mark Sills

PRECINCT ELEVEN: Dennis P. McA'Nulty

ARTICLE 1. To choose all such Town Officers as are not required to be chosen by ballot.

VOTED: The Town voted to elect James A. Braxton and Robert F. O'Meara, Measurers of Lumber

UNANIMOUS VOTE

ARTICLE 2. To hear and act upon the report of the Town Accountant and other Town Officers and Committees.

VOTED: The Town voted to accept the report of the Town Accountant as printed in the 1993 Annual Report.

UNANIMOUS VOTE

School Committee Chairman Francis X. Desmond presented a report on the school department revolving accounts.

Chairman of the Board of Selectmen Katherine Haynes Dunphy paid tribute to the following department heads who have retired:

Lawrence W. DeCelle, Jr.
Director of the Department of Public Works

Joseph G. Graziani, Jr.
Town Accountant

ARTICLE 3. To see if the Town will vote to authorize the Town Treasurer with the approval of the Board of Selectmen, to borrow money from time to time in anticipation of the revenue of the fiscal year beginning July 1, 1994 in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with the provisions of General Laws, Chapter 44, Section 17.

VOTED: The Town voted that the Town Treasurer, with the approval of the Board of Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the fiscal year beginning July 1, 1994 in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with the provisions of General Laws, Chapter 44, Section 17.

UNANIMOUS VOTE

ARTICLE 4. To see if the Town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

VOTED: The Town voted YES

UNANIMOUS VOTE

ARTICLE 5. To see if the Town will vote to authorize the Town Treasurer to enter into compensating balance agreements during the fiscal year beginning July 1, 1994, in accordance with the provisions of General Laws, Chapter 44, Section 53F; and act on anything relating thereto.

VOTED: The Town voted YES

UNANIMOUS VOTE

ARTICLE 6. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before Committees of the General Court.

VOTED: The Town voted YES

UNANIMOUS VOTE

ARTICLE 7. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interest of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; the members of such committee to hold office until the final adjournment of the next Annual Town Meeting and until the appointment of any succeeding committee authorized at such meeting.

VOTED: The Town voted YES

UNANIMOUS VOTE

ARTICLE 8. To see what sum of money the Town will vote to appropriate to the Board of Selectmen for the purpose of conducting a municipal audit for the fiscal year ending June 30, 1994, and further to see if the Town will vote to authorize the Committee appointed pursuant to Article 14 of the 1978 Annual March Town Meeting (The Town Audit Committee) to make recommendations to the Selectmen relative to the employment of a Certified Public Accountant for the foregoing purpose; and to act on anything relating thereto.

VOTED: The Town voted to appropriate the sum of $30,500 for the purpose set forth in this Article.

UNANIMOUS VOTE

ARTICLE 9. To see if the Town will vote to accept the provisions of Chapter 32, Section 22D of the Massachusetts General Laws, which requires the Town to establish a retirement system funding schedule designed to reduce the unfunded liability of the Town to zero as of June 30, 2028, and which would remove the requirement of a maximum salary upon which a retirement allowance may be based for employees who enter the service of the Town after January 1, 1979, and to otherwise act thereon.

VOTED: The Town voted YES.

UNANIMOUS VOTE

ARTICLE 10. To see what sum of money the Town will vote to appropriate for the twelve month period beginning July 1, 1994 and for the several categories classified as Employee Benefits; and to act on anything relating thereto.

VOTED: The Town voted to appropriate the amounts shown in the following tabulation.

EMPLOYEE BENEFITS	**Voted FY95**
Widow's Pensions	2,688
Non-Contributory Pensions & Annuities	146,043
Contributory Retirement System	2,000,400
Administration	47,206
Group Insurance	3,034,968
TOTAL	5,231,305

and that included in the appropriation for Employee Benefits are the sums of $14,469 representing expenses attributable to the Sewer enterprise and $184,045 for expenses attributable to the Water enterprise, which are to be included in Schedule A. "Local Receipts Not Allocated" of the Tax Recapitulation as Sewer and Water Estimated Receipts. The sum of $39,836 but no more shall be used for salaries and wages.

UNANIMOUS VOTE

ARTICLE 11. To see if the Town will vote to amend Chapter 13 of the General Bylaws, known as the Personnel Administration Bylaw, as follows:

By striking out the section "Position Identification by Level, Department, Municipal Division and Personnel Code" and also the section "Position Classification — Schedule of Weekly Rates" and inserting in place thereof two new section as follows:

and that included in this appropriation for General Government are the sums of $99,029 representing expenses attributable to the Sewer enterprise and $27,931 for expenses attributable to the Water enterprise, which are to be included in Schedule A. "Local Receipts Not Allocated" of the Tax Recapitulation as Sewer and Water Estimated Receipts.

UNANIMOUS VOTE

ARTICLE 13. To see what sum of money the Town will vote to appropriate for the twelve month period beginning July 1, 1994 for the operation maintenance and improvements of Public Works; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the amounts shown in the following tabulation:

DEPARTMENT OF PUBLIC WORKS	Voted FY95
PUBLIC WORKS	
Public Works General	755,404
Vehicle Maintenance & Operation	193,011
Subtotal Public Works	948,415
SOLID WASTE MANAGEMENT	
Sanitary Landfill Contract	137,000
Collection of Refuse	335,000
Curbside Recycling	176,000
Landfill Engineering	150,000
Solid Waste General	83,150
Subtotal Solid Waste	881,150
Total Tax Levy	1,829,565
Water Operation & Improvement	767,904
MWRA Water Assessment	903,450
Subtotal Water Enterprise	1,671,354
Sewer Operation& Improvement	273,734
MWRA Sewer Assessment	2,965,003
Subtotal Sewer Enterprise	3,238,737
Total Water & Sewer Enterprises	4,910,091
Total Dept. of Public Works	6,739,656

The Public Works Department is authorized to spend from the aggregate amounts appropriated the sum of $1,332,968 but not more, for salaries and wages, and the sum of $103,200 but not more, for new equipment.

To meet the appropriation for Water Operation and Improvements and for the M.W.R.A. Water Assessment, the sum of $149,526 is to be transferred from the Water Surplus as of June 30, 1993 and the balance of $1,521,828 to be raised from the tax levy. This sum of $1,521,828 represents expenses attributable to the Water enterprise which is to be included in Schedule A. "Local Receipts Not Allocated" of the Tax Recapitulation as Water Estimated Receipts.

To meet the appropriation for Sewer Operation and Improvements and for the M.W.R.A. Sewer Assessment the sum of $202,345 is to be transferred from the Sewer

Surplus as of June 30, 1993 and the balance of $3,036,392 to be raised from the tax levy. This sum of $3,036,392 represents expenses attributable to the Sewer enterprise which is to be included in Schedule A. "Local Receipts Not Allocated" of the Tax Recapitulation as Sewer Estimated Receipts.

The Public Works Department is hereby authorized to sell at a private or public sale, with the approval of the Board of Selectmen, equipment which is no longer required by the department; exchange or trade in old equipment for the same or similar type of equipment, and to sell junk, metal, cast iron and similar materials, discarded meters, whether dismantled or not, in the usual course of its operations to furnish additional funds for the purchase of replacement items. **UNANIMOUS VOTE**

ARTICLE 14. To see what sum of money the Town will vote to appropriate for maintaining, repairing, improving and constructing ways under the provisions of General Laws, Chapter 90, said sum or any portion thereof to be used in conjunction with any money which may be allotted by the State for this purpose; to determine how said appropriation shall be raised, whether by borrowing or otherwise; and to act on anything relating thereto.

VOTED: The Town appropriated the sum of $292,361 for the purposes set forth in this article, that to meet said appropriation the Treasurer be authorized to issue, with the approval of the Board of Selectmen, bonds or secured notes, in the amount of $292,000, that the sum of $361 be raised in the tax levy; that the Town vote to accept grants under the provisions of Chapter 33, Acts of 1991, in the amount of $292,361, the said reimbursements from the State (100%) to be restored upon their receipt to the Town Treasury.

UNANIMOUS VOTE

ARTICLE 15. To see if the Town will vote to revise the appropriations under Article 13 of the March 1993 Annual Town Meeting by decreasing the MWRA Sewer Assessment by $658,922 and by increasing the MWRA Water Assessment by $9,614;

	Town Meeting Appropriation	**Revised Recommendation**
MWRA Sewer Assessment	$3,461,831	$2,802,909

VOTED: The Town voted (lacking a two-thirds vote) YES 120 NO 108

ARTICLE 38. To see if the Town will vote to amend Chapter 10 of the General Bylaws, known as the Zoning Bylaws as follows:

By adding to Section I, Subsection A (regarding definitions) the following new Paragraphs 10, 11, 12, 13 and 14:

10. Sign — The word "sign" (whether exterior, interior, permanent or temporary) means any object, board, placard, paper, symbol, banner, streamer, letter, number, emblem, logo, color, display or light or any combination thereof which identifies or attracts attention to any property or premises or provides information.

11. Exterior Sign — The term "exterior sign" means a sign, temporary or permanent, which is: (a) located outside of a building, whether apart from or attached to a building; (b) located on vacant property; or (c) painted on or attached to the outside of a window or door.

12. Interior Sign — The term "interior sign" means a sign, temporary or permanent, which is located inside a building within twelve inches of or attached to the inside of the door or window glass of such building, and visible through such glass from any public right of way or from any outside area open to the public.

13. Permanent Sign — The term "permanent sign" means a sign, exterior or interior, other than a temporary sign.

14. Temporary Sign — The term "temporary sign" means a sign, exterior or interior, which provides information regarding any special event or offering of a nonpermanent nature, including, but not limited to a yard sale at the same location authorized by the Board of Selectmen, an activity involving the public health, safety or welfare, an election or referendum, or an offering for sale or lease of the real property upon which the temporary sign is located. Governmental, seasonal or decorative flags displayed on residential premises are temporary signs.

By striking Paragraph 3 of Section III, Subsection C (regarding signs in a business district); and by inserting in place thereof the following new Paragraph 3:

3. Signs permitted in any residence district and advertising signs not illuminated (directly or indirectly) and erected or posted by the occupant of the premises to advertise goods or services offered on the premises for sale, hire or use, and meeting all of the following criteria as determined by the Building Commissioner.

(a) Maximum Aggregate Area:

The aggregate area of all exterior signs shall not exceed: (i) the number of square feet equal to the product resulting from multiplying the number of linear feet of the width of the facade by four-tenths (0.4) of a foot or (ii) forty (40) square feet, whichever is smaller.

Nor shall the aggregate area of interior signs exceed: (i) thirty (30) percent of the total area of door and window glass of the building facade, or (ii) twenty (20) square feet, whichever is smaller.

Nor shall the aggregate area of all exterior and interior signs exceed ten (10) percent of the area of the building facade.

The area of a building facade shall be calculated by multiplying the width of the building front by the height of the building front as measured from ground level to the underside of any eve or parapet line. In calculating maximum permitted aggregate sign area in cases where the signs relate to a business occupying only a part of the building, the area of a facade shall be calculated by multiplying the width of the front of that part of the building occupied by the business by the height of the front of that part of the building occupied by the business.

(b) Height:

All portions of an exterior sign attached to a business building, including supporting bracket, shall be a minimum of seven (7) feet above adjoining ground level except that one exterior directory sign of less than one square foot shall be permitted between ground level and seven (7) feet.

(c) Number:

In addition to the exterior directory sign permitted under Section III, C.3 (b) above, the number of exterior signs attached to or apart from each business premises shall be no more than one (1) except when in the judgement of the board of Selectmen acting under paragraph 5 below an unusual circumstance is found to exist such as, but not limited to, business premises with entrances located on two rights of way. Business premises are a building or buildings or part of a building or buildings occupied by one business.

(d) Calculation of Sign Area:

(1) Each face of a multifaced sign or of a double faced sign shall be included so long as it can be seen from a public way or area open to the public.

(2) For irregularly shaped signs, the area shall be that of the smallest rectangle that wholly contains the sign.

(3) The area of a sign shall include the board or other material, including framing (visual or otherwise) of which the sign is a part. Area of signs which are permitted to be painted on walls, doors and windows shall be calculated the same as irregularly shaped signs.

(e) Sign Location:

(1) Signs shall be located below the eave or parapet line of the building on which they are mounted.

(2) Signs shall be mounted flush to the building facade and shall not be mounted so as to be at an angle to or extending out from the building. Pole signs or exterior signs standing apart from a building are not allowed unless approved by the Board of Selectmen under Paragraph 5 below.

By striking Paragraph 5 of Section III, Subsection c (regarding signs in a business district) and by inserting in place thereof the following new Paragraph 5:

5. Signs or illuminated signs erected or posted by the occupant of the premises to advertise goods or services offered on the premises for sale, hire or use, and approved by the Board of Selectmen subject to appropriate conditions, limitations and safeguards stated in writing by the Board of Selectmen and made a part of the sign permit. For approval of a sign not otherwise allowed in the Chapter, the Board of Selectmen shall determine that (a) the applicant has a reasonable need for the sign, (b) there is a reasonable basis for exempting the sign from the applicable standards, and (c) the exemption of the sign from such standards will not have a substantial detrimental effect on the community. The owner and lessee (if any) shall make written application for such sign permit to the Board of Selectmen.

and to act on anything relating thereto.

VOTED: The Town voted YES **UNANIMOUS VOTE**

ARTICLE 39. To see if the Town will vote to amend Chapter 4, Section 10 of the General Bylaws by inserting the sum of $20,000 in place of $2,000 so that said Section 10 shall read: "Any Board or Officer in charge of a Department may, with the approval of the Selectmen, sell any personal property or material not required by said Department to an aggregate amount not exceeding $20,000 in value in any one fiscal year"; and to act on anything relating thereto.

VOTED: The Town voted YES

UNANIMOUS VOTE

Town Meeting Member Edward S. Rogerson made a motion which was seconded to delete "the 1st Tuesday of May at eight o'clock in the evening" and replace with "1st Monday of May at seven o'clock in the evening".

VOTED: The Town voted NO

VOICE VOTE

ARTICLE 40. To see if the Town will vote to amend the General Bylaws by striking out the date in Chapter 2, Section 2, "the first Saturday of March" and inserting in place thereof "the 1st Tuesday of May", by striking out the date in Chapter 2, Section 3,"the second Saturday of March" and inserting in place thereof "the 2nd Tuesday of May", by striking out the date in Chapter 3, Section 4a, "November first"; and to act on anything relating thereto.

VOTED. The Town voted to amend the General Bylaws by striking out the date in Chapter 2, Section 2, "the first Saturday of March" and inserting in place thereof "the last Tuesday of April the polls to be open from seven o'clock in the morning", by striking out the date and time in Chapter 2, Section 3, "the second Saturday of March at one o'clock in the afternoon" and inserting in place thereof "the first Monday of May at seven-thirty o'clock in the evening."

VOICE VOTE

Town Meeting Member Brian M. Walsh made a motion which was seconded to refer Article 41 to a committee of five persons to be appointed by the Moderator; said committee to study Article 41 and to make a recommendation to be submitted to the Board of Selectmen for inclusion in the Warrant for the next Town Meeting.

VOTED: The Town voted NO

VOICE VOTE

ARTICLE 41. To see if the Town will vote to amend Chapter 10 of the General Bylaws, known as the Zoning Bylaws as follows;

By adding to Section VI, to subsections G3 and G4 as follows:

G3 Site Lines for a traffic rotary and/or island

In residence A, AA, B, C, D1, D2 districts, to provide a clear view across a traffic rotary and/or island located at intersecting streets or in a cul-de-sac, no structure, tree, shrub or other plantings shall be allowed between a plane 3 1/2 feet above street level and a plane 8 feet above street level, and shall not obstruct street lighting.

G4

The Town Engineer, Building Inspector and chief of Police by unanimous concurrence may impose additional site lines necessary to provide for pedestrian safety, public safety and vehicular safety.

VOICE VOTE

Town Meeting Member Richard Livingston made a motion which was seconded to amend Article 44 to delete the wording "the Town will vote to amend the Town of Milton's By-Laws by adding a new section Chapter 22" and replacing with "that the Town of Milton will vote to petition the Massachusetts General Court to enact special legislation which provides for".

VOTED: The Town voted YES

VOICE VOTE

ARTICLE 44. To see if the Town of Milton will vote to petition the Massachusetts General Court to enact special legislation which provides for Recall of Elective Officers. Any elected officer of the town who has held the office for not less than three (3) months and has not less than one month remaining in his/her term, may be recalled and removed from office by vote of the Town.

(1) The three (3) months shall begin when the officer originally assumes the office and shall not be repeated upon any consecutive re-election.

(2) The provisions of paragraph (1) shall apply only to one who holds the same office continuously.

(A) Petitions

(1) The Town Clerk shall keep petitions for recall with his/her signature and the Town Seal available in his/her office.

(2) A petition for recall election of Town Meeting Members containing the member's name and office, together with the grounds for recall and the signatures of 10% of the voters of the precinct he/she represents, shall be filed with the Town Clerk.

(3) A petition for recall election of any other officer containing the officer's name and office, together with the grounds for recall and the signatures of 10% of the voters in the town with at least one hundred (100) from each precinct, shall be filed with the town Clerk.

(B) Validating the Petition and setting the Date for the Recall Election.

(1) The Town Clerk shall determine the validity of the petition and the signatures, and make a report to the Selectmen within seven (7) days of the receipt of the petition.

(2) Upon the favorable report of the Town Clerk, the Selectmen shall set the date and call for a recall election.

FOURTH DISTRICT COUNCILLOR RECOUNT

On Tuesday, September 27, 1994 notification was received from the Secretary of the Commonwealth that a petition had been filed for a district-wide recount of the votes cast in the Democratic Primary for Governors Councillor in the Fourth District.

Notice of the recount to be held on October 1, 1994 at 10 a.m. in the Town Office Building was sent to Christopher A. Iannella, Jr., 263 Pond Street, Boston and to One Boston Place, Boston; John J. Kerrigan, 68 Post Island Road, Quincy and also to 294 Washington Street, Boston. Notice was also sent to the Secretary of the Commonwealth as required by law.

RESULTS OF THE RECOUNT HELD OCTOBER 1, 1994

PRECINCT	1	2	3	4	5	6	7	8	9	10	11	TOTAL
Christopher A. Ianella, Jr.	86	167	157	173	92	185	138	149	149	134	125	1,555
John J. Kerrigan	131	156	147	153	89	237	232	248	165	214	135	1,907
Blanks	71	93	88	71	66	57	83	93	79	84	55	840

VOTES CAST SEPTEMBER 20, 1994

Christopher A. Ianella, Jr.	85	159	157	173	92	185	138	149	149	134	125	1,546
John J. Kerrigan	130	147	147	153	89	237	232	248	164	214	135	1,896
Blanks	73	110	88	71	66	57	83	93	80	84	53	858

The results of the recount in Milton and in the Fourth Councillor District did not result in a change of the declared victor on September 20, 1994. Christopher A. Iannella, Jr. was confirmed as the Democratic nominee.
The tellers for the recount were:

Carol A. Blute
Patricia A. Carey
Lorraine Cimildoro
Alice M. Duzan
James A. Mearn
Margaret M. Mearn
Charles Peterson
Jean M. Peterson
Susan J.Nunley
Paula Rizzi
Elizabeth M. Taylor
Patricia A. Walsh

The recount was supervised by the four members of the Board of Registrars.

Francis W. Manning
Mary Sennott Burke
David J. Lyons
James G. Mullen, Jr.

1994
NOVEMBER ELECTION
WARRANT

Commonwealth of Massachusetts) SS
County of Norfolk)

To any of the Constables of the Town of Milton in said County:
GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Elections and Town Affairs, to meet at the several designated polling places in their respective Precincts in said Milton, to wit:

In Precinct 1.	Tucker School, Blue Hills Parkway
In Precinct 2.	St. Mary of the Hills School, Brook Road
In Precinct 3.	Glover School, Canton Avenue
In Precinct 4.	Pierce Middle School (Rear), Gile Road
In Precinct 5.	Pierce Middle School Gymnasium, Gile Road
In Precinct 6.	Cunningham School Gymnasium, Edge Hill Road
In Precinct 7.	Cunningham Park Community Center, Edge Hill Road
In Precinct 8.	Collicot School, Edge Hill Road
In Precinct 9.	Pierce Middle School Gymnasium, Gile Road
In Precinct 10.	Cunningham Park Community Center, Edge Hill Road
In Precinct 11.	Pierce Middle School Gymnasium (Rear), Gile Road

on Tuesday, November 8, 1994 at seven o'clock in the forenoon, then and there to cast their ballots for the following:

SENATOR IN CONGRESS for this Commonwealth
GOVERNOR/LIEUTENANT GOVERNOR for this Commonwealth
ATTORNEY GENERAL for this Commonwealth
SECRETARY for this Commonwealth
TREASURER for this Commonwealth
AUDITOR for this Commonwealth
REPRESENTATIVE IN CONGRESS for the 9th Congressional District
COUNCILLOR for the 4th Councillor District
SENATOR IN GENERAL COURT for the Suffolk and Norfolk Senatorial District
REPRESENTATIVE IN GENERAL COURT for the 7th Norfolk Representative District (Precincts 1, 2, 4, 5, 6, 7, 8, 9 and 10 only)
REPRESENTATIVE IN GENERAL COURT for the Twelfth Suffolk Representative District (Precinct 3 only)
REPRESENTATIVE IN GENERAL COURT for the Sixth Suffolk Representative District (Precinct 11 only)

DISTRICT ATTORNEY for Norfolk County
CLERK OF COURTS for Norfolk County
REGISTER OF DEEDS for Norfolk County
COUNTY COMMISSIONER for Norfolk County
Four BLUE HILLS REGIONAL VOCATIONAL SCHOOL COMMITTEE MEMBERS
also to vote on the following questions:

QUESTION 1 — BALLOT QUESTION SPENDING
Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 1994?

SUMMARY: This proposed law would limit the way in which business and certain nonprofit corporations could contribute to and spend money on campaigns involving an initiative, referendum or other question submitted to the voters at a state or local election. The proposed law would require ballot committees organized to support or oppose any question submitted to the voters to disclose promptly certain contributions made late in the campaign; would establish procedures that business and certain nonprofit corporations would have to follow in order to spend money on ballot question campaigns; and would establish voluntary spending limits for ballot committees.

The proposed law would require a ballot committee to report to the state Office of Campaign and Political Finance, within one business day of receipt, the name, address, occupation and employer of any person or organization making a contribution of $1,000 or more, if the contribution was made before the date of the election but after the closing date of the last official campaign contribution report.

Under the proposed law, business and certain nonprofit corporations would be prohibited from making contributions or expenditures to support or oppose a ballot question, but would be permitted to create and solicit contributions to a separate fund to be used to support or oppose a ballot question, A separate fund would be required for each ballot question on which the corporation intended to solicit contributions. The corporation would be required to report all amounts spent to establish and administer the fund to the Office of Campaign and Political Finance, and to a city or town if the fund were established to influence the vote on a local ballot question.

Contributions to the separate fund could be solicited only from members or stockholders, officers and directors, and employees at a policy making, managerial or professional level. Coercion, job discrimination and financial reprisals as methods of soliciting contributions would be prohibited. Nonprofit corporations that are formed for the purpose of promoting political ideas, do not engage in business activities, have no shareholders, and do not have business corporations as members or accept more than one percent of their revenues from such corporations would be exempt from these provisions. A business organization that violated these requirements could be fined up to $50,000 and any director or agent of a business organization who violates or authorizes the violation of these requirements could be fined up to $10,000 and/or imprisoned for up to one year.

The proposed law would establish voluntary spending limits for ballot committees at $1,000,000 in the year of an election, and $250,000 in the years immediately before and after an election. Ballot committees agreeing to observe these voluntary limits would be permitted to announce their compliance on advertisements and campaign materials. Ballot committees that agreed to observe the spending limits and later exceeded the limits could be fined up to $10,000.

The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect

YES
NO

QUESTION TWO — SEAT BELT LAW
Do you approve of a law summarized below, which was approved by the House of Representatives on January 4, 1994, by a vote of 105 to 49, and approved by the Senate on January 4, 1994, by a vote of 26 to 11?

SUMMARY: This law requires drivers and passengers in certain motor vehicles on public ways to wear properly adjusted and fastened safety belts. The law applies to persons driving or riding in private passenger motor vehicles or riding in vanpool vehicles or trucks under 18,000 pounds. It also applies to employees of cities, towns, counties, and districts. The law does not apply to: (1) children under 12 years old who are required by another state law to use safety belts or other child passenger restraints; (2) vehicles manufactured before July 1, 1966; (3) persons certified by a physician as physically unable to use safety belts; (4) U.S. Postal Service rural carriers while performing their duties; (5) persons involved in operating taxies, liveries, tractors, trucks of 18,000 pounds or more, buses; or (6) passengers in authorized emergency vehicles.

The law is enforced by law enforcement agencies only when a driver has been stopped for a motor vehicle violation or some other offense. A driver and each passenger 16 years old or older may be fined $25 for not using a safety belt when required. A driver may also be fined $25 for each passenger between 12 and 16 years old who is not using a safety belt when required. A person who receives a citation for violating the law may challenge it by using the same procedure that applies to most other automobile law violations. A violation is not considered a moving violation for motor vehicle insurance surcharge purposes.

The law directs the state Registrar of Motor Vehicles to require police officers, when reporting automobile accidents, to record whether safety belts were used. The law directs the Governor's Highway Safety Bureau to (1) conduct a public information and education program on motor vehicle occupant protection; (2) evaluate and report to the Legislature, by June 1, 1995, on the effectiveness of and degree of compliance with the law; and (3) Make annual surveys of safety belt use.

The law requires the state Commissioner of Insurance to evaluate, report, and make recommendations to the Legislature concerning the effectiveness of the law and the frequency of bodily injury claims during the law's first year of operation. The Commissioner must also require at least a 5% reduction in bodily injury insurance premiums if the observed safety belt use rate among all vehicle occupants is 50% or more after the law's first year of operation. The Commissioner is required to take into account the annual safety belt use survey results in future decisions setting bodily injury premiums, and the Commissioner must further reduce those premiums if the safety belt use rate in Massachusetts exceeds the national average.

The law provides that failure to wear a properly fastened safety belt may not be considered as contributory negligence or used as evidence in any civil lawsuit. It also states that no insurance company may either (1) deny coverage to a person who failed to wear a safety belt during an accident that led to bodily injury, or (2) refuse to issue a motor vehicle liability policy based on a violation of this law.

YES
NO

QUESTION 3 — STUDENT FEES
Do you approve of a law summarized below, which was approved by the House of Representatives on May 28, 1993 by a vote of 112 to 39, and approved by the Senate on June 23, 1993 by a vote of 20 to 19?

SUMMARY: This law eliminates one of the two ways in which students may authorize fees to be assessed on tuition bills at state-operated colleges and universities to support nonpartisan student organizations that attempt to influence state legislation.

The law applies to community and state colleges and theUniversity of Massachusetts. The law take the place of previous law that allowed a student body, by a majority vote in an official student body referendum, to authorize a "waivable fee" or (at state colleges and the University) an "optional fee," to be collected for such nonpartisan student organizations. Under this law, the boards of trustees at community and state colleges and the University are prohibited from collecting waivable fees and may only collect optional fees for such organizations.

A "waivable fee" is collected when authorized by a majority of those students voting in an official student body referendum. A waivable fee is an amount payable on a tuition bill, appearing as a separately assessed item and accompanied by a statement that the fee is not a charge required to be paid by the student but rather the student may deduct the charge from the total amount due. The tuition bill also explains the nature of the fee and states that the fee appears on the bill at the request of the student body and does not necessarily reflect the endorsement of the board of trustees.

An "optional fee" is collected when authorized by a majority of those students voting in an official student body referendum. An optional fee is an amount payable on a tuition bill, appearing as a separately assessed item and accompanied by a statement that the fee is not a charge required to be paid by the student but rather that the student may add the charge to the total amount due. The tuition bill also explains the nature of the fee and states that the fee appears on the bill at the request of the student body and does not necessarily reflect the endorsement of the board of trustees.

YES
NO

QUESTION 4 — TERM LIMITS
Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 1994?

SUMMARY: This proposed law would prevent the name of a person from being printed on a state primary or general election ballot as a candidate for one of a number of specified state and federal public offices, if the person had already served a certain number of consecutive terms in that office within a fixed period preceding the end of the then-current term of office. If such a person were still elected by write-in vote to one of the state offices (except the office of Governor), the person would serve without a salary, and in some of the state offices, without payment for certain expenses.

Under the proposed law, the name of a person could not be printed on a primary or general election ballot as a candidate for the office of Governor, Lieutenant Governor, Secretary of State, State Treasurer, State Auditor, or State Attorney General, if the person had served two consecutive terms (eight years) in that office in the eleven years prior to the end of the then-current term of office. The name of a person could not be printed on a primary or general election ballot as a candidate for the office of Governor's Councilor, State Representative, State Senator, or United States Representative from Massachusetts, if the person had served four consecutive terms (eight years) in that office in the nine years prior to the end of the then-current term of office. The name of a person could not be printed on a primary or general election ballot as a candidate for the office of United States Senator from Massachusetts, if the person had served two consecutive terms (twelve years) in that office in the seventeen years prior to the end of the then-current term of office. The proposed law would not prevent any voter from casting a write-in vote for any person as a candidate for any office.

If a person made ineligible by the proposed law to have his or her name printed on the ballot as a candidate for the office of Lieutenant Governor, Secretary of State, State Treasurer, State Auditor, State Attorney General, Governor's Councilor, State Representative or State Senator were still elected to that office by write-in vote, the person would serve without a salary. If such a person were elected to the office of Lieutenant Governor, Governor's Councilor, State Representative or State Senator, the person would also serve without payment for certain expenses.

The current terms of the persons serving as Governor, Lieutenant Governor, Governor's Councilor, State Representative, State Senator, United States Representative from Massachusetts, and United States Senator from Massachusetts, would not be counted for purposes of the proposed law. The terms of the persons elected in 1990 to the office of Secretary of State, State Treasurer, State Auditor, or State Attorney General would be counted.

Any person who served more than half of a term in an office would be treated as having served a full term in that office. Any person who resigned from an office would be treated as having served a full term.

The proposed law states that if any of its provisions were found invalid, the other provisions would remain in effect.

YES
NO

QUESTION 5 — RETAIL STORE OPENING
Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 1994?

SUMMARY: This proposed law would allow retail stores to open at any time on Sundays and on the legal holidays of Memorial Day, July Fourth, and Labor Day. It would not affect current restrictions on the sale of alcoholic beverages on Sundays and these holidays. Store opening under the proposed law would be required to make Sunday and holiday work voluntary and would be required to pay most employees at least one and one-half times their regular rate.

YES
NO

QUESTION 6 — GRADUATED INCOME TAX
Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on November 16, 1992, by a vote of 132 to 39 and on May 25, 1994, by a vote of 119 to 73?

SUMMARY: This proposed constitutional amendment would require Massachusetts income tax rates to be graduated, in order to distribute the burden of the tax fairly and equitably. The proposed amendment would require the rates for taxpayers in higher income brackets to be higher than the rates for taxpayers in lower income brackets. The proposed amendment would also allow the state Legislature to grant reasonable exemptions and abatements and establish the number and range of tax brackets. The proposed amendment would eliminate from the Massachusetts Constitution the present requirement that income taxes must be levied at a uniform rate throughout the state upon incomes derived from the same class of property.

YES
NO

QUESTION 7 — INCOME TAX CHANGES

Do you approve of a law summarized below on which no vote was taken by the Senate or the House of Representatives before May 4, 1994?

SUMMARY: This proposed law would change the state personal income tax laws if a proposed amendment to the Massachusetts Constitution requiring income tax rates to be graduated is approved at the 1994 state election. This proposed law would (1) set graduated income tax rates to replace the existing tax rate structure, (2) change exemptions and deductions relating to dependents, child care expenses, head of household status and personal exemptions, (3) establish a property tax and water rate credit of up to $200 for taxpayers below certain income levels, (4) increase the maximum income levels for no-tax status and the limited income credit, (5) establish a "capital formation incentive" to replace the existing capital gains exclusion, and (6) provide that taxpayers will not pay more Massachusetts income tax for 1995 than they would have paid under 1992 law, if their 1995 adjusted gross income is below certain levels (for instance, $60,000 for single filers and $100,000 for married couples filing jointly)

(1) PROPOSED GRADUATED INCOME TAX RATES WOULD:

— Set the following state tax rates for all Massachusetts taxable income (after subtracting applicable deductions and exemptions):

Tax Rate	single	married filing jointly	married filing separately	head of household
5.5%	up to $50,200	up to $81,000	up to $40,500	up to $60,100
8.8%	over $50,200 up to $90,000	over $81,000 up to $150,000	over $40,500 up to $75,000	over $60,100 up to $120,000
9.8%	over $90,000	over $150,000	over $75,000	over $120,000

A taxpayer whose total taxable income exceeded the upper limit for the 5.5% or 8.8% income bracket would still be taxed at the lower rate for income within that bracket. For example, a single person with $100,000 in taxable income would be taxed at 5.5% on $50,200 of that income, and at 8.8% on the next $39,800, and at $9.8% on the remaining $10,000 of that income. The income brackets would be increased annually, starting in 1996, to account for changes in the cost of living.

— Eliminate the existing division of Massachusetts income into Part A income (generally, dividends, capital gains, and certain interest), currently taxed at 12 percent, and Part B income (all other income), currently taxed at 5.95 percent.

— Create a "head of household" filing status for single persons who have dependents and who file federal returns as heads of households.

— Prevent any gain from the sale of a taxpayer's principal residence from being taxed by the state at a rate higher than 6%.

— Provide that non-residents would pay tax on their Massachusetts income based on the income rate brackets applicable to their total income (including Massachusetts and other income).

(2) PROPOSED CHANGES IN EXEMPTIONS, DEDUCTIONS AND CREDITS WOULD:

— Replace the child and dependent care expense deduction with a child and dependent care tax credit equal to 60% of the federal child and dependent care tax credit.

— Increase the existing exemption for each claimed dependent from $1,000 to $2,000.

— Allow heads of households a personal exemption of $3,400, plus $2,200 if blind and $700 if 65 years of age or over.

— Reduce personal exemptions gradually for taxpayers whose adjusted gross income exceeded $60,000 for single filers, $100,000 for married persons filing jointly, $50,000 for married persons filing separately and $80,000 for heads of households. The personal exemption would be eliminated entirely for filers whose adjusted gross incomes exceeded these amounts by more than $50,000 ($25,000 for married persons filing separately). These amounts would be increased annually, starting in 1996, to account for changes in the cost of living.

— Allow interest and dividends from deposits in all banks and institutions to qualify for the $100 deduction ($200 for married couples) currently applicable only to Massachusetts bank interest and dividends.

— Allow the $1,000 net capital loss deduction to be taken against all income, not just against Part A income as current law provides.

(3) PROPOSED PROPERTY TAX AND WATER RATE CREDIT WOULD:

— Create a property tax and water rate credit of up to $200 for eligible homeowners and renters who have total incomes less than: $30,000 for married couples, $25,000 for head of

household filers and $20,000 for single filers. The amount of the credit would depend on the amount by which the taxpayers' real estate property tax and water charges exceeded 10% of their income. 20% of tenants' rent would be treated as a property tax payment for these purposes. If the taxpayer had no income tax due, the amount of any credit due would be paid to the taxpayer, as long as the state Legislature made any appropriation necessary to pay such refunds.

(4) PROPOSED $2000 INCREASE IN THE EXISTING INCOME THRESHOLDS FOR NO-TAX STATUS WOULD:

Exempt taxpayers at or below the following levels of adjusted gross income from paying income tax: $14,000 for married couples filing jointly, $12,000 for head of household filers, and $10,000 for single filers. These levels would be adjusted annually, starting in 1996, to account for changes in the cost of living. The new levels also would apply to the limited income credit which is available to taxpayers with adjusted gross income up to 175 percent of these levels.

(5) PROPOSED CAPITAL FORMATION INCENTIVE WOULD:

— Replace the current 50% capital gains deduction with a "capital formation incentive" deduction, which would allow partial deductions for gains from the sale or exchange of qualified stock issued by certain corporations that employ 50% or more of their employees in Massachusetts.

— Only gains on original stock purchases on or after January 1, 1995 from certain corporations engaged in active business, and held for required periods of time, would qualify for the deduction. The amount of the deduction would be 30% of the gain on stock held at least 3 years; 50% for stock held at least five years; and 70% for stock held at least seven years. Detailed provisions would restrict the benefit of this deduction to stock issuances which reflect new investments in businesses, and would disqualify stock in certain types of corporations that receive special tax treatment under existing law.

(6) PROPOSED CAP ON TAX LIABILITY FOR CERTAIN TAXPAYERS IN 1995 WOULD:

— Excuse taxpayers at or below the following levels of adjusted gross income, as determined under the proposed law, from owing more Massachusetts income tax in 1995 than they would have owed under 1992 law; $100,000 for married couples filing jointly. $80,000 for heads of households, $60,000 for single filers, and $50,000 for married persons filing separately.

(7) EFFECTIVE DATE:

If the State Constitution is amended at the 1994 election to require graduated income tax

rates, the proposed law would be effective beginning in tax year 1995. The proposed law states that if any of its provisions were found invalid, the other provisions would remain in effect.

Note: Wherever this summary refers to current or existing law, the reference is to the law in effect on August 1993, when this summary was prepared.

YES
NO

QUESTION 8 — HIGHWAY FUND CHANGES
Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 1994?

SUMMARY: This proposed law would increase the portion of gasoline tax revenue that would be credited to the state Highway Fund; prohibit the transfer of money from the Highway Fund to other state funds for other purposes; declare that citizens have a right to a safe and efficient public highway, road and bridge system and require the state to develop a comprehensive seven-year state transportation plan; and make certain other changes in state finance laws relating to the Highway Fund.

The proposed law would require that the small portion of state gasoline tax revenues that is deposited in funds relating to the use of watercraft be deposited instead in the Highway Fund. No revenue deposited in the Highway Fund could be transferred to any other state fund for any purpose other than one for which the Highway Fund may be used.

The proposed law would declare that the citizens of Massachusetts have a right to a safe and efficient public highway, road and bridge system, constructed and maintained by the state and its counties, cities and towns. The state Secretary of Transportation and Construction would be required to prepare a comprehensive state transportation plan for the period July 1, 1995 through June 30, 2002, to be updated every three years. The plan would provide for the repair or reconstruction o f at least five percent of public highways and bridges every year, and it would establish priorities for highway, road and bridge projects based on condition and safety factors. The plan would be designed to promote economic development and employment by meeting the various transportation needs of residents throughout the state. The plan would be prepared after a public hearing and after consultation with the state Secretaries of Environmental Affairs and Economic Affairs.

Under the proposed law, money in the Highway Fund would no longer be considered in determining whether the state government has sufficient money on hand to set some aside for use in future fiscal years or to deposit some in the state tax reduction fund. The proposed law would declare that no more than 15% of gasoline tax revenues could be used for mass transportation purposes, but it would not prevent the state Legislature from appropriating additional gasoline tax revenues for such purposes.

The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect.

YES
NO

QUESTION 9 — PROHIBITING RENT CONTROL
Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 1994?

SUMMARY: This proposed law would prohibit rent control for most privately owned housing units in Massachusetts, and would nullify certain existing rent control laws, except that cities and town would be authorized to adopt a restricted form of rent control for a six month period, after which compliance by property owners would be voluntary.

The proposed law would prohibit any city or town from enacting, maintaining or enforcing any law that requires below-market rents for residential properties. It would also prohibit the regulation of occupancy, services, evictions, condominium conversion, or the removal of the unit from rent control, if such regulation was part of a system requiring below-market rents. Existing state and local rent control laws would be nullified. The proposed law would not affect publicly owned or subsidized housing, federally assisted housing, or mobile homes.

Cities and towns would be authorized to adopt rent control for a six-month period on housing units that have a fair market rent of $400 or less and that are owned by a person or entity owning ten or more rental units. Such rent control could not include the regulation of occupancy, services, evictions, condominium conversion, or the removal of the unit from rent control. The city or town would have to pay the owners of rent-controlled units the difference between the controlled rent and the fair market rent. After six months, owners of rent-controlled units would not be required to comply with the rent control regulation or with any other such regulation that the city or town might adopt in the future.

The proposed law would take effect on January 1, 1995. The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect.

YES
NO

For these purposes the polls will be open at each and all of said precincts at seven o'clock in the forenoon and will be closed at eight o'clock in the evening.

And you are directed to serve the Warrant by posting attested copies thereof on each of the post offices of said Town seven days at least before said meeting and leaving printed copies thereof at the dwelling houses of said Town at least four days before said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk on or before said 8th day of November.

Given under our hands at Milton this 20th day of October Nineteen Hundred and Ninety-four.

Katherine Haynes Dunphy
John Michael Shields
Joseph P. McEttrick
Board of Selectmen

A true copy, Attest:
William A. Murdoch, Jr.
Constable of Milton

Commonwealth of Massachusetts) SS
County of Norfolk)

Pursuant to the within Warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town and leaving attested copies at the dwellings of the inhabitants. Warrant were posted on November 1, 1994 and delivered to the inhabitants on November 1, 1994.

SPECIAL TOWN MEETING
WARRANT

Commonwealth of Massachusetts) SS
County of Norfolk)

To any of the Constables of the Town of Milton in said County:
GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Milton qualified to vote in Town Affairs, to meet at Milton High School Auditorium on Brook Road, in said Milton on Wednesday, the 2nd day of November next at 7:30 o'clock in the evening, then and there to act upon the following Articles to wit:

Articles 1 through 30

And you are directed to warn said inhabitants qualified as aforesaid to meet at the time and place and for the purposes herein mentioned, by posting attested copies of the Warrant in each of the Post Offices of said Town fourteen days at least before the 2nd day of November and leaving printed copies thereof at the dwelling houses of said Town at least fourteen days before said date.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk on or before said 2nd day of November.

Given under our hands at Milton this 6th day of October Nineteen Hundred and Ninety Four.

Katherine Haynes Dunphy
John Michael Shields
Joseph P. McEttrick
Board of Selectmen

A true copy, Attest:
William A. Murdoch, Jr.
Constable of Milton

Commonwealth of Massachusetts) SS
County of Norfolk

Pursuant to the within Warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town and leaving attested copies at the dwellings of the inhabitants. Warrant were posted on Monday, October 17, 1994 and delivered to the inhabitants on Tuesday, October 18, 1994.

SPECIAL TOWN MEETING
Wednesday, November 2, 1994

The Special Town Meeting held at the High School Auditorium was opened at 7:40 p.m. by the Moderator, Richard P. Ward.

The Town Clerk, James G. Mullen, Jr. informed the Moderator that a quorum was present.

The following fifty-two Town Meeting Members were absent from the Special Town Meeting.

PRECINCT ONE:	Laura J. Cahill Thomas H. Miller, Jr. Robert F. O'Meara
PRECINCT TWO:	Richard E. Ring Walter C. White
PRECINCT THREE:	Ann Bryan Cruikshank Kathleen L. Disterhoft Frank J. Giuliano, Jr. George M. Thompson, Jr.

	Joseph W. McNabb, III
	Robert P. Reed
	Geoffrey W. Wilkinson

The moderator read the name of the following Town Meeting Member and Housing Authority Member who had died since the last meeting:

RICHARD K. CONANT, JR.

The Town Meeting Members stood for a moment of silence.

ARTICLE 1. To see if the Town will vote to amend the vote of the 1994 Annual Town Meeting under Article 35 by authorizing the Trustees of the Milton Cemetery to borrow a sum of money from the Perpetual Care Fund not to exceed two hundred eighty seven thousand ($287,000.00) dollars for purpose of completion of the second and final phase of the new cemetery development project and construction of a pre-engineered steel building, so that said borrowing authorization shall read as follows:

To see if the Town, pursuant to Chapter 530 of the Acts of 1990, will authorize the Trustees of the Milton Cemetery to borrow a sum of money from the Perpetual Care Fund for the purposes of cemetery development as set forth below at a rate of interest of five (5%) percent per annum. The term of such borrowing shall not exceed ten (10) years. The principal and interest shall be paid from the sale of burial rights in such manner as the Trustees of the Milton Cemetery shall determine, with the approval of the Board of Selectmen.

The Trustees shall be authorized to borrow a sum of money not to exceed two hundred eighty-seven thousand ($287,000.00) dollars to complete the second and final phase of the new cemetery development project. Said money shall be used for surveying, permitting, road construction, installation of drainage structures and utility services, earthwork, finish grading and landscaping and construction of a pre-engineered steel building to replace the existing wood storage building. Said building is deemed necessary by the Board of Trustees of the Milton Cemetery to support the maintenance of ten newly developed acres.

and to act on anything relating thereto.

VOTED: The Town voted to appropriate the sum of $287,000 for the purposes of this article, and to meet said appropriation the Town vote, in Trustees of the Milton Cemetery to borrow the sum of $287,000 from the Cemetery Perpetual Care Fund, at a rate of interest of five percent per annum, for a term not to exceed ten years, with the principal and interest of such borrowing to be paid from the sale of burial rights in a manner determined by the trustees of the Milton Cemetery, subject to the approval of the Board of Selectmen, provided, however, that in no case may any portion of such payment be effected by appropriation from the tax levy.

UNANIMOUS VOTE

ARTICLE 2. To see what sum of money the Town will vote to appropriate for unpaid bills of the School Department and of the Public Works Department for prior years; and to act on anything relating thereto.

VOTED: The Town voted that the sum of $23,632 be appropriated for the purposes set forth in this article as follows

School Department	$13,399
Department of Public Works	$10,233

and that to meet said appropriation, the sum of $23,632 be raised from the tax levy of the fiscal year.

UNANIMOUS VOTE

ARTICLE 3. To see what sum of money the Town will vote to appropriate for the purpose of funding cost items not in departmental budgets for collective bargaining agreements between the Town and bargaining units representing Town employees, such sums to be allocated by departments, and to act on anything relating thereto.

VOTED: The Town voted that the sum of $291,926 be appropriated for the purposes set forth in this article allocated as follows:

Cemetery		$18,242
Park		4,466
Public Works		63,546
General	$31,773	
Vehicle Maintenance	3,813	
Water	19,064	
Sewer	8,261	
Curbside Recycling	635	
Wire		2,632
Library		31,793
Police		171,247

and to meet part of the appropriation of $63,546 for the Department of Public Works, the sum of $19,064 is to be transferred from the Water Surplus account and the sum of $8,261 be transferred from the Sewer Surplus Account;

with the remainder of $264,601 to be raised from the tax levy.

UNANIMOUS VOTE

ARTICLE 4. To see what sum of money the Town will vote to appropriate or otherwise provide for the purpose of funding increases in the salaries of town employees for the purpose of funding increases to the salary accounts of departments subject to the Personnel Administration Plan, and to act on anything relating thereto.

VOTED: The Town voted to appropriate the sum of $61,108 to fund wage adjustment retroactive to July 1, 1994, said sum to be added to the salary accounts of the department as shown in the following tabulation under the heading "RECOMMENDED";

	Recommended 1994-1995
Accounting	$3,464
Appeals	$697
Assessors	$3,846
Building	$1,963
Cemetery	$2,260

Council on Aging		$1,631
Dog Officer		$600
Fire		$458
Health		$2,805
Library		$1,599
Park		$2,207
Personnel		$585
Plumbing		$505
Police		$12,668
Public Works		$12,301
General	$6,027	
Vehicle Maintenance	$738	
Water	$3,690	
Sewer	$1,600	
Curbside Recycling	$123	
Solid Waste General	$123	
Selectmen		$2,295
Town Clerk		$1,649
Town Office Building		$1,311
Treasurer/Collector		$3,290
Veterans' Agent		$177
Wire		$2,890
Youth		$1,907
		Total $61,108

To meet part of the appropriation for the Department of Public Works, the sum of $3,690 is to be transferred from the Water Surplus Account, and the sum of $1,600 be transferred from the Sewer Account with the remainder of $55,818 to be raised from the tax levy.

UNANIMOUS VOTE

Town Meeting Member Richard Livingston made a motion which was seconded to separate each position in Article 5 as follows; A-1 Fire Chief, A-2 Police Chief, A-3 Executive Secretary, B-1 Town Clerk, B-2 Town Treasurer, so that each department head increase would be voted on separately.

VOTED: The Town voted YES

UNANIMOUS VOTE

ARTICLE 5. To see what sum of money the town will vote to appropriate or otherwise provide for the purpose of funding increases in the salaries of the following town employees:

A) for the purpose of funding increases in the salary of the Police Chief, pursuant to Chapter 272 of the Acts of 1989 and Chapter 41, Section 97 of the Massachusetts General Laws, and the Fire Chief pursuant to Chapter 48, Section 42 of the Massachusetts General Laws and the Executive Secretary, pursuant to Chapter 41, Section 23A of the Massachusetts General Laws; and

B) for the purpose of funding increases in the salary of the Town Clerk and the Town Treasurer, pursuant to Chapter 41, Section 108, of the Massachusetts General Laws;

and to act on anything relating thereto.

A-1 Fire Chief	$2,107

VOTED: The Town appropriated a $2,107 salary increase for the Fire Chief.
VOICE VOTE

A-2 Police Chief	$2,364

VOTED: The Town appropriated a $2,364 salary increase for the Police Chief.
VOICE VOTE

UNANIMOUS VOTE

Town Meeting Member Anne E. Coghlan made a motion which was seconded to consider Article 20 before Article 19.

VOTED: The Town voted YES

UNANIMOUS VOTE

ARTICLE 20. To see what sum of money the Town will vote to appropriate to finish preliminary designs and to prepare a site plan for a new Milton Public Library; to authorize the Library Trustees to accept gifts and to apply for and use Federal and State funds and in connection with the planning and designing described above, to authorize the Library Study Committee appointed pursuant to the vote under Article 25 of the 1993 Annual Town Meeting to employ the services of an architect to prepare working drawings and specifications, to employ the services of such other professional consultants as the committee shall deem advisable, and to report to the Selectmen no later than December 1, 1994 all in the name and behalf of the Town; and to act on anything relating thereto.

VOTED: The Town voted that the sum of $30,000 be appropriated for the purpose set forth in this Article.

VOICE VOTE

Town Meeting Member Michael S. Kraft made a motion which was seconded to add the following language after the words Public Library to Article 19: "provided, however that if construction of same is not commenced within five years and completed within ten years, then the care, custody and control of the land described will revert back to the Board of Selectmen."

VOTED: The Town voted NO

VOICE VOTE

ARTICLE 19. To see what site the Town will approve for the location of a new Milton Public Library; to see if the Town will vote to authorize the Board of Selectmen to acquire said land, if necessary, by purchase, eminent domain or otherwise; to see what sum of money the Town will vote to raise or appropriate, transfer from available funds or otherwise provide for said purpose, including the costs arising out of said acquisition; to authorize the Board of Selectmen to accept gifts, to enter into any agreements on behalf of the Town and to take all other action necessary to obtain partial or full reimbursement for said costs from the Commonwealth of Massachusetts and/or the United States Government, and to use said funds for said purpose; and to act on anything relating thereto.

VOTED: The Town voted that the care, custody and control of the land described below be transferred to the Board of Library Trustees for the purpose of location of a public library, and that the Board of Selectmen be authorized to take any action necessary for this purpose.

The subject land is the land shown on the Town of Milton Assessors' Map as Section D, Block 40, Lot 18; Section D, Block 40, Lot 19; and a portion of Section D, Block 52, Lot containing approximately 1.75 acres, known as the former Vose School Site.

YES 162 NO 14

ARTICLE 21. To see what sum of money the Town will vote to appropriate to repair and improve the Town's water system including replacing the cement lining water mains, painting reservoirs and replacing meters and to authorize the Board of Selectmen on behalf of the Town, to apply for and use federal and state funds for this purpose, to see how such appropriation is to be raised; and to act on anything relating thereto.

VOTED: The Town voted that the sum of $100,000 be appropriated for the purpose set forth in the Article and to meet said appropriation, the sum of $100,000 is to be transferred from the Water Surplus as of June 30, 1994.

VOICE VOTE

ARTICLE 22. To see if the Town will vote to appropriate a sum of money for the purpose of financing the construction or reconstruction of sewers and sewerage facilities for infiltration/inflow reduction or system rehabilitation, including costs incidental and related thereto, and to determine whether this appropriation shall be raised by borrowing or otherwise, and to act on anything relating thereto.

VOTED: The Town voted that the sum of $345,000 be appropriated for the purpose of financing the construction or reconstruction of sewers and sewerage facilities for infiltration/inflow reduction or system rehabilitation, including costs incidental and related thereto; that to raise this appropriation the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow $345,000 under and pursuant to Chapter 44, Section 7 (1), of the General Laws, as amended, or any other enabling authority, and to issue bonds or notes of the Town therefore; and that the Board of Selectmen be and hereby is authorized to enter into any Agreements it determines to be necessary in connection with the project and its financing and is further authorized to accept and expend in addition to the foregoing appropriation one or more grants from the Massachusetts Water Resource Authority or any other funding agency.

UNANIMOUS VOTE

ARTICLE 23. To see if the Town will vote to amend the vote of the 1994 Annual Town Meeting under Articles 10 and 12, to revise the sums representing indirect costs attributable to the Water and Sewer Enterprises, such sums to be included in Schedule A, "Local Receipts Not Allocated" of the Tax Recapitulation as Water and Sewer Estimated Receipts to be raised from the water and sewer rates:

	Annual Town Meeting Appropriation	Revised Recommendation	Change
Art. 10 Employee Benefits			
Water	$184,045	$149,153	$(34,892)
Sewer	14,469	53,481	39,012
Art. 12 General Government			
Water	27,931	46,660	18,729
Sewer	99,029	40,611	(58,418)

and to act on anything relating thereto:

VOTED: The Town voted YES

UNANIMOUS VOTE

ARTICLE 24. To see if the Town will vote to amend the vote of the 1994 Annual Town Meeting under Article 13 for the Water and Sewer Enterprises by reducing the MWRA Water Assessment by $52,288 and the MWRA Sewer Assessment by $73,600 to the final assessments voted by the MWRA in June 1994:

	Annual Town Meeting Appropriation	Revised Recommendation	Change
Water Operation & Improvement	$767,904	$767,904	$0
MWRA Water Assessment	903,450	851,162	(52,288)
Subtotal Water Enterprise	1,671,354	1,619,066	(52,288)
Sewer Operation & Improvement	$273,734	$273,734	$0
MWRA Sewer Assessment	2,965,003	2,891,403	(73,600)
Subtotal Sewer Enterprise	3,238,737	3,165,137	(73,600)

and to act on anything relating thereto.

VOTED: The Town voted YES

UNANIMOUS VOTE

ARTICLE 25. To see if the Town will vote to appropriate the sum of $176,290 from he June 30, 1994 end of the year Water Account balance (surplus) to be transferred to meet he appropriation for Water purposes under Article 13 of the 1994 Annual Town Meeting Warrant, reducing the amount to be raised from the tax levy from $1,469,540 by $176,290 o $1,293,250. This sum of $1,293,250 represents water estimated receipts raised from water ates to be included in Schedule A. "Local Receipts Not Allocated" of the Tax Recapitulation, llowing the water rate to be reduced from $1.70 to $1.60 per cubic feet; and to act on anything elating thereto.

VOTED: The Town voted YES

UNANIMOUS VOTE

ARTICLE 26. To see if the Town will vote to appropriate the sum of $77,306 from he June 30, 1994 end of the year Sewer Account balance (surplus) to be transferred to meet he appropriation for Sewer purposes under Article 13 of the 1994 Annual Town Meeting Warrant, reducing the amount to be raised from the tax levy from $2,962,792 by $77,306 to 2,885,486. This sum of $2,885,486 represents Sewer estimated receipts raised from Sewer ates to be included in Schedule A. "Local Receipts Not Allocated" of the Tax Recapitulation, llowing the Sewer rate to be maintained at $4.95 per 100 cubic feet; and to act on anything elating thereto.

VOTED: The Town voted YES

UNANIMOUS VOTE

Katherine Haynes Dunphy made a motion which was seconded to adjourn the meeting until Wednesday, November 9, 1994 at 8 p.m.

ADJOURNED SPECIAL TOWN MEETING
Wednesday, November 9, 1994

The Adjourned Special Town Meeting held at the High School Auditorium was opened at 8:15 p.m. by the Moderator, Richard P. Ward.

The Town Clerk, James G. Mullen, Jr. informed the Moderator that a quorum was present.

The following sixty-three Town Meeting Members were absent from the Adjourned Special Town Meeting.

PRECINCT ONE:	Francis J. McCabe
	Susan N. McCabe
	Thomas H. Miller, Jr.
	Robert F. O'Meara
	Joseph A. Vogel
PRECINCT TWO:	Gerald T. Anglin
	Joseph K. Walsh
	Walter C. White
PRECINCT THREE:	Ann Bryan Cruikshank
	Kathleen L. Disterhoft
	Joanne P. Stanley
	George M. Thompson, Jr.
PRECINCT FOUR:	William J. Driscoll, Jr.
	Donal J. Fahey
	Barbara P. Feeney
	V. Renee Montgomery
	Bruce E. Pearson
	L. Joyce Smith
	Robert W. Smith
PRECINCT FIVE:	J. William Dolan
	Michael S. Kraft
	Kathleen M. Mullen
	Nancy J. Tucker
	Robert Tucker
	Galen E. Wifholm
	Galen E. Wifholm, Jr.

PRECINCT SIX:

Donald P. Affanato
Kenneth G. Caldwell
Charles R. Duffy
Daniel E. Duggan, Jr. (Ex-Officio)
Patrick F. Fitzgerald
Redmond S. Fitzgerald
Martin J. Haddigan

PRECINCT SEVEN:

John J. Boles, Jr.
David A. Johnson
Gail M. Johnson
Kathleen A. Ottina
Ann F. Palmer
David M. Pickering

PRECINCT EIGHT:

Katherine E. Blythe
James F. Dinneen
William Ennis
Jean M.Hannon
Carol S. McGreal
Kathleen I. Tyrell

PRECINCT NINE:

Lynn C. Bartley
George F. Cary, III
Richard F. Fahey
Michael A. Murphy
Robert M. O'Brien
Richard Quincy

PRECINCT TEN:

Channing R. Coveney
James A. Coyne
J. Joseph Donovan (Ex-Officio)
Jean F. Dunn

PRECINCT ELEVEN:

Michael Geller
Timothy S. Kernan
Joseph W. McNabb, III
Virginia A. Nelson
Robert P. Reed
Jack B. Richman
Geoffrey W. Wilkinson

Town Meeting Member Diane DiTullio Agostino made a motion which was seconded to amend the Warrant Committee's recommendation to appropriate $126,356 for the purpose set forth in Article 27.

VOTED: The Town voted YES 139 NO 68

ARTICLE 27. To see if the Town will vote and support the Milton Fire Department Study Committee's recommendation to reopen the Atherton Street Milton Fire Station as a prerequisite to affording Milton residents and taxpayers the minimum in Public Safety. It is recommended that an additional four positions to the present forty-nine Firefighters (with hopes that at least one woman will be hired) be increased and $155,000 be transferred from the General Fund.

Submitted by petition signed by over one hundred registered voters.

Following are the first ten signatures.

Mary E. Hemman	600 Canton Avenue
Louise T. Cronin	600 Canton Avenue
Milton Goldstein	461 Blue Hill Avenue
Leatrice Goldstein	461 Blue Hill Avenue
Paula L. Minehan	30 Savin Street
Joan F. Sheehan	31 Deerfield Drive
Susan C. Chouinard	88 Milton Street
William J. Fitzsimmons	5 Powder Mill Road
Allen D. McGee	4 Crestview Lane
Richard F. Haley	12 Marshall Road

VOTED: The Town voted YES 72 NO 128

Twenty-five Town Meeting Members stood to request a roll call vote.

The following Town Meeting Members cast a YES vote:

PRECINCT ONE:	Max Horvet
	Donald J. Knight
	Ann D. Martinson
	Gary D. Nunley
PRECINCT TWO:	John T. Cahill
	Alan L. McKinnon
	Mary E. Palardy
	Joseph M. Reardon
	Elizabeth R. White
	Judith White-Orlando

PRECINCT THREE:	Maureen Gunning Dworkin
	Patricia E. MacNaught
PRECINCT FOUR:	John J. Fasano

Town Meeting Member John P. Donovan was not present during the roll call vote. However, he requested his vote be counted at the conclusion of the roll call. Mr. Donovan's name was called in the same manner as all other Town Meeting Members. He cast a YES vote

Town Meeting Member Ronit G. Voigt cast a YES vote during the roll call vote. However, she requested that her name be called again at the conclusion of the roll call. Mrs. Voigt's name was called in the same manner as all other Town Meeting Members. She cast a NO vote.

VOTED: The Town voted by roll call vote. YES 78 NO 131

ARTICLE 28. To see if the Town will vote;

A. To petition the General Court to enact legislation in substantially the following form:

1. The official Service position as defined by Chapter 31, Section 1 and the 1994 Rules of the Civil Service Commission for the position of School Nurse in the Town of Milton shall be exempt from the provisions of the Civil Service Law and Rules.

2. No incumbents, who enjoy permanent Civil Service status, in the aforesaid position on the effective date of this act shall lose any rating, seniority, retirement or pension rights or any other rights or privileges under any provisions of Civil Service Law.

3. This act shall take effect upon its passage.

and to act on anything relating thereto.

VOTED: The Town voted

A. To petition the General Court to enact legislation in substantially the following form:

1. The Official Service Position as defined by Chapter 31, Section 1 and the 1994 rules of the Civil Service Commission for the position of School Nurse in the Town of Milton shall be exempt from the provisions of the Civil Services Law and Rules.

2. No incumbents, who enjoy permanent Civil Service status, in the aforesaid position of the effective date of this act shall lose any rating, seniority, retirement or pension rights or any other rights or privileges under any provision of Civil Service Law.

3. This act shall take effect upon its passage.

UNANIMOUS VOTE

ARTICLE 29. To see what sums of money the Town will vote to reduce the appropriations made at the 1994 Annual Town Meeting for the following departments and purposes:

DEPARTMENT	APPROPRIATION
EMPLOYEE BENEFITS	
Group Insurance	$3,034,968
GENERAL GOVERNMENT	
Insurance General	378,044

and to act on anything relating thereto.

VOTED: The Town voted to reduce appropriations made at the 1994 Annual Town Meeting as follows:

Article	Dept.	Appropriation	Reductions	Revised Appropriation
10	**EMPLOYEE BENEFITS**			
	Group Insurance	3,034,968	205,000	2,829,968
12	**GENERAL GOVERNMENT**			
	Insurance (General)	378,044	160,000	218,044

UNANIMOUS VOTE

ARTICLE 30. To see what sum of money the Town will vote to appropriate from available funds on hand for the purpose of deduction by the Assessors from the amount required to be assessed in accordance with the provisions of General Laws, Chapter 59, Section 23.

VOTED: The Town voted to appropriate the sum of $420,069 for said purpose, and that to meet said appropriation the sum of $420,069 is to be transferred from funds certified as available by the Department of Revenue.

UNANIMOUS VOTE

Warrant Committee Chairman Mary R. Fitzgerald made a motion which was seconded to adjourn the meeting.

The meeting adjourned at 10:47 p.m.

James G. Mullen, Jr.
Town Clerk

REPORTS OF SPECIAL COMMITTEES

REPORT OF THE WARRANT COMMITTEE FOR THE ANNUAL TOWN MEETING

The Warrant Committee herewith presents to the Town Meeting and to the voters and taxpayers of the Town estimates and recommendations for action on Articles submitted to the Annual Town Meeting on Saturday, March 12, 1994.

The Warrant Committee recommends that the Town Meeting vote appropriations totaling $39,155,633. Excluding proposed bond issues, the recommended appropriations total $38,576,633.

The recommended budget would result in an estimated increase of 2.4% in the residential property tax rate of $15.78 per thousand FY94 to $16.17 per thousand for FY94 to $16.17 for FY95. For the average residence valued at $196,600, the proposed budget would result in a tax increase of approximately $76.67.

The budget that the Warrant Committee recommends to Town Meeting is balanced within the limits of Proposition 2 1/2.

After Addressing$409,000 of employee benefits increases (pension and group health insurance) and $535,000 of education reform mandates, the recommended budget distributes the small remaining balance of new revenue across Town departments to provide level funding with slight upward adjustments for obligated costs such as step raises.

As has been done for the past few years, the recommended budget continues largely to ignore capital needs such as pavement management, park restoration, building maintenance, equipment replacement, and computer technology both in classrooms and in administrative offices throughout the town. (Please refer to the table in the comment to Article 18 for a more comprehensive list of unmet capital requests.) Except for the firefighters' 3% contractual third-year raise, there are no wage increases included in the proposed budget. Operating budgets postpone or forego requested increases such as detailed property revaluation and increased firefighter manning levels.

Unless revenue growth improves markedly soon, Town Meeting will be forced to come to grips with the diminished levels of service that the Town's revenue can support. To a large degree, this dilemma has been avoided in recent years by postponing expenditures that will likely cost more to address in the long run-deferred pavement management is a good example of today's savings foreshadowing greater expenditures in the future. The Town cannot responsibly balance budgets at the expense of its workforce and infrastructure over an extended period of time.

After several recessionary years marked with substantially reduced state aid and local receipts, the Warrant Committee can be forgiven for hoping that recent improvements in the economy will lead to improved revenue growth to address the problems mentioned above. Already, the Warrant Committee has conservatively anticipated some positive development in this regard in the proposed budget. If greater that anticipated growth is realized, the Warrant Committee urges that town officials carefully review all capital and operating needs before allocating that growth to any given area.

The Chair extends his thanks to all of the elected and appointed officials of the Town who has assisted in the preparation of this Warrant. Special thanks and best wishes are extended to Town Accountant Joseph G. Graziani, Jr. who retired earlier this month. The Chair also thanks Executive Secretary John Cronin, Carol Blute, Barbara O'Malley and Angela Hanna of the Selectmen's office, as well as Warrant Committee Clerk Lorraine Cimildoro and all the members of the Warrant Committee for their exceptional efforts preparing this Town Meeting Warrant.

Respectfully submitted,

February 18, 1994

REPORT OF THE WARRANT COMMITTEE FOR THE SPECIAL TOWN MEETING

The Warrant Committee herewith presents to the Town Meeting and to the voters and taxpayers of the Town estimates and recommendations for action on articles presented to the Special Town Meeting to be held on Wednesday, November 2, 1994.

The Board of Selectmen call this meeting for the purpose of making adjustments in the water and sewer accounts.

The Warrant Committee estimates the additional amount of revenue needed to fund its recommendations is $891,235, which is within the Proposition 2 1/2 levy limits.

The sources of the funds are as follows:

Certified Free Cash		$423,407
Group Insurance		205,000
General Insurance		160,000
Additional Local Receipts		146,585
Overlay Reserve		80,000
Adjustment Retirement System Funding		68,000
		$1,082,992
Recap Sheet Debit	147,883	
Modify Water & Sewer Indirect Charges Debit	35,569	(183,452)
		$899,540 available

For the first time in three years Milton is in a positive Free Cash position. This will allow expenditure of these funds at this meeting. There is a combined savings of $365,000 in insurance accounts. (See Article 29). The Board of Assessors has adjusted the Estimated Receipts upward by $146,585 and has released $80,000 from the 1992 Assessors Overlay. There is also a $68,000 positive adjustment from the establishment of a Retirement System Funding Schedule pursuant to Article 9 of the 1994 Annual Town Meeting. The total of the above-referenced items is $1,082,992. From this sum, there is a deduction of $183,452; 1)a debit of $147,883 from the recap sheet (an adjustment caused by higher state assessments and lower state aid than projected);2) a $35,569 debit for an adjustment of the indirect charges for town departments attributable to water and sewer (see Article 23).

The Warrant Committee's philosophy in recommending appropriations for this Town Meeting was to fund as many capital items as possible.

Article 7 recommends the purchase of a truck for the Wire Department.

Article 16 supports the purchase of a Bombardier sidewalk tractor.

Article 15, the Warrant Committee hopes to support either reconstruction or replacement of the Brooks Field Bleachers.

There are five articles (#9,10,14,15 & 28) which originated as requests for reserve fund transfers and were later submitted as warrant articles at the request of the Warrant Committee. The Warrant Committee is charged to act for the Town Meeting because it would not be practical to calla Special Town Meeting each time an emergency situation arises. Since this Town Meeting had been called, the Town Meeting Members should have the opportunity to vote on these appropriations.

Articles 10 & 15 are evidence of the deferred maintenance of our infrastructure. Both the High School stairs and the Brooks Field bleachers were condemned by the Building inspector.

Article 1 makes a minor change in the wording of Article 35 of the 1994 Annual Town Meeting to allow the Trustees of the Milton Cemetery to continue Cemetery development. Articles 3,4 and 5 recommend pay raises for some union contracts, departments subject to the Personnel Administration Plan and the Police Chief, Fire Chief, Executive Secretary, Town Clerk and Town Treasurer. Although the Warrant Committee is recommending the increases, it is deeply concerned that the Town continues to allocate much of its limited growth in tax revenues to employee wages across town and school departments and continues to defer the capital and infrastructure needs of the Town. The Warrant Committee wishes to make clear that this opinion on wage increases is budgetary only and does not reflect the worthiness of any employee.

Article 6 recommends the adoption of a repayment schedule for the teachers' pay deferred in fiscal year 1992.

Article 8 was a cause for concern to this Committee. The spending for training in the first 3 1/2 months of fiscal 1995 is approximately $25,000; the spending for all of fiscal year 1994 was approximately $30,000. The Warrant Committee recommends an appropriation of $30,000 as it appears there was some higher than usual need for sick leave, an overtime fund use, in these same 3 1/2 months.

Articles 11 & 12 are request from the School Committee to create revolving funds on which the recommendation is a no vote on both.

Article 13 recommends an appropriation of $200,000 for the Schools to help with the increased costs of 109 unexpected new students. The Education Reform Act does not mandate any increased spending, but concern for a quality education for our children does.

Article 17 supports a $70,100 addition for Solid Waste Management which is critically needed for continued use of our landfill.

There is insufficient information on Article 19 for a recommendation for the Library site at this time, but the Committee unanimously supports the appropriation of $30,000 under Article 20.

Articles 21 through 26 address water and sewer appropriations, stabilization and adjustment to indirect costs. The Warrant Committee supports all six articles.

Article 27 was before us in March 1994 Town Meeting. The Warrant Committee is recommending a no vote on the citizens' petition to reopen the Atherton Street Fire Station.

Finally, Article 28 to exempt School Department Nurses from Civil Service is supported by the Warrant Committee.

The Chair extends her thanks to all of the elected and appointed officials of the Town who have assisted in the preparation of this warrant. Thanks are also extended to Board of Selectmen Chair Katherine Haynes Dunphy, Executive Secretary John Cronin, Town Accountant Edward Spellman, Town Treasurer Kevin Sorgi and Chief Appraiser Jeffrey d'Ambly. The Chair also thanks Carol Blute, Barbara O'Malley and Angela Hanna of the Selectmen's Office. Special thanks to Warrant Committee Clerk Lorraine Cimildoro. Warrant Committee Secretary Paul Girouard and also Alan McDonald for their help with the numbers and to all the members of the Warrant Committee for their hard work and long hours spent preparing this Warrant.

Respectfully submitted,

Mary R. Fitzgerald, Chair

DEPARTMENT REPORTS

REPORT OF THE AIRPLANE NOISE COMMITTEE

To the Honorable Board of Selectmen: June 30, 1994

The Town of Milton airplane Noise Committee has had mixed results in its efforts to obtain mitigation measures of airplane noise which overfly our Town.

Through February 18, 1994 the Committee had support from both Senator W. Paul White and Representative John Joseph Moakley. Representative Moakley's office set up a meeting with representatives of the FAA, Regional Office and the Boston Tower, and MASSPORT. This meeting was used by the Town of Milton Airplane Noise Committee to present evidential material which clearly substantiated our claims that the residents of Milton are being subjected to unnecessary and excessive airplane noise.

At the conclusion of our presentation at the February 18, 1994 meeting the Town of Milton Airplane Noise Committee pushed for a follow-up meeting with all participants to begin addressing the various grievances presented. This request was denied by Representative Moakley's Office.

Since the Meeting of February 18, 1994 enumerated above, the Committee has been unable to get Representative Moakley's office to refocus on the Airplane Noise issues facing Milton residents. Furthermore, the leaving of Mr. Steve Cronin from Senator White's Office has left the Committee without anyone seemingly interested in our airplane noise issues.

In summary, this year has been a frustrating one. The Committee believes that the only way Milton's airplane noise, vibration and pollution burden will be resolved is if we can get Representative John Joseph Moakley and his office and Senator W. Paul White and his office to refocus on our airplane noise, vibration and pollution burdens.

Failing a commitment from elected representatives, the only other avenue is a legal one.

Respectfully submitted,

Robert A. Fournier
Chairperson

REPORT OF THE ANIMAL CONTROL OFFICER

To the Honorable Board of Selectmen June 30, 1994

The activities and income of the Dog Pound through June 30, 1994 were as follows:

Number of Stray dogs picked up	53
Stray dogs sold	55
Dogs turned in	18
Pound fees collected	$4,995.00

Dog Citations were issued for unlicensed and unleashed dogs. The town was reimbursed by the court for their share of this revenue.

The invaluable assistance of the "Friends of the Pound" is gratefully acknowledged, especially their help on adoptions and coverage of the pound.

Dog Officer Pamela MacDonald resigned on April 22, 1994 to work in the private sector. We wish Pamela success in her new employment.

Respectfully submitted,

Alexandra Hatch
Linda Kippenberger
Animal Control Officers

REPORT OF THE BOARD OF APPEALS

To the Honorable Board of Selectmen June 30, 1994

The Board of Appeals respectfully submits the following report for the Fiscal Year, 1994.

There were 23 applications received by the Board:

20	Variances:	Granted
3	Special Permits:	Granted

There were 32 Board of Appeals hearings held during the Fiscal Year due tot he fact that several applications required more than one hearing to obtain additional information in order to reach a decision. There were three Special Permits issued for temporary apartments.

Twenty-three Hundred Dollars ($2,300) in application fees were collected and deposited with the Town Treasurer. The advertising and postage costs are billed to the Applicant and they are paid back to the Town.

We wish to take this opportunity to thank Roger L. Gregg and Marion V. McEttrick for their valuable time and assistance in substituting for members of the Board who were unable to be present at various hearings.

We also wish to express our gratitude especially to Joseph J. Lane not only for his time and assistance during this past year, but over the past twelve years. Joe is retiring from the Board. His expertise and calm, judicious and even manner will be sorely missed. Joe's affection for the Town and his concern for its future have been amply evidenced by his many years of unselfish service on the Board of Appeals. Thank you Joe.

We welcome our new member, Brian M. Hurley, Esq., to the Board of Appeals.

The Board thanks all Department Heads, Boards and Committees for their assistance this past Fiscal Year.

Respectfully submitted,

Roderick M. Connelly, Chairman
James N. Doherty, Member
Frederick J. Kibble, Member

REPORT OF THE ASBESTOS STUDY COMMITTEE

To the Honorable Board of Selectmen June 30, 1994

The Asbestos Study Committee was formed by the Annual Town Meeting in 1992 to make recommendations for the evaluation of safety conditions regarding asbestos material in the public buildings of the Town of Milton.

As of this date, all town buildings, including the Town Farm and Cemetery residences, have been inspected. All friable asbestos products have been removed or encapsulated. The town now has a standard approach to asbestos and a program manager, Paul Kanter, to maintain direction and to keep records.

The Committee would like to thank all those in town affairs who made this progress possible.

Respectfully submitted,

James F. Dunphy, Chairman
Peter P. Gacicia III
James F. Foster
Richard Livingston
James C. O'Brien

Fees for inspections of public and private institutions amounting to Seven hundred fifty dollars, ($750.) have been collected and paid to the Town Treasurer.

Fees for license renewals amounting to Forty-eight dollars, ($48) and fees collected for Zoning by-laws and maps amounting to Five hundred thirty-six dollars, ($536) have been collected and paid to the Town Treasurer.

I wish to extend to the Honorable Board of Selectmen my sincere appreciation for their cooperation. May I also express my appreciation to all Town Officials, Boards and Committees for their assistance.

Respectfully submitted,

Donald G. Robbins
Building Commissioner

REPORT OF THE CEMETERY TRUSTEES

To the Honorable Board of Selectmen: June 30, 1994

The Board of Trustees of the Milton Cemetery respectfully submit the following report for fiscal year 1994.

During the year there were 296 interments and 311 graves sold. Cemetery expenditures in Fiscal year 1994 totaled $386,781; total income generated by department sales of graves and fees for that period equaled $478,770.

In March of 1994 J. Joseph Donovan was appointed Chairman of the Board of Trustees and Emily Wright was elected to the Board in the Town General Elections.

The first phase of our new development was completed. The 7 acre parcel which runs from Brook Road and Centre Street to the existing Cemetery at Balsam Avenue will provide approximately 10,000 additional gravesites.

The Trustees wish to extend their appreciation to all Town officials, Boards and Committees for their assistance.

Respectfully submitted,

J. Joseph Donovan, Chairman
Paul F. Dolan
Bernard J. Lynch, Jr.
David B. Marr
Emily M. Wright

REPORT OF THE AUXILIARY POLICE DEPARTMENT

To the Honorable Board of Selectmen June 30, 1994

The Milton Auxiliary Police, directed by Auxiliary Captain Louis B. Smith, contributed over 2000 man hours of service to the community during this past year and over 100 hours to neighboring towns that requested assistance for traffic and crowd control. The communities requesting help were Randolph, Quincy and Hopkinton.

The Auxiliary lost one member who passed away this summer, Mark Hamilton, his contribution will be missed.

We were able, this past year, to increase the membership by eight new members and we have four more men who will be entering the Massachusetts Criminal Justice Academy for a sixteen week training course. During this past summer all of our members recertified in CPR and qualified with weapons in accordance with the Massachusetts Criminal Justice regulations, both of which are state mandated.

The events covered this past year were: the Marathon, Visiting Nurses Walk, yearly Road Race, Peace Vigil, Summer Concerts, July 4th at Pierce School, Santa's arrival at Town Hall, Kaleidoscope, Dorchester Day Parade, arrival of the Cruiser Salem in Quincy Halloween, the public schools and the Town Hall on Memorial Day and Veterans Day.

Meeting are held each month at the Police Station on the third Thursday of the month The meetings relate to police work such as court decisions, etc. and responsibility to the community.

There were two promotions within the Auxiliary Police this year, Sergeant Mark Williams was promoted to lieutenant and Patrolman Chris Hatzopoulos was promoted to sergeant.

Respectfully submitted,

Louis B. Smith, Captain

REPORT OF THE AUXILIARY FIRE DEPARTMENT

To the Honorable Board of Selectmen June 30, 1994

The Auxiliary Fire Department provides services to the Milton Fire Department with its Support Service Unit. This converted modular ambulance has three generators (5K,1.8K,1K) and a 1000 watt converter operated off the vehicle's engine; 10 floodlights; nearly 1000 feet of various types of cables; space for a command post; medical equipment and a variety of light rescue materials. In addition to any working fire in the Town, the Support Service Unit assists the Milton Police whenever requested. It is also registered with the Massachusetts Emergency Management Agency for disaster service in the metro area.

The Auxiliary Fire continues to staff and maintain the 1934 maxim pumper engine seen at numerous civic affairs throughout the Town. Engine NO.5 represents the Town of Milton in parades throughout the area. It is also a favorite at the numerous field days held in Town during the year.

The Auxiliary Dodge RAM Charger, is regularly pressed into service by the Fire Department to transport the Milton members of the Metro-fire 13, HAZMAT team.

The Milton Firefighters Memorial Archives opened in October 1993, the 200th Anniversary of the Milton Fire Department. It is located in the Chemical Building which is being restored by Auxiliary Fire members.

The eleven members of the Auxiliary have contributed over 1450 hours of volunteer services during FY 94.

Schedule meeting are held at 7 P.M. on the second and fourth Tuesday of each month at the Chemical Building, 509 Canton Avenue at which time anyone interested in joining the Auxiliary is most welcome. Most members have started to meet every Tuesday to check on the Building and to perform additional maintenance on the vehicles.

In conclusion, the Auxiliary would like to express its continued gratitude to Chief Donald Affanato and the professional firefighters of the Town of Milton for their personal and professional encouragement. We also thank Lieut. Richard Wells of the Milton Police Department for his utilization of the Support Service Unit in various police operations.

Prepared by:
John Fleming, Captain

Approved by:
Deputy John Foley, MFD, Director

REPORT OF THE CONSERVATION COMMISSION

To the Honorable Board of Selectmen: June 30, 1994

Under state law, the Conservation Commission is charged with the promotion and development of the natural resources and the protection of the watershed of the town. As the local environmental regulatory agency, we are charged with the enforcement of the state Wetlands Protection Act and the Town of Milton Wetlands Bylaws. The following interests are the foundation for those laws, ordinances, and regulations: protection of public and private water supply; protection of aquifer and groundwater supply; flood, erosion, and sedimentation control; storm damage prevention; prevention of pollution; protection of land containing shellfish; protection of fisheries; protection of wildlife habitat; and recreation and aesthetics. We hold public hearings/meetings on the second and fourth Monday evenings of each month, subcommittee meetings from time to time, and site walks of properties with applications and Orders pending before us.

The Milton conservation Commission issued Determinations of Applicability concerning residential applications on Canton Avenue and the Loew subdivision, the Massachusetts Highway Department's Southeast Expressway HOV Project and testing at Milton Academy and 2 Granite Avenue. We issued Orders of Conditions regarding residential properties in the Loew subdivision, Mark Lane, Churchills Lane, Courtland Circle, Harland Street and Herrick Drive, as well as the Milton Housing Authority's venture on Blue Hill Avenue and the MDC's work at Trailside Museum. Emergency permission was given for repair work on the Adams Street Bridge and on a water line at Milton Academy. Numerous Certificates of Compliance were issued on completed projects. In addition, the Commission continued to monitor outstanding projects, including, but not limited to the MWRA repair work on Granite Avenue, the MWRA New Neponset Valley Relief Sewer Project, the Landfill, Milton Academy's efforts to clean up the release of oil from an underground storage tank, the Loew subdivision detention basin, etc.

The Conservation commission reviewed and commented upon the Environmental Notification Form of Dunlap Associates concerning 2 Granite Avenue. We also cosponsored the nomination of the Neponset river Watershed Association for the designation of the Neponset River Estuary as an Area of Critical Environmental Concern. In an effort to respond to neighborhood concerns, the Commission conducted a site walk at the Quincy Quarries.

Commission Members continued to gain further education in environmental issues through attendance at a Wetland Plant workshop sponsored by the Massachusetts Audubon Society as well as the annual meeting of the Massachusetts Association of Conservation Commissions and the New England Environmental Conference at Tufts University.

The Commission thanks Angela Hanna for her dedication and high quality work as Clerk for the Conservation Commission and Associate Member Martha Curtis for her weekly column in the Milton Record Transcript, "Conservationally Speaking" and for her work with Community Gardening.

BSC has been selected as our environmental monitor for the MWRA's New Neponset Valley Relief Sewer Project and we anticipate that substantial Commission time and effort in fiscal 1995 will be devoted to this project, which runs through the Fowl Meadow, a previously designated Area of Critical Environmental Concern. In addition, many of the currently monitored projects are not yet complete and the Commission will continue to oversee them throughout the next fiscal year.

Respectfully submitted,
Andrea C. Stanton, Chairwoman
Ellen Anderson
Douglas Cotton
Mitchell C. Heineman
John A. Kiernan
Craig A. MacNaught
Donald R. Neal

REPORT OF THE COUNCIL ON AGING

To the Honorable Board of Selectmen: June 30, 1994

The council on Aging is pleased to submit the Annual Report for the year ending June 30, 1994. The Council on Aging operates out of the Senior Center located at 1200 Brush Hill Road, on the lower level of the Milton Health Care Facility. We are very grateful to Mr. Thomas Flately who donates this multi-purpose location to be used by the staff and seniors of Milton.

The main purpose of the Council on Aging is to provide services and programs to meet the ever increasing needs of the elderly population of the town. This year alone, a total participation in Council on Aging activities and programs has increased by over 20%. One of the major reasons for this encouraging increase is our new handicapped accessible van that was received through a Title 16 (b) (2) Grant from South Shore Elder Services, Inc. This van helps us to transport seniors to the Center activities, classes, shopping, routine medical appointments, field trips, and off-site activities. Transportation is a major problem for seniors in Milton. Our transportation Coordinator, Mary Ann Sullivan receives an average of 10 calls each day from seniors requesting assistance. The availability of our new van makes it easier for home bound elders to participate in services and programs that help enrich the quality of their lives.

One of the major accomplishments that deserves to be recognized and one that has brought many accolades to the Milton Council on Aging is the success of our ComputerEase Group. This enthusiastic group of seniors have researched many different avenues in order to obtain used computer equipment from major corporations who are updating their own equipment. It is through their efforts that the Senior Center now has over 10 computers that are available for use. This group has also taken field trips to the Computer Museum and Brown University, where they participated in a virtual reality workshop. All levels of expertise are welcomed at the class. Under the skillful direction of our volunteers, even a novice can learn how to use the communication medium of the future. Our computerEase group is a model for other Councils in the state. We thank our volunteers for sharing their knowledge.

The Council on Aging Board is comprised of 9 volunteers who are responsible for hiring the Director, helping to assess the needs of seniors in the community and assisting with the implementation of programs that address these needs. The staff at the Council on Aging is comprised of the Director, Principal Clerk (part-time) and Outreach worker (part-time).

Outreach is a very important part of the program at the Council on Aging. Our Outreach worker, Katie Leazott is a crucial link for seniors to learn how to access Council on Aging services and other community programs. As the number of residents 60 years old and older increases at such a fast rate, it becomes more of a challenge to provide the assis-

tance needed in order to help these residents remain in their own homes. Another objective of our Outreach program is to initiate and maintain activities that promote intergenerational links between seniors and the children of our town. This is accomplished through community service, friendly visiting and a pen pal program with third grade students. The Outreach worker's salary is funded by a grant from the Executive Office of Elder Affairs. Given the advances in medical care and the trend towards increased home care, it is very important for our Outreach worker to be able to visit the person and try and unravel the complexities of services.

The following is a summary of services provided for F.Y. '94 showing the total units of service delivered in each category as they are reported to the Massachusetts Executive Office of Elder Affairs in the Fiscal Year 1994 Annual Report.

PROGRAMS, SERVICES & ACTIVITIES	TOTAL UNITS OF SERVICE PROVIDED
General Information Services	4,002
Referral to other Agencies (Milton, VNA, Adult Day Care, Meals on Wheels, S.S. Elder Services)	417
Referral from other Agencies	71
Housing Assistance	142
Outreach	1,066
Health Benefit Counseling	135
Health Screening	119
Other Health Services	10
Intergenerational Programs	131
Weatherization/Fuel Assistance	9
Transportation (Meal site, Shopping, Medical, Recreational)	6,101
Community Education	177
Recreation	1,214
Social Events	914
Tax Preparation	24
Widowed Persons Support Group	192
Milton Senior Highlights Newsletter (30,000 copies distributed)	

As you can see by the above numbers, our services have assisted many residents. We handle over 10,000 calls annually and these calls result in many follow ups and referrals. A good example of the type of assistance that we provide to elders in the community occurred this year. We were providing medical transportation for an ill elder on a regular basis and he died very suddenly. His wife was totally dependent on her husband and began to sink into a state of depression. Her family contacted the Council on Aging and our Outreach worker immediately scheduled a home visit with the woman and her family. They discussed possible options that were available for the woman and Katie explained the activities and programs at the Senior Center. This seemed to be a real turning point for the woman and she decided to join our exercise and cooking groups. We were able to transport her to the Senior

Center using our van and this relieved her family from taking time off from work to drive her to the Senior Center. We witnessed a major change in the woman's outlook and before we knew it she was volunteering to help us out at our monthly birthday party. If it was not for the ability of the Council on Aging to provide such assistance in a crisis situation, the consequences for this wonderful woman could have been tragic.

The Council on Aging is the senior access point for over 6,000 elders in the town with many diverse needs. We are very proud of what we have been able to accomplish this past year, especially with the severe budget restraints and reduced staff hours. We would not be able to provide these services without such a dedicated staff and a wonderful group of volunteers who assist us in whatever task we ask of them. Our goal is to continue to provide quality assistance to the seniors in our community which will allow them to lead a healthy and productive life.

We deeply appreciate the continuing support of the Board of Selectmen, the Town Departments, the Milton Visiting Nurse and Social Service League, Mr. Thomas Flately and our many volunteers and participants.

Respectfully submitted,
James Dildine, Chairman

REPORT OF THE MILTON CULTURAL COUNCIL

To the Honorable Board of Selectmen June 30, 1994

The nine appointed members of the Milton Cultural Council: Emma Jean Moulton, Chairperson; Mary Sennott-Burke, Claire Herlihy, Steven Nelson, Robert Oppenheim, Frank Giuliano, Cathy Smyth, Rita Moy and Sylvia Pitnof have fulfilled their obligation with dedication and responsibility.

Increase re-organization at the state level of the Massachusetts Cultural Council (MCC) and consequent written guidelines has required a greater attentiveness to new regulations for local operations and procedures, plus a heightened awareness of the multitude of grant opportunities available at the state and national level for public funding for the arts, humanities and interpretive sciences. Grant programs offered through the MCC include Event and Residency grants, Direct Grants, Local Cultural Council Grants, Massachusetts Touring Program, Mini-Grants, Collaborative Assistance, and Professional Development.

The Massachusetts Cultural Council (MCC) was formed in 1990 through the merger of two previously separate agencies, the Massachusetts Council on the Arts and Humanities (MCAH) and the Massachusetts Arts Lottery Council (MALC). The MCC receives funding from the state of Massachusetts and the National Endowment for the Arts, and distributes funds through direct grants to individuals and organizations through a statewide competitive grant process, and to local councils, such as the Milton Cultural Council, which then regrants funds to individuals and organizations in their own communities.

The mission of the Massachusetts Cultural Council is to promote excellence, access, education, and diversity in the arts, humanities, and sciences in order to improve the quality of life for all Massachusetts residents and to contribute to the economic vitality of our communities. The milton Cultural Council adheres to these goals at the local level.

The duties of the Milton Cultural Council are to solicit community input, assess local cultural needs, communicate with the public, review and recommend action on local applications, report to the Massachusetts Cultural Council, and comply with guidelines, rules, rulings or regulations promulgated by the MCC. The Milton Cultural Council directs funds to individuals, organizations and schools that are dedicated to productive and creative efforts in the arts, humanities and interpretive sciences, and which contribute to the cultural vitality and well-being of the community as a whole.

The Milton Cultural Council allotment is determined by a state local aid formula established by the Legislature, based on population and equalized property values. Thirty-four applications were received. After due consideration, twelve applications were approved, including three PASS grants, for a total of $6,824.

Applicants who received funding were:

Patty Carpenter, Music for Seniors	
Cunningham School:	Opera to Go
Milton Art Museum:	Community Outreach
Milton Jr. Women's Club:	Bennington Marionettes
Milton Park Department:	Summer Band Concerts
Milton Performing Arts:	Milton Young Musicians' Festival
Milton Public Library:	Museum Passes
Joyce Greer Residency:	Collicot, Tucker, Glover, and Pierce Middle Schools
Cunningham School:	Boston Symphony Orchestra Children's Concert
Milton High School Parents - Teachers - Friends:	Huntington Theatre
Tucker School:	Museum of Science Van

Respectfully submitted,

Emma Jean Moulton
Chairperson
Milton Cultural Council

REPORT OF THE DATA PROCESSING COMMITTEE

To the Honorable Board of Selectmen: June 30, 1994

The Data Processing Committee, created by the 1978 Town Meeting, continues to meet and advise the Town as to its data processing needs, activities and priorities.

During the past year the Committee was pleased to see the implementation of an automated system in the Assessors Department, the expansion of the laser printing capabilities in the Treasurers Office, the entire replacement and modernization of the Police Computer System and the introduction of mobile computers in a police vehicle, and the introduction of personal computers to a number of additional department to enhance their productivity and to provide information and guidance to various town departments as requested.

The Committee is also pleased to note the recognition by the School committee of the real need to improve the teaching of technology throughout the school system and its actions taken in this direction.

The Committee wishes to thank all the town officials and town employees who assisted the Committee in carrying out its work throughout the year.

Respectfully submitted,
Robert J. Sheffield, Chairman
Daniel Gover
John Lucey
John Mitiguy
James Sabine

REPORT OF THE EXECUTIVE SECRETARY

To the Honorable Board of Selectmen June 30, 1994

I am pleased to submit my twenty-seventh Annual Report. Your assignment to assist Department Heads and Committees under the Selectmen's jurisdiction and to provide such assistance and cooperation as may be required by the Departments, Boards and Committees has been carried out. Every effort has been made to assist the board in exercising its governmental duties in directing the activities of its department.

LABOR RELATIONS

The Firefighters Local 1116, Associated Firefighters of Massachusetts, IAFF, AFL-CIO was the only non school bargaining unit with a contract for fiscal Year 1994. The Warrant Committee recommended, and Town Meeting approved, that the 2 1/2% Fiscal Year increase be funded within the department's own budget.

Agreements with the Police, Public Employees and Library unions had ended on June 30, 1993. Negotiations on successor contracts with each of these unions proceeded throughout the year.

Grievances and disputes which have arisen through the year are expected to be resolved in Fiscal 1995.

MILTON'S SPENDING RATE

The Town of Milton's fiscal year 1994 level of spending was moderate in comparison to the communities with which we traditionally have made comparisons.

COMPARATIVE MUNICIPAL FISCAL DATA, 1994

Tax	Population	Tax Levy	Per Capita
Milton	25,901	26,551,243	1,025.10

MILTON EXPENDITURES COMPARED TO TEN TOWNS

Spending levels for various municipal services are scrutinized each year by department heads, governing boards and committees, the Warrant Committee, and finally by the Town Meeting which votes the appropriations. It is sometimes useful to compare Milton's actual expenditures to those of similar communities. A full page chart is included in this report entitled "General Fund Expenditures FY 1993 by Functional Category." The Source is the Massachusetts Department of Revenue. Capital outlay and construction have been excluded. Milton's spending is markedly less than the other municipalities surveyed.

CONCLUSION

All of the employees and departments have been understanding and cooperative as the Town continues to manage within the limits of 2 1/2. I am grateful for their support and dedication.

I extend my thanks and appreciation to the Board of Selectmen and the department heads, Town employees and officials, the members of the boards and committees and to the citizens of Milton who assisted me throughout this year. Special note of appreciation is extended to the staff of the Selectmen's Office who have helped to meet all deadlines, and committees of the Board of Selectmen and the Town Meetings.

Respectfully submitted,
John A. Cronin
Executive Secretary

REPORT OF THE FIRE DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1994

I herewith submit my report of the Fire Department activities for the period July 1, 1993 through June 30, 1994.

ALARMS

The Fire Department responded to 2,248 calls for aid during this period.

Box Alarms - 447 Still Alarms - 1,789 Mutual Aid Requests - 12

DECEASED

James J. Parrell, Retired	7/13/93

I wish to thank our secretary and the officers and men of the Department for their continued loyalty and support. Also, the various Department heads, town employees, the Milton Auxiliary Fire Department and Representative M. Joseph Manning for their assistance and cooperation in making the Department more responsive to our citizens.

I would also like to recognize Paul McKeen of Auto Service and Tires, Inc. of Mattapan for his invaluable assistance in providing our Department with training equipment.

In April, Engine #1, a 1978 Mack, was replaced with a 3-D 1250 Gallon Pump at Headquarters.

Respectfully submitted,

Donald P. Affanato
Chief of Department

REPORT OF THE FIRE DEPARTMENT STUDY COMMITTEE

To the Honorable Board of Selectmen: June 30, 1994

The 1993 Annual Town Meeting, pursuant to Article 16, authorized the appointment of a Committee to "study the fire protection of the Town" The Fire Department Study Committee appointed, pursuant to Article 16, has conducted its study and submits this report.

Background

The Town is not a high fire risk community. It is largely residential and most residences are single family homes which are reasonably well spaced from adjacent buildings. There is little of an industrial nature in the Town. There are, on the other hand, small commercial areas. Additionally, there are elderly housing apartments and complexes; numerous schools, of which Milton Academy and Curry College have dormitories; numerous in-home licensed day-care centers scattered throughout the Town; churches; the Milton Hospital; all of which present special risk situations and fire response requirements.

Whatever the risk situation, there is a need to have a fire department of appropriate size, properly manned, equipped and organized to deal with whatever situations may arise. Much like insurance, one hopes that the fire department will not be needed for major tasks, but it must be properly maintained to avoid undue loss and possible tragedy.

In this context, the recent history of the Milton Fire Department is one of significant decline in terms of size and staffing, dictated in large measure by the financial constraints imposed upon the Town. In the last study of the Milton Fire Department, reported in 1962, it was noted that the department then had three fire stations and five active pieces of apparatus; a ladder truck and one pumper at the Central Station located behind Town Hall (a combination truck was also kept at the Central Station used when the need arose for brush fires); a ladder truck and a pumper in East Milton; and a pumper at the Atherton Street Station. The 1962 report concluded that the number of pieces of equipment in service was sufficient for adequate protection of the Town. On the other hand, it recommended that additional positions be staffed so that Engine 1 and the Central Station would be manned with five firefighters and so that the other two pumpers would each be manned with four firefighters.

Since 1962, the elderly housing complexes have been built, Curry College has come to the Town, day-care centers have proliferated, nursery schools have been established, and there has been extensive new home construction. At the same time, fire department duties have expanded, most notably in responding to medical emergencies. In accordance with an agreement with the ambulance service which provides the Town with advanced life support services, the fire department responds to medical emergency calls to assist on scene and with transport of a patient to the ambulance. In the first year of this new arrangement, fire

department responses to medical emergencies increased from 35 in 1991 to 636 in 1992. For similar reason responses to vehicular accidents increased from 99 in 1991 to 205 in 1992. At the same time, the number of runs required for residential, non-residential and brush and grass fires has declined significantly over the last several years. Overall, however, the total number of fire department runs has increased from a range of 35 to 110 per month in 1960, just prior the time when the 1962 Study judged the fire department's size to be adequate, to a range of 152 to 228 per month in 1992. The statistics appear in Tables 1 and 2 attached to this report.

In the meantime, the Atherton Street Station has been closed, and its pumper taken out of service. The ladder truck in East Milton has also been taken out of service. Thus, the department has been reduced to three pieces of apparatus, one ladder and two pumper in two stations. Ladder 2 in East Milton and Engine 4 formerly at Atherton Street, now at the Central Station, are unmanned. A new Engine will be delivered shortly to replace Engine 1. At the same time that active apparatus has been reduced, staffing levels have likewise been reduced to provide a minimum staffing level per shift of two firefighters on the ladder truck at the Central Station, four firefighters on the Central Station pumper and three firefighters on the East Milton pumper, i.e. a total on nine firefighters plus a deputy on each shift, plus the Chief. Two additional firefighters are available per shift when illnesses, injuries and vacations do not remove firefighters from duty. Total staffing of firefighters at full complement is now 49 and a part time clerk compared with approximately 70 in 1962. (other positions in 1962 included a dispatcher, a mechanic and a full time Clerk, all of which have long since been abolished).

Staffing Levels for Present Equipment

In the event of a fire, the department responds by sending three pieces of equipment (presently the entire department) to the scene on the first alarm. The equipment sent is the ladder truck with two firefighters and two pumpers with a minimum of seven firefighters and a maximum of nine firefighters if everyone on the shift is on duty. Of the seven to nine firefighters on the two pumpers, three are assigned to the pumper at the East Milton Station and the remaining four to six firefighters are assigned to the pumper at the Central Station. A deputy also responds to an alarm. If the number of firefighters, including the deputy, regularly available for a shift drops below a total of ten, off duty personnel are called back on an overtime basis to maintain the ten firefighter minimum.

At a fire scene, the pumpers and their crews are responsible for extinguishing the fire. The ladder truck and its crew are typically responsible for rescue and fire ventilation. As a matter of firefighter safety, firefighters entering a building or working on a roof should work in at least pairs, never alone.

Further, it takes a minimum of two firefighters to operate a hose line; a third firefighter is required to move a hose line forward due to the weight of the line and the reaction force of the water exiting a nozzle. In this connection, it should be borne in mind that the firefighters

are heavily laden with equipment including an air pack weighing about 50 pounds. It also requires one firefighter to operate a pumper at a fire scene. An additional firefighter may initially be temporarily required at some distance from the fire to connect a hose to a hydrant. Thus, an effective fire company for a pumper requires at least four firefighters. To the extent use of the ladder truck is required at a fire scene, one firefighter must operate the platform on which the ladder is mounted and a firefighter from a pumper may be required to assist the other firefighter on the ladder truck in ventilation or rescue operations.

We regard the present manning situation to be deficient. Various sources recommend a higher manning level. As stated in NFPA 1500 Handbook, p. 102:

> It is recommended that a minimum acceptable fire company staffing level should be 4 members responding on or arriving with each engine and each ladder company responding to any type of fire.

In Managing Fire Services, 2d Ed., various size fire fighting companies were evaluated, as follows:

> As firefighting tactics were conducted for comparative purposes, five-person fire suppression companies were judged to be 100 percent effective in their task performance, four-person companies 65 percent effective, and three-person companies 38 percent effective; six-person companies are judged 20 percent faster than four-person companies.

And in Fire Attack by Warren Y. Kimball, the following was stated:

> [I]n communities of small one-story single family houses which are well spaced, a reasonable response might be deemed to be two pumpers with not less than four firefighters each, under a chief officer. In such a situation, it might be unjustifiable as well as a situation, it might be unjustifiable as well as uneconomical to provide five firefighters on duty with each shift of each pumper if the additional manning is not needed for other normal operations.
>
> However, one of the arguments in favor of strong manning for low hazard districts is that lightly manned fire companies may not be adequate for fires in churches, schools, and mercantile properties. This argument might be valid if there are not alternatives. However, the municipality may have alternatives. One such would be to require fire-safe construction and private protection including sprinklers for those target hazards which otherwise would impose a heavy fire department manpower requirement on the community. The second alternative would be to arrange for additional response on first alarms for all target hazards regardless of location. One city of large area does this. An ordinary residential fire in a low hazard area has a response of two pumper companies, a water tanker,

and a chief. But if the alarm is for a target hazard in the same general area, considerable additional apparatus is immediately dispatched.

It is the opinion of the Committee that present minimum staffing is inadequate in light of the duties of the firefighters at the scene of the fire. Undermanning is a potential threat to life and property as well as to firefighter safety. Further, given the fact that we have only three pieces of apparatus available for response and that it takes significant time to obtain mutual aid, we believe increased minimum manning should be a first priority for the Town. Accordingly, we recommend that the department be staffed to provide a minimum of ten firefighters, plus a deputy, per shift to staff the present ladder truck and two pumpers in operation. This would provide two firefighters for the ladder truck as at present and eight firefighters for the two pumpers. Given the present staffing level we believe this staffing minimum may be achievable with an increase of the overtime budget without increasing total staff size.

Apparatus in Service

The significance of the elimination of active apparatus relates to response availability. In the case of an actual building fire, a first alarm at present requires response by the entire department. There is no second response capability within the Town. There is no backup with in Town in the event of a second simultaneous problem. In the event of actual fire, a second alarm is likely which will cause an engine from Boston to go to the Central Station under mutual aid. If that engine is needed at the scene, a third alarm would lead to an engine from Quincy going to the Central Station. Other help can be called under mutual aid if needed. But it takes time for mutual engines to arrive, and time may be in short supply in an emergency situation.

In non-fire situations, Town coverage is impaired. Thus, when a medical emergency requires response, one pumper is sent to the scene leaving only the ladder truck and the other pumper available for fire or other response. An accident on the expressway requiring extrication of a crash victim requires response by the ladder truck which carries the necessary equipment and a pumper, both to guard against fire and to provide sufficient manpower to operate the extrication equipment. In this instance, two thirds of the department is tied up on the expressway and depending on conditions, including traffic, may be unavailable for some period of time, leaving but a single pumper available for a second problem.

The removal from service of the engine which had been located at the Atherton Street Station, not only reduces the Town's response capability, it also unbalances the fire protection of the town. When Engine 4 formerly at the Atherton Street Station was operational, response to a fire was by the two engines at the Central Station plus either the engine at the East Milton Station or the engine at the Atherton Street Station, depending which was closer. Response on the easterly side of Town remains the same. Respanse on the westerly side of Town, however, now requires the engine from East Milton which has a

considerable distance to travel delaying full response, the delay possibly being exacerbated by weather and traffic conditions, not to mention by construction activities in the near future as the expressway is decked over in East Milton Square. In the best of conditions full response will be delayed. Considering that flashover (simultaneous ignition, usually with explosive force, of most or all combustibles in a room due to exposure to superheated air) can occur within seven minutes of a fire's onset, delay can be a serious matter.

Nor is the Central Station well located relative to sections of the Town. It is nearly four miles from the Central Station to the Silver Brook Road area at the other side of the Blue Hills. It is more than two miles to Curry College where there are unsprinklered dormitories. Thus, the closing of the Atherton Street Station, though dictated at the time by financial limitations, presents a significant response issue, especially to the West side of Town.

Most importantly, we believe that Engine 4 should be restored to service. Consonant with our minimum manning recommendations for existing apparatus, this could be accomplished with the addition of three firefighters to staff the engines to provide a minimum manning level, department wide, of fourteen firefighters, including a deputy. This involves significant cost since to add a firefighting position requires the addition of four firefighters to the staff to provide seven day around the clock coverage. Additionally, we recommend that Engine 4 be returned to the Atherton Street Station.

Equipment Issues

Our study revealed certain equipment issues.

First, the air packs which our firefighters use are an old style which is cumbersome and provides air for minimal time. The air packs currently in use weight about 50 pounds and have a nominal air supply of 30 minutes which, under laborious conditions, in fact provide an air supply of about 20 minutes. In more modern air packs, the air tanks are of synthetic materials reducing the weight by 15-20 pounds. More significantly, modern air packs are pressurized to a much greater extent, nominally doubling the air supply. The reduced weight and increased air supply of modern air packs increase firefighter efficiency and safety. It would be possible to phase in the use of new air packs to spread the cost. An initial expenditure would be required, however, to provide a new compressor capable of charging to the increased pressure; such a compressor could also be used to charge the older air packs at lower pressure during a phase-in period. The Study Committee believes the Town should commit to the purchase of a new compressor and a phase-in of new high pressure air sacks.

A second equipment issue is that of turn-out gear, the fire protective clothing worn at a fire. The gear presently worn is traditional and, as a recent fire in Newton demonstrated, not wholly effective. Further, to the extent smoke detectors result in earlier arrival of the department at a fire scene, danger to firefighters can actually increase as they enter a build-

ing with a superheated atmosphere before flashover occurs. Newer turnout gear utilizes modern fire and heat resistent fabrics to provide significantly improved firefighter protection. The department is presently evaluating turnout gear. The Study Committee believes that the

Town should plan in the next year or two, after completion of department evaluation, to commence a program of acquiring updated turnout gear.

Finally, in this area, we recommend that the department evaluate alternative fire fighting technologies. In some parts of the country we understand that foams are used in fire extinguishing rather than just water. It appears that foams may do less property damage than water. Additionally, foams delivered through smaller hose lines may require, in the end, less manpower to handle hose lines. Thus, the possibility exists that an investment in different technology may hold the promise of lower continuing costs. The possible introduction of new technology should be investigated.

Dispatching

The fire department does its own dispatching when there are firefighters at the Central Station. When the firefighters are out of the Central Station, fire department dispatching is handled through a dispatcher at the police station. This system seems to work reasonably well and problems encountered in the past appear to be resolved. Soon it is expected that expanded 9-1-1 service will be introduced. The fire department should be included in planning for this new system and consideration shouls be given to including appropriate equipment at the Central Station so that the fire department can continue to do its own dispatching except when out of the Central Station.

Fire Prevention

The best fire protection is prevention and steps to minimize the consequences of fire. Public education as to fire prevention should be a priority of the department. Strict code enforcement should be a continuing priority of the Town. Additionally, voluntary measures should be encouraged to address risks no the subject of existing codes.

A major concern of the Study Committee is the existence of unsprinklered dormitories at Curry College, including a dormitory in a frame building. We strongly urge that the Town encourage all institutions having dormitories to provide sprinkler systems, which coincidentally will lower insurance costs. Further, we recommend that a possible by-law amendment be considered to require sprinkler systems in all new dormitories and, after a certain date, in all existing dormitories. Such a by-law might include other vulnerable structures housing numerous people such as apartment buildings, elderly housing complexes, nursing homes and the like.

Conclusion

The Study Commission is cognizant of the difficult fiscal constraints imposed upon the Town. Nevertheless, our recommendations are made with a view to the minimum, not necessarily the optimum, size, staffing and equipment required for a functional firefighting operation. Support should be solicited from the Town to maintain the Fire Department as a critical public safety resource.

The Chairman wishes to thank the members of the Committee for their effort and expert guidance. Particular thanks are due to the Chief and members of the department as well as to the Executive Secretary for the information which they have provided.

Respectfully submitted,

Charles C. Winchester, Chairman
Kathleen A. Connelly, Secretary
Robert E. Varnerin
Laurence W. Pickard
Stephen A. Morash
Donald P. Affanato, Chief
John M. Shields, Selectmen

REPORT OF THE COMMISSION ON DISABILITY

To: The Honorable Board of Selectmen. June 30, 1994

In January of 1995 full compliance with the provisions of the Americans with Disabilities Act will be required for local government. This landmark piece of civil rights legislation will impact on all aspects of society and serve as a strong foundation for the social changes needed to assure that disabled Americans can participate in all aspects of community life to the fullest extent they desire.

It appears that Milton is among the communities in Massachusetts that will have achieved compliance in areas of handicapped access to municipal buildings, programs and services. This is due largely to the forward thinking of the town in the late 80's and the unwavering commitment of the town leaders.

The Community Acccess Monitor has investigated seven complaints for non Compliance with the Rules and Regulations of the Massachusetts Architectural Access Board.

Commission members have participated in the review of the proposed revisions of the Architectural Access Board's Rules and Regulations.

In the area of lobbying efforts for the disabled the Commission has a member serving on: the Access Advisory Committee to the MBTA (AACT) as Vice Chairman

as a member of:
the Fixed Route on Subcommittee,
The Audio/visually Impaired Subcommittee,
Metro-South Subcommittee
THE RIDE Subcommittee
Boston Guild for the Hard of Hearing

A member of the Commission also serves as Milton's Community Partner Representative to the National Organization on Disability and on the Registry of Motor Vehicles Medical Advisory Committee as an advocate for the disabled.

Currently 224 Milton Residents are registered with the MBTA THE RIDE paratransit program. In July THE RIDE will expand its service area to include next day service to 54 communities and extend service hours from 6 a.m. to 1 a.m. 7 days a week. Eighty percent of the Milton bus routes are now fully equipped with Lift Buses and the remaining routes are partially lift Bus equipped.

In the area of Community outreach, we had a booth at the Milton Hospital Senior Information Fair and have taught a Disability Awareness merit badge course at a local Boy Scout Troop.

Our outreach program continues to reach a broader segment of the disabled community by operating special interest forums on the Argus/internet and Volunteer Information Providers computer bulletin board systems. This has made it possible to disseminate information in wide area to individuals with a range of disabilities that would otherwise have limited access to information formerly only available in print.

A special thanks is extended to Howard Lawson, former Building Commissioner for his assistance and years of service as a member of this Commission.

I wish to thank the many Town Departments without whose willing cooperation and assistance our work would be much more difficult.

Respectfully submitted,

Jeffrey Grant
Chairman

REPORT OF THE BOARD OF HEALTH

To the Honorable Board of Selectmen: June 30, 1994

The Board of Health herewith submits their Annual Report for the period July 1, 1993 through June 30, 1994.

REPORT OF THE HEALTH AGENT

The Board of Health was extremely busy this year and experienced some significant changes. Health Agent Winthrop Wade retired after ten years of dedicated service to the Town. Kathleen MacVarish, a registered sanitarian, replaced Mr. Wade in March, 1994.

Years of budget cuts have hurt the Board's ability to respond to the many public and environmental health issues in Milton and to meet the state-mandated inspection frequencies for food establishments, swimming pools and tanning facilities. This will continue to be the case until the budget can restore staffing cuts.

The Board was extremely fortunate to receive grant money from the Massachusetts Tobacco Control Health Protection Fund, a result of the 25 cent tax on cigarettes. The grant money has paid for the creation of a local Tobacco Control Program, with the Health Agent adding hours to act as Program Director. The Board of Health adopted Tobacco and Smoking Regulations which will be effective January 1, 1995 and will address smoking in restaurants and all town-owned buildings and vehicles and will also restrict youth access to tobacco products. The goals of the program include decreasing exposure to second hand smoke, educating people about the dangers of smoking, restricting youth access to tobacco and encouraging youth not to start smoking. Activities to date include: High School Peer Leader Training and guerilla theater, Middle School Public Service Announcement Contest and participation in Kaleidoscope and Prevention Day.

SUMMARY OF INSPECTIONAL SERVICES

Food Establishments	51
Septic Inspections, Perc Tests and Plan Review	55
Stables	10
Swimming Pools (Public and Semi-Public)	15
Recreational Camps	9
Housing Code Enforcement	35
Misc. Inspections (Tanning, Massage)	4
Asbestos	26
Complaints	53

PROGRAMS OF NOTE:

1. Food handler training seminars were held in March and April, 1994 for all of Milton's licensed food establishments. Seminars were extremely well-attended and subsequent inspections reveal good compliance with the State Sanitary Code.

2. Rabies is still a concern throughout Massachusetts and Milton has a detailed action plan in place. The town was sorry to see Pamela MacDonald leave after three years as Dog Officer/Animal Control Officer but is fortunate to now have the services of a dedicated Animal Inspector, Russell Pitnof, and two Animal Control Officers, Alexandra Hatch and Linda Kippenberger. We all work closely with the Police Department to ensure prompt action whenever a suspect rabid animal is observed.

3. The State Septic System Code (Title V) revisions will be effective March, 1995 and will have significant impact on homes in Milton that are not served by Town sewer. All cesspools must be upgraded to current code standards at the time of sale or any time they fail. An inspection requirement will also be necessary at the time of sale, for any on-site system. As always, connections to the Town sewer, if available, must be made at time of sale system failure. There are provisions for alternative systems that will aid homeowners trying to upgrade, where soil conditions prevent the installation of Title V systems, and where Town sewer is not available.

4. The Board of Health has opened preliminary discussions with Norfolk County Mosquito Control about rejoining the district. A Town Meeting Article may be proposed if the community is interested in belonging to a structured program.

5. The Board of Health is in the process of updating, revising, and adding to their local Rules and Regulations. The goal is to have a booklet of the Rules and Regulations completed for the first of the year, 1995.

6. The Health Agent participated in presenting a multi-town seminar for the proper operation and maintenance of all semi-public and public swimming pools in May, 1994. Attendance from Milton was very good, as was evidenced by the high rate of compliance observed during the summer inspections.

Kathleen MacVarish, R.S.
Health Agent

REPORT OF NURSING SERVICES

I. School Report

Enrollment:	St. Agatha	365
	St. Mary of the Hills	315
	Montessori School	175
	Shaloh House	25
	Delphi Academy	80
	Charis Academy	82
		1042

Daily visits to the parochial elementary schools were made throughout the school year. Periodic visits were made to the remaining private schools.

Vision and hearing tests were administered to the entire enrollments of St. Agatha, St. Mary, Thacher Montessori and Shaloh House schools and Delphi Academy. Parents were notified if their child failed either testing program. Follow up on each referral was done.

All students Grades 5-9 were screened for Scoliosis as mandated by State law. Four students were referred to their family physician for further evaluation.

Immunizations were offered to students requiring boosters. Clinics were held at the schools and at the Board of Health office for residents. A total of 75 immunizations were administered.

All Camps were visited and health records reviewed for proper immunization. A total of nine camps now operate in Town during the summer months. All camps were in compliance with State regulations.

II. Communicable Diseases - Community

The Tuberculosis status of two residents was monitored throughout the year.

Fifty-five Mantoux skin tests were administered to residents requesting the service and to those who have been in contact with an active case of T B.

Forty Mantoux tests were administered to adult camp employees at Curry College Tennis Camp, Camp Sayre, Girl Scout Camp, South Shore YMCA Camp, Delphi Academy, St. Mary of the Hills Camp, and Kids Camp, Chickatawbut Hill Camp and Sports Plus at Milton Academy.

III. Other Communicable Diseases

Case histories, home visits and follow-up were carried out on:

9	cases of Salmonella	2	cases of Yersinia
4	cases of Giardia	7	cases of Campylobacter
2	cases of Shigella	4	cases of Hepatitis B
1	case of Meningitis	1	case of Legionella

IV. Community Nursing

Administered Influenza vaccine to eligible residents, both at clinics and by appointment at the Board of Health office. 1298 doses were administered.

This year Pneumonia vaccine was offered to eligible residents in conjunction with the Flu clinics. 211 doses were administered.

Promoted World AIDS Day in the school and the Town Office Building.

Organized a dental program with a local orthodontist for both elementary schools.

Provided technical assistance to various community health organizations on public health policies.

Conducted blood pressure screening for all town employees at their work place. Health counselling and education was provided to those employees with elevated readings.

V. Tobacco Control

Revised the grant proposal for the Board of Health for consideration by M.D.P.H. for funding September, 1993 through June 1994. A grant was awarded to the Board of Health in the amount of $39,000.

Promoted the enforcement of smoking regulations that restrict smoking in the workplace and in public buildings.

Assisted with the implementation of Tobacco Grant received by the Board of Health.

Attended several workshops pertaining to smoking cessation training.

Organized smoking cessation program for Town employees in conjunction with the American Cancer Society.

Conducted educational program for students in Grades 3-5.

VI. Continuing Education

Continuing education credits were received for seminars on Juvenile Diabetes, Orthopedic Assessment of Children, Childhood Lead Poisoning and Breast Cancer.

VII. Community Relations

The Public Health Nurse is involved in the following endeavors:

Daffodil Day - Captain
M.V.N.A. - Walkathon Captain
Member, American Cancer Society - Professional Education Committee
Member, South Shore Association of Public Health Nurses
Member, Tobacco Advisory Board

The Board of Health would like to express its appreciation to the Visiting Nurses Association and to the Milton School Nurses for their assistance at our annual Flu Clinics again this year.

Mary A. Whitney, R.N.
Public Health Nurse

In closing, we would like to thank all the Town Departments and agencies without whose help our work would be much more difficult.

Respectfully submitted,

Virginia A. Gaffey, R.N., Chairman
Mary Ellen Erlandson, Esq., Secretary
Morton Wolf, D.V.M., Member

REPORT OF THE HISTORICAL COMMISSION

To the Honorable Board of Selectmen: June 30, 1994

The Milton Historical Commission is pleased to submit the following annual report.

The Historical Commission continues to retain the services of a qualified preservation consultant to identify and research historically significant Milton properties in the interest of their preservation.

In November the National Park Service informed the Historical Commission that its Historic Preservation Plan for the Town of Milton was one of twenty-four plans elected nation-wide by the United States Department of the Interior to be included in a annotated bibliography published by the Department to assist communities around the country in developing their own preservation plans.

One of the Historical Commission's goals in the implementation of its 1988 Historic Preservation Plan has been the expansion of a Survey Inventory of historic Milton properties that have been researched and documented for the Inventory Files of the Town and Massachusetts Historical Commission.

During the FY 1994 year historic property research has been carried forward in both the Brush Hill and Milton Hill areas of the Town.

In the Fall the Massachusetts Historical Commission advised the Historical Commission that the Town's proposed nomination of Milton Hill as a National Register Historic District had been scheduled for presentation before the State Review Board at its September 1994 Meeting. At the time of the presentation the Milton Hill District Nomination will have been substantively and technically reviewed by staff members of the State Commission.

Historical Commission efforts to establish the Milton Hill area as a National Register District, in addition to the previously approved Milton Centre and Scott's Woods Districts, have resulted in a significant expansion of the Historical Commission's Survey Inventory Town-wide, thus enabling the Commission to provide an ever-increasing amount of relevant historical information to Town Boards concerned with the protection of Milton's cultural assets.

In May the Historical Commission advised the Court-appointed Receiver of Fuller Trust, Inc., and Fuller Village, Inc., that the Milton Historical Commission would be most appreciative of representation made by the Receiver before the Probate Court that would attest to the Historical Commission's interest in and concern for the preservation of the existing Fuller Trust buildings.

As the fiscal year drew to a close the Historical Commission learned that the Metropolitan District Commission had acquired a 9.81 acre parcel of Milton land known as the "Hughes Indian Site." This land, located off Randolph Avenue near the Town Landfill, is part of the Massachusetts Hornfels Braintree Slate Quarry area. Because of its historical significance and scientific research value, the Historical Commission had been urging MDC acquisition of this unique prehistoric archaeological site since 1988.

The Historical Commission takes this opportunity to express its sincere appreciation to State Archaeologist Bron Simon and also to the Town's engineering consultant Camp Dresser & McKee, Inc., for their respective efforts n providing an archaeological assessment of the Milton Landfill area in anticipation of the closure of the Landfill and the construction of a Waste Disposal Transfer Station.

The Historical Commission wishes to again thank Preservation Consultant Edith G. Clifford for her dedication to the work of the Commission. The Commission also wishes to thank the Staff and the Members of the Board of Selectmen, the Board of Assessors, the Planning Board, the Board of Appeals and the Warrant Committee for their on-going cooperation with the Historical Commission.

Respectfully submitted,

Esther M. Jepson, Chairman
Kevin C. Donahue
Richard B. Heath
William J. Loughran
Santiago A. Rozas
Anne L. Thompson
Frances K. Westebeke

MILTON HISTORICAL COMMISSION

REPORT OF THE HOUSING AUTHORITY

To the Honorable Board of Selectmen: June 30, 1994

The Milton Housing Authority is responsible for the administration of 158 units of housing in the Town of Milton. The Commonwealth of Massachusetts funds 40 units of elderly-handicapped housing at 65 Miller Avenue, 12 units of family housing located on six scattered sites throughout the Town, 8 units of housing for special needs tenants and 4 units of housing subsidized under the Massachusetts Rental Voucher Program. The Authority also administers 95 units of subsidized housing under the Section 8 Voucher program. This program is funded through the US Department of Housing and Urban Development (HUD).

A recent grant of $158,400 will provide the funds for modernization of three of the two family houses on scattered sites for roof replacement, window replacement and lead paint removal among other items.

The Authority continues to move forward on building a handicapped accessible home for adults with special needs.

Sandra LaCivita resigned her position of Executive Director in May, 1994 and the Board appointed Marguerite Brothers, Acting Executive Director. In April, 1994 Elizabeth Atkins, after 19 years as the State-Appointee was replaced by James F. Foster to fill the vacancy. Christopher Moynihan's term expired in April, 1994 and the vacancy was filled at the Annual Town Election by Richard K. Conant. Upon the death of Mr. Conant, the Board of Selectmen and the Commissioners appointed Francis C. O'Brien to serve on the Board until the next Town election.

Our thanks are extended to Milton residents and Town agencies for their cooperation and assistance during the past year.

Respectfully submitted

Judith White-Orlando, Chairperson
Joseph F. Murphy, Vice-Chairman
Catherine A. Shea, Treasurer
James F. Foster, Asst. Treasurer
Francis C. O'Brien, Member

REPORT OF THE LEGISLATIVE COMMITTEE

To the Honorable Board of Selectmen June 30, 1994

The members of the Legislative Committee are Robert E. Barrett, Walter J. Connelly, James F. Dinneen, John P. Flynn and John F. O'Donnell.

The members have the following areas of responsibility:

Robert E. Barrett, land use, including building and zoning, subdivision control, health and environmental issues and real property, including purchase, sale, gift and lease of property, and easements; Walter Connelly, contracts including bidding, construction and vendors and public safety, including police, fire and DPW; James Dinneen, general government, including organization, elections, by-laws, regulations, municipal finance, assessment and taxation and Town Meeting; John Flynn, litigation, including tort claims, defects in public ways, employment discrimination and civil rights; and John O'Donnell, personnel, including employment benefits, labor relations, conflict of interest and insurance.

Increasing government regulations and mandates impose additional restrictions upon the ability of Town government to operate. Legislation plays a key role in this process. The scope of legislative issues affecting the Town of Milton will undoubtedly increase in 1995.

Respectfully submitted,
John P. Flynn, Chairman
Walter J. Connelly
James F. Dinneen
John F. O'Donnell
Legislative Committee

REPORT OF THE LIBRARY DIRECTOR

To the Honorable Board of Selectmen: June 30, 1994

I have the honor of presenting the 122nd Annual Report of the Milton Public Library for the year ending June 30th, 1994:

The Library experienced increased usage of its materials when measured in terms of circulation of materials. A total of 209,334 items were loaned during the year. This is an increase of more than 4,000 over the precious year. When measured in terms of the town appropriation to the library, this represents a cost to each citizen of about $20 per item which is less than the cost of a hard cover book.

However, library usage as measured by number of materials circulated is but one measure of the library's importance to the community. The library continues to work closely with the schools in order to provide materials for curriculum and homework for students. The library has been particularly concerned about the importance of maintaining an adequate collection and a staff that have a professional understanding in working with the teachers, children and their parents.

Fortunately, it was possible to reinstate the Young Adult Librarian's position which has been filled by Pat Bergin who had been working as a part-time Children's Librarian at the library. As a result of having a full-time children's and young adult librarian it was possible to maintain regular visits to all of the public schools in Milton. Furthermore, there has been an increase in the use of the library by students. Over 3,000 visits by students for the specific purpose of fulfilling homework assignments were made.

The Children's Department under the direction of Anne Parker, Children's Librarian held story hours for more than nine hundred children. There were programs for preschoolers as well as for primary grade children. In addition there were several special programs that were held. This year the theme of these programs was cultural diversity. There were Chinese, Haitian and country storytellers who entertained several hundred children. Other programs included arts and crafts and programs about certain holidays including Chinese New Year and Halloween. The children's librarian visited all primary schools on a regular basis.

The Young Adult Librarian, Pat Bergin developed a close working relationship with the teachers at the Pierce Middle School and with the cooperation and assistance of the school department purchased many books that helped in fulfilling the needs of the library in meeting assignments and summer reading requirements a the High School. Pat Bergin was also responsible for coordinating the activities for the unity day that was held in all public schools in June. This was the feature event in the Cultural Diversity Program for which the library received a state grant.

The reference department administered by Eileen Piazza, Assistant Director had over 12,000 questions that were answered at the library. In addition there were over 2,000 request for business reference that required the use of investment materials that the library owns. The reference department continues to expand its computer based materials now with the addition of the Encyclopedia Britannica on CD-ROM. Other reference materials are regularly updated as needed so that the library can answer a broad range of questions.

The Historical Society has for many years provided general local history and genealogy services on Saturday mornings in the Milton Room of the library. Jeanette Peverly provides this service as she has for many years as a volunteer and before that as an employee of the library.

Two Federal Grants received this year were awarded by the Massachusetts Board of Library Commissioners. One grant provided funding for a "Cultural Diversity Program" for books, materials and special programming. This was particularly helpful to school children in curriculum related projects and in developing cultural awareness. The other grant, for collection development enabled the library to replace many of its science and technology books.

Other grants received included a Cultural Council Grant which enable the library to purchase a Museum of Science pass so that families can use the Science Museum free of charge. Every year the state provides grants for meeting minimum requirements for services or standards. Some of these standards include: the library being open a certain number of hours; the town appropriating a certain amount of money for library services; and the library providing service to nonresidents without charging for basic services. This year the library received funding based upon the towns appropriation of adequate funds. Also, by meeting these standards the library will qualify for applying for other grants such as the new library building grant which will be available next year.

The Old Colony Library Network provides the database that is used by the twenty-five libraries in the area that it serves. There are now a total of two million items in the collections of these libraries that are accessible to all of the libraries in the network. This has increased the use of the library for the borrowing of materials to and from Milton. Without the access to these materials through the library, students would not be able to complete assignments, adults would not be able to research topics of interest, and there would be far less available to the general public for borrowing. The network is funded in part by the cities and towns who are members, and by the state which provides substantial additional funding to maintain the computer system, and daily delivery system for moving thousands of books between the libraries.

Because of the reduced funding available to the library because of the fiscal constraints of the town the library trustees have made a decision to consolidate more of its services in the main library. Consequently the branches are open fewer hours than they were in past years. The circulation at East Milton represents about 15% of the total library

circulation and Kidder Branch represents 5%. Consequently East Milton is open 23.5 hours and Kidder is open 13.5 hours a week, based upon the greater usage of East Milton. Because of the proximity to the main library and because of the duplication of materials the branches are neither as relevant or as cost effective as they once were. With continued fiscal constraints the closing of the branches will be necessary.

Mention must be made concerning the library appropriation which has declined since 1991 because of the fiscal constraints of the town. In the future one area that needs to be addressed in the library budget is the "books and materials" appropriation which is in 1994 at about the same level ($26,000) as it was twenty years ago. It is increasingly difficult to meet the informational, educational, and recreational reading needs of the townspeople with such meager funding, despite the use of trust funds to supplement the book budget. In surveying the 25 cities and towns that are in the Old Colony Library Network, Milton has one of the lowest appropriations for books. As an example, Avon, a community of 4,558 has a book budget of $29,600.

One of the most important activities of the year was developing a "needs assessment of the library facilities and a building program." With the decision of the 1993 annual town meeting to appoint a library study committee, the director worked with the staff in writing a report on the problems of the main library and the needs for a new facility so that an architect could develop a design for a new or renovated facility. In April Finegold Alexander and Associates was awarded the contract to develop plans based on the building program.

Volunteers and contributors to the library were a major part of the success of the library this year. Many volunteers contributed hundreds of hours to the library. These contributions ranged from help in shelving books to the Milton Garden Clubs maintenance of the perennial garden in the front of the building. Other contributors included the Friends of the Library who provided much needed funds for new books and help with the annual and ongoing book sale. Other groups that made contributions were the Junior Women's Club and the Kiwanis Club for its annual donations.

In conclusion, the Director would like to thank the staff and Trustees without whose cooperation the success of the library and its accomplishments would not have been possible.

Respectfully submitted,
Glenn R. Coffman
Library Director

STATISTICS
Library Services Usage

During FY94 (7/1/93-6/30/94)

1.	Number of newly registered borrowers	1,389
2.	Attendance in library	N/C
3.	Number of reference transactions	14,754
4.	Total hours the main library was open	3,270
5.	Total hours the branches were open	1,794
6.	Total number of Saturdays open	42
7.	Total number of Sundays open	0
8.	Number of children's programs offered	68
9.	Total attendance at all children's programs	1,482
10.	Number of adult programs offered	16
11.	Total attendance at all adult programs	227
12.	Total number of persons volunteering	16
13.	Estimated number of hours volunteered	4,160

At End of FY94 (as of 6/30/94)

1.	Number of registered borrowers	14,620
2.	Number of library's bookmobiles in service	0
3.	Number of branch libraries	2

REPORT OF THE LIBRARY TREASURER

To the Trustees of the Milton Public Library June 30, 1994

The funds in the care of the Trustees were invested as summarized in the following tables as of June 30, 1994.

		Market Value	Income Received	Disbursements
General Fund of the Trustees				
	1994:	$251,891.02	$15,074.26	$11,549.05
	1993:	$263,090.64	$13,917.87	$16,743.26*

* $6,257.52 of disbursements represents income from fiscal 1992 voted by Trustees to be carried forward and spent in 1993.

The above investments represent funds provided by the following donors:

Margaret Blair, Ellen Channing, Augusta Phillips Gardner Churchill, Aimee Draper, Miriam S. Draper, Rose Dabney Forbes, anonymous gift in memory of Waldo Emerson Forbes, Marion Davis Hollingsworth, Albert J. Johnson, family of Edward C. Johnson II, Henry P. Kidder, Eleanor P. Martin, Harriet B. Mears, Milton Women's Club, Florence I Tucker, Sarah Vose, Mrs. Joseph C. Whitney, J Huntington Wolcott, Roger Wolcott, and the sale of the Bierstadt painting.

Fine Arts Fund				
	1994:	$160,297.47	$8,401.20	$1,500.00
	1993:	$162,209.53	$9,504.52	$1,258.00

This fund was established from funds derived from the sale of Trustee held paintings in order to generate sufficient income to display and protect the remainder of the holdings.

Julia D. Stackpole Memorial Fund				
	1994:	$15,242.90	$819.41	$500.00
	1993:	$15,833.88	$979.29	$1,002.00

This fund for scholarships of library pages is the result of donations by members of the Stackpole family.

Harry R. Hoyt Trust Fund				
	1994:	$29,400.69	$2,086.59	$1,587.05
	1993:	$31,209.56	$867.67	$687.50*

* $100.00 of disbursements represents income from fiscal 1992 voted by Trustees to be carried forward and spent in 1993.

This fund was established to generate income to purchase children's books and biographical books.

Hyde Park Savings Bank N.O.W. Checking Account

	Balance	Interest Earned
1994:	$3,900.78	$42.91
1993:	$1,192.11	$230.79

Harry S. Tenofsky, Treasurer
Board of Trustees

REPORT OF THE LIBRARY BUILDING STUDY COMMITTEE

To the Honorable Board of Selectmen June 30, 1994

The Committee is pleased to present a report of its activities for 1994. This Committee met in regular, posted sessions 31 times and at least eight times with other boards and committees. Using a grant of $10,000. from the Library Trustees, the Committee filed an RFP in February to hire an architect to prepare preliminary plans to correct the problems of the Main Library Building. Twenty-one architectural firms attended an information session on February 28, and eleven filed formal proposals by the March 29 deadline. Following the rules governing such projects, the Committee chose four firms, each of which was interviewed on April 27. Finegold Alexander Associates of Boston was chosen for this project. The Committee also submitted Article 32 of the March 1994 Annual Town Meeting requesting additional money for preliminary plans. Budget constraints were such that no appropriation was recommended at that time.

The second third of 1994 was devoted to working with Finegold Alexander Associates. The architects met with the Director and his staff and confirmed and refined the information contained in the Needs Assessment and Preliminary Building Program. They also presented to the Committee three designs for renovation/addition using the current library site, one design for that site plus the lot on Canton Avenue adjacent to the Library, and three schemes for a new library building on the Vose/Thacher land. Comparative costs for renovation/addition and a new building were done.

The current site, which has 1.3 acres, was examined by the Conservation Commission and wetlands begin 30' from the staff parking lot leaving a buildable lot of approximately 0.8 acre. The Committee did not recommend this site because a building of 36-39,000 gsf would overwhelm the area; have at least three levels, and most importantly, did not provide adequate parking. The scheme using the current site plus the adjacent lot required more than two floors, did not provide adequate parking, had serious traffic safety problems, and was costly in terms of the land and site development needs.

The Vose/Thacher site provided for a two story, 36,000 qsf building that would be efficient in layout, cost effective for staffing, and was Town-owned land. The area also provided for adequate parking, was central to the town, and easily accessible from the Pierce Middle School and Milton High School. Several other land areas were discussed and none found to suit all the criteria determined by the Committee.

The last third of the year was devoted to presenting to the Town the recommendation of the Committee for a new building on the Vose/Thacher site. The Committee held open meetings with neighbors and examined at least twelve other sites. Two Articles, 19 and 20, were submitted for the November Special Town Meeting. Both 19 for the Vose/Thacher Site; and 20 for $30,000. to complete preliminary plans were passed on November 3.

The work necessary to file for State Aid for this project will be completed by the architects and the Committee by February 13, 1995. An Advisory Committee of neighbors of the site is working with the Committee as the building site, parking, traffic and other concerns are being discussed. The Committee expects to submit an Article for the May 1995 Annual approval of the plans. It is also anticipated that an override referendum to seek funding for the project will be necessary in the fall of 1995.

In September, Joseph Santosuosso resigned from the Committee and was replaced by Philip Murphy. The Committee thanks the Library Trustees for an additional $10,000. to complete preliminary plans.

Respectfully submitted,

Anne E. Coghlan, Chairman
Paul Buchanan
Marjorie Jeffries
Philip Murphy
Russell Tremaine

REPORT OF THE MILTON PUBLIC LIBRARY TRUSTEES

To the Honorable Board of Selectmen June 30, 1994

The one action of fiscal year June 30, 1993 to June 30, 1994, that may have the most profound implications for the future of the Town of Milton as well as the future of the Milton Public Library was a unanimous vote of the Trustees to give $10,000 from the Library Incentive Grant to the Committee to Study the Space Needs of the Library.

This action enabled that Committee to hire architects to evaluate the Needs Assessment and Preliminary Building Program prepared by Library staff and the Committee, to analyze sites available for the project and to present preliminary architectural designs. With this money, the Space Needs Committee was able to proceed with the process leading to greatly expanded space for the Library.

At both the special Town Meeting in November 1993 and the 1994 Annual Town Meeting, operating funds were voted to enable the Library to be certified in 1993 and 1994, a necessary condition in order to apply for the State Library Construction grants that became available in June of 1994.

In another action with important implications for the future, the Milton Public Library, for the first time in many years, has a fulltime Young Adult Librarian. Now special attention will be given to the needs of Middle School Children and High School students. Cooperation with Pierce and the High School schools will grow. This is especially important because computer linkage of schools and libraries is around the corner.

For young children, the reorganization of Story Hours made it possible to accommodate more children than ever before, starting at two years old and including activities for beginning school children.

At the other end of life, volunteer Mary Holland after several years of peering into miles of microfilm, completed transferring obituaries from 1880 to 1992 in the Milton Record Transcript to a card file, that, thanks to volunteer Elizabeth Mock is now available on a computer database.

As part of the process of gaining access to the Technology Highway, the Library obtained both a Worldbook Encyclopedia (in the Children's Room) and an Encyclopedia Britannica, accessible on CDRoms.

The Trustees revised the Goals and Objectives of the Milton Public Library as well as their Bylaws. These two documents, along with the Mission statement were the bedrock upon which the Needs Assessment and Building Program were built.

Two new trustees joined the Library Board in March 1994, Andrea Gordon and Susanna Place. Marjorie Jeffries was elected chairperson, with Robert Varnerin as Secretary and Harry Tenofsky Treasurer.

The Central Library building and grounds continued to be upgraded. With the help of men and equipment from the Milton Cemetery, the lawn in front of the Children's entrance was reseeded, and, in spite of the hot, dry, summer, sprouted and flourished.

Because the Art Room on the second floor of the Central Library is not handicapped accessible, the Trustees agreed that no Library sponsored meetings would be held there. An anonymous donor offered $5,000 in June 1993, to renovate a portion of the basement in the Central Library into a small meeting, or conference room, for use by the Trustees or any other group.

The Trustees granted permission for this in December, after assurances that the Friends of the Library would have space for their Book Sales. Construction began in June, 1994, with completion scheduled for August.

Thanks to a donation of geranimums from the Amateur Gardeners of Milton, flower boxes graced both entrances of the Central Library.

As they have for many years now, the Milton Garden Club has weeded, pruned and planted the perennial garden in front of the main entrance to the Central Library. We appreciate how much time and energy was involved and thank them for their continuing dedication to this task.

The teeny Children's Garden by the steps from the Staff parking lot, changed with the seasons this past year, with the help of Erik and Christina Harmon, Jimmy and Molly Gallagher, and Beth Maher. These children with the help of their parents, planted the garden, painted the sign that told what book the garden illustrated, and arranged the window display by the Childrens' entrance that elaborates on the book chosen, the author, and the season.

With a grant from the Milton Cultural Council the Library was able to give out passes to both the Aquarium and the Childrens' Museum. We thank the Junior Women's Club for their donation of a pass for the Museum of Fine Arts.

The Library's rare books were appraised by Ken Gloss, a recommended authority on books, as part of an ongoing process to have the Library art artifacts appraised for insurance purposes.

With the help of several generous gifts and funds from the income of the Library Art Fund, the Aaron Willard Grandfather clock was also appraised, and has been sent to Peter Sawyer's Clock Works, for repair and restoration.

This fiscal year has been one of great activity on the part of the staff, the Director, and the Committee to study the Space Needs of the Library. We are very aware and grateful for their energy, time and serious commitment. It holds out the promise of a hopeful future for our Library.

REPORT OF THE METROPOLITAN AREA PLANNING COUNCIL

To the Honorable Board of Selectmen June 30,1994

The Metropolitan Area Planning Council (MAPC) has worked to increase its legislative capacity in 1994, and this effort has resulted in substantial revenue to cities and towns. For example, the Council lobbied for the *Capital Outlay Bill*, signed into law in August, which included $300 million in Chapter 90 funding to cities and towns for road and bridge repairs. The *Capital Outlay Bill* also included language which allotted $10 million toward a state-funded revolving loan to homeowners for Title 5 repairs. MAPC was instrumental in creating this concept, and is currently working with the Department of Environmental Protection to formulate a mechanism to effectively allocate these funds. The Council was instrumental in organizing over thirty transportation-oriented groups to lobby for the passage of the *Transportation Bond Bill,* which will allot $4.6 billion in bonds over two years for road, bridge, mass transit, and other transportation-related projects. The Council has also worked toward the passage of the *Open Space Bond Bill, the River Protection Bill,* and other critical initiatives.

Milton is a member of the MAPC's TRIC subregion - The Three Rivers Interlocal Council. During 1994, TRIC:

- Supported the acquisition of Wilson Mountain in Dedham, which was on the MDC's priority parcel acquisition list. (sent support letter to MDC)

- Finalized revision of subregional bylaws and MOA. Subregion unanimously approved new versions. MAPC sent new MOAS to TRIC selectmen for their ratification.

- Continued as Corridor Advisory Committee (CAC) to CTPS for the Route 1 South Corridor Planning Study. Met with CTPS staff on a number of occasions to discuss work progress and to provide feedback on the various study elements. CTPS distributed a draft report to TRIC and the Mass. Highway Dept. for their comments.

- Reviewed the Regional Transportation Plan and TIP.

- Participated in subregional retreat at Brandeis University.

- Submitted competetive discretionary project proposal to prepare a non-point source pollution control bylaw. This was not funded by MAPC. The Mass Bays eventually agreed to fund this project, with in-kind assistant provided by MAPC staff and TRIC planners.

- Participated in a discussion with the Greater Boston Manufacturing Partnership regarding their program for economic development assistance for small to mid-sized manufacturers.

- Heard from David Soule on the Mass. Alliance for economic Development regarding the organization's lead referral service for vacant and underutilized sites.

- Heard presentation from MAPC staff on Mass. Local Net.

- Heard presentation from MAPC staff on Bicycle Transportation planning.

- Heard presentation from Jan Smith of MCZM regarding the Coastal Non-Point Source Pollution Control program, and its applicability statewide.

MAPC staff assisted communities with the programming of transportation projects into the Transportation Improvement Program. Project solicitations requests, TIP updates, and project status reports were provided to the community on a regular basis.

Respectfully submitted,

Ellen Harding Anderson

REPORT OF THE BOARD OF PARK COMMISSIONERS

To the Honorable Board of Selectmen: June 30, 1994

The Board of Park Commissioners is pleased to submit the following annual report for the period ending June 30, 1994.

Park and Recreation is responsible for maintaining approximately eighty-five acres of town property including areas at Kelly Field, Andrews Playground, Shields Park, Pierce Field Complex, Brooks Multi-Purpose Field and Turner's Pond. Our recreation programs provide activities year round for residents of Milton.

Summer sports camps offered during the summer of 1993 included baseball camp, softball camp, field hockey, girls basketball, boys basketball, soccer, track and field, football and golf camp. Enrollment in these camps totalled 393,

Summer tennis lessons for residents ages six through thirteen years ran for six weeks starting the first week in July through mid August at Cunningham Park with 128 participating.

The Park Department was able to conduct playground programs in five parks during the summer of 1993. Kelly Field, Shields Park, Mary C. Lane Playground, Cunningham Park and Andrews Park were each staffed with two counselors daily for four hours for a six week period. Organized sports, arts 'n crafts, weekly field trips and park challenges were some of the activities available for participants who were seven to thirteen years of age. Enrollment in this program was 55.

The Summer Special Needs Camp ran for six weeks beginning the first week of July and ending in mid August. This program is run in collaboration with the School Department and offers participants both recreation and academics. Activities such as bowling, swimming, field trips to the cinema, restaurants and a Boston Harbor cruise were some of the offerings of this program. Enrollment for the summer of '93 was 12.

Because of the generosity of local sponsors, the Park Department in cooperation with the Board of Selectmen was able to offer eight summer band concerts throughout June, July, and August. The Park Department acknowledges the following organizations for their contributions to this great summer tradition: The Milton Town Club, the Milton Jr. Woman's Club, American Legion Post #114, Celtic Monuments, Alfred D. Thomas Funeral Home, Geraghty Associates, Sullivan and Company and the Milton Cultural Council.

In July, the Board of Park Commissioners dedicated the left field tennis courts at Kelly Field in memory of Charles Hardison.

In October, Paula Rizzi was named Recreation Director, and Patricia Horigan was named Principal Clerk for the Park Department.

The Mens Winter Basketball Program ran from October through May at Pierce Middle School Gym and Milton High School Gym. The program offers men in Milton under the age of thirty or over the age of thirty an opportunity for recreation in the form of weekly "pick-up" games. This season's enrollment was approximately 85.

The Park Commissioners gratefully acknowledge the contribution of a new evergreen tree by the East Milton Civic Association in East Milton Square. It will certainly add tot he festive spirit of the holiday season.

Ski instruction was offered to all Milton residents ages seven or older during January and February in collaboration with the Blue Hills Ski School. Beginners and intermediate skiers are welcome. Enrollment for the winter of '94 was 55.

In March 1994, the Board was reorganized with Dan G. Molloy, Chairman, Robert D. Ahearn, Secretary and Brian A. Joyce, Member.

On March 12, 1994, Town Meeting voted to approve the establishment of a new Park Rental Revolving Fund. Pursuant to G.L. c. 44, section 53E1/2, this revolving fund allows the Park Department to apply any user fee toward the maintenance and improvement of park properties.

The Park Commissioners extend their gratitude to Mr. Joseph Lannan who contributed toward the stocking of Turner's Pond this April for the enjoyment of fishermen young and old.

On April 23, the Board of Park Commissioners was pleased to rename Eliot Street Playground in memory of John S. Shields who served as Park Commissioner for 22 years. Appropriately, Shields Park will serve to remind us of the many years of service John Shields has given to the Park Department and to the Town of Milton.

The Park Department acknowledges with gratitude the efforts of the huge corps of volunteers who came together on May 7, 1994 to establish the first Milton Pride Day. Volunteers worked diligently raking, pruning, planting and cleaning up town property which included much of the Park Department's property.

The Board of Commissioners would like to give special recognition to the Playground Planners of Milton for their generosity to the Town and to the Park Department. Throughout the week of June 4, the Playground Planners mobilized many volunteers to help supply Kelly Field, Mary C. Lane Playground, Andrews Park and Shields Park with new playground equipment purchased with funds raised by this volunteer organization. Their contribution will be a reminder of the community spirit that lives in Milton.

On June 11, the Park Department in collaboration with the Milton Rotary Club sponsored the First Annual Three-on-Three Basketball Tournament at Pierce Middle School. Age divisions spanned from 12/13 year olds to 35 and over. Thirty teams of three participated with proceeds being split between the Park Department and Milton Rotary's Scholarship Fund.

On June 18, the Park Department sponsored the first annual Edward H. Baker Fishing Tournament. Twenty-two people participated with first place trophies being awarded to Mark Hamilton (adult division) and Matt Rizzi/Katie Wehner (children's division).

Improvements to Park property during this period included regrooming of the following baseball diamonds: Kelly Regulation, Kelly Skinned, Pierce Regulation, Andrews Regulation, Andrews Little League #2 and Pierce Little League Diamond. In addition to this, the tennis courts at Pierce Complex were resurfaced.

The middle school I.D. Recreation Program enjoyed a successful year with a total enrollment of over 650 participants. Dances, field trips, and fund raisers were included in the regular schedule of events. The program is open to all middle school students who live or go to school in Milton. The Board of Park Commissioners and all participants of the program wish to thank Dr. John E. O'Connor for his generous contribution of a new ping-pong table to the program. Also, the Board would like to thank the following volunteer members of the I.D. Board for helping to run the program this past year: Carol Hahnfeld, Jean Leone, Jeanne Rowen, Diane Peterson, John Gallagher, Max Horvet, and Curtis Lindberg.

The Board of Park Commissioners extends its appreciation to the Board of Selectmen and to all town department heads for their cooperation and help during this fiscal year.

Dan G. Molloy, Chairman
Robert D. Ahearn, Secretary
Brian A. Joyce, Member

REPORT OF THE PERSONNEL BOARD

To the Honorable Board of Selectmen: June 30, 1994

During the past year the board has successfully attained its goals and objectives in an ever more challenging atmosphere. The Board continued to emphasize the importance of conducting all personnel activities with regard to equal opportunity.

During Fiscal 1994 the Board made important decisions with respect to various Town positions.

The Board voted to recommend to Town Meeting the reclassification of the position of Recreation Director, Civil Engineer to Senior Civil Engineer and to replace the position of Branch Librarian with a Youth Adult Librarian.

There were insufficient revenues available to the Town to give wage increases without reducing services. Therefore, the Warrant Committee recommended, and the Personnel Board agreed that no appropriation for wage increases be made for Fiscal 1994. Additional sources of revenue became available for a 3% wage increase retroactive to January 1, 1994. The Personnel Board recommended to the Special Town Meeting of November 2, 1994 that the wage increase be approved.

In February 1994, the Personnel Board was saddened by the loss of Member Joseph A. Emerson. Joe will be remembered both for his knowledge of personnel and labor law and his wonderful sense of humor and love of people. His dedication to the Town and its employees will always be an inspiration to the Board.

Our efforts and decisions during the past year have been directed to our continuing goals of greater efficiency in the operation of the Town Government and maximum service to the Town's residents, rendered in the most economical manner.

The Board sincerely recognizes the assistance and cooperation that all employees and Government Boards extended during this reporting period.

Respectfully submitted:

Francis P. McDermott
M. Natalie Fultz
John M. Pender
John F. Herlihy

REPORT OF THE PLANNING BOARD

To the Honorable Board of Selectmen June 30, 1994

During the twelve month period between July 1, 1993 and June 30, 1994 the Planning Board held thirteen meetings and conducted three public hearings.

Sudivision plans for the Loew Estate were approved in the latter part of Fiscal 1993. During Fiscal 1994 conditions were placed on this subdivision and changes made to the plans as follows:

A document entitled "Condition to Waiver of Street Width Requirements and to the Approval of the Definitive Subdivision plan regarding the Loew Estate Subdivision" was signed by the Board and will be recorded with the definitive plans.

Approval was given to two Form A Plans that made minor adjustments in side lot lines and utility easements.

Four plans creating four new building lots were approved.

After being advised by the Town Engineer that Gerald Road had been completed according to plan the Board voted to recommend the street for acceptance at the March Town Meeting.

A request for extension until May 31, 1997 of the existing covenant on the Carberry subdivision was approved.

The Board approved Brushwood Condominium's request to divide the mansion into three condominium units.

On February 3, 1994, after public hearings, the Board voted to adopt revised Planning Board Rules and Regulations.

Our continued thanks to Town Engineer, Planning Director Paul Kanter and Ms. Genevieve Byron for their usual capable assistance.

Respectfully submitted,

J. William Dolan, Chairman
Anne E. Coghlan, Secretary
Robert J. Kelly
Bernard J. Lynch III
Alexander Whiteside

	658	408	250	$13,855.

Permit fees amounting to thirteen thousand eight hundred fifty-five dollars ($13,855.) were collected and turned over to the Town Treasurer. Fees amounting to five hundred nineteen dollars ($519.) were also collected and turned over to the Town Treasurer representing fees for sealing of weights and measures.

I wish to thank the Honorable Board and all Town Departments who have assisted me.

Respectfully submitted,

Mark Kelly
Inspector of Plumbing and Gas
Sealer of weights and Measures

REPORT OF THE POLICE DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1994

I herewith submit my report for the Twelve month Period July 1, 1993 through June 30, 1994.

ALL CATEGORIES INCLUDING ATTEMPTS

Homicide	1	Sudden Deaths	21
Rape	4	Fire Alarms	270
Robbery	12	Burglar Alarms	1726
Assault & Battery	36	Domestic Complaints	132
Breaking & Entering	92	Youth Disturbance	467
Larceny	261	Neighbor Disturbance	159
Auto Theft	56	Trespassing Complaints	12
Arson & Bombs	1	General Service	464
Vandalism	141	Notification	17
Sex Offenses	5	Warrant Service	146
Narcotics	123	Animal Complaint	129
Other Crimes	45	Dog Bite/Animal	7
OUI	64	Annoying Phone Calls	91
Protective Custody	222	Stolen MV Recovered	23
Other MV Violations	348	Zoning Violation	16
Suspicious Activity	688	Assist Other Dept.	24
Missing Persons	35		
Medical Service	549		
Suicide & Attempts	11		

MOTOR VEHICLE STATISTICS

Property Damage Accidents	213
Personal Injury Accidents	89
Hit and Run Accidents	39
Illegal Parking Complaints	81
Traffic Complaints	33

Three members of the Milton Police Department retired during this period. Lieutenant Harvey A. Goudy retired on August 8, 1993, Patrol Officer Gary D. Nunley retired on October 8, 1993 and Lieutenant David E. Mcdonald retired February 11, 1994.

Four officers were promoted:

Sergeant S. Leo Judge promoted to Lieutenant October 23, 1993
Patrolman Jack Richman promoted to Sergeant October 30, 1993
Sergeant William Bryan promoted to Lieutenant February 12, 1994
Patrol Officer Wanda White to Sergeant March 19, 1994

Two new appointments were made during this time. They were Brian P. Cherry and Michael P. Mason appointed to the Patrol force on December 18, 1993.

Patrolmen George MacLaughlin and Richard Mearn were appointed to the Detective Bureau on December 21, 1993.

The department was saddened by the untimely death of veteran Detective George A. Skinner on July 5, 1993. He will be greatly missed by his fellow officers.

Due to an oversight in the 1993 Town Report, we failed to acknowledge the retirement of Police Chief Richard G. Wells. Chief Wells retired on September 1, 1992 after 43 years of dedicated service. We wish him well in his retirement.

To the Officers and Men, Auxiliary Police, Traffic Supervisors and Clerical Personnel of this department, I wish to express my sincere thanks for their loyalty and cooperation. I wish to thank the Board of Selectmen, John A. Cronin, Executive Secretary, the Justices, Clerks and Probation Officers of the Courts and officials and employees of other Town Departments who have assisted us during this year.

Respectfully submitted,

Kevin J. Mearn
CHIEF OF POLICE

REPORT OF THE PUBLIC WORKS DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1994

Submitted herewith is the twenty-second report of the activities of the Department of Public Works established under Chapter 570 of the Acts of 1973.

ENGINEERING

Engineering Services were rendered to all departments as required. All maps, atlases and plans on file have been updated to present condition.

The Department issued 31 street (house) numbers and 130 street opening permits.

Chapter 90 programs included the following roadway improvements

— Completion of tree lawns at Canton Avenue Road rebuilding project, Reedsdale Road to Blue Hills Parkway.

— Rebuilding and lowering of the Randolph Avenue culvert near intersection of Gun Hill Road. Project Goal was to improve drainage condition in Centre Lane neighborhood.

— Algerine Corner - The traffic Island at Algerine Corner was re-designed for the umpteenth time and constructed to its present state. At long last it appears that this awkward intersection has been designed to the best design possible and traffic patterns are now working well at the site.

— Central Avenue was repaved from Brook Road to Valley Road. Also included in this project was the installment of a traffic island at the corner of School Street and additional shade tree planting.

— Brook Road completed curbing, concrete sidewalk, and bituminous sidewalk from Milton High School to Marilyn Road. Paving and additional sidewalk work to be completed in FY95.

— Granite Avenue from Bassett Street to Wood Street reset Granite curbing and replaced concrete sidewalk. Roadway to be paved in FY 95.

— Adams Street from Church Street to Quincy line completed concrete sidewalk both sides of street and reset curbing in preparation for paving to be completed in FY 95.

— Houston Avenue - installed curbing and bituminous sidewalk on Houston to Dyer Avenue.

All master plans for sewer, water, streets and sidewalk programs are updated and improvements scheduled into future Public Works budgets.

The Department oversaw the major portion of subdivision inspection for Loew Estate subdivision on Brush Hill Road. During the year the subdivision was substantially completed and final approval will occur in FY 95.

All engineering review and in house consultation service was provided to the contractor and consultant during construction of the Randolph Avenue culvert. This major construction project went smoothly with disruption of traffic and activity in the area kept to a minimum.

Engineering services were provided as requested to the Board of Selectmen, Traffic Commission, Board of Appeals, Milton Police, Conservation Commission, School Department, Park Department, and Cemetery Department, in addition to participating in federal TOPICS and state Chapter 90 road reconstruction projects.

The Department secured federal and state Chapter 90 funding for the installation of traffic signals at Algerine Corner and participated in the design and construction oversight.

Safety improvements at seven of the Town's major intersections were completed in FY 94. These improvements include modernized traffic signals, geometric changes, wheel chair ramps, replacement of sidewalks and street pavement. Federal money was secured to provide 100% of the construction costs except for the remodeling of Algerine Corner which was accomplished under federal and state funding. The work was completed in the fall of 1993.

A separate report by the Town Engineer of the Milton Sanitary Landfill operation is submitted and appears elsewhere in the Town Report.

HIGHWAY

In last year's report I commented that the 92-93 winter was the worst in years with 84" of snowfall.

Last years snowfall exceeded the prior year snowfall by far. The men and women who operate and maintain snow fighting equipment in the D.P.W. are to be congratulated They did an outstanding job working long long hours under adverse conditions so that residents could travel in town throughout the winter months. It was a tremendously wearing winter on the work force and believe me when April finally rolled around they looked beat. My thanks to them for a job well done.

The D.P.W. continued the crack sealing program which is now being used as a less expensive alternative to roadway resurfacing. Hopefully this crack sealing program will

extend the life of the Town's roadway system until funds become available to perform a proper roadway pavement management program including resurfacing and roadway rebuilding.

There appears to be some possibility that Federal and State funds will become available during the next few years allowing the D.P.W. to address the backlog of work relating to our deteriorating roadway networks.

A list of sidewalks constructed, resurfaced or repaired is on file in the Engineering Office. An accelerated sidewalk repair program is in effect to provide safety.

The D.P.W. provided support service to the Playground Planners and the many volunteers who gave time and effort into upgrading playground equipment in the park system Town wide.

This year like last year there was no new equipment purchased by Public Works General. This is another area of the DPW budget that is being neglected annually. It is my hope that in future years, more money will be invested in this program thereby improving the effectiveness of our mechanized operation and emergency service.

FORESTRY AND SHADE TREES MAINTENANCE

The Town received a tree grant in FY 94 from the Federal Small Business Administration administered by the State Department of Environmental Management in an amount of approximately $10,000 allowing the planting of 130 shade trees in town.

This year was the second year in a row that the DPW has made a net gain of trees planted over trees removed, despite a vigorous tree removal year at 70 removed.

It is a priority of this organization to maintain and improve the beautiful and valuable tree inventory which we have been fortunate enough to inherit.

WATER OPERATION

29 services connections were made to supply new buildings.

36 services were relayed. The demand for this has subsided in recent years. It is anticipated that this program will become more active as the economy continues to improve.

3 new hydrants were installed on the Town's system

19 additional gate valves were added to the Town water system.

The gating of old ungated hydrants continues and old hydrants are being replaced as necessary. The Town's hydrant system is in very good condition with virtually all hydrants in an operable state. The inspection, repairing, and painting of fire hydrants continues.

Improvements to the distribution system were made by installing main pipes in the following streets:

Pinetree Brook loop from Winthrop	155' of 8' ductile iron pipe
Street to Blue Hill Parkway	24' of 6" ductile iron pipe
Sassamon Avenue from Randolph	1130' of 8" ductile iron pipe
Avenue to House #87 Sassamon Avenue	23' of 6' ductile iron pipe
Forest Street from Hillside Street	40' of 8" ductile iron pipe
out of the intersection.	
Granite Avenue at Boulevard Street Bridge	Installed one 8" & one 10" gate valves.

There were no subdivision water systems proposed for acceptance by the Town this year. Loew Estates will be proposed for acceptance in FY 95.

The study of the Town's water system by Amory Engineers which began in FY 93 was completed in the early part of FY 94. As expected the consultant has recommended substantial investment in the water system in current and future years. Our modest capital improvement program in the water budget in recent years has ranged between $70,000-$80,000 per year. The consultant has recommended that we increase that level of expenditure to $600,000-$700,000 per year to better address the need for system improvement. Expenditure of that magnitude will require bonding as a means of financing to soften the blow to ratepayers.

Water use in the Town remains relatively constant with fairly modest M.W.R.A. increases and a stable local water rate. This condition could change dramatically in future years as the M.W.R.A. is required to meet federal and state mandates relating to water treatment and filtration.

A water leak detection program conducted by Pitometer Associates with the assistance of specially trained DPW personnel was substantially completed during FY 94. This work is done in an effort to find and repair water leaks to eliminate wasted water in the Town's water system.

New equipment purchased by the Water Department in FY 94 includes:
1 - Diesel powered heavy duty dump truck

CENTRAL MAINTENANCE GARAGE

The Town's vehicle fleet is aging and vehicles are not being replaced on a proper schedule. As more of the Town's equipment becomes obsolete it becomes more difficult and costly to repair with longer stretches of undesirable nonproductive down time.

The true test of the Town's mechanized equipment is its ability to operate under adverse conditions such as snow removal operations. The garage staff does a great job of keeping our aging fleet operational and on-line during the most extreme conditions.

SEWER OPERATIONS AND IMPROVEMENTS

Phase II of the Town's Sewer Service Evaluation Survey is ongoing and anticipated to be completed in FY 95.

This survey is expected to generate about $600,000 in needed system repairs which will be funded by the issuance of bonds.

I have commented in previous reports that the cost of sewer service from M.W.R.A. is expected to continue to rise. The M.W.R.A. sewer bill is now almost four times as large as the water bill and this ratio increases annually. At some point in time sewer rates should level off but this will not happen in the immediate future. The new sewer system has already improved the environment in and around Boston and continued improvement will be the norm in the future.

One 7 1/2 horsepower motor at Capen Street Pumping Station was replaced with a new energy efficient model. We continue to replace at least one obsolete pump per year in the Town's seven sewer pumping stations.

New Equipment purchased by the Sewer Department in FY 94 includes:

1 — Photo Copy Machine
2 — Three Personal Computers

COLLECTION OF REFUSE

FY 94 was the final year of a three year contract with Laidlaw Company for trash pickup. In general, the contractor did a very good job for the town at a competitive price.

CURBSIDE RECYCLING

FY 94 was the third year of the town's curbside recycling program started by the DPW. In general, residents have shown a high degree of interest and cooperativeness contributing to the success of this program.

The DPW is committed to meeting the state of DEP goals of 47% recycling. At the present time the town's recycling rate isat 34%. Next year the DPW intends to include several additional items in curbside recycling making Milton's program among the most aggressive in New England.

Recycleables collected in FY 94 included 2,250 tons of leaves, 1,623 tons of newspaper, 516 tons of plastics, cans, and glass, and 175 tons of metal.

OBJECTIVES

To continue to reinforce the Water System with additional feed mains. To complete looping of all existing dead end mains. To begin a maintenance and replacement program of old and rupture prone water mains and to initiate a water main cement lining program.

To continue the Master Drainage Improvement Program. Areas scheduled for improvement are:

Brush Hill Road - Neponset Valley to Blue Hill Avenue
Randolph Avenue and Unquity Brook
Brook Road - Relief drain, Cemetery to Unquity Brook

To seek assistance on the local, state and federal level to complete drainage improvements to Unquity Brook and Pine Tree Brook Watersheds.

To seek assistance on the local, state and federal level to address the problems of our deteriorating roadway network.

To establish and maintain a Sewer Improvement Program.

To continue Shade Tree Improvement Program.

PERSONNEL

Larry DeCelle retired as the DPW's first and only director after 31 years of service to the Town. Larry was a very high energy task oriented type of person with a very broad and foresighted planning perspective. He was a very clever and resourceful person with an incredible knack for accomplishing anything he set out to do. His natural enthusiasm for the work made people whether they be employee or volunteer happy to work alongside him in any project that he tackled.

Alas, the major problem with working with him outside the office on any project was his tremendous popularity. If you went to a jobsite with him in either of the town centers you had to plan on at least an hour or two to accommodate the mass of present and past town officials and well wishers who were always so happy to see him and wish him well. One would have to look at past town reports to see a list of his accomplishments as D.P.W. director as this town report does not have enough paper to list them.

We wish he and his wife and best friend Marta the best in their retirement and we only ask that she allow him a little time on Sunday morning to go up and watch a Yaz League game or even become a replacement player.

Barbara Stevens worked for the Department for 12 years. Barbara's primary duty was that of manager of the town's water and sewer billing and collection system. Barbara

was a fine billing administrator with exceptional "people skills". No matter how enraged the customer was about their bill, Barbara was always able to calmly explain the reason for the problem in a friendly cooperative manner. She always left them smiling.

We wish her and Kenny the best in their retirement and caution her not to move any of Kenny's stuff around.

Al Zaniboni worked for the department for 23 years as Assistant Director of Public Works. His primary function was supervising all of the outside field crews working on the Public Works Program.

Al Zaniboni was recruited from AA Will Corp. where he worked as a project superintendent. He was a feisty, dynamic department head with fine organizational skills who didn't know the meaning of the word "vacation". As good as he was at accomplishing the daily assignments, his real forte was his ability to perform under pressure during emergencies.

We wish he and Dot the best in retirement and we apologize to him for the lack of snowfall this winter.

Robert Blowers worked for the department for 5 years. He left to pursue a career in the military which he loved. We wish him the best in his future endeavors.

James Burke worked for the department for 3.5 years. As a senior engineer, Jim was the department's agent to the Conservation Committee and was well liked and respected as a skilled engineer by both groups. We wish him the best in his engineering career.

CONCLUSION

My first year as D.P.W. Director has been an interesting and adventuresome one. Where did all the snow come from? I came to the job in November, it started snowing and it didn't stop until March. Once the work season got into swing the organization made good progress on our in-house and Chapter 90 projects.

I wish to take this opportunity to express my appreciation to all the Public Works employees for their cooperation and assistance.

I wish to thank the Board of Selectmen, Executive Secretary and all Town Departments for their cooperation and assistance during Fiscal Year 1994.

Respectfully submitted,
Billy G. Taylor, Director
Public Works Department

REPORT OF THE RECYCLING COMMISSION

To the Honorable Board of Selectmen: June 30, 1994

The D.P.W. had some difficulty with the leaf composting program in FY 1994. Some of the piles of leaves at the landfill were not turned frequently enough, causing the leaf decomposition process to slow down creating odors in the process. The Town will be contracting with a composting expert in FY 95 to improve the leaf composting system.

The curbside collection recycling volume has increased dramatically after less than three years of activity. The recycling volume is now estimated at 34% and headed to the state wide goal of 47%

Cardboard recycling was disrupted during the year because our cardboard trailer was vandalized but we have planned on replacing it in FY 1995 and also adding all paper, junk mail, and all plastics up through #6 which includes polystyrene foam containers (those white foam coffee cups and foam food trays). The commission will continue to work on adding additional items to the Town's recycling list in the coming years.

During the year the town began to sell and distribute 200 home composting bins which were supplied to the Town via a Commonwealth of Massachusetts Department of Environmental Protection grant. Through the end of FY 94 sales of the units have been vigorous.

The Milton Kiwanis Club in addition to conducting their fall and spring motor oil, auto battery, and tire collection drops conducted a paint recycling day. The event was hugely successful with a seemingly endless line of cars dropping off unused paint at the event.

Our thanks to the Kiwanis Club for their efforts on behalf of the Town's recycling program.

Respectfully submitted,

Billy G. Taylor, Chairman
Lolola Sylvan
Michael Bamberg
Judith Gauthier
Ellen McLennan

REPORT OF THE BOARD OF RETIREMENT

To the Honorable Board of Selectmen June 30, 1994

The Financial Report of the Board of Retirement for the year ending December 31, 1993 is submitted herewith.

As of December 31, 1993 we have 299 employee members and 293 pensioners and survivors receiving benefits under the Milton Contributory Retirement System.

Respectfully submitted,

Edward J. Spellman Jr., Chairman
John H. Bowie Jr., Secretary
Robert C. Green

At the March 12, 1994 Annual Town meeting the Town Meeting members voted to accept the provisions of Ch 32, Sec 22D of the M.G.L. which requires the Town to establish a retirement system funding schedule designed to reduce the unfunded pension liability of the Town to zero as of June 30, 2028. We would like to thank Joseph G. Graziani Jr., the former Chairman of the Retirement Board for his contribution to the Retirement Board and specifically his effort over the past six years in implementing the provisions of Ch 22 Sec 22D.

REPORT OF THE SANITARY LANDFILL

To the Honorable Board of Selectmen: June 30, 1994

The Board of Selectmen are seeking Department of Environmental Protection (DEP) approval to continue our Randolph Avenue Landfill operation until our landfill capping program has been developed and facilities are in place for out of town disposal.

We hope to delay closing until we have secured uncontaminated soil from the Central Artery project to minimize our capping and closing costs.

Closing the Landfill and sending our trash to an outside disposal facility remains more economical than modifying our landfill facility to a lined facility with leachate treatment. The up front cost of providing lining and leachate treatment would not be offset by the added years of use that upgrading would provide.

Camp Dresser & McKee personnel will be completing a Comprehensive Site Assessment (CSA) of the Landfill in fiscal year 1995 to evaluate whether the Landfill is a significant threat to human health, safety or the environment. To date, there is no evidence of significant impact.

Respectfully Submitted,

Paul D. Kanter, P.E.
Town Engineer

REPORT OF THE FENCE VIEWER

To the Honorable Board of Selectmen June 30, 1994

Annual Fence Viewer Report for the Fiscal Year ending June 30, 1994.

Income	$-0-
Expenses	$-0-

No activity nor any problem to be settled.

Respectfully submitted,

Leo P. Coyne
Fence Viewer

REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Milton: June 30, 1994

The Selectmen submit the following report for the fiscal year ending June 30, 1994.

The Board was organized following the March 6, 1993 elections with Joseph P. McEttrick as Chairman, Katherine Haynes Dunphy as Secretary and John Michael Shields as the third member.

On March 6, 1994 John Michael Shields was reelected to the Board of Selectmen for a three year term.

On March 10, 1994 the Board was organized with Katherine Haynes Dunphy as Chair, John Michael Shields as Secretary and Joseph P. McEttrick as the third member.

PUBLIC WORKS

Billy Taylor, P.E. was appointed Director of Public Works to succeed Lawrence W. DeCelle who retired in November. Mr. DeCelle had served the Town since 1968 as Town Engineer, Water Superintendent, Tree Warden and the first Public Works Director. Among his many contributions were the consolidation of the Public Works Department created under his administration and the many new facilities at the Public Works yard.

The Board began efforts this year to secure a four year extension of the consent decree landfill closing date from March 1, 1995 to March 1, 1999.

The Board also explored the concept of raising revenues for the landfill closure by accepting residential trash from other communities. Other towns have done this successfully and with state Department of Environmental Affairs support. A hearing on this and other landfill topics was held at Cunningham Park.

A golf course as an end use is being explored with Quincy.

TOWN ACCOUNTANT

Joseph G. Graziani, Jr. retired as Town Accountant this February after serving seven years in this position and fourteen years as the elected Town Treasurer. He also served for many years with the state Bureau of Accounts and Department of Revenue. He is a widely respected authority on municipal finance and accounting.

A screening committee was assigned to help review the 67 applications received. At the conclusion of the process, Edward J. Spellman, Jr., CPA was appointed Town Accountant.

REDISTRICTING

On November 22, 1993 the General Court for the Commonwealth of Massachusetts forwarded to the Governor House Bill No. 5601, entitled "An Act Dividing the Commonwealth into One Hundred and Sixty State Representative Districts" Chapter 273 of the Acts of 1993. The Governor failed to sign the Act; however, it became law ten days later. The Town, previously entirely within one representative district, was now divided among three districts and two counties. We joined with the towns of Brookline, Lynnfield, Randolph and Stoneham in seeking declaratory relief and challenging the redistricting. On March 8, 1994 the Supreme Judicial Court for Suffolk County dismissed our complaint and ruled that the redistricting plan did not violate Article 101.

EDUCATION REFORM

The Education Reform Act was signed by Governor William Weld on June 18, 1993 and under an emergency preamble was effective on that date. This new education law imposed strict new school spending requirements.

Shortly thereafter it was amended to give cities and towns a way to gain a measure of relief when the new requirements would cause fiscal distress. On September 30, 1993 the Board signed a Jacques Waiver Application for adjustment to our Fiscal 1993 contribution amount. On December 16, 1993 the Massachusetts Department of Education recalculated our minimum local contribution and granted a reduction of $117,584 in our Fiscal 1994 contribution.

The Chairman of the Board of Selectmen, or the Chair's designee, under Section 62 of the Act, shall participate and vote as a member of the School Committee with respect to matters governed by MCL Ch. 150E.

The Act imposed new mandates on our community forcing budget cuts in non-school services. While supporting additional funds for public education, the Board will oppose providing them at the expense of other town budgets.

MWRA

The burdensome assessments of the Massachusetts Water Resources Authority was the subject of much of the Board's efforts this year. Selectman Katherine Haynes Dunphy accepted appointment as the Town representative on the MWRA Advisory Board, with Kevin J. Cleary, Administrative Assistant Water Department, the alternate.

The Town challenged a 1995 proposed water rate assessment, questioned meters which were out of service and the MWRA historic records of water consumption by the Town.

The Board closely monitored the development of a new sewer assessment methodology. The MWRA was intent on changing from a population basis to a metered flow method. This will increase the pressure on the Town to reduce inflow and infiltration from our network of sewer pipes.

The Board hosted a public hearing on MWRA rates and changes at the Milton High School Auditorium on September 22. MWRA Executive Director Douglas MacDonald made a presentation and answered questions.

HIGH SCHOOL SCIENCE WING

At the Town Election in March, the High School Science Wing $1.2 million debt exclusion override was adopted by the voters of Milton. This long planned and greatly needed upgrade for Milton High School had broad based support.

PENSION FUNDING SCHEDULE

The Town's Contributory Retirement System went on an approved funding schedule on July 1, 1995. It was prepared for the Board of Retirement's three members by actuaries with the firm of K.P.M.G. Peat Marwick. The 1994 annual Town Meeting appropriated the first years funding. The schedule is designed to fund the Town's unfunded liabilities by the year 2028.

CAPITAL BUDGET PLANNING

The Board created a Permanent Capital Budget Committee assigned to survey capital budget requests, identify great opportunities and coordinate capital appropriation requests with the schedule of retiring debt.

The Committee assisted in the preparation of a Small Cities Community Development Block Grant.

APPRECIATION

We wish to thank all Town employees, volunteers, members of the various Boards, Committees and others who have participated in one way or another during the year as part of our Town Government process. In particular, we extend our appreciation to the Executive Secretary and our staff in the Selectmen's Office for their ceaseless efforts during the year.

Respectfully submitted,
Katherine Haynes Dunphy, Chair
John Michael Shields
Joseph P. McEttrick

REPORT OF THE TOWN COUNSEL

To the Honorable Board of Selectmen: June 30, 1994

In 1994 the primary legal issues for the Town were in the area of abatements, bidding, bonds, contracts, gifts, the landfill, the library, licenses, personal injury claims, property damage claims, claims for damage to Town property, retirement, water and sewer and zoning. The Annual Town Meeting was held in March and a Special Town Meeting was held in November.

Town Meeting established revolving funds to operate the preschool program with program fees and to maintain Park Department facilities with fees for use of those facilities; accepted legislation for adopting a retirement system funding schedule; authorized borrowing for cemetery expansion; authorized the Moderator to establish a High School Science Facility Building Committee; amended the Sign Zoning By-Laws; authorized boards and department heads to sell property up to $20,000 in value with the approval of the Board of Selectmen; appropriated money for rehabilitation of the Town's water and sewer systems; adopted a ten year funding schedule to pay the debt from deferral of teacher salaries from fiscal year 1992; exempted the school nurse position from civil service; approved the Vose School and Thatcher Building Land as the site of a new Library; appropriated money for preliminary design of a new library; and changed the date of the Town Election and the Annual Town Meeting from the first two Saturdays in March to the last Tuesday in April and the first Monday in May, respectively.

Lawsuits resolved in 1994 included two suits in which the decision of the Board of Health was upheld; a suit in which the Town's award of a towing contract was upheld; a suit in which a Planning Board decision was upheld; twenty-three Appellate Tax Board cases; the case where the Playground Planners decided against the Vose School site in favor of a generous gift of playground facilities for existing Town parks; the Redistricting case, in which the Supreme Judicial court declined to change the 1993 legislation which put two Milton precincts into Boston voting districts; and the bankruptcy case which freed up money appropriated for the athletic complex at Lamb field. Lawsuits involving the Town which were pending at the end of 1994 included three Conservation Commission cases, three Retirement Board cases, one personal injury suit, one unemployment case, an appeal involving the Radio Tower, and seventeen tax abatement appeals.

My firm, Murphy, Hesse, Toomey and Lehane, is a law firm with twenty-seven lawyers. Partners Michael Lehane, Regina Williams Tate and Ann O'Neill and associates Michael Joyce, Geoffrey Wermuth, Nicola Favorito and Kimberly McCarthy frequently provided legal assistance to the Town in 1994. We wish to thank the Board of Selectmen, John Cronin, Carol Blute, Barbara O'Malley, Angela Hanna and all Town Boards and personnel for the thoroughly professional assistance they provided, often on short notice. We are grateful for your help.

1995 will undoubtedly present a new series of substantial challenges to the Town of Milton. I am confident that these issues will be met head on with the customary energy and skill of the Town and its employees and citizens.

Respectfully submitted,
John P. Flynn
Town Counsel

REPORT OF THE VETERANS SERVICES DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1994

Due to the retirement of Joseph G. Graziani Jr., I was appointed Director of Veterans Services and Veterans Agent by the Board of Selectmen in February 1994. I have been the Director of Veterans Services and Veterans Agent for the town of Randolph for thirty years.

Due to many requests on Memorial Day, this department purchased sufficient flag holders for veterans graves in Milton Cemetery.

Only $720.00 was returned to the general treasury from the funds appropriated for Veterans Benefits. This was due to more veterans and widows being assisted this past year.

Information from the Veterans Administration records show there are presently 2,788 veterans living in the town of Milton. The total federal money from the Veterans Administration coming into the town of Milton to veterans, widows, and dependent children was $2,326,779.00 this year.

I am here to serve the veteran and widows of veterans, be it for financial reasons, or the many federal programs of the Veterans Administration.

On behalf of all the veterans in the town of Milton, I thank Joe Graziani for his years of service to the veteran. May he have many happy and healthy years of retirement.

I wish to thank the members of the Board of Selectmen, Executive Secretary John Cronin, and Administrative Assistant Carol Blue, for their help and assistance since assuming this position.

Sincerely,

James M. Hurley
Director

REPORT OF THE WIRE DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1994

I herewith submit my report of the Wire Department for the fiscal year from July 1, 1993 to June 30, 1994:

Permits were issued as follows:

	Total No. Permits Issued	Original	Alterations	Fees Received
JULY	43	2	41	$1,538.25
AUGUST	49	0	49	1,065.25
SEPTEMBER	40	6	34	1,445.50
OCTOBER	50	3	47	1,651.50
NOVEMBER	44	0	44	1,013.50
DECEMBER	47	5	42	1,416.25
JANUARY	36	2	34	1,777.25
FEBRUARY	22	1	21	865.00
MARCH	36	1	35	997.50
APRIL	41	4	37	1,189.00
MAY	30	1	29	874.75
JUNE	52	1	51	1,376.50
	490	26	464	$15,210.25

1993-1994
FIRE AND POLICE ALARM SIGNALS

Fire boxes repaired due to accidents or vandalism:

No. 26	Brush Hill Road and Metropolitan Avenue
No. 471	Russell and North Russell Streets

New Fire Alarm boxes installed:

3814	Milton Doctor's office (MOB#2), 100 Highland Street

New Wire and Cable replaced at the following locations:

Central Avenue	Rural C Wire	400 feet

TRAFFIC SIGNALS

Traffic Signal equipment was repaired or replaced at the following locations due to accidents or vandalism:

Adams Street and Wood Street bridge
Adams Street and Mechanic Street
Adams Street and Granite Avenue
Adams Street and Eliot Street (3)
Brook Road and St. Mary's School
Brook Road and Randolph Avenue
Brook Road and Centre Street
Randolph Avenue and Centre Street
Canton Avenue and Gile Road

All traffic signals were relamped and cleaned and the controllers and equipment were cleaned, oiled and repaired periodically and as needed.

I wish to thank the Board of Selectmen and all the Town departments for their cooperation during the past year. My thanks to the members of the Wire Department - Assistant Inspector of Wires, Clifford Flynn; Kenneth O'Gara, Signal Maintainer; and Janice Freeman, Secretary, for their excellent work.

Respectfully submitted,

William J. Driscoll
Superintendent of Wires

REPORT OF THE TRAFFIC COMMISSION

To the Honorable Board of Selectmen: June 30, 1994

The report of the Traffic Commission for the period July 1, 1993 through June 30, 1994 is herewith submitted.

During this period we were asked to make recommendations on existing or anticipated traffic problems in all areas of the town.

Fifteen additional "Business Permit Parking" spaces were recommended on Wharf Street adjacent to the Hood freezer plant.

On Granite Avenue recommendation was made to change the parking limit in from of #326 and #334 from one hour to two hours.

We recommended the installation of one Handicap Parking space at #95 Eliot Street.

The Traffic Management Advisory Committee, appointed by the Board on Selectmen in July, 1993 with instructions to "review neighborhood traffic conditions, concerns and suggested traffic management measures (and to) develop measures that meet the concerns of the (specified) neighborhoods (which) are likely to receive broad support", in accordance with their original instructions, submitted a report to the Traffic Commission by November 1, 1993. This report contained recommendations for the East Milton neighborhood only, the Randolph Avenue/Pleasant Street neighborhood was not discussed because of the contemplated state project in the area.

The Commission also acted on individual requests for the installation of various traffic signs throughout the town and recommended those that were deemed necessary or served a useful purpose.

The Commission wishes to take this opportunity to thank non voting members William J. Driscoll, Inspector of Wires and Robert M. Galvin, Traffic and Safety Officer for their assistance during the year.

Respectfully submitted,

Kevin J. Mearn, Chairman, Chief of Police
Donald P. Affanato, Chief, Fire Department
Billy G. Taylor, Superintendent of Streets
Paul D. Kanter, Town Engineer
Eileen F. Gillis, School Department

REPORT OF THE YOUTH DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1994

The Youth Department had one of its best years in 1993-94. Agreements with major resources were established for the Town and for the School Department. A total of 250 high school students were trained to be responsible leaders. They were trained by staff and students from Boston University, Northeastern University and Norfolk County District Attorney's Alliance Against Racism and Violence. The D.A.'s Office also conducted MOCK TRIALS with high school students on Cable TV. Students attended a state wide leadership conference conducted by students. It was held at North Quincy High.

The high school and youth department managed further implementation of the human rights teams concept through Northeastern's Center for Sports and Society. A Sexual Harassment team was formed and worked with teachers and administrators to get the School Committee to adopt a sexual harassment policy for the school system. Work was also accomplished at the middle school to build human rights teams and a harassment team was established.

A grant was written to the Department of Justice and Department of Education to promote Milton as a SAFE HAVEN community. Endorsed and supported by Senator Kennedy, a collaboration between the Selectmen, Superintendent of Schools, Police Chief, school personnel and neighborhood associations, this proposal has a chance to be funded. More importantly it got everyone thinking and sharing their resources together with a plan of action.

If funded, the grant will contract with Boston University to use their WELLNESS CENTER to conduct 25 training sessions for students and also for their parents. Boston University will be Milton's resource. The grant stipulates, as well, that both Boston University and Curry College will work with the public schools to promote success in education for students who are underachieving.

The Youth Department continues a successful JOB MATCH program for Milton teens and residents. The Youth Coordinator and Youth Counselor provide competent case work buy short-term counseling, crisis intervention and referral services. Professional development is provided to the staff by Dr. John Eckelman, Ph.D, who provides consultation twice monthly and is on an on-call basis for emergency cases.

Numerous hours of service are provided by both the Youth Coordinator and Youth Counselor. Each responds to emergencies, receives calls at home from clients and agency personnel and attended training programs on weekends. The Youth Coordinator has donated a good amount of time working with the Park and Recreation Director to create the I.D. Program serving 700 middle school students.

Overall the Youth Department did will this year as a direct result of its work with and support from the new Superintendent of Schools Dr. Mary Grassa O'Neil. Alan Adams, The Principal, and Assistant Principal Paula Girouard McCann, Gracie Burke, Head of the Language Department, were also very supportive. The Milton Police Department and especially the Chief of Police used the Youth Department well and supported many of the human rights team initiatives and the I.D. Program.

We wish to thank the many volunteers, organizations, neighborhood associations, clergy and ministers and the Building Community organization for their collaborative efforts. This year Continental Cable TV was supportive in a number of community projects. Don Money and Jean Enright, Program Director, donated much of their time to make our combined work successful.

Respectfully submitted,

Max Horvet, Coordinator

TOWN OF MILTON
FINANCIAL STATEMENTS

REPORT OF THE TOWN ACCOUNTANT

To the Honorable Board of Selectman June 30, 1994

I hereby submit the report of the Town Accountant for the twelve month period ending June 30, 1994 arranged as follows:

1. Detailed listing of all receipts of the Town

2. Detailed listing of all expenditures of the Town

3. Summary of all departmental accounts, showing the appropriations, expenditures, and balances.

4. Balance sheet as of June 30, 1994

All bills and vouchers on which monies have been paid from the Treasury and all trust funds in the custody of the Town Treasurer and Library Trustees have been examined and found to be correct.

I wish to thank the Accounting Department Staff, the Board of Selectmen, all Town Departments and the Warrant Committee for all their help during the past fiscal year.

I want to say a special thanks to Joseph G. Graziani, Jr. for his help during the transition period in February when I started and for his continued help and availability after his retirement from the Town.

Respectfully submitted,

Edward J. Spellman, Jr.
Town Accountant

FUND HELD BY THE TOWN OF MILTON

Perpetual Care Fund

Amount held June 30, 1994 ..... $1,699,510.55

This fund is held by the Town Treasurer in accordance with Chapter 44, Section 54 of the General Laws.

Mary L. Peabody Poor Fund

Amount held June 30, 1994 ..... $6,294.62

The clause under which this bequest is given is as follows: "To the Selectmen of the Town of Milton, Massachusetts, 5,000.00 to be invested and the income thereof to be distributed annually to the poor at Christmas."

E.T.L. Reed Park Fund

Amount held June 30, 1994 ..... $8,555.96

EXTRACT FROM THE WILL OF ELIZABETH T.L. REED

"All of the rest, residue and remained of all the monies remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said Town as a fund to be known as the "Jason Reed Fund", and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton and the same shall be applied by the proper legal authorities to or towards layout of, improvement or ornamentation of a Public Park or Parks in said Town, in such manner as said authorities may deem advisable."

"I make the foregoing bequest in favor of . . . . .,the Cemetery and the Parks in said Milton, both on account of the deep interest by my father, the late Jason Reed, deceased, in the affairs of the Town, and of my profound desire for the welfare of said Town and of the citizens thereof."

Nathaniel T. Kidder Fund

Amount held June 30, 1994 ..... $62,620.97

The following is an extract from the will of Nathaniel T. Kidder:

Eighteenth:

"I give and bequeath to the State Street Trust Company . . . . . .the sum of Twenty-five thousand dollars (25,000.00) in trust. . . .the income only of which shall be paid at such times as the Trustees may from time to time determine, to said Town of Milton for the uses of the Milton Public Library system as the Trustees thereof for the time being may in their absolute discretion determine."

Special Retirement Fund

Amount held June 30, 1994 ..... -0-

This fund is held by the Town Treasurer in Accordance with Chapter 40, Section 5L of the General Laws.

Stabilization Fund

Amount held June 30, 1994 ..... $185.47

This fund was established by Article 55 at the 1968 Town Meeting and is held by the Treasurer in accordance with Chapter 40, Section 5B of the General Laws.

Governor Stoughton Fund

Amount held June 30, 1994 ..... $181,904.58

The Governor Stoughton Fund is derived from receipts of the rental of the Town Farm and is spent only at the discretion of the Selectmen for purposes specified in Governor Stoughton's Will.

E. Francis & Emily Kane
Graduation Gift Fund

Amount held June 30, 1994 ..... $2,028.63

Oakland Hall Fund

Amount held June 30, 1994 ..... $15,812.48

The income from this fund is paid out under the direction of the Trustees of the Public Library for the purposes of the Mattapan Branch Library.

Tuell-Hallowell Good Citizenship Prize Fund

Amount held June 30, 1994 ..... $2,042.50

EXCERPT FROM SCHOOL COMMITTEE RECORDS
September 10, 1923

The Chairman presented to the Committee the following correspondence:

"To the School Committee of the Town of Milton:

"The Tuell Alumni Association herewith presents, through your Board, to the Town of Milton, the sum of One Thousand Dollars ($1,000.00) to be held as a fund in perpetuity, and the income thereof to be paid to the School Department and to be used to provide two prizes, one prize to be known as the Hiram Tuell Good Citizenship Prize to be awarded to the boy in the Senior Class of the Milton High School who, in the opinion of the faculty of said High School, has shown the highest degree, those qualities that make for good citizenship, the other prize to be known as the Henrietta T. Hallowell Good Citizenship Prize, and to be given to the girl in the Senior Class of the Milton High School who, in the opinion of the above said faculty, has shown similar qualities.

"The prizes are to be awarded each year at the graduation exercise. If such exercises are omitted for any year, the prizes are to be awarded on some other occasion near the close of the school year."

June 2, 1982 Percy E. Sheldon
President, Tuel Alumni
Association

For additional gifts to the fund, see report of 1947.

TREASURER'S REPORT OF TOWN BONDS

All bonds a/o Notes outstanding are registered. Interest on all issued is payable semi-annually.

All authorized but unissued balances have been rescinded by vote of the Town.

Bonds and Notes Authorized and Outstanding on June 30, 1994

Multi-Purpose Issue, 1986

$4,140,000 authorized and issued. Dated August 13, 1986

Rate: 5.9%

Denomination	Due	Amount	Remarks
$5,000.00	August 15, 1994	350,000.00	Outstanding
$5,000.00	August 15, 1995	350,000.00	Outstanding
$5,000.00	August 15, 1996	330,000.00	Outstanding
$5,000.00	August 15, 1997	135,000.00	Outstanding
$5,000.00	August 15, 1998	125,000.00	Outstanding

$1,290,000.00 outstanding June 30, 1994. Payable at the Shawmut Bank of Boston, N.A.

1987 SCHOOL REPAIR ISSUE

$1,440,000 authorized and issued. Dated September 15, 1987.

Rate: 5.89%

Denomination	Due	Amount	Remarks
$5,000.00	September 15, 1994	150,000.00	Outstanding
$5,000.00	September 15, 1995	150,000.00	Outstanding
$5,000.00	September 15, 1996	120,000.00	Outstanding
$5,000.00	September 15, 1997	120,000.00	Outstanding

$540,000.00 outstanding June 30, 1994. Payable at Shawmut Bank of Boston, N.A.

Multi-Purpose Issue of 1992

$1,560,000.00 authorized and issued. Dated October 15, 1994

Rate: 4.40%

Denomination	Due	Amount	Remarks
$5,000.00	September 1, 1994	$225,000.00	Outstanding
$5,000.00	September 1, 1995	$225,000.00	Outstanding
$5,000.00	September 1, 1996	$225,000.00	Outstanding

PUBLIC SCHOOLS
MILTON, MASSACHUSETTS
ANNUAL REPORT

of the

SUPERINTENDENT OF SCHOOLS

REPORT OF THE SCHOOL COMMITTEE

To the Honorable Board of Selectmen: June 30, 1994

The Milton School Committee is pleased to submit its Annual Report for 1993-1994. It is an honor to report the School Committee highlights of fiscal year 1994 to you and the citizens of Milton.

This year has been one of the most challenging, innovative, and stimulating in the history of our public school system.

The year began with a nationwide search for a new Superintendent. After interviewing numerous qualified and talented individuals, the Committee selected a Milton resident as the top candidate. In September 1993, we welcomed Dr. Mary Grassa O'Neill as Superintendent of the Milton Public Schools. Dr. O'Neill is uniquely qualified for the position both personally and professionally. Her experience and background in administration and education combined with a positive attitude is inspiring.

Our new Superintendent immediately recruited three consultants, formerly with Bain & Company, to assist in studying the school system's strengths and weaknesses. These consultants and the Superintendent worked tirelessly to interview key representatives of our town and compiled a survey that was distributed to all 2,000 families of the Milton Public School System, every faculty member, and over 700 students. Cost of printing and mailing of this publication was made possible by our Parent Teachers Organizations who co-sponsored the survey. Results of this survey showed that all three groups felt Milton has an excellent school system, though some thought our students needed more challenge. We wish to thank Dr. O'Neill for the many hours she has spent reviewing the findings of this indepth survey with students, PTO's and civic groups throughout the town.

In response to the results, the Challenge Committee was formed to research and develop better methods of challenging students. The first recommendation was to make a mandatory summer reading policy to be implemented this year for students in all grades.

This year the School Committee has adopted Core Values for the Milton Public Schools. They are as follows:

1. High Academic Achievement for All Students
2. Excellence in Teaching
3. Collaborative Relationships and Communication
4. Respect for Human Differences
5. Innovation and Risk-taking for Education

This year was the first full year of operation under the 1993 Education Reform Law which substantially changes the way school systems operate. The law enhances the policy

making powers of the school committee and places the day to day operations of the system with a greater emphasis on responsibility and accountability on the superintendent and school principals.

The law also mandates the formation of school site councils for each school. Each council is composed of parents, teachers, and students (high school only) and is co-chaired by the principal and another council member. Each council is required to develop a school improvement plan and acts in an advisory capacity to the principal. So far the Town of Milton has not been helped financially under Education Reform, receiving very little increased State assistance while being asked to do substantial restructuring of the present system.

In March, the Schools were fortunate again to have the support of voters to override Proposition 2 1/2 for the High School 2.5 million dollar Science Wing addition. We received 60 percent state aid in financing this project and appreciate the support by our State Representatives Thomas Finneran, M. Joseph Manning and State Senator Paul White.

After eighteen months of negotiations, the Milton Educators Association and the School Committee agreed to a new three-year contract. Some of the major changes include an innovative professional development plan for Milton educators and contract language changes to coalesce the Middle School concept after fourteen years.

In 1994, the Warrant Committee recommended a $45,000 budget line item specifically for Technology. We thank our Technology Advisory Committee and Warrant Committee for this town-wide commitment to arriving at the On-Ramp of the Information Highway.

A special thanks to the Parent Teachers Organizations in all the schools for their help and particularly for their fundraising efforts for Technology.

We would like to thank Mary Cobb for her three years of service to the School Committee and we welcome Kate Sullivan to the Committee. Kate has already contributed her expertise in many areas.

As Chairman representing the School Committee, it gave me great pleasure to award diplomas to 208 students at the 1994 graduation in June. We hope to continue an educational program we can be proud of and develop leaders of the future by offering the best possible education, challenge and inspiration to our youth.

Respectfully submitted,

Francis X. Desmond, Chairman
Brian Walsh, Vice Chairman
Jeffrey L. Cruikshank
Ann Martinson
Richard Neely
Catherine Sullivan

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Honorable Board of Selectmen: June 30,1994

It is a pleasure to submit my first annual report as Superintendent of the Milton Public Schools. Since my arrival on September 1, I have had the good fortune of meeting and getting to know the citizens of this town and am appreciative of the warm welcome and strong support I have received from every member of the Milton School Committee, the entire Board of Selectmen and each and every town department head, including the Chief of Police, the Fire Chief and the Director of the Department of Public Works. The interdepartmental support and cooperation have been excellent. Recognition also is due to the administrators, teachers, students, parents and town employees, who have extended sincere welcomes.

I extend my thanks to Dr. Frank J. Giuliano, Jr. who led the Milton Public Schools for the past sixteen years. He provided strong leadership and direction over the years and has been a resource and a help to me during my first year.

Last winter a wide-ranging survey was mailed to every parent, and sent to each teacher and approximately 700 students, as part of the school systems' efforts to assess its own strengths and weaknesses.

The survey, generously co-sponsored by the Parent Teacher Organizations, was the initial step in the development of a long range plan for the system. It was part of a three-pronged overview of the existing school system that carefully analyzed resource allocation, student performance and the school community's perceptions and priorities.

SURVEY RESULTS

Parents, teachers, and students overwhelmingly rated Milton Public Schools as "excellent". We plan to build on the Milton Public Schools' strong traditions and unique assets to ensure continued success.

Overall, the survey shows that Milton schools have excellent teachers who know their subject matter and that high levels of respect and caring permeate the schools. According to teachers, parents, and students, classmates get along well with one another. Statistical data show that a very high percentage (85-90%) of graduates go on to higher education, with the vast majority attending four year colleges, and that Milton Public School students routinely surpass both state and national averages in standardized tests of reading and math skills.

Results also indicated the following needs: increased individual student attention and challenge; exposure to innovative teaching techniques; more detailed suggestions for parents on how to help their children; and support and time for teachers to work together with colleagues on curriculum and management issues.

CORE VALUES

The core values adopted by the Milton School Committee were used as the framework for the survey and assessment instruments. Milton's core values are:

HIGH ACADEMIC ACHIEVEMENT FOR ALL STUDENTS

High academic achievement is the goal for every student - kindergarten through grade 12 - and for every subject area and in every discipline. It encompasses high expectations for all students and the conviction that all children can learn. It means giving each child the opportunity to reach his or her potential, whether that child is the most gifted, average or academically or socially at risk. The schools are working to academically challenge each and every child to the best of his or her ability. Challenge activities will be in both school and homework.

EXCELLENCE IN TEACHING

The heart of the school system is the classroom and the interaction that occurs between teachers and students. The system has the responsibility to provide the support to establish the strongest possible teaching and learning environment. This includes recruiting and hiring the very best people; providing them with professional development opportunities throughout their careers; and supervising and evaluating them in intelligent ways.

COLLABORATIVE RELATIONSHIPS AND COMMUNICATION

The school system strives for true collegiality. It focuses on student to student, teacher to teacher, school to school, and schools to parents and the community. This goal is to focus the talent and resources within the town on expanding educational opportunities, reinforcing commitment to the schools as a key factor in the quality of life in the community.

RESPECT FOR HUMAN DIFFERENCES

Together, Milton Public Schools are developing an atmosphere where every child and adult is valued. Each is respected, regardless of ability level, socio-economic status, gender, racial, ethnic or linguistic background, or handicapping condition.

INNOVATION AND RISK-TAKING FOR EDUCATION

The system will work to reward and recognize faculty members who strengthen and enliven the curriculum with the best current practices and methodologies. It will strive to add and use new technologies, programs, and strategies to assist in enhancing educational opportunities for all students.

The collective power of the school community, united behind a few cherished values, is virtually unlimited, according to Jon Saphier, the leader of the education think-tank, Research for Better Teaching. He says, "Core values guide the actions of everyone in the organization and they focus its energy and are the anchor points for all its plans."

"In the last decade, Peters and Waterman (In Search of Excellence, 1982) and Deal and Kennedy (Corporate Cultures, 1982) showed that organizations that had core values were few and far between; but they also showed that companies that were distinguished and successful had strong and identifiable values. Their point was that there is a cause and effect relationship between high success and the act of forming and acting consistently from core values."

BUDGET ANALYSIS

The consultants' budget analysis produced some very interesting results. On a total per pupil basis, according to the analysis, Milton spends 25% less than the national average school system studied. The school systems were chosen from a cross section of forty cities and towns which are somewhat comparable to Milton and to which Milton has compared itself over the past twenty years. The districts where detailed comparisons were made include: Braintree, Brookline, Needham, and Newton. All outspend Milton on education. The range was anywhere from $300 more per pupil in Braintree to almost $2,000 more per pupil in Brookline.

Until the late eighties, Milton's spending was in the top 50% of the forty comparable districts. Currently it is in the bottom 25%. Milton's spending is lower in almost all major spending categories. A striking difference in spending can be seen in professional and curriculum development, with all other school systems placing a stronger emphasis on these areas.

Although as a system Milton spends less than comparable districts, some opportunities have been used to reallocate funds within the school system for this new school year. The school system has been creatively reallocating limited resources over the last several years. The report points out that reallocations will not address the underfunding of the school system, and will hamper the system in its attempts to change and meet new student needs. On the plus side, the vast majority feel the school system is a worthwhile investment of their tax dollars and that the excellence of the school system was a factor in their decision to live in Milton.

SURVEY DEVELOPMENT AND ACTION IMPLICATIONS

The survey effort was lead by the administrative team, who worked closely with Karen Miles, Sarah Giblin, and Anna Sommers of the Education Resource Management Group. All three consultants were formerly with the prestigious international consulting firm, Bain and Company. Each has great expertise and experience in analysis, strategic

planning, and problem-solving for Fortune 500 companies and, in addition, each has educational background through teaching, education and school planning. Principals, the Milton Educators Association, the P.T.O.'s and the Milton High School Student Council played important roles in the process.

Now that the survey results have been presented, the system is developing action plans. Each school is developing a School Improvement Plan; two system-level action teams, one on professional development and another on challenging all students, will continue to work on recommended changes; and the system is looking to generate resources.

A newly developed Challenge For All Team was formed in late spring. Their first action was to substantially expand summer reading and significantly increase the amount of required reading for all students.

The system's new core values, the survey results, performance assessments, and budget analysis will play a major role in each school's improvement plan and the systemwide strategic plan. Citizens can expect both of these in the next school year. Milton educators will focus their efforts on making an excellent school system even better.

INDIVIDUAL SCHOOL HIGHLIGHTS

Milton High School

Mr. Allen Adams, Principal of Milton High School, reports that the high school council diligently reviewed the seven topics mandated by the Education Reform legislation, as well as topics they believed necessary in the formulation of goals for their School Improvement Plan, in concert with the systemwide core values.

The high school continues to have a high degree of academic success and the strong curriculum is responsible, in part, for the vast majority of students being accepted to the college of their first or second choice. Between 85% and 90% of MHS students continue their education beyond high school. There has been a marked increase in the number of students taking a fourth and fifth year of a foreign language. Part of the mathematics curriculum is taught by the cooperative learning (group) approach. Teachers piloted a most successful regular education/special education/special education team-taught ninth grade English class. As a result, there will be similarly taught classes at all four grade levels during the 1994-95 school year. Music and art students continue to receive recognition for excellence at both the state and national levels of competition.

The business and guidance departments work closely with town and area business people to host a very successful Career Information Day for the junior class. The high school is gradually increasing much needed technology equipment with the addition of a CD Rom to the Library.

The Parent Teacher Student and Friends Organization (PTFSO) has completed the second year of providing worthwhile programs for the school community. One of the many highlights of their involvement was arranging to have the annual Scholastic Awards Night at a posh restaurant and hosting the second annual all night graduation party. The Athletic Boosters Club continued its first-class operation, supporting our student athletes in a multitude of ways.

Milton High School continued to be pro-active with human rights programs, which address issues involving conflict resolutions, prejudice, violence and sexual harassment.

High School athletic programs continue to afford student athletes the opportunity to compete in the spirit of good sportsmanship in the strong Bay State Conference. The basketball, ice hockey and baseball teams qualified for state tournaments again this year, as did individual members of the ski, track and golf teams.

Two Milton High School faculty members received very special honors this year. Dr. Susan Offner was named the 1993 Science Educator of the Year for Norfolk County. She was selected for this recognition by the Directors of the Massachusetts Association of Science Teachers for her leadership role in promoting and advancing quality science education throughout the school system and for her active ties and contributions to national, state and local science teachers organizations.

Mrs. Gracie Burke was the recipient of the 1994 Multicultural Recognition Award sponsored by the Massachusetts Department of Education. She was honored for her outstanding work in celebrating diversity, which has made a positive difference in the multicultural climate of the school system.

Pierce Middle School

Mr. Robert Tippo, Principal of Pierce Middle School welcomed 257 sixth grade students in September. Shortly after the beginning of the school year, Unity Week helped these students make a smooth transition to the middle school. For the first time, all sixth graders were offered the opportunity to take keyboarding. This new course was a success. Parents and students welcomed this addition to the curriculum.

Under the direction of Milton Police Officer Edward Villard, the Drug Abuse Resistance Education (DARE) Program completed its entire curriculum, ending with a graduation ceremony and a DARE dance.

In grade seven, Latin was offered for the first time. This program will continue next year in grades seven and eight.

Seventh and eighth grade teachers met with guidance counselors and administration during regularly scheduled planning periods. This common planning time was beneficial to all concerned.

The Student Council, Human Rights Squad, guidance groups and Step Up Day were all increased in size and scope.

The faculty sponsored a Sports Card Show to provide funds for professional improvement. The Milton High School Boosters again joined forces with Pierce Middle School in sponsoring their annual golf tournament. The Pierce portion of the proceeds will go towards providing an after-school program for students.

Other highlights of the 1993-94 school year at Pierce Middle School included:

Teachers took part in a two week PALMS (Partnerships Advancing the Learning of Mathematics and Science) Workshop at Curry College.

Grade 7 took part in the First Annual Town Pride Day.

Students acquired sponsors to pledge them for a two hour clean-up project. They worked at playgrounds, libraries, and schools to remove debris and trash. 90% of the seventh graders participated.

Human Rights Squad members attended a human rights forum at Northeastern University.

Drama Club members performed two plays - "Don't Rock the Boat" and "Fame".

A town-wide Peace Vigil was held at Pierce Middle School.

The 8th grade developed and published a school magazine.

"An Evening of Sharing" took place, in which students, teachers, and parents joined to demonstrate an interdisciplinary program in history and language arts. The effort was supported in part by a grant from the Norfolk County Teachers' Association.

Grade 8 Foods students hosted an Ice Cream Party for 150 people in June. They prepared the ice cream and sauces.

Students visited the Baseball Hall of Fame and Howe's Caverns.

Collicot Elementary School

At Collicot Elementary School, as reported by Mr. William Griffin, Principal, Project PALMS and a partnership with the Quincy Public Schools went into its second year. The Summer Reading Program was more successful than ever, with almost 98% of students involved. A new, literature-based reading program in grades 1 and 2, was introduced and it proved very popular among parents, students and teachers.

The newly formed School Site Council, composed of parents, teachers and community members met several times throughout the year before drafting a School Improvement Plan.

Students were visited by Joyce Grear, a multicultural story teller, who enthralled staff and students alike with her interpretations of some old favorites and some original compositions. Collicot's Haunted House fundraiser brought hundreds of people to the school for chills and thrills, raising funds for student activities.

At parent/teacher conferences, over 95% of report cards were distributed directly to parents. Writers' Assemblies, a gathering of all students to share their efforts in writing publicly, took place throughout the year.

The Collicot and Cunningham P. T. O.'s combined to develop plans to offer Conflict Resolution Workshops for parents and teachers in the spring. An annual Holiday Music Concert was preceded by a play, produced and performed by the fifth graders. The Asian New Year was celebrated through a variety of mediums presented by Milton High School's Asian Studies Club.

Other highlights included a Sock Hop and Grade 5 Fun Night. The annual Kindergarten Information Night was expanded to include an overview of the grade one French Immersion and English programs. The Collicot and Cunningham P.T.O.'s offered a "Celebrating Diversity Workshop", which was very successful. Fourth graders were featured in the Boston Globe's Fun Pages for their study of Vietnam.

Jo-Ann Wangh, an Asian storyteller, visited Collicot and fifth graders began their move-up days to become familiar with Pierce Middle School, the Kindergartners traveled to Drumlin Farm, Grandparents' Day was celebrated and fourth graders took part in Whale Day, the culmination of a townwide effort through Project PALMS.

Fifth graders toured the town as part of their study of Milton. Also held were the annual Book Fair, recognition of student achievement at an Awards Assembly, a Spelling Bee, and the end of the year Music Concert. Their most successful Read Aloud Week ever had over 120 volunteer readers making appearances. Among the notable guests were Congressman Joseph Moakley, Senator W. Paul White, Representative Thomas Finneran, several School Committee members and Selectmen. It was a spectacular success.

Cunningham Elementary School

Mary Gormley, Principal of the Mary A. Cunningham Elementary School, reports that the 1993-94 school year was marked by a re-examination of their programs and practices while setting new short and long term goals and objectives for staff and students

Teachers and support staff have successfully integrated Milton's Primary Language-Based students into the kindergarten, first and second grade classrooms, as well as students from CHARMSS (Canton, Holbrook, Avon, Randolph, Milton, Sharon and Stoughton) Collaborative classroom. These students are mainstreamed into all classrooms.

The Milton Art Museum is housed on the top floor of the Cunningham School. Cunningham students have all of their music classes in this valuable resource. This facility also is used for meetings and cultural events for students.

The Parent Teacher Organization provides a wide variety of support services to the school. Over fifty Cunningham parents staff the Childwatch Program each morning. Over sixty Cunningham parents became Grades 3, 4 and 5 Paperback Literature Discussion Group Leaders each Wednesday afternoon. Parents lead wonderful small group discussions around paperback selections. Cunningham parents in the dental health profession have created an outstanding Dental Health Month Program with grade appropriate lessons taught in each classroom by our parents. Cunningham parents have set up Recycling Baskets at each level of the building. Earthwork, Inc. visited the building once a month. Cunningham parents taught the Grade 4 "Understanding Handicaps" program. Over thirty Cunningham parents volunteered weekly in the library. A new and very active multi-cultural P.T.O. sub-committee was formed.

The P.T.O. funded class field trips for all Cunningham students to the Boston Aquarium and Mr. and Mrs. Fish. They also sponsored a Birthday Library Book and Holiday Library Book Program. With the assistance of the P.T.O., sharing and community service experiences are created for the students. Students and families contributed food items to a turkey box and contributed over 25 turkey meal boxes to those less fortunate during the Thanksgiving season. During the holiday season, students contributed items to a school Giving Tree for families in need. Students designed "homemade" Valentines for the patients of Milton's Visiting Nurses.

The friendship with Milton's senior citizens at Milton's Council on Aging Center was strengthened through the grade five Holiday Singing Program for Milton's seniors. Cunningham School is proud of its three senior citizen volunteers, Mrs. Evelyn Williams, Mrs. Marion Tourville and Mrs. Frances Berig.

High school students from Boston College High School and Milton Academy choose each year to perform their community service required hours in Cunningham classrooms. These young adults serve as outstanding role models for our children.

Cunningham music teacher, Mrs. Emma Jean Moulton, provided students with wonderful performing opportunities. Students sang at the town's first Holiday Tree Lighting Ceremony and gave Holiday and Spring concerts for their parents.

Academically, teachers worked to enhance the individual program for each student. Students participated in the following enriching national competitions:

1. WordMasters - Analogies
2. Continental Math - Word Problems
3. National Geography Bee
4. Current Events League
5. Future Problem Solving Program - Critical and Creative Thinking

They learned a lot and many won awards and recognition for their excellent performance.

First grade teachers, students, and families were very pleased with the implementation of Milton's new primary literature based reading program into the first grade classrooms.

Over twenty-five Cunningham parents volunteered to participate in a Family Math and Science Training Weekend in May. Ms. Leslee Haines and Ms. Ann Saur trained parents on a Friday night and all day Saturday to prepare them to become Family Math and Science Presenters. They have set up fall and spring primary and intermediate Family Math and Science Nights for the 1994-1995 school year.

The P.T.O. publishes an outstanding parent newsletter entitled, "The Cunningham Cougar". Fifth graders began Cunningham's first monthly newspaper.

The P.T.O. sponsored several outstanding cultural events which the staff integrated into the curriculum. The Cunningham School was awarded two of Milton's Arts Lottery Grants to cover the costs of Opera to Go and the cost of fourth graders' attendance at Boston's Youth Symphony.

The School Council worked in collaboration with the P.T.O. to integrate the School Committee's goals and the results of the school system's parent, teacher, and student survey into improving the programming for all of our students.

In working to enhance student's and staff's telecommunications opportunities, M.C.E.T. was a weekly programming opportunity for students and staff.

Glover Elementary School

Ms. Marianne Monacci, Principal, reports taking pride in the efforts and achievements of Glover School staff and students.

All families in the Glover community were surveyed about the Milton school system. The results were presented at sites around town and to the Glover faculty and parents in the Spring.

Second, they began to implement the mandates of the Education Reform Act, specifically, the School Site Council. The newly elected council worked diligently to survey parents and teachers about the best programs at Glover School and the areas which we should try to improve. The results were then tabulated and incorporated into a School Site Plan. Interestingly, these results closely resembled those of the previous survey and the core values of the Milton Public Schools.

Faculty and parents undertook a multi-year goal to improve the children's communication skills. This year they focused on public speaking and story-telling. The P.T.O. subsidized an artist in residence program, and a story-teller worked with whole classes and individual children throughout the school. The initiative was continued throughout the school year in classrooms and in the library.

Glover School continued to emphasize school pride and civic responsibility. The efforts of parents and teachers were combined into one oversight committee, Respect and Responsibility. Some activities included workshops for teachers and parents on Conflict Resolution and Prejudice Reduction. Families participated in the Kaleidoscope Fair and Peace March. Parents, teachers and children participated in activities on a schoolwide Field Day. All the children in the school were divided into teams. Each team included children from grades K-5. In addition to having fun, the older children were taught interdependence and to care for their younger schoolmates. During the year, classes visited and worked together to foster this same theme. Fifth graders helped second graders, fourth graders read with first graders, etc.

Other curriculum initiatives in science included KidsNet, an interactive computer program for the children in grades 4 and 5. Grade 4 studied weather and grade 5 studied acid rain. Results of observations and experiments were telecommunicated to schools around the country.

In special school-wide activities in social studies, the children learned about other cultures and customs throughout the year. They studied Native American cultures and received special lessons from Dan Cripps who erected a full-sized teepee in the gym, which students visited over a two day period. The children enjoyed their classes in the teepee. Other school-wide multicultural units included holiday celebrations and customs, Martin Luther King Day, Presidents, African Americans, and Famous Women Days. Since this was

the fiftieth anniversary of D-Day, children were taught about the World War II era. All children wrote letters to others either in the school or around the country. Grade 3 also corresponded with senior citizens at Winter Valley. Then they met and visited one afternoon in the Spring.

The school also planned activities to teach care and respect for the environment. One unit of study included activities for Earth Day. An educator from the M.W.R.A. visited and taught water purification to all grades. The schoolwide Science Fair centered on different units of study at each grade level which included experiments with and about water conservation. The culmination was an Aquarium Day with three different shows for children at all grade levels, as well as a whale which appeared in the gym. The children displayed their creative science projects.

There are new and innovative programs in Glover classrooms. First graders were introduced to a new literature based reading program. The children read authentic literature and were involved in written reaction to stories from the beginning of grade one. A two month schoolwide reading incentive program was initiated. In math, the staff incorporated the PALMS philosophy. One principle included emphasis on observation, problem solving, multiple methods to arrive at a solution, and written responses to math problems. Teachers attended workshops and classes to learn the philosophy and incorporate it into their teaching. Many of these programs have been presented to the parents by teachers at evening meetings.

Grade 5 had many activities for their last year at Glover School. Parents and teachers organized and ran a Grade 5 Day in June. Also, they participated and volunteered in the "Move-Up Program" which combined the fifth graders from the town to meet each other prior to grade 6.

Tucker Elementary School

Mr. Robin Welch's third year as Tucker School Principal was a challenging and exciting period for the faculty, students and parents.

For the first time the school established a School Site Council under the Education Reform Act. The committee, acting as an advisory board to the principal, worked diligently to develop a school site plan. Their focus centered around three areas: professional development for the faculty, parental involvement and class size and its impact on student performance and services for the total school population.

The Cultural Arts Committee provided many entertaining, informative and educational offerings for the students and faculty. Some of these activities included the following

A two-day residency program featuring the storyteller/actress from North Carolina, Joyce Grear. This was a townwide residency program spearheaded by the Tucker School Cultural Arts Committee and assisted by Collicot, Glover and Pierce Schools. This one-woman show of Harriet Tubman was well received. The Tucker School Arts Council received funding from the Milton Arts Council for this program.

Grades one, three and four attended the North Atlantic Ballet production of the "Nutcracker" at the Strand Theater in Dorchester.

Grade five had the wonderful opportunity to see the Museum of Science's dramatic presentation of "The Ballad of Chico Mendes". This story centered on Mr. Mendes' fight to maintain the rain forest in his home country of South America.

A Tucker parent had a friend from Kenya, Africa visit the school with her 11 year old son. They presented a slide show on life in Nairobi, Kenya. Their personal experiences were well received. The students learned how to sing "Three Blind Mice" in Swahili.

Mr. Kemp Harris, illustrator and author, visited the kindergarten classes.

Students had a Young Audiences presentation, "Opera to Go", which was an introduction to opera.

A variety of artists shared stories from their childhood, storytelling, Greek dancing, origami and Japanese character brush strokes. These artists, Frantz Dessources from Haiti, Nikolas Hahala from Greece, students from Japan and Susan Gill, a Japanese Consulate student who had studied in Japan, and the Quilters' Guild from Australia, were some of the community artists for the school's Multicultural Festival.

Second graders visited the Loeb Drama Center in Cambridge to see the "Island of Anyplace".

The P.T.O. also was responsible for many educational activities that enriched the curriculum. They organized a variety of sub-committees to address the various needs of Tucker School.

Other P.T.O undertakings included the purchase of three computers to be used in the Grade Five classrooms, and a Prejudice Reduction workshop held jointly with the Glover School P.T.O. at the Parkway Methodist Church.

Mrs. April Allegrezza, the music teacher, organized a Tucker School recital.

The joint Kindergarten and Grade One Information Night was also held.

A family event featuring pizza and karaoke entertainment was held at the Pierce Middle School.

The P.T.O.-sponsored grade 5 yearbook was published.

Tucker students also participated in a Reading Olympics, recycling activities, studied architecture, learned about the Harbor Tunnel Project, participated in KidsNet, and won several awards for their vocabulary skills as part of the WordMasters program.

In addition, fifth graders took part in the Milton Police Department Community Service Project, received high scores on the nationwide Continental Math meets, actively participated in the second annual townwide diversity celebration and were involved in the AAU Fitness Tests and Awards.

SCHOOL BUILDING AND MAINTENANCE

The roofs of the Cunningham and the Collicot Elementary Schools were replaced during the summer of 1993.

Applications were completed and submitted to the Department of Education for a sixty percent grant toward a two and one-half million dollar addition to Milton High School for science facilities.

Last spring's successful override provided an important psychological and educational boost to the school system and gave a major shot in the arm to our science education programs. We look forward to breaking ground next spring for a new science wing at Milton High School which will benefit all students in the community.

FACULTY

All of these successes reflect the quality of people involved. Excellent teachers are the keystone of the Milton Public Schools. Principals, other administrators, and support staff provide the leadership we need for good schools.

New staff members for the 1993-1994 school year were:

New Teachers:

Leslie Abbott
Ellen Ahearn
Jane Alcarez
Brian Borde
Joshua Coben
Martine Cummings
Kathleen DaSilva
Margaret McSharry
Anna McReynolds
Christine Mullen
Dorothy Marie Murphy
Lyudmila Nivorozhkin
Helene Olken
Carolyn Purtell

Karen Donaghy
Allison Foote
Robert Fraser
Susan Graham
Scott McDonald
Lisa Richard
Clara Sadia
Chitra Satyaprasad
Regina Sternlicht

School Year Substitutes:
Mary Elizabeth Byrne
James Casler
Donna Fenore
Pamela Gerth
Michael Lenane
Elisa Morris
Charlotte Marie Murphy

New Custodian:
Patrick Moynihan

We are grateful for the dedication and commitment of the following teachers and support staff who retired from the Milton Public Schools during or immediately after the 1993-1994 school year:

Saul Bauman	Assistant Principal, Collicot School
John Bowes	Teacher, Pierce Middle School
Betsy Buchbinder	Teacher, Tucker School
Judith Chute	Teacher, Collicot School
Richard Fitzhenry	Teacher, Pierce Middle School
Dorothea Lazzari	Teacher, Collicot School
William MacDonald	Teacher, Pierce Middle School
Margaret Mearn	Cafeteria Manager, Tucker School
Frank Morris	Custodian, Cunningham School
Von Orton	Elementary Language Arts Coordinator
Ronald Reed	Teacher, Milton High School
Gordon Smith	Teacher, Pierce Middle School
Barbara Stanwood	English Department Head
Joseph Walsh	Custodian, Collicot School

Parents and citizens of this town really care about the schools. The Milton School Committee and the townspeople value and are committed to excellence in education. We thank all of you for your many contributions and ask those of you who are involved to continue to participate in our schools and welcome other citizens to join us on school or systemwide efforts. Working together we will make a difference.

Respectfully submitted,
Mary Grassa O'Neill
Superintendent of Schools

REPORT OF THE BLUE HILLS REGIONAL DISTRICT SCHOOL COMMITTEE

To the Honorable Board of Selectmen June 30, 1994

The Blue Hills Regional District School Committee is pleased to submit its 28th Annual Report to the residents of the Town of Milton.

Throughout the 1993-94 school year, Blue Hills Regional continued to provide excellent academic and technical instruction to area students, resulting in many awards and recognition for its students and teachers.

Four Blue Hills teachers were honored by students with the Patriot Ledger's Golden Apple nominations. They are Paul Donovan, math department head from Canton; Vin Hickey, guidance counselor from Canton; department head James Hanrahan of Fall River and Richard Andrea of Holbrook, both in culinary arts.

Timothy O'Regan, a senior in Electrical from Canton, was named Outstanding Vocational Student for the year. Randolph's Kami Ferguson was chosen by the Massachusetts Multicultural Recognition Program to receive a 1994 Multicultural Recognition Award for his work in the school and state-wide anti-violence campaign.

Four Milton students earned seven scholarships/awards between them for their excellence and commitment to their occupations and community while at Blue Hills.

The school's National Honor Society (NHS) received an Outstanding Chapter Award from the Massachusetts Secondary Schools Administrators' Association for the second time in three years. Blue Hills' chapter is one of only four schools in the state to receive the honor which best exemplifies what NHS represents.

For the second year in a row, Vocational Industrial Clubs of America (VICA) students from Culinary Arts and Structural Wood were invited by world-renown Ice Sculptor Steve Rose to assist him in carving a spectacular 30,000 pound Tyrannosaurus Rex for Boston's First Night celebrations.

The Blue Hills School offers interscholastic sports in 12 areas, at no cost to the students. The 1993-94 girl's basketball team won the Mayflower League Division II Co-Championship.

Secondary school enrollment at Blue Hills was 824, with Postgraduate enrollment at 70. Milton enrolled a total of 47 students (45 high school, 2 postgraduates) in Blue Hills.

Continuing Education is an ever-popular program and continues to be self-supporting. In the Fall 19993 and Spring 1994, 1070 individuals attended courses.

Summer camp educated and entertained 56 10-14 year-old youngsters from throughout the area for two two-week sessions, and also continues to be self-supporting.

Also during the summer, Blue Hills (in conjunction with South Coastal Career Development Administration) offered a paid Job Training Program for low income youths of Milton, Quincy, Braintree and Randolph.

As always, Blue Hills opens its doors to the public whenever possible through the pool program, the Chateau de Bleu bakery and restaurant, and salon services through cosmetology.

The school saved taxpayers significantly through special projects it performed for the municipalities, residents and civic organizations. These included printing, vehicle repairs, metal fabrication, and building maintenance. Auto Body saved the Milton Police $2,118 by repairing a police vehicle, and saved two residents a combined $790 in auto repairs. Metal Fabrication saved a Milton resident $490, for a total savings to the town and its residents of $3,358. Structural Wood completed a $650,000 home -- a two-year project -- in June for a Canton resident, and built an addition for another resident. The two-year project was the subject of many media features, including Channel 7, Channel 5, CNN, The Patriot Ledger, and The Boston Globe.

In order to take the pressure off lean town budgets, Blue Hills aggressively pursued and won grants totalling $714,213.

The District School Committee meets on the first and third Tuesday of each month at 7:30 p.m. in the District Board Room at the school at 800 Randolph Street, Canton. The public is invited to attend. The following made up the 1993-94 School Committee:

Avon	Philip E. Doherty
Braintree	Timothy D. Sullivan
Canton	Benson Diamond, Esq.
Dedham	John J. Lyons, Jr.
Holbrook	William T. Buckley
Milton	Philip L. Kliman
Norwood	Kevin Connolly
Randolph	Ronald Di Guilio
Westwood	Alan L. Butters

The District School Committee extends its thanks and appreciation to the citizens of Milton for continuing to support its efforts to provide quality vocational/technical education.

Respectfully submitted,

William Buckley
Chairman
District School Committee
Philip L. Kliman
Milton Representative

REPORT OF THE HIGH SCHOOL SCIENCE BUILDING COMMITTEE

To the Honorable Board of Selectmen: June 30, 1994

This Committee was established under Article 28 of the 1994 Annual Town Meeting to be responsible for construction, remodeling, and furnishing science laboratories at Milton High School. The Committee is authorized to advertise and secure bids, award a contract or contracts and to supervise work. The Committee has met three times. On September 23, 1994, the Superintendent of Schools received notice from the Massachusetts Department of Education of approval of a School Building Assistance Grant.

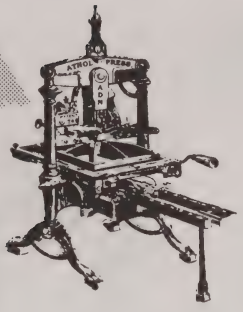

The first meeting was devoted to a review of committee responsibilities and examination of architectural and engineering plans for the project. The Town Treasurer and a representative of Baybank discussed the bonding process. The second meeting was with the architectural firm, Mt. Vernon group of Winchester. The Committee reviewed the project design and discussed the bidding process. The third meeting was with the architects, the Building Inspector, Police Safety Officer, and Wire and Plumbing Inspectors. The entire project design was reviewed and all comments recorded.

The Committee expects to advertise for bids and award contracts early in 1995. Ground breaking will occur in the spring and the project will be completed for the opening of school in the fall of 1996.

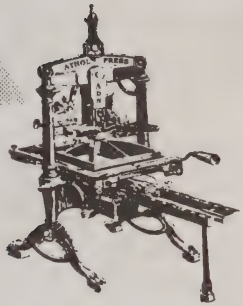

Respectfully submitted,

Anne E. Coghlan, Chairperson
Mary S. Cobb
William J. Fitzgerald
Dimitri Theodossiou
Richard A. Williams

Dorchester, Mass., U. S. A.

THE OLDEST AND LARGEST MANUFACTURERS OF

PURE, HIGH GRADE

COCOAS AND CHOCOLATES

ON THIS CONTINENT.

No Chemicals are used in their manufactures.

Their **Breakfast Cocoa** is absolutely pure, delicious, nutritious and costs less than one cent a cup.

Their **Premium No. 1 Chocolate** is the best plain chocolate in the market for family use.

Their **German Sweet Chocolate** is good to eat and good to drink. It is palatable, nutritious and healthful; a great favorite with children.

* * * * * * *

Baron von Liebig, one of the best known writers on dietetics, says:

"It [Cocoa] is a perfect food, as wholesome as delicious, a beneficent restorer of exhausted power; but its quality must be good, and it must be carefully prepared. It is highly nourishing and easily digested, and is fitted to repair wasted strength, preserve health and prolong life. It agrees with dry temperaments and convalescents; with mothers who nurse their children; with those whose occupations oblige them to undergo severe mental strains; with public speakers and with all those who give to work a portion of the time needed for sleep. It soothes both stomach and brain, and for this reason, as well as for others, it is the best friend of those engaged in literary pursuits."

Consumers should ask for and be sure that they get the genuine

	Two for a Term of One Year

For these purposes the polls will be open at each and all of said precincts at seven o'clock in the forenoon and will be closed at eight o'clock in the evening.

And thereupon by adjournment of said meeting on the following Monday to wit, May 1st next, at seven thirty o'clock in the evening at the Milton High School Auditorium, 391 Brook Road in said Milton, then and there to act upon the following articles, to wit:

Articles 1 through 70 inclusive appearing in regular type on the following pages.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned by posting attested copies of the Warrant in each of the Post Offices of said Town seven days at least before the twenty-fifth day of April, and leaving printed copies thereof at the dwelling houses of said Town at least four days before said date.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk, on or before said twenty-fifth day of April, next.

Given under our hands at Milton this 9th of March nineteen hundred and ninety-five.

Katherine Haynes Dunphy
John Michael Shields
Joseph P. McEttrick
Board of Selectmen

A True Copy: Attest
William A. Murdoch, Jr.
CONSTABLE OF MILTON

Commonwealth of Massachusetts)
County of Norfolk)

Pursant to the within Warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the town and leaving attested copies at the dwellings of the inhabitants. Warrants were posted on April 18th and delivered to the inhabitants on April 18th.

PERCENTAGE	31.7	43.0	47.3	45.7	31.1	47.3	35.8	49.5	44.8	41.5	29.6	41.1

The Town Clerk upon receipt of the returns from the several precincts, forthwith canvassed the same and announced the results at 10:20 p.m.

At the Town Election held Tuesday, April 25, 1995, Milton had the following number of Absentee Ballots.

PRECINCT	1	2	3	4	5	6	7	8	9	10	11	TOTAL
Applications Received	8	16	17	18	13	14	17	31	28	25	10	197
Ballots Cast	8	15	16	16	13	14	15	28	28	22	8	183

Of the total ballots cast, 95 were cast in person by the voter in the Town Clerk's Office and 88 were cast by mail. Fourteen (14) ballots that were mailed were not returned.

The Absentee Ballots were distributed to the Precincts before the close of the polls. The Wardens put them through the Ballot Boxes and they were counted with the ballots cast in the Precincts.

RECOUNT TOWN ELECTION

On Tuesday, May 2, 1995, Jo Ann Rothschild of 273 Eliot Street filed a petition for a recount of the ballots cast for a three year term for Town Meeting Member in Precinct Three.

Notices of the recount to be held on Tuesday, May 9, 1995 at the Town Office Building at 7:00 p.m. were sent to all candidates for Town Meeting Member in Precinct Three by certified mail.

RESULTS OF THE RECOUNT HELD MAY 9, 1995

Precinct Three Town Meeting Members	Votes—April 25, 1995	Votes—Recount
Natalie Q. Albers	303	302
Jeffrey L. Cruikshank	354	354
Maureen Gunning Dworkin	234	234
David B. Marr	271	272
Peter A. Mullin	260	260
Juanita O'Neill	200	200
Jo Ann Rothschild	220	220
Joanne P. Stanley	281	281
Kathi Heffernan Connelly	343	342
Frank L. Davis	157	157
Silas Kelley	87	87
Frank M. O'Neill	221	221
Dimitrios Theodossiou	155	155
Robert E. Varnerin	249	249
Blanks	2,596	2,597

Tellers for the Recount were:

Carol A. Blute	Charles F. Peterson
Patricia A. Carey	Jean M. Peterson
Thelma E. S. Coles	Patricia M. Valentino
Mary C. Martin	Frances M. Westhaver
Richard B. Martin	Sandra L. Wyse

The result of the Recount showed no change in those who were elected on April 25, 1995.

The Recount was supervised by:

Francis W. Manning, Chairman
Mary Sennott Burke
David J. Lyons
James G. Mullen, Jr.
BOARD OF REGISTRARS

ADJOURNED TOWN MEETING — MAY 1, 1995

The Adjourned Town Meeting held at the High School Auditorium was opened at 7:43 p.m. by the Moderator, Richard P. Ward.

The Town Clerk, James G. Mullen, Jr., informed the Moderator that a quorum was present.

The Moderator introduced Rabbi Nathan Korff of Temple B'nai Jacob, who delivered the invocation.

The Town Meeting Members stood and were sworn in by the Town Clerk, James G. Mullen, Jr.

The following twenty-five Town Meeting Members were absent from the Adjourned Town Meeting held May 1, 1995.

PRECINCT ONE:	Thomas H. Miller, Jr. Robert F. O'Meara
PRECINCT TWO:	Gerald T. Anglin Walter C. White Judith M. White-Orlando
PRECINCT THREE:	All Present
PRECINCT FOUR:	Donal J. Fahey Robert G. Miller, Jr. L. Joyce Smith
PRECINCT FIVE:	Robert G. White Galen E. Wifholm Galen E. Wifholm, Jr.
PRECINCT SIX:	Charles R. Duffy Patrick F. Fitzgerald Christian B. Flynn Cheryl Onorato
PRECINCT SEVEN:	Daniel F. Joyce
PRECINCT EIGHT:	William Ennis

PRECINCT NINE:	Richard F. Fahey Richard Quincy
PRECINCT TEN:	J. Joseph Donovan (Ex-Officio) Elaine R. Driscoll Thomas L. Kennedy Thomas D. Manning
PRECINCT ELEVEN:	Robert P. Reed Christopher J. Tingus

Chairman of the Board of Selectmen, John Michael Shields, paid tribute to former Selectman Joseph P. McEttrick, who had retired from the Board after seven years of service.

The Town Meeting Members gave Mr. McEttrick a standing ovation.

Mr. Shields also welcomed newly elected Selectman Richard B. Neely. The Town Meeting Members gave Mr. Neely a warm round of applause.

Chairman of the Board of Assessors, Mr. Joseph Manning, paid tribute to former Assessor, Daniel E. Duggan, Jr., who had retired from the Board after thirty-nine years of service.

The Town Meeting Members gave Mr. Duggan a warm round of applause.

ARTICLE 1. To choose all such Town Officers as are not required to be chosen by ballot.

VOTED. The Town voted to elect James A. Braxton and Robert F. O'Meara, Measurers of Lumber.

UNANIMOUS VOTE

ARTICLE 2. To hear and act upon the report of the Town Accountant and other Town Officers and Committees.

VOTED. The Town voted to accept the report of the Town Accountant as printed in the 1994 Annual Report.

UNANIMOUS VOTE

ARTICLE 3. To see if the Town will vote to authorize the Town Treasurer with the approval of the Board of Selectmen, to borrow money from time to time in anticipation of the revenue of the Fiscal Year beginning July 1, 1995 in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with the provisions of General Laws, Chapter 44, Section 17.

VOTED: The Town voted that the Town Treasurer, with the approval of the Board of Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of revenue of the fiscal year beginning July 1, 1995 in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with the provisions of General Laws, Chapter 44, Section 17.

UNANIMOUS VOTE

ARTICLE 4. To see if the Town will vote to authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

VOTED. The Town voted YES.

UNANIMOUS VOTE

ARTICLE 5. To see if the Town will vote to authorize the Town Treasurer to enter into compensating balance agreements during the fiscal year beginning July 1, 1995, in accordance with the provisions of General Laws, Chapter 44, Section 53F; and to act on anything relating thereto.

VOTED. The Town voted YES.

UNANIMOUS VOTE

ARTICLE 6. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before Committees of the General Court.

VOTED. The Town voted YES.

UNANIMOUS VOTE

ARTICLE 7. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interest of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of Counsel to represent the Town in any such proceedings; the members of such committee to hold office until the final adjournment of the next Annual Town Meeting and until the appointment of any succeeding committee authorized at such meeting.

VOTED. The Town voted YES.

UNANIMOUS VOTE

ARTICLE 8. To see what sum of money the Town will vote to appropriate to the Board of Selectmen for the purpose of conducting a municipal audit for the fiscal year ending June 30, 1995, and further to see if the Town will vote to authorize the Committee appointed pursuant to Article 14 of the 1978 Annual March Town Meeting (The Town Audit Committee) to make recommendations to the Selectmen relative to the employment of a Certified Public Accountant for the foregoing purpose; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the sum of $30,500 for the purpose set forth in this Article.

UNANIMOUS VOTE

ARTICLE 9. To see what sum of money the Town will vote to appropriate for the twelve month period beginning July 1, 1995, and for the several categories classified as Employee Benefits; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the amounts shown in the following tabulation.

EMPLOYEE BENEFITS	**Voted FY96**
Widows' Pensions	$ 2,823
Non-Contributory Pensions & Annuities	137,148
Contributory Retirement System	2,029,212
Administration	51,570
Group Insurance	2,653,216
TOTAL	$4,873,969

and that included in this appropriation for Employment Benefits are the sums of $55,085 representing expenses attributable to the Sewer enterprise and $153,628 for expenses attributable to the Water enterprise, which are to be included in Schedule A. "Local Receipts Not Allocated" of the Tax

Recapitulation as Sewer and Water Estimated Receipts. The sum of $42,208 but no more shall be used for salaries and wages.

UNANIMOUS VOTE

ARTICLE 10. To see what sum of money the Town will vote to appropriate to reimburse the Commonwealth of Massachusetts, Division of Employment Security for benefits paid to former employees of the Town; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the sum of $48,500 for the purpose set forth in this Article.

UNANIMOUS VOTE

ARTICLE 11. To see what sum of money the Town will vote to appropriate for the purpose of funding cost items not in departmental budgets, for the twelve month period beginning July 1, 1995 for collective bargaining agreements between the Town and bargaining units representing Town employees which may result from such agreements, such sums to be allocated by departments; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the sum of $37,567 to fund wage adjustment effective September 1, 1995, said sum to be added to the salary accounts of the department as shown in the following tabulation.

		VOTED 1995-1996
Cemetery		$ 5,702
Library		10,122
Park		1,386
Public Works		19,562
General	$ 7,739	
Vehicle Maint.	1,817	
Water	7,752	
Sewer	1,864	
Curbside Recycling	390	
Wire		795
		$ 37,567

and to meet part of the appropriation of $19,562 for the Department of Public Works, the sum of $7,752 is to be transferred from the Water Surplus Account and the sum of $1,864 be transferred from the Sewer Surplus Account, with the remainder of $27,951 to be raised from the tax levy.

UNANIMOUS VOTE

ARTICLE 12. To see if the Town will vote to amend Chapter 13 of the General Bylaws, known as the Personnel Administration Bylaw, as follows:

By striking out the section "Position Identification by Level, Department, Municipal Division and Personnel Code" and also the section "Position Classification — Schedule of Weekly Rates" and inserting in place thereof two new sections as follows:

Wire		2,446
Youth		1,614
	Total	$ 54,414

To meet part of the appropriation for the Department of Public Works, the sum of $3,424 is to be transferred from the Water Surplus Account, and the sum of $3,494 be transferred from the Sewer Surplus Account, with the remainder of $47,496 to be raised from the tax levy.

UNANIMOUS VOTE

ARTICLE 13. To see if the Town will vote to amend Chapter 13 of the General Bylaws, known as the Personnel Administration Bylaw, by adding the following sentence to the end of Section IV.B. "It shall not be a requirement to include the current schedule of weekly employment pay rates in a warrant article which seeks to amend the Salary Schedule of the Personnel Board Pay Plan"; and to act on anything relating thereto.

VOTED. The Town voted YES.

UNANIMOUS VOTE

ARTICLE 14. To see what sum of money the Town will vote to appropriate for capital items; to determine whether this appropriation shall be raised by borrowing or otherwise and to act on anything relating thereto.

VOTED. The Town voted to appropriate the following sums:

1. School Department — Building renovations, including, roof, floor, electrical repairs and boiler replacement. $1,317,000

2. Police Department — Replacement of (mobile and portable) radio equipment and E 911 related System 3,000 equipment. $107,000

3. Underground Storage Tanks — Removal of underground fuel storage tank and replacement or conversion to gas; said appropriation to be administered by the PublicWorks Department. $378,000

4. Public Works Department — Replacement of a sander, truck and front end loader. $190,754

5. Town Office and Library Buildings Department — Replacement heating, ventilating and air conditioning system and roof of Town Office Building, Replacement of Van. Replacement of Town's financial and central services computer. $134,995

6. School Department — Computer technology hardware and software for educational and administrative services. $624,000

7. Fire Department — Emergency breathing apparatus and station ventilation of vehicle exhaust systems. $43,915

8A. Park Department — Reconstruction of park facilities and fields and replacement of truck. $66,188

8B. Park Department — Reconstruction of Kelly Field. Provided that no expenditure shall be made in excess of $50,000 for this project unless the Federal Government and/or the Commonwealth of Massachusetts shall have approved a grant of not less than 50% of the eligible project cost. $100,000

9. Cemetery Department — Replacement of truck and utility tractor/mower equipment. $32,945

Bond Issue Costs $25,000

$3,019,797

and that to meet this appropriation the Treasurer, with the approval of the Board of Selectmen, is hereby authorized and directed to sell and issue bonds or notes of the Town, aggregating not over $3,019,000 in principal amount under the authority of Chapter 44, Section 7 (3A), (9), (14), (25), (28), and (29) of the Massachusetts General Laws, as amended, and any other enabling authority; and that the sum of $797. is to be raised by the tax levy, and that the Board of Selectmen is authorized to accept gifts and expend gifts, to enter into any agreements on behalf of the Town and to take all other action necessary to seek partial or full reimbursements for said costs from the Commonwealth of Massachusetts and/or the Federal Government.

UNANIMOUS VOTE

ARTICLE 15. To see what sum of money the Town will vote to appropriate for the twelve month period beginning July 1, 1995 for the several categories classified as "Public Safety" and for unpaid bills of the Fire and Police for prior years; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the amount shown in the following tabulation.

PUBLIC SAFETY

1.	**BUILDING**	
	Salaries & Wages	$ 68,613
	General Expenses	940
	Total	69,553
2.	**FIRE**	
	Salaries & Wages	2,290,952
	General Expenses	84,090
	New Equipment	26,956
	Unpaid Bills	463
	Encumbered	0
	Total	2,402,461
3.	**MILTON EMERGENCY MANAGEMENT AGENCY (MEMA)**	
	Formerly known as Civil Defense

	New Equipment	17,800
	Fire/Police Box Painting	1,000
	Chemical Bldg. Repairs	7,000
	Total	148,465
	GRAND TOTAL	**6,704,614**

and to meet said appropriation for Leash Law Enforcement the sum of $2,054 shall be transferred from the Dog Licenses Surcharge Account received pursuant to Chapter 187 of the Acts of 1981 and that the balance of $6,702,560 be raised in the tax levy of the fiscal year.

UNANIMOUS VOTE

ARTICLE 16. To see if the Town will vote to implement the Milton Fire Department Study Committee's recommendation to reopen the Atherton Street Fire Station (Engine #4) to afford Milton residents the minimum in Public Safety; and to act on anything relating thereto.

Submitted by:

Margaret A. Geraghty	1765 Canton Avenue
John Geraghty	1765 Canton Avenue
Carleton G. Gebhardt	1776 Canton Avenue
David St. Peter	1717 Canton Avenue
Charles Devens	1702 Canton Avenue
M. Duncan Finigan	1455 Canton Avenue
Ann McCue Forry	1793 Canton Avenue
Robin Samora	1733 Canton Avenue
Gerald R. Roche	1733 Canton Avenue
Jeanne M. O'Brien	1703 Canton Avenue

Town Meeting Member M. Joseph Manning made a motion which was seconded to appropriate $185,000 and that the Board of Selectmen are directed to instruct the Fire Chief to reopen the Atherton Street Fire Station and that Engine Four be placed in service as of July 1, 1995.

Town Clerk James G. Mullen, Jr. made a motion which was seconded to move the previous question (General Bylaws Chapter 2, Town Meeting Section 7).

VOTED. The Town voted YES.

Town Meeting Member Marvin A. Gordon made a motion which was seconded to amend Mr. Manning's motion as follows: to appropriate $470,000 for FY96 for the purpose set forth in this article provided however that this appropriation is conditional upon voter approval of a Proposition 2½ override vote specific to this appropriation.

VOTED. The Town voted YES 155 NO 91

The Town then voted on Mr. Manning's motion as amended.

That the Town appropriate $470,000 for FY96 for the purpose set forth in the article and that the Board of Selectmen are directed to instruct the Fire Chief to reopen the Atherton Street Fire Station, that Engine Four be placed in service as of July 1, 1995 provided, however, that this appropriation is conditional upon voted approval of a Proposition 2½ override vote specific to this appropriation.

VOTED. The Town voted YES. **VOICE VOTE**

ARTICLE 17. To see if the Town will vote and support the Milton Fire Department Study Committee's recommendation to reopen the Atherton Street Milton Fire Station as a prerequisite to affording Milton residents and taxpayers the minimum in public safety. It is recommended that an additional six positions to the present forty-seven firefighters (with hopes that at least one woman will be hired) be increased and $275,000 be transferred from the Sewer/Surplus Accounts or this total amount be transferred from the General Fund.

ARTICLE 66. To see if the Town will vote to amend Section 29 of Chapter 6 of the Town's General Bylaws so as to read in its entirety as follows: "Except as otherwise permitted by the Board of Park Commissioners, no person, or organization or corporation may sell any merchandise or services on any public park or playground, nor erect or maintain a booth, stand, tent or apparatus of any kind for the purpose of a financial profit, after July 1, 1965; and to act on anything relating thereto.

VOTED. The Town voted to renumber Section 29 of Chapter 6 of the Town's General Bylaws so as to read Section 29A and to add a new Section 29B so as to read in its entirety as follows: "29B, Notwithstanding anything to the contrary in Section 29A of this Chapter 6, pursuant to a written permit issued by the Board of Park Commissioners (with respect to which the Board may impose a reasonable fee), any not-for-profit organization or corporation operating for the purpose of providing athletic and/or recreational activities for citizens of the Town (herein "Qualified Organization") may operate on a public park or playground in the Town of Milton a non-permanent concession selling food, non-alcoholic beverages and souvenirs relating to such Qualified Organization's athletic and/or recreational activities if (i) the proceeds from such concession are utilized for the furtherance of the athletic and/or recreational purposes for which such Qualified Organization is operating (which could include, without limitation, maintaining, improving or equipping one or more public parks or playgrounds) and (ii) an annual accounting of such proceeds and the uses thereof is submitted by such Qualified Organization on an annual basis to the Board of Park Commissioners and the Town Accountant."

UNANIMOUS VOTE

ARTICLE 34. To see if the Town will vote to amend Chapter 10 of the General By-Laws, known as the Zoning By-Laws, by deleting Section IV.C. and inserting in its place the following Section IV.C.:

Section IV.C. Flood Plain District Regulations

1. **Flood Plain District** — The Flood Plain district is herein established as an overlay district and includes all special flood hazard areas designated as Flood Zone A or A1-30 on the Town of Milton Flood Insurance Rate Maps, FIRM, dated April 3, 1978, on file with the Town Clerk, Planning Board and Building Commissioner. These maps, as well as the accompanying Town of Milton Flood Insurance Study, are incorporated herein by reference.

2. **Base Flood Elevation and Floodway Data:**

a. Floodway Data. In Zone A, A1-30, and AE, along watercourses that have not had a regulatory floodway designated, the best available federal, state, local, or other floodway data shall be used to prohibit encroachments in floodways which would result in any increase in flood levels within the community during the occurrence of the base flood discharge.

b. Base Flood Elevation Data. Base flood elevation data is required for subdivision proposals or other developments greater than 50 lots or 5 acres, whichever is the lesser, within unnumbered A zones.

3. **Notification of Watercourse Alteration** — The applicant shall submit prior written notice of any proposed alteration or relocation of a riverine watercourse to:

   a. The Board of Selectmen of the Towns of Randolph and Canton, the Mayor of Quincy and the Mayor of Boston.

   b. NFIP State Coordinator, whose present address is
   Massachusetts Office of Water Resources
   100 Cambridge Street
   Boston, MA 02202

   c. NFIP Specialist, whose present address is
   FEMA Region 1
   John W. McCormack Post Office and Courthouse
   Room 462
   Boston, MA 02109

The applicant shall submit proof of such notice to the Milton Building Commissioner.

4. **Development Regulations** — The following requirements shall apply in the Flood Plain District:

a. The Flood Plain District is established as an overlay district to all other districts. All development in the District, including structural and non-structural activities, whether permitted by right or by special permit, shall be in compliance with Chapter 131, Section 40 of the Massachusetts General Laws and with the following:

(1) Sections of the Massachusetts State Building Code which address flood plain and coastal high hazard areas (currently 780 CMR 2102.0, "Flood Resistant Construction");

(2) Wetlands Protection Regulations, Department of Environmental Protection (DEP) (currently 310 CMR 10.00);

(3) Inland Wetlands Restrictions, DEP (currently 302 CMR 6.00); and

(4) Minimum Requirements For The Subsurface Disposal of Sanitary Sewage, DEP (currently 310 CMR 15, Title 5).

Any variances from the provision of the above referenced state regulations may only be granted in accordance with the required variance procedures of those state regulations.

b. Within the floodway, no new construction, substantial improvement or other land development shall be permitted unless it is demonstrated to the Building Commissioner that the cumulative effect of the proposed development, when combined with all other existing and anticipated development, will not increase the water surface elevation of the base flood level at any point within the Town.

c. All development shall be designed to (i) minimize flood damage to the proposed development and to public facilities and utilities, and (ii) to provide adequate drainage to reduce exposure to flood hazards.

d. The flood carrying capacity within any altered or relocated portion of a watercourse shall be maintained.

e. New and replacement water supply and sanitary sewage systems shall be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters.

f. Onsite waste disposal systems shall be located to avoid impairment to them or contamination from them during flooding.

g. New and replacement manufactured homes shall be elevated on properly compacted fill such that the top of the fill (the pad) under the entire manufactured home is above the base flood elevation.

h. Development within the floodway is prohibited unless a registered professional engineer certifies that the proposed development will not result in any increase in flood levels during the occurrence of the base flood.

5. Duties and Responsibilities of the Building Commissioner:

The Building Commissioner shall maintain a record of:

(a) all permits issued for development in areas of special flood hazard.

(b) the elevation, in relation to mean sea level, of the lowest floor, including basement, of all new or substantially improved buildings.

(c) the elevation, in relation of mean sea level, to which buildings have been floodproofed.

(d) all floodproofing certifications required under this By-Law.

(e) all variance actions, including justification for their issuance.

6. Definitions

Base Flood — (One Hundred Year Flood) means the flood having a one percent chance of being equalled or exceeded in any given year.

Development — means any man-made change to improved or unimproved real estate, including but not limited to building or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations.

Federal Emergency Management Agency (FEMA) — is the Federal agency which administers the National Flood Insurance Program. FEMA provides a nationwide flood hazard area mapping study program for communities as well as regulatory standards for development in the flood hazard areas.

Flood Hazard Boundary Map (FHBM) — means an official map of a community issued by FEMA where the boundaries of the flood and related erosion areas having special hazards have been designated as Zone A or E.

Flood Insurance Rate Map (FIRM) — means an official map of a community on which FEMA has delineated both the areas of special flood hazard and the risk premium zones applicable to the community.

Flood Insurance Study — means an examination, evaluation, and determination of flood hazards, and, if appropriate, corresponding water surface elevations, or an examination, evaluation and determination of flood-related erosion hazards.

Floodway — means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation.

Manufactured Home — means a structure, transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities. For flood plan management purposes the term "manufactured home" also includes park trailers, travel trailers, and other similar vehicles placed on a site for greater than 180 consecutive days. For insurance purposes, the term "manufactured home" does not include park trailers, travel trailers, and other similar vehicles.

New Construction — means, for flood plain management purposes, structures for which the start of construction commenced on or after the effective date of a flood plain management regulation adopted by the Town. For the purpose of determining insurance rates, New Construction means structures for which the start of construction commenced on or after the effective date of an initial FIRM or after December 31, 1974, whichever is later.

Riverine — means relating to, formed by or resembling a river (including tributaries), stream, brook or the like.

Special Flood Hazard Area — means the area having special flood and/or flood-related erosion hazards, and shown on an FHBM or FIRM as Zone A, AO, A1-30, AE, A99, AH, V, V1-30 or VE.

Substantial Improvement — means any reconstruction, rehabilitation, addition or other improvement of a structure, the cost of which equals or exceeds fifty (50) percent of the market value of the structure before the start of construction of the improvement. This term includes structures which have incurred substantial damage, regardless of the actual report work performed.

Zone A — means the 100-year flood plain area where the base flood elevation has not been determined. To determine the base flood elevation, use the best available federal, state, local or other data.

Zone A1-30 and Zone AE — (for new and revised maps) means the 100-year flood plain where the base flood elevation has been determined.

and to act on anything relating thereto.

VOTED. The Town voted YES. **UNANIMOUS VOTE**

ARTICLE 35. To see if the Town will vote to accept the provisions of Chapter 148, Section 26 I of the General Laws pertaining to the requirement for the installation of automatic sprinkler systems in new or rehabilitated multi-unit residential structures; and to act on anything relating thereto.

VOTED. The Town voted YES. **UNANIMOUS VOTE**

ARTICLE 36. Shall the Town vote to accept Massachusetts General Law Chapter 32 B Section 18 which required that all retirees, their spouses and dependents who are enrolled in Medicare Part A at no-cost to a retiree, their spouse or dependent, or eligible for coverage thereunder at no cost to a retiree, their spouse or dependents, be required to enroll in a Medicare health benefits supplement plan offered by the Town.

VOTED. The Town voted YES. **UNANIMOUS VOTE**

ARTICLE 37. To see what sum of money the Town will vote to authorize the Board of Park Commissioners to expend during the fiscal year beginning July 1, 1995, pursuant to Chapter 44, Section 53 E½ of the Massachusetts General Laws, from the revolving fund established by vote of the March, 1994 Annual Town Meeting under Article 37, for the purpose of maintenance and repair of Town parks and recreational facilities; and to act on anything relating thereto.

VOTED. The Town voted to increase the limit that can be expended in the fiscal year beginning July 1, 1995 from $5,000 to $20,000.
UNANIMOUS VOTE

ARTICLE 38. To see if the Town will vote, pursuant to Chapter 44, Section 53 E½ of the Massachusetts General Laws, to authorize the School Department to expend a sum of money not to exceed Forty Thousand Dollars ($40,000) for the purpose of maintenance and repair of school facilities, from the revolving fund established by vote of the March, 1993 Annual Town Meeting under Article 19 for fees received from the rental of school facilities, and to act on anything relating thereto.

VOTED. The Town voted YES. **UNANIMOUS VOTE**

ARTICLE 39. To see if the Town will vote pursuant to Chapter 44, Section 53 E½ of the Massachusetts General Laws, to authorize the School Department to expend a sum of money not to exceed Sixty Thousand Dollars ($60,000) from fees received for the purpose of the operation of the pre-school program for regular education students in the Milton Public Schools in accordance with the revolving account established by vote of the 1994 Annual Town Meeting under Article 26; and to act on anything related thereto.

VOTED. The Town voted to continue the revolving fund created under MGL Chapter 44, Section 53 E½ to authorize the School Committee to utilize the fees received from the pre-school program for regular education students in the Milton Public Schools for the purpose of operation of said program with a limit of $60,000 as the amount which can be expended from this fund in the fiscal year beginning July 1, 1995.

UNANIMOUS VOTE

ARTICLE 40. To see if the Town will vote, pursuant to Chapter 44, Section 53 E½ of the Massachusetts General Laws, to establish a Library Revolving Fund in order to utilize the revenues collected from fines for overdue materials, from charges for lost or damaged materials, from commissions for the use of the Library photocopy machines and from rental of buildings for the purpose of purchasing new books and other materials; to authorize the Board of Library Trustees to expend money from such revolving fund to determine a limit on the total amount which may be expended from such revolving fund in the Fiscal Year beginning July 1, 1995; and to act on anything relating thereto.

VOTED. The Town voted NO. **VOICE VOTE**

ARTICLE 41. To see if the Town will vote to accept the provisions of General Laws Chapter 44, Section 53 F½ to establish a water enterprise fund and to act on anything relating thereto.

VOTED. The Town voted "NO" and that the Moderator appoint an Enterprise Fund Study Committee of five citizens plus the Town Accountant, ex-officio, to make recommendations as to the establishment of separate Enterprise Fund for Water, Sewer and Solid Waste under MGL, Chapter 44, Section 53 F½, the Committee to make its report to the Board of Selectmen no later than September 1, 1995 and the sum of $500 be appropriated for expenses involved with this study.

UNANIMOUS VOTE

ARTICLE 42. To see if the Town will vote to accept the provisions of General Laws Chapter 44, Section 53 F½ to establish a sewer enterprise fund; and to act on anything relating thereto.

VOTED. The Town voted NO. **VOICE VOTE**

ARTICLE 52. To see if the Town will vote to petition the Massachusetts General Court to enact special legislation which provides that notwithstanding the provision of Section 11 of Chapter 41 of the Massachusetts General Laws or any other general or special law, the Town of Milton shall be permitted to fill a vacancy in the following manner.

If at any time a vacancy occurs in the School Committee from any cause, the Town Clerk shall forthwith notify the Selectmen thereof; and within fifteen days after such notification, the remaining School Committee shall choose, as School Committee-person for the unexpired term, whichever of the defeated candidates for the office of School Committee at the most recent regular municipal election at which School Committee were for the term in which the vacancy occurs, who are eligible and willing to serve, received the highest number of votes at such election, or, if there is no such candidate eligible and willing to serve, a registered voter of the town duly qualified to vote for a candidate for office of School Committee. If at a municipal election there is a failure to elect a School Committee-person or if a person elected School Committee at such an election resigns or dies before taking office, the Town Clerk shall, as soon as conveniently may be after the remaining committee-elect take office. Notify the School Committee of such failure to elect, resignation or death; and within fifteen days after such notification the members thereof shall choose, as school committee-person for the unexpired term, whichever of the defeated candidates for the office of school committee at such election, who are eligible and willing to serve, received the highest number of votes at such election, or, if there is no such defeated candidate eligible and willing to serve, a register voter of the town duly qualified to vote for a candidate for the office of school committee. If in any of the aforesaid events a choice is not made as here before provided within fifteen days after notification of the selectmen by the town clerk, the choice shall be selected at a joint meeting of the board of selectmen and school committee.

ARTICLE 58. To see if the Town of Milton will vote to petition the Massachusetts General Court to enact special legislation:

AN ACT PROVIDING FOR RECALL ELECTION IN THE TOWN OF MILTON

Be it enacted by the Senate and the House of Representatives in the General Court assembled, and by the authority of the same, as follows:

Section 1. Any person who holds elected office in the town of Milton, with more than six months remaining in the term of such office on the date of the filing of a recall affidavit, may be recalled therefrom as provided herein.

Section 2. Two hundred and fifty or more qualified voters of the Town of Milton may file with the clerk of said town, an affidavit containing the name of the officer whose recall is being sought, along with a statement of the grounds of such recall. Said clerk shall provide to the voters petition blanks demanding such recall printed forms of which shall be kept available by said clerk. Such petition blanks shall be completed either by writing or typewriting, shall be addressed to the Board of Selectmen and shall contain the names of the voters who filed the affidavit and the grounds for such a recall as stated in such affidavit. Such petition blanks shall demand the election of a successor to such office and shall be dated and signed by said clerk with the official seal attached thereto. A copy of such petition shall be kept on file in the office of said clerk in a record book maintained for such purpose.

The recall petitions shall be returned and filed in the office of the clerk within twenty days following the date upon which said clerk issued such petitions and shall contain the signatures of at least ten percent of the total number of voters duly recorded on the registration list of said clerk as of the most recent preceding town election, not less than five percent of which shall be from each precinct, who shall add to their signatures, the street and number, if any, of their residences.

The clerk shall, within forty-eight hours following such filing, submit such petitions to the registrars of voters who shall, within five working days, certify thereon the number of signatures which in fact are names of registered voters of said towns.

Section 3. If the recall petition shall be certified by the registrars of voters to contain the sufficient number of voter signatures, the clerk of the Town of Milton shall forthwith submit such petitions to the Board of Selectmen of said Town. Upon its receipt of certified petitions, said Board of Selectmen shall, within forty-eight hours, give written notice of such recall petitions and certification thereof to the person whose recall is being sought.

If the officer sought to be recalled does not resign his office within five days following the delivery of such notice, the Board of Selectmen shall order an election to be held not less than sixty-five nor more than ninety days after the date of the certification of the sufficiency of the petition by the registrars of voters; provided, however, that if another town election is scheduled to occur within one hundred days after the date of such certification, said Board of Selectmen shall postpone the holding of such recall election until the date of such other town election.

If a vacancy occurs in this office after a recall election has been ordered, the election shall nevertheless proceed as provided in this section: provided, however, that only the ballots for new candidates shall be counted.

Section 4. No officer whose recall is being sought shall be a candidate to succeed himself at the recall election. The nomination of candidates, the publication of the warrant for the recall election and the conduct of such election shall be in accordance with the provisions of the law relative to elections, unless otherwise provided herein.

Section 5. The incumbent shall continue to perform the duties of his office until the recall election is held. If not recalled in such election, the incumbent shall continue in office for the remainder of the unexpired term subject to recall as before except as provided herein.

If the incumbent officer is recalled, he shall be deemed removed upon the qualification of a successor who shall hold office for the remainder of the unexpired term; provided, however, that if the successor fails to qualify within five days after receiving notification of election, the incumbent nevertheless shall thereupon be deemed removed and such office shall remain vacant for the remainder of the unexpired term.

Section 6. All ballots used at a recall election shall contain the following propositions in the following order:

For the recall of (name of officer).

Against the recall of (name of officer).

Adjacent to each proposition, there shall be a place to mark a vote.

After the propositions shall appear the word "candidates" followed by the names of all candidates arranged alphabetically by surname.

If a majority of the votes cast upon the question of recall is in the affirmative, the candidate receiving the highest number of votes shall be declared elected.

If a majority of the votes cast upon the question of recall is in the negative, the ballots for the candidates need not be counted unless the incumbent officer has previously resigned from office pursuant to section three.

Section 7. No recall petition shall be filed against an officer within six months of the assumption of his office. In the case of an officer who has been subjected to a recall election and was not thereby recalled, no subsequent recall petition shall be filed against such officer until at least six months after the date of the election at which such initial recall was voted upon.

Section 8. No person who has been recalled from office or who has resigned from an office while recall proceedings were pending shall be appointed to any town office within twelve months after such recall or resignation.

Section 9. This act shall take effect upon its passage.

ARTICLE 59. To see if the Town will vote to petition the Great and General Court of the Commonwealth of Massachusetts for the enactment of the special act entitled "Positioning of candidates on the ballot in Town of Milton elections as their names are drawn by lot", said acting being as follows:

On the first Monday following the close of Nomination for Town Office, or as soon thereafter as conveniently may be, the election commission (Town Clerk), shall draw by lot the position of the candidates on the ballot. Each candidate shall have the opportunity to be present at such drawing in person or by one representative. As soon as conveniently may be, after such drawing, the election commission (Town Clerk) shall cause the ballots to be printed. Only incumbents should be designated with "candidate for Re-election" but all should appear on the ballot in the order drawn by the election commission (Town Clerk), the names posted as aforesaid and no others.

VOTED. The Town voted NO. **VOICE VOTE**

Town Meeting Member Jeffrey T. Marr made a motion which was seconded to reconsider Article 55.

VOTED. The Town voted NO. **VOICE VOTE**

Town Meeting member Jane Hildebrand made a motion which was seconded for the previous question (Chapter 2, Section 7).

VOTED. The Town voted YES. **VOICE VOTE**

ARTICLE 60. To see what sum of money the Town will vote to appropriate for the construction of a library, and to determine how said appropriation shall be raised, whether by borrowing or otherwise and to authorize the moderator to appoint a Library Building Committee to obtain bids for construction of a library or contracts for said purpose, and to supervise said work, all in the name of and on behalf of the Town of Milton; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the sum of $9,232,977 for the construction of a library, incluing original equipment and furnishings and to employ architects and engineers, and for other expenses incidental and related thereto; and to raise this appropriation the Treasurer, with the approval of the Selectmen, is hereby authorized and directed to sell and issue bonds or notes of the Town, aggregating not over $9,232,000 in principal amount under the authority of Section 7(3) of Chapter 44 of the General Laws or any other enabling authority; and that the Board of Selectmen and/or the Board of Library Trustees are authorized to accept gifts, to enter into any agreements on behalf of the Town and to take all action necessary to seek partial or full reimbursement for said costs from the Commonwealth of Massachusetts and/or the Federal Government; provided that no bonds or notes shall be issued or expenditure made hereunder unless the Commonwealth of Massachusetts shall have approved a library construction grant of not less than 30% of the eligible project cost; and to authorize the Moderator to appoint a Library Building Committee

consisting of five members to obtain bids for construction of a library, to award contracts for said purpose, to employ architects and engineers for said purpose, and to supervise said work all in the name of and on behalf of the Town of Milton.

VOTED. The Town voted YES 176 NO 33

Chairman of the Board of Selectmen, Katherine Haynes Dunphy, made a motion which was seconded to adjourn the Town Meeting and reconvene on Monday, May 8, 1995 at 7:30 p.m. The meeting was recessed at 11:30 p.m.

James G. Mullen, Jr.
Town Clerk

Commonwealth of Massachusetts)
County of Norfolk) SS

To any of the Constables of the Town of Milton in said County:

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Milton qualified to vote in Town Affairs to meet at the Milton High School Auditorium on Brook Road, in said Milton on Monday, the 8th day of May next at 7:30 o'clock in the evening, then and there to act upon the following article to wit:

Article 1

And you are directed to warn said inhabitants qualified as aforesaid to meet at the time and places and for the purposes herein mentioned, by posting attested copies of the Warrant in each of the Post Offices of said Town fourteen days at least before the 8th day of May and leaving printed copies thereof at the dwelling houses of said Town at least fourteen days before said date.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk on or before said 8th day of May.

Given under our hands at Milton this 13th day of April Nineteen Hundred and Ninety-Five.

Katherine Haynes Dunphy
John Michael Shields
Joseph P. McEttrick
Board of Selectmen

A True Copy: Attest
William A. Murdoch, Jr.
CONSTABLE OF MILTON

Commonwealth of Massachusetts)
County of Norfolk)

Pursuant to the within Warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town and leaving attested copies at the dwellings of the inhabitants. Warrants were posted on April 24th and delivered to the inhabitants on April 24th.

ARTICLE 1. To see what sum of money the Town will vote to appropriate for constructing, remodeling and furnishing high school science laboratories, in addition to the appropriation voted by the March, 1992 Annual Town Meeting under Article 15; and to determine how said appropriation shall be raised, whether by borrowing or otherwise; and to act on anything relating thereto.

Submitted by the High School Science Facilities Building Committee appointed under Article 28 of the 1994 Annual Town Meeting.

SPECIAL TOWN MEETING — MAY 8, 1995

The Special Town Meeting held at the High School Auditorium was opened at 7:37 p.m. by the Moderator, Richard P. Ward.

The Town Clerk, James G. Mullen, Jr., informed the Moderator that a quorum was present.

The Town Meeting Members stood for a moment of silence in memory of "D Day."

The following forty-five Town Meeting Members were absent from the Special Town Meeting held May 8, 1995.

PRECINCT ONE:	Caleb J. Blankenship Max Horvet Francis J. McCabe Susan N. McCabe Thomas H. Miller, Jr.
PRECINCT TWO:	Brian A. Joyce
PRECINCT THREE:	Frank J. Giuliano, Jr.
PRECINCT FOUR:	Donal J. Fahey Robert G. Miller, Jr. L. Joyce Smith Richard A. Williams
PRECINCT FIVE:	Webster A. Collins Kathleen M. Mullen Paul B. Stanton Robert G. White Galen E. Wifholm Galen E. Wifholm, Jr.
PRECINCT SIX:	Kenneth G. Caldwell Charles R. Duffy Patrick F. Fitzgerald Christian B. Flynn James Charles Kennedy Richard P. Maher Cheryl Onorato

PRECINCT SEVEN:	David Butts
	Philip E. Casey
	Michael J. Feehily, Jr.
	Daniel F. Joyce

	Richard F. Fahey
	Michael A. Murphy
	Richard Quincy
PRECINCT TEN:	J. Joseph Donovan (Ex-Officio)
	Elaine R. Driscoll
	George J. McColgan
	Dan G. Molloy
	David W. O'Brien
PRECINCT ELEVEN:	Michael Geller
	Timothy S. Kernan
	Robert P. Reed

ARTICLE 1. To see what sum of money the Town will vote to appropriate for constructing, remodeling and furnishing high school science laboratories, in addition to the appropriation voted by the March, 1992 Annual Town Meeting under Article 15; and to determine how said appropriation shall be raised, whether by borrowing or otherwise; and to act on anything relating thereto.

VOTED: The Town voted to appropriate the sum of $500,000 for the purpose of this Article, including constructing, originally equipping and furnishing additions and remodeling, reconstructing or making extraordinary repairs to the high school science laboratories in addition to the appropriation voted by the March 1992 Annual Town Meeting under Article 15; and to raise this appropriation the Treasurer, with the approval of the Selectmen, is hereby authorized and directed to sell and issue bonds or notes of the Town, aggregating not over $500,000 in principal amount under the authority of Section 7(3) and (3A) of Chapter 44 of the General Laws or any other enabling authority.

UNANIMOUS VOTE

ARTICLE 61. To see if the Town will vote to discontinue as a public way that portion of Walnut Street fronting at #10 Walnut Street, said discontinuance to be effective upon commencement of construction of a new library at the site of the former Vose School and Thacher Building; and to act on anything relating thereto.

VOTED. The Town voted YES, contingent upon the Library construction project going forward.

UNANIMOUS VOTE

ARTICLE 62. To see if the Town will vote to authorize the Board of Selectmen in the name and on behalf of the Town to include in the deed of the referenced property a restriction to prohibit any type of development on Town of Milton property bordering Clapp and Walnut Streets, more specifically described as parcels 18 and 19, Block 40, Section D as shown on the Milton Assessors maps. These parcels will be preserved in their natural state as open space. Any future development on these parcels, limited to Municipal use, shall be allowed only by a recorded two thirds vote of a Milton Town Meeting or a two thirds vote of a townwide election.

Submitted by:

Robert E. Hannigan	334 Thacher Street
Patricia E. McGrath	163 Clapp Street
Matthew M. Minsky	363 Thacher Street
James C. Joyce, Jr.	1 Woodbine Street
Anne M. Joyce	1 Woodbine Street
Gregory J. Olson	135 Clapp Street
Patricia J. Olson	135 Clapp Street
Clara L. Martinelli	131 Clapp Street
John B. Martinelli	131 Clapp Street
Carrie A. Dailey	193 Clapp Street

VOTED. The Town voted NO. **VOICE VOTE**

ARTICLE 63. To see if the Town will vote to authorize the Board of Selectmen in the name and on behalf of the Town to include in the deed of the referenced property a restriction to prohibit any type of development on Town of Milton property bordering Engine Road, Clapp Street, Walnut Street and the westerly edge of the existing parking area west of the Fire Station, more specifically described as a portion of parcel 4, Block 52, Section D as shown on the Milton Assessors maps. This land will be preserved in its natural state as open

space. Any future development on this portion of parcel 4, Block 52, Section D, limited to Municipal use, shall be allowed only by a recorded two thirds vote of a Milton Town Meeting or a two thirds vote of a townwide election.

Submitted by:

Robert E. Hannigan	334 Thacher Street
Patricia E. McGrath	163 Clapp Street
Matthew M. Minsky	363 Thacher Street
James C. Joyce, Jr.	1 Woodbine Street
Anne M. Joyce	1 Woodbine Street
Gregory J. Olson	135 Clapp Street
Patricia J. Olson	135 Clapp Street
Clara L. Martinelli	131 Clapp Street
John B. Martinelli	131 Clapp Street
Carrie A. Dailey	193 Clapp Street

VOTED. The Town voted NO. **VOICE VOTE**

ARTICLE 64. To see if the Town will vote to accept Chapter 60, Section 3C of the Massachusetts General Laws, as amended, which would authorize the Town to establish a scholarship fund for providing educational aid to residents of the Town and an educational fund for providing supplemental education funding for local educational needs; and which would authorize taxpayers of the Town to voluntarily contribute money to either or both funds through the real estate tax billing process or the motor vehicle excise tax process; and to act on anything relating thereto.

VOTED. The Town voted YES. **UNANIMOUS VOTE.**

ARTICLE 65. To see if the Town will vote to amend Section 29 of Chapter 6 of the Town's General Bylaws so as to read in its entirety as follows: "Except as otherwise permitted by the Board of Park Commissioners with respect to any public park or playground located in the so-called Gile Road/Pierce School complex, no person, organization or corporation may sell any merchandise or services on any public park or playground, not erect or maintain a booth, stand, tent or apparatus of any kind for the purpose of a financial profit, after July 1, 1965; and to act on anything relating thereto.

VOTED. The Town voted NO. **VOICE VOTE**

(Article 66 was voted on May 4, 1995 after Article 33.)

ARTICLE 67. To see what sum of money the Town will vote to appropriate in order to conduct a feasibility study concerning the recreational use of

5.89 acres of land designated as Park Department Land which abuts Ash Street as outlined on Map I, block 6, 63-64-65 book 155, pages 106 in Milton; and to act on anything relating thereto.

VOTED. The Town did not make an appropriation.

Town Meeting Member Peter A. Mullin made a motion which was seconded to rescind the five minute rule which had been voted previously relative to Article 16.

The Town voted YES 79 NO 140

Town Meeting Member Donald P. Affanato made a motion which was seconded to amend the amount voted under Article 16 by replacing the amount of $470,000 with $260,000.

Town Meeting Member Michael S. Kraft made a motion to amend Mr. Affanato's motion which was seconded to authorize the Moderator to appoint a Fire Study Committee for purposes of preparing a detailed financial analysis of the prior Fire Study Committee recommendation and how different funding levels will affect the safety in the Town.

VOTED. The Town voted NO.

The Town then voted on Mr. Affanoto's motion that the Town appropriate $260,000 for FY96 for the purpose set forth in the article and that the Board of Selectmen are directed to instruct the Fire Chief to reopen the Atherton Street Fire Station, that Engine Four be placed in service as of July 1, 1995 provided, however, that this appropriation is conditional upon voter approval of a Proposition 2½ override vote specific to this appropriation.

VOTED. The Town voted YES. **VOICE VOTE.**

ARTICLE 16. To see if the Town will vote to implement the Milton Fire Department Study Committee's recommendation to reopen the Atherton Street Fire Station (Engine #4) to afford Milton residents the minimum in Public Safety; and to act on anything relating thereto.

Submitted by:

Margaret A. Geraghty	1765 Canton Avenue
John Geraghty	1765 Canton Avenue
Carleton G. Gebhardt	1776 Canton Avenue
David St. Peter	1717 Canton Avenue
Charles Devens	1702 Canton Avenue
M. Duncan Finigan	1455 Canton Avenue

Ann McCue Forry	1793 Canton Avenue
Robin Samora	1733 Canton Avenue
Gerald R. Roche	1733 Canton Avenue
Jeanne M. O'Brien	1703 Canton Avenue

VOTED. The Town voted to appropriate $260,000 for FY96 for the purpose set forth in the article and that the Board of Selectmen are directed to instruct the Fire Chief to reopen the Atherton Street Fire Station, that Engine Four be placed in service as of July 1, 1995 provided, however, that this appropriation is conditional upon voter approval of a Proposition 2½ override vote specific to this appropriation.

The Town voted YES 127 NO 96

ARTICLE 18. To see what sum of money the Town will vote to appropriate for purchase of a Fire Engine; to determine whether this appropriation shall be raised by borrowing or otherwise; and to act on anything relating thereto.

VOTED. The Town did not make an appropriation. **VOICE VOTE**

ARTICLE 68. To see what sum of money the Town will vote to appropriate for interest and Maturing Debt for the twelve month period beginning July 1, 1995; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the amounts shown in the following tabulation:

	FY 96
Interest	273,970
Maturing Debt	969,115
Total	1,243,085

and to meet said appropriation the sum of $152,233 represents debt service which is to be attributable to the Sewer Enterprise and included in Schedule A. "Local Receipts Not Allocated" of the Tax Recapitulation as Sewer Estimated Receipts.

VOTED. The Town voted YES. **UNANIMOUS VOTE**

ARTICLE 69. To see what sum of money the Town will vote to appropriate for the Reserve Fund for extraordinary and unforeseen expenditures for the twelve month period beginning July 1, 1995 and to apply from the Overlay

Reserve such amount as the Town shall determine to meet in whole or in part such appropriation; and to act on anything relating thereto.

VOTED. The Town voted the sum of $187,000 to be appropriated for the Reserve Fund for extraordinary and unforeseen expenditures for the twelve month period beginning July 1, 1995; and to meet said appropriation the sum of $99,262 be transferred from the Overlay Reserve and the sum of $87,738 to be raised from the tax levy.

VOTED. The Town voted YES. **UNANIMOUS VOTE.**

ARTICLE 70. To see what sum of money the Town will vote to appropriate from available funds on hand for the purpose of deduction by the Assessors from the amount required to be assessed in accordance with the provisions of General Laws, Chapter 59, Section 23.

VOTED. The Town voted to appropriate the sum of $3,338 for said purpose, and that to meet said appropriation the sum of $3,338 is to be transferred from funds certified as available by the Department of Revenue.

VOTED. The Town voted YES. **UNANIMOUS VOTE**

The meeting adjourned at 9:59 p.m.

James G. Mullen Jr.
Town Clerk

1995
SPECIAL TOWN ELECTION
JUNE 12, 1995

Commonwealth of Massachusetts)
County of Norfolk) SS

REGISTERED VOTERS	1041	1471	1420	1456	1178	1463	1551	1628	1690	1467	1470	15,835
TOTAL VOTES CAST	429	653	765	731	499	762	803	888	818	754	621	7,723
TIME RECEIVED P.M.	8:14	8:10	8:22	8:24	8:19	8:13	8:29	8:24	8:12	8:29	8:22	
PERCENTAGE	41	44	53	50	42	52	51	54	48	51	42	48.7

The Town Clerk upon receipt of the returns from the several precincts, forthwith canvassed the same and announced the results at 8:50 p.m.

At the Special Town Election held Tuesday, November 7, 1995, Milton had the following number of Absentee Ballots.

PRECINCT	1	2	3	4	5	6	7	8	9	10	11	TOTAL
Applications Received	8	16	21	22	17	18	20	33	25	23	17	220
Ballots Cast	7	16	20	18	14	18	19	30	25	21	17	205

Of the total ballots cast, 18 were cast in person by the voter in the Town Clerk's Office and 87 were cast by mail. Fifteen (15) ballots that were mailed were not returned.

The Absentee Ballots were distributed to the Precincts before the close of the polls. The Warden put them through the Ballot Boxes and they were counted with the ballots cast in the Precincts.

James G. Mullen, Jr.
Town Clerk

REPORTS OF SPECIAL COMMITTEES

REPORT OF THE WARRANT COMMITTEE FOR THE ANNUAL TOWN MEETING

The Warrant Committee herewith presents to the Town Meeting and to the voters and taxpayers of the Town estimates and recommendations for action on Articles submitted to the Annual Town Meeting to begin Monday, May 1, 1995, with the following additional dates reserved if needed . . . May 2, 4, 8, 9 and 11, 1995.

The Warrant Committee recommends that Town Meeting vote appropriations totaling $54,123,077. Excluding proposed bond issues, the recommended appropriations total is $41,205,303. Approval of this recommendation by Town Meeting would require an operating override of approximately $1,131,500 to be placed on the ballot by the Board of Selectmen to give the citizens of Milton an opportunity to express their opinion on trying to maintain our current level of services.

If the operating override passes, the recommended budget would result in an estimated increase of approximately 7% in the residential property tax rate of $16.20 per thousand for FY 95 to $17.35 for FY 96. For the average residence assessed at $200,000, the proposed budget would result in a tax increase of approximately $231.

If the operating override fails, an up to the levy limit budget would result in an estimated increase of approximately 3% in the residential tax rate to $16.68 per thousand for FY 96. For the average residence, the proposed budget would result in a tax increase of approximately $97 — a difference of $134 from the increase if the operating override passes.

NEW REVENUES

The sources of additional funds are estimated as follows:

2.5% Increase	$ 672,214
New Growth	125,000
Local Receipts	119,969
Per Student State Aid (Ed Reform)	86,825
Debt Exclusion	137,192
Total	$1,141,200

These new funds are offset somewhat by decreases in revenues since 1995 which bring the final total of new revenue available to $640,000.

REPORTS OF SPECIAL COMMITTEES

REPORT OF THE WARRANT COMMITTEE FOR THE ANNUAL TOWN MEETING

The Warrant Committee herewith presents to the Town Meeting and to the voters and taxpayers of the Town estimates and recommendations for action on Articles submitted to the Annual Town Meeting to begin Monday, May 1, 1995, with the following additional dates reserved if needed . . . May 2, 4, 8, 9 and 11, 1995.

The Warrant Committee recommends that Town Meeting vote appropriations totaling $54,123,077. Excluding proposed bond issues, the recommended appropriations total is $41,205,303. Approval of this recommendation by Town Meeting would require an operating override of approximately $1,131,500 to be placed on the ballot by the Board of Selectmen to give the citizens of Milton an opportunity to express their opinion on trying to maintain our current level of services.

If the operating override passes, the recommended budget would result in an estimated increase of approximately 7% in the residential property tax rate of $16.20 per thousand for FY 95 to $17.35 for FY 96. For the average residence assessed at $200,000, the proposed budget would result in a tax increase of approximately $231.

If the operating override fails, an up to the levy limit budget would result in an estimated increase of approximately 3% in the residential tax rate to $16.68 per thousand for FY 96. For the average residence, the proposed budget would result in a tax increase of approximately $97 — a difference of $134 from the increase if the operating override passes.

NEW REVENUES

The sources of additional funds are estimated as follows:

2.5% Increase	$ 672,214
New Growth	125,000
Local Receipts	119,969
Per Student State Aid (Ed Reform)	86,825
Debt Exclusion	137,192
Total	$1,141,200

These new funds are offset somewhat by decreases in revenues since 1995 which bring the final total of new revenue available to $640,000.

The Warrant Committee has not included any increased Lottery Revenue. As of the time of the printing of this Warrant it was not clear from budget discussions at the state level if the cities and towns would actually receive these monies.

OVERVIEW

There are very few increases in non school budgets. In fact, many of these budgets show a decrease because most, if not all, capital items requested have been moved to the Capital Appropriation Article 14.

The Committee is recommending a reduction of one (1) unfilled position in the Wire Department with an add back of $13,000 to be used when additional manpower is required.

ARTICLE 14, the appropriation for Capital Items, if accepted, would require a debt exclusion override of $3,019,797 for capital items. Warrant Committees have written for several years of the postponement of capital purchases and the deferred maintenance of our infrastructure. This Capital Appropriation Article will be a start in addressing these needs. The major components of this request are:

1) Replacement of underground storage tanks;
2) School building renovations;
3) Town Hall replacement of roof and heat and air conditioning systems;
4) Replacement of trucks and other vehicles for the Public Works, Parks, and Cemetery Departments;
5) Reconstruction of Kelly and other town parks;
6) Computers for the schools and town office building; and
7) New breathing apparatus for the Fire Department.

This override request is structured to be revenue neutral. The bonds for the new purchases will be coordinated to fit into our declining debt schedule so that there will be no tax increase.

There are included in these recommendations 3% Wage Increases effective September 1, 1995 for the Library, Public Works, Cemetery, Parks, non school / non union employees, Police Chief, Fire Chief, Executive Secretary, Town Clerk, and Town Treasurer. The total of these increases is $100,257. Due to budget constraints we have not set aside an amount to fund Police and Fire raises which are yet to be negotiated. The amount required in the School Budget to fund 4% raises and other contractual payments is $665,559. The total needed to fund all raises, and to set aside monies for a similar increase for the Police and Fire Departments is approximately $915,816.

This figure illustrates that raises of this magnitude require nearly all of the new revenue generated each year which seems to be consistently around $800,000 to $1 million, excluding some one time savings that have occurred in recent years.

The recommended School Appropriation under Article 29 is $17,540,069. as previously mentioned, the School Budget would require an operating override of approximately $1,131,500. The School increase consists of $501,000 (the minimum additional contribution under the Ed Reform Act) which is funded from within levy limit dollars and the remainder will be raised by the override.

There are several reasons for this 10% increase for our schools;

1) Increasing enrollments — Each year in the recent past and projected to continue in the near future, which have resulted in some class sizes which are presently higher than desired.
2) Increased Special Ed costs — Mandated Special Ed costs are projected to increase by almost 20% for 1996.
3) Raises and other contractual obligations.
4) Inadequate state aid under the Ed Reform Act — Milton currently receives $25 per student while most of the other cities and towns in the Commonwealth receive substantially higher per pupil reimbursements.
5) Increased cost of materials and books for an increasing enrollment.
6) A small reduction in athletic fees and restoration of a few extra-curricular activities.

ARTICLE 61 — Appropriation for Construction of Library recommends an appropriation of $9,232,977, contingent on receiving a 30% state reimbursement for construction of a new library.

There are 21 Citizen Articles, some of which were discussed at prior town meetings.

Both the Board of Selectmen and citizens have submitted articles to create enterprise funds for water, sewer and solid waste. The Warrant Committee did not have sufficient time to properly study these proposals. A "NO" vote is recommended with a request for a study committee appointed by the Moderator.

Several zoning articles have not been voted by the Planning Board and therefore have "no recommendation at this time." The same is true of Article 41, which is a sewer study for the Forbes Road area. The Warrant Committee expects to have recommendations by the time Town Meeting convenes.

If the proposed operating override were to fail, the Warrant Committee feels that an increase of only $501,000 for the Schools would severely impact our childrens' education and our town. Therefore a new budget would have to be proposed which would come as close as possible to the $963,182 "Bare Survival Budget" as presented by the School Committee. It is important to note that most of these additional dollars appropriated for the Schools would have to come from non-school budgets. It is clear that these cuts would affect personnel services and create severe hardships for many departments.

The Warrant Committee urges approval of both proposed override questions by both the Town Meeting and the citizens of Milton.

The Chair extends her thanks to all of the elected and appointed officials of the Town who have assisted in the preparation of this Warrant. Thanks are also extended to the Board of Selectmen, Chair Katherine Haynes Dunphy, Executive Secretary John Cronin, Town Accountant Edward Spellman, Town Treasurer Kevin Sorgi, and Chief Appraiser Jeffrey d'Ambly. The Chair also thanks Carol Blute, Barbara O'Malley, and Angela Hanna of the Selectmen's Office. Special thanks to Warrant Committee Clerk Lorraine Cimildoro, Warrant Committee Secretary Paul Girouard, Alan McDonald, and all the members of the Warrant Committee for their hard work and long hours spent preparing this Warrant.

Respectfully submitted,

Mary R. Fitzgerald, Chair
Paul Girouard, Secretary

DEPARTMENT REPORTS

REPORT OF THE AIRPLANE NOISE COMMITTEE

To the Honorable Board of Selectmen: June 30, 1995

The Town of Milton Airplane Noise Committee has had mixed results in its efforts to obtain mitigation measures of airplane noise which overfly our Town.

Through February 18, 1994 the Committee had support from both Senator W. Paul White and Representative John Joseph Moakley. Representative Moakley's office set up a meeting with representatives of the FAA, Regional Office and the Boston Tower, and MASSPORT. This meeting was used by the Town of Milton Airplane Noise Committee to present evidential material which clearly substantiated our claims that the residents of Milton are being subjected to unnecessary and excessive airplane noise.

At the conclusion of our presentation at the February 18, 1994 meeting the Town of Milton Airplane Noise Committee pushed for a follow-up meeting with all participants to begin addressing the various grievances presented. This request was denied by Representative Moakley's Office.

Since the Meeting of February 18, 1994 enumerated above, the Committee has been unable to get Representative Moakley's office to refocus on the Airplane Noise issues facing Milton residents. Furthermore, the leaving of Mr. Steve Cronin from Senator White's Office has left the Committee without anyone seemingly interested in our airplane noise issues.

In summary, this year has been a frustrating one. The Committee believes that the only way Milton's airplane noise, vibration and pollution burden will be resolved is if we can get Representative John Joseph Moakley and his office and Senator W. Paul White and his office to refocus on our airplane noise, vibration and pollution burdens.

Failing a commitment from elected representatives, the only other avenue is a legal one.

Respectfully submitted,

Robert A. Fournier
Chairperson

REPORT OF THE ANIMAL CONTROL OFFICER

To the Honorable Board of Selectmen: June 30, 1995

The activities and income of the Dog Pound through June 30, 1995 were as follows:

Number of stray dogs picked up	72
Stray dogs sold	84
Dogs turned in	23
Pound fees collected	$6,130.00

Dog Citations were issued for unlicensed and unleashed dogs. The Town was reimbursed by the court for their share of this revenue.

The invaluable assistance of the "Friends of the Pound" is gratefully acknowledged, especially their help on adoptions and coverage of the pound.

Respectfully submitted,

Linda A. Kippenberger
Animal Control Officer

REPORT OF THE BOARD OF APPEALS

To The Honorable Board of Selectmen: June 30, 1995

The Board of Appeals respectfully submits the following report for the Fiscal Year, 1995.

Twenty-nine applications were received by the Board of which 24 sought Variances (20 granted, 1 denied and 3 withdrawn without prejudice) and 5 sought Special Permits (4 granted and 1 denied). Two of the Special Permits issued were for temporary apartments under the provisions of Section III.A.9 of the Zoning Bylaws.

Thirty-four hearings were held during the Fiscal Year as several applications required more than one hearing to obtain the necessary information to render a decision.

Twenty-nine hundred dollars ($2,900) in application fees was collected and deposited with the Town Treasurer. The applicants are also billed to cover the cost of the statutory mailing and advertising of the legal notices and these funds are also deposited with the Town Treasurer when received.

We wish to take this opportunity to thank Roger L. Gregg, Marion V. McEttrick and Brian M. Hurley for their valuable time and assistance in substituting for members of the Board who were unable to be present at various hearings.

The Board thanks all Department Heads, Boards and Committees for their assistance this past Fiscal Year.

Respectfully submitted,

Roderick M. Connelly, Chairman
James N. Doherty, Member
Frederick J. Kibble, Member

REPORT OF THE ASBESTOS COMMITTEE

To the Honorable Board of Selectmen: June 30, 1995

The Asbestos Study Committee was formed by the Annual Town Meeting in 1992 to make recommendations for the evaluation of safety conditions regarding asbestos construction materials in the town properties.

As of this date, all town buildings have been inspected and all friable asbestos products have been removed or encapsulated. In addition, there is an ongoing program to control this environmental hazard.

Town Engineer Paul Kanter and Town Office Building Custodian Robert McKay have completed a course of studies for the Asbestos Associated Project Worker conducted by the Department of Labor and Industries, Division of Occupational Hygiene. The ongoing program will be managed by Mr. Kanter for the non-school buildings and by James Foster for the school buildings.

The annual re-inspection of the buildings this year showed no loose, damaged or deteriorated asbestos-containing material. Samples of loose suspect material from the basement of the Town Hall were analyzed by the Department of Labor and Industries and were found to be free of asbestos. Town department heads were again sent letters advising them of safety measures included in an attached report of the Department of Labor and Industries.

The committee is pleased with the progress of the program and wish to thank all those responsible for this success.

Respectfully submitted,

James F. Dunphy, Chairman
Peter P. Gacicia III
James F. Foster
Richard Livingston
James C. O'Brien

REPORT OF THE BOARD OF ASSESSORS

To the Citizens of Milton: August 1, 1995

The Board of Assessors is pleased to submit its annual report for the fiscal year 1995 (July 1, 1994 - June 30, 1995).

At the Annual Town Meeting of April 25, 1995, Kathleen Heffernan Connelly was elected to serve for a term of three years. The Board organized on April 28, 1995 as follows:

M. Joseph Manning, Chairman
Thomas S. Gunning, Secretary
Kathleen Heffernan Connelly

During the year, Board members and our Chief Appraiser attended various conferences, meetings and seminars conducted by the Massachusetts Assessors's Association and other related organizations pertaining to assessment practices.

Former Assessor Daniel E. Duggan, Jr. chose not to seek another term and announced his retirement after serving as a member continuously since May 3, 1956, when he was appointed to fill an existing vacancy.

During his thirty-nine years, he shared with us a lifetime of knowledge of Milton, the skills of a certified appraiser of property, and a common sense approach to fairness to all. Serving as Board Chairman for many years, Mr. Duggan's fidelity to his responsibilities set him apart as a uniquely dedicated and universally respected public official.

Despite budget restraints upon our department, the Assessors continue to carry out our responsibilities of on-site inspections of those properties that undergo building alterations and those contesting valuations.

A total town revaluation of all properties is conducted every three years in accordance with state law. Procedures are now underway to carry out this mandate for fiscal year 1997, property valuations to be effective January 1, 1996.

In an effort to exercise our responsibility that is empowered to the Board of Assessors for the fiscal soundness of our Town Government in that each taxpayer should bear their fair share for the cost of same, it is our duty to determine that the town's valuations be in line with current market values in order to bear its fair share toward the total cost. This will be our objective in the year ahead.

To our dedicated staff and Chief Appraiser Jeff d'Ambly, we want to express our sincere appreciation and thanks for their loyal and faithful service.

A detailed statement of receipts and expenses follows:

REPORT OF THE AUXILIARY FIRE DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1995

The Auxiliary Fire Department provides services to the Milton Fire Department with its Support Service Unit. This converted modular ambulance has three generators (5K,1.8K, 1K) and a 1000 watt converter operated off the vehicle's engine; 12 floodlights; nearly 1000 feet of various types of cables; space for a command post; medical equipment and a variety of light rescue equipment. There is also a trailer with a 5K generator and arrow board available at all times.

The Support Service responded to three multiple alarms during FY95. An average of five auxiliary members responded to each of these incidents. We attempt to have at least one EMT member respond to each fire incident.

The Support Service Unit assists the Milton Police whenever requested. During FY95 it assisted at a variety of incidents such as a weapon search, Road Watch, shooting investigation, several night training sessions for police cadets, the Trooper Mattaliano funeral, Charbo's Run, the Milton Road Race and an arson investigation with the State Fire Marshall.

It is also registered with the Massachusetts Emergency Management Agency for disaster service in the metro area.

The Auxiliary Fire continues to staff and maintain the 1934 Maxim pumper engine requested annually by Town organizations such as The Village School, The Sunshine School, The Carriage School, The Colicott P.T.A. Field Day, Milton Night Out, St. Agatha Picnic, Milton Pride Day and the Forbes House Family Day. Engine No. 5 is a perennial feature in all parades in the Town and in the Fourth of July Parade in Randolph.

The Auxiliary Dodge RAM Charger is regularly pressed into service by the Fire Department as a backup for the Deputy Chief car and to transport the Milton members of the Metro-fire 13, HAZMAT team and a variety of department assignments.

The Milton Firefighters Memorial Archives opened in October 1993, the 200th Anniversary of the Milton Fire Department. Now in its second year, the collection of fire service memorabilia related to the history of the Milton Fire Department continues to grow. The Archives are located in the Chemical Building which is being restored by Auxiliary Fire members.

Two Auxiliary members have resigned active status after being accepted into the Massachusetts State Police and the Milton Fire Department. We are

proud of these young men and wish them well. The twelve members of the Auxiliary have contributed over 1550 hours of volunteer services during FY 95. We accepted two new members during FY95.

Scheduled meetings are held at 7 p.m. on the second and fourth Tuesday of each month at the Chemical Building, 509 Canton Avenue at which time anyone interested in joining the Auxiliary is most welcome. Most members meet every Tuesday to check on the building and to perform additional maintenance on the vehicles.

In conclusion, the Auxiliary would like to express its continued gratitude to Chief Donald Affanato and the professional firefighters of the Town of Milton for their encouragement. We also thank Lieut. Richard Wells of the Milton Police Department for his utilization of the Support Service Unit in various police operations.

Prepared by:
John Fleming, Captain

Approved by:
Deputy John Foley, MFD, Director

REPORT OF THE AUXILIARY POLICE DEPARTMENT

To The Honorable Board of Selectmen: June 30, 1995

The Milton Auxiliary Police, directed by Auxiliary Captain Louis B. Smith, contributed over 1,850 man hours of service to the community during fiscal year 1995 and 76 man hours to the neighboring community of Hopkinton during the Boston Marathon for traffic and crowd control.

The Milton Auxiliary Police has a working complement of twenty-one members, having lost one member to the U.S. Marshall's Office, and three members on the inactive list. There are presently two new members attending the Massachusetts Criminal Justice Academy in Canton who will graduate in early January. They will then be eligible for service to the community. The State mandates that all new officers attend 120 hours of classroom education, which they must do evenings on their own time.

The events covered this year for the community were the Boston Marathon, Visiting Nurses Walk, the Women's Club yearly race, Peace Vigil, July 4th at Pierce Field, Santa's arrival at Town Hall, Dorchester Day parade, Halloween, Memorial Day and Veteran's Day parades, Charbo's Run, Steve Murphy race and fourteen concerts on the Town Green.

Each officer as mandated by State law was re-certified in C.P.R. training and passed qualifications on the range this past summer.

Scheduled meetings are held at the Milton Police Department on the third Thursday of each month.

In conclusion, the Auxiliary Police would like to express our gratitude to Chief Kevin Mearn and Lt. Richard Wells for their continued support and professional encouragement.

Respectfully submitted,

Capt. Louis B. Smith

APRIL	56	2	1	4	49	905,669.00	10,933.00
MAY	53	1	1	0	51	861,342.00	12,878.00
JUNE	57	2	0	4	51	3,787,101.00	10,632.00
TOTALS	618	27	6	20	565	$15,359,574.00	$155,866.75

Fees for the above permits amounting to One hundred fifty-five thousand eight hundred sixty-six dollars and seventy-five cents ($155,866.75) have been collected and paid to the Town Treasurer.

Fees for the inspections of public and private institutions amounted to Two thousand six hundred seventy-five dollars ($2,675) and were paid to the Town Treasurer.

Fees for license renewals amounted to Twenty-seven dollars ($27) and charges collected for Zoning by-laws and maps amounted to Seven hundred twenty-two dollars ($722) have been collected and paid to the Town Treasurer.

I wish to extend to the Honorable Board of Selectmen my sincere appreciation for their cooperation. May I also express my appreciation to all Town Officials, Boards, Committees, and to secretary Janice Freeman for their assistance.

Respectfully submitted,

Donald G. Robbins
Building Commissioner

REPORT OF THE CEMETERY TRUSTEES

To the Honorable Board of Selectmen: June 30, 1995

The Board of Trustees of the Milton Cemetery respectfully submit their Annual Report for the period of July 1, 1994 to June 30, 1995.

During the year, there were 304 internments and 292 graves sold. Funds appropriated by Town Meeting for the operation of the Cemetery for FY 1995 totaled $407,516 while income generated by department sales of graves, fees for that period and interest on the Perpetual Care Fund investments totaled $449,690.

At the annual meeting of the Board of Trustees held in May of 1995, Bernard J. Lynch, Jr. was unanimously appointed Chairman of the Board. J. Joseph Donovan, a 21-year member of the board, was reelected in the Town General Elections.

In an effort to complete the final phase of a seven-acre development, discussions were held in regards to landscape designs for an entryway, a feature garden, veterans area and perimeter buffer zone. Preliminary landscaping of this parcel bordered on the west by Dudley Lane, on the north by Centre Street and on the east by Brook Road continued.

Plans for a fundraising campaign for a new iron gate for the main entrance were initiated. It was decided to begin the campaign in the fall of 1995.

To the Superintendent and employees of the Cemetery who have done an outstanding job of providing services to the public and in beautifying the grounds, I wish to express my sincere thanks for their expertise and loyalty. I wish to thank all the Town officials, Board members and committees for their cooperation and assistance during the year.

Respectfully submitted,

Bernard J. Lynch, Jr., Chairman

REPORT OF THE CONSERVATION COMMISSION

To the Honorable Board of Selectmen: June 30, 1995

The Milton Conservation Commission, a seven-member body appointed to implement the Massachusetts Wetlands Protection Act and the Local Wetland Bylaw, respectfully submit this annual report for your information. Fiscal Year 1995 was a year of transition for the Conservation Commission. We regretfully accepted the resignation of our Chairperson, Andrea Stanton, whose insightful leadership and energy will be missed. Donald Neal was elected acting chairperson and Bill Clark was appointed to our membership. The Commission voted to reduce the number of meetings from twice per month to once per month. We continue to operate within our allocated budget of about $4,000 with invaluable support from Angela Hanna, our Secretary, and James Greene, our Conservation Agent.

The Conservation Commission supervised the implementation of a number of significant projects. In early 1995 construction began on the New Neponset Valley Relief Sewer, a 48-inch force-main through the sensitive Fowl Meadow wetland in Milton. As a condition of our approval for the project we required the applicant, the Massachusetts Water Resources Authority, to provide the Conservation Commission with about $40,000 to fund an environmental monitor whose job is to ensure compliance with our permit conditions and ensure that construction minimizes impacts to the Town's wetland resources. Construction will be completed spring 1996.

Other noteworthy projects before the Conservation Commission during fiscal year 1995 included:

- remediation of a heating oil leak at Milton Academy;
- co-sponsorship of the inland Neponset River Area of Critical Environmental Concern with the Conservation Commissions of Boston, Norwood and Dedham;
- co-sponsorship of the coastal Neponset River Area of Critical Environmental Concern with the Conservation Commissions of Quincy and Boston; and,
- continued negotiation with Resolution Trust Corporation concerning the 2 Granite Avenue site.

The Conservation Commission also proposed a revision to its regulations requiring a 25-foot zone of nondisturbance adjacent to wetlands. This regulation change, which may be superseded by vote of the Conservation Commission on a case by case basis, is necessary to discourage encroachment of development

near wetlands. The 25-foot nondisturbance zone, which is located within the statutory 100-foot buffer zone, does not constitute an extension of our jurisdiction; rather, it provides applicants with specific guidance on the Commission's policy with respect to requiring permanent buffer between wetlands and upland areas.

Respectfully submitted,

Donald R. Neal, Chairperson
Ellen Anderson

REPORT OF THE COUNCIL ON AGING

To the Honorable Board of Selectmen: June 30, 1995

The Council on Aging is pleased to submit the Annual Report for the year ending June 30, 1995. The Milton Council on Aging/Senior Center program is as diverse as the individuals it serves. It is through the dedicated efforts of the many Milton citizens, volunteers, Council on Aging Board Members, Friends of the COA, staff and the Milton Board of Selectmen that the following programs exist to improve the quality of life for elderly Milton residents:

INFORMATION AND REFERRAL: Units of Service Provided 6,824

This represents a 32% increase in service from Fiscal Year 1994.

Trained staff and volunteers use available resources to answer questions and make appropriate referrals for seniors and their families. Especially when a family is experiencing a crisis, this help can make the difference between catastrophy and finding acceptable solutions.

TRANSPORTATION: Units of Service Provided 7,424

This represents an 18% increase in service from Fiscal Year 1994.

Two vans are operated by the Council on Aging to help meet transportation needs. Recently the COA was awarded a ten passenger, lift-equipped van through a Title 16 B2 Grant by South Shore Elder Services and the Executive Office of Transportation and Construction. This "state of the art" vehicle is used to transport Milton elders and handicapped residents of all ages for shopping, to medical appointments, to the Senior Center and to any pre-arranged destination on a first come, first served basis. A forty-eight hour reservation is required. The COA also provides medical transportation through a Title IIIB Grant awarded by South Shore Elder Services, Inc. which allows funding for limited "chair car" transportation to appointments outside of Milton.

Medical Van — Our vans are used two days a month for routine local medical appointments between the hours of 8:30 a.m. and 2:30 p.m. Reservations should be made as soon as possible to guarantee a spot on the van.

Shopper Van — Weekly marketing service is available for seniors who have no other means of transportation within their household. Trips were initiated this year to East Milton Square, and also to South Shore Plaza. These trips are so popular that they will probably continue even after the construction in East Milton is finished.

Medical Volunteers — Volunteer drivers provide transportation for ongoing treatments and routine doctor's visits, Monday through Friday. Reservations must be made at least 48 hours in advance. For those who wish to

participate in a meaningful, flexible volunteer project, our volunteer driving program offers a perfect opportunity

OUTREACH: Units of Service Provided 1,064

% of service has remained constant compared to Fiscal Year 1994.

Our Outreach worker is available to make home visits, which extend information and referral services to homebound elderly. The Outreach program provides a caring link to the community for those who have serious problems or merely need a remedy to isolation and loneliness. The Outreach program is funded by the Executive Office of Elder Affairs Formula Grant.

SENIOR CENTER: Units of Service Provided 2,964

This represents an 8% increase in service from Fiscal Year 1994.

During this year our Senior Center has been located at 1200 Brush Hill Road through the generosity of Thomas Flatley. The Senior Center is a special space belonging to all Milton Seniors. We invite you to participate in the current programs and to make known your ideas for additional activities.

COMPUTER EASE: Units of Service Provided 572

This represents a 10% increase in service from Fiscal Year 1994.

An innovative and exciting program, developed and carried out by volunteers who have done everything from teaching to writing grant proposals and receiving grant awards, including inkind contributions and funding for creative projects. Twenty donated computers are available for hands-on use. Our "computer user group" meets weekly to explore the wonderful world of computers from the most elementary introduction to the advanced creation of art work and animation.

SENIOR HIGHLIGHTS NEWSLETTER: ..... 30,200 copies distributed

The monthly publication of the Milton Council on Aging provides information of current interest to seniors including the menu for the Meal Site and the Calendar of Events for the Senior Center. The "Senior Highlights" is distributed by COA Board Members and volunteers throughout the cornmunity. Annual subscriptions are available for $5.

FRIENDS OF THE MILTON COUNCIL ON AGING: ..... 98 members

A volunteer corporation founded to support the work of the Council on Aging by increasing community involvement and fund raising. The Friends plan a wide variety of day and overnight excursions. The Friends membership is open to any individual on an annual basis for $5.

WIDOWED PERSONS SUPPORT GROUP: Units of Service Provided .. 180

This represents a 6% decrease in service from Fiscal Year 1994.

A monthly meeting for men and women who have lost a spouse and are looking for the comfort and support of other widowed people in a confidential,

informal setting. This group meets on the third Wednesday of each month at the Senior Center. It is co-sponsored by the COA and the Milton Visiting Nurse and Social Service League.

NUTRITION PROGRAM

South Shore Elder Services, Inc. serves lunch Mondays, Thursdays and Fridays at Knowlton Hall, Winter Valley, 600 Canton Avenue. Not only is a nutritious hot meal provided but also the pleasant ingredient of socialization. Transportation is provided by the COA lift-equipped van.

LIBRARY BOOK SERVICE: Units of Service Provided 150

% of services has remained constant compared to Fiscal Year 1994.

The Milton Council on Aging co-sponsors a book delivery service for homebound elders with the Milton Public Library. Volunteers deliver and return books, including a good selection of large print titles to the homes of those who are otherwise unable to go to the library.

INCOME TAX ASSISTANCE: Units of Service Provided 38

This represents a 37% increase in service from Fiscal Year 1994.

Volunteers provide tax preparation assistance at the Senior Center in February and March.

SHINE (SERVING HEALTH INFORMATION NEEDS OF ELDERS): . . . . . Figures not available

A volunteer provides health insurance counseling. This free service is available to any Milton senior who needs help dealing with the complexities of health insurance. The volunteers are trained by the Executive Office of Elder Affairs.

VOLUNTEER OPPORTUNITIES: . . . . 65 volunteers participated in FY '94

People of any age who are interested in improving the quality of life for older people can find a wide variety of meaningful and enjoyable volunteer activities through the COA. The nature of the work and time commitment is flexible.

REPORT OF THE MILTON CULTURAL COUNCIL

To the Honorable Board of Selectmen: June 30, 1995

The members of the Milton Cultural Committee are pleased to submit their annual report for FY 95. The Milton Cultural Council is the local affiliate of the Massachusetts Cultural Council, formerly the Massachusetts Arts Lottery Council.

The Massachusetts Cultural Council (MCC) was formed in 1990 through the merger of two previously separate agencies, the Massachusetts Council on the Arts and Humanities (MCAH) and the Massachusetts Arts Lottery Council (MACL). The MCC receives funding from the state of Massachusetts and the National Endowment for the Arts, and distributes funds through direct grants to individuals and organizations through a statewide competitive grant process, and to local councils, such as the Milton Cultural Council, which then regrants funds to individuals and organizations in their own communities.

The mission of the Massachusetts Cultural Council is to promote excellence, access, education, and diversity in the arts, humanities, and sciences in order to improve the quality of life for all Massachusetts residents and to contribute to the economic vitality of our communities. The Milton Cultural Council adheres to these goals at the local level.

The duties of the Milton Cultural Council are to solicit community input, assess local cultural needs, communicate with the public, review and recommend action on local applications, report to the Massachusetts Cultural Council, and comply with guidelines of the MCC. The Milton Cultural Council directs funds to individuals, organizations and schools that are dedicated to productive and creative efforts in the arts, humanities and interpretive sciences, and which contribute to the cultural vitality and well-being of the community.

During 1995 Chairperson Emma Jean Moulton completed her maximum term of office and retired from the Committee. Ms. Moulton had served the Committee with tireless dedication and commitment to the arts. Her insight and leadership were an asset to the Town and the Committee. Catherine Smyth was appointed as Chairperson. Two new members joined the Council: Patricia Ostrem and Sunny Merritt. During 1995 the Milton Cultural Council included the following members: Catherine Smyth, Chairperson; Mary Sennott-Burke, Treasurer; Steve Nelson, Publicity; Frank Guiliano, Corresponding Secretary; Sylvia Pitnoff; Rita Moy; and Sunny Merritt.

The Milton Record Transcript and the Suburban Shopper were the two primary vehicles for publicity. Public notices regarding the grant application process were posted in strategic locations around town. On May 18 a

Community Forum was held at the Main Branch Library. This forum is an opportunity for community members to meet with Committee members and discuss the grant process. Forums are held each year in the spring.

During FY 95 the Town of Milton received $10,594 from the Massachusetts Cultural Council. Thirty applications for Local Cultural Council (LCC) grants were received. Six applications for PASS grants were received. The total amount of funds requested in the LCC grants was $24,536. The total requested for PASS grants was $5,675. Seven LCC applications were fully funded and two were partially funded. Two PASS applications received full funding and three received partial funding. Applicants who received funding were: Cunningham School: "Meet the Musicians"; Glover School: Klezmer Orchestra; Milton Art Museum: "Outreach Program"; Milton Junior Women's Club: "Bennington Puppets"; Milton Park and Recreation: Band Concert; Milton Performing Arts: Young Musician's Festival; Milton Public Library: passes for Aquarium, Science & Children's Museum; Pierce Middle School: "Inca Son"; Tucker School: "Colonial Program"; Collicot School: Ballet Theater of Boston; Cunningham School: Boston Symphony trip; Glover School: American Repertory Theater Co. trip; Pierce School: "Wild Rose"; Tucker School: Jazz Program.

Respectfully submitted,

Catherine Smyth
Chairperson

REPORT OF THE DISABILITY COMMISSION

To the Honorable Board of Selectmen: June 30, 1995

During the past year the Commission has continued its advocacy for the disabled on several fronts.

Within the Town we have continued to:

- Participated in Plan Reviews with the Building Department of the accessibility components of new and renovated public facilities for compliance with the Americans' with Disabilities Act of 1990 (ADA) and the Rules and Regulations of the Massachusetts Architectural Access Board.

- Co-sponsor the Emergency Alert Program with the Milton Police. This Bracelet program continues to operate at no cost to the Town.

- Presented programs on Disability Awareness to students in grade school.

- Conduct a Handicap Awareness Merit Badge program for local Boy Scouts.

Outside of Milton, members have worked to assure better access to programs and services throughout the Metropolitan Boston area by:

- Served as Vice Chair of the Access Advisory Committee to the MBTA (AACT). AACT advises the T on all aspects of public transportation which may impact on persons with disabilities, including THE RIDE program and fixed route service. Most all buses serving Milton are now equipped with wheelchair lifts and "kneelers" to lower the bus step to make boarding easier for those traveling with children or with mobility impairments.

- Serving on the Metropolitan District Commission's ADA task force to develop plans to make their programs and facilities accessible to those with disabilities. These included plans to make the swimming beach and bath house, a fishing site and concession stand at Houghton's Pond wheelchair accessible. Other plans include regarding some trails for better access, new signage and a path along part of the Neponset River that will also be accessible to those with disabilities.

We have joined with Quincy and Weymouth in a program to share donated disability aides (wheelchairs, portable ramps, walkers, hospital style

beds, etc.) and make them available to disabled members of our communities on a loan basis.

Our goal for the coming year is to advocate against proposed changes in the ADA that would serve to weaken its provisions and guarantees of equal access to programs and services offered to the public.

Respectfully submitted,

Jeffrey S. Grant, Chairman

REPORT OF THE EXECUTIVE SECRETARY

To the Honorable Board of Selectmen June 30, 1995

I am pleased to submit my twenty-eighth Annual Report. Your assignment to assist Department Heads and Committees under the Selectmen's jurisdiction and to provide such assistance and cooperation as may be required by the Departments, Boards and Committees has been carried out. Every effort has been made to assist the Board in exercising its governmental duties in directing the activities of its department.

LABOR RELATIONS

In Fiscal Year 1995 collective bargaining agreements through June 30, 1996 were negotiated with the Milton Public Employees Association and Milton Library Staff Association for three years, along with a two-year agreement through June 30, 1995 with the Milton Police Association. The Milton Firefighters Union is in the last of a three-year agreement this year.

Contracts for all unions called for 2½% wage increases in Fiscal Year 1994 and a 3% increase effective July 1, 1994. These wage adjustments were conditional on Town Meeting funding. The contracts provided that negotiations would resume if Town Meeting did not fund these costs. At the November 2, 1994 Special Town Meeting, appropriations were made to fund the contracts. The non-organized employees covered by the Personnel Bylaw received a 3% wage adjustment retroactive to July 1, 1994.

Negotiations on successor contracts with each of these unions proceeded with the Firefighters and Police Unions.

Grievances and disputes which have arisen through the year are expected to be resolved on an equitable basis in Fiscal 1996.

MILTON'S SPENDING RATE

The Town of Milton's Fiscal Year 1995 level of spending was moderate in comparison to the communities with which we traditionally have made comparisons.

COMPARATIVE MUNICIPAL FISCAL DATA, 1995

Tax	Population	Tax Levy	Per Capita
Milton	25,901	27,398,013	1,057.79

MILTON EXPENDITURES COMPARED TO TEN TOWNS

Spending levels for various municipal services are scrutinized each year by department heads, governing boards and committees, the Warrant Committee, and finally by the Town Meeting which votes the appropriations. It is sometimes useful to compare Milton's actual expenditures to those of similar communities. A full page chart is included in this report entitled "General Fund Expenditures FY 1994 by Functional Category." The Source is the Massachusetts Department of Revenue. Capital outlay and construction have been excluded. Milton's spending is markedly less than the other municipalities surveyed.

CONCLUSION

All of the employees and departments have been understanding and cooperative as the Town continues to manage within the limits of 2½. I am grateful for their support and dedication.

I extend my thanks and appreciation to the Board of Selectmen and the department heads, Town employees and officials, the members of the boards and committees and to the citizens of Milton who assisted me throughout this year. Special note of appreciation is extended to the staff of the Selectmen's Office who have helped to meet all deadlines, and committees of the Board of Selectmen and the Town Meetings.

Respectfully submitted,

John A. Cronin
Executive Secretary

I wish to thank our secretary and the officers and firefighters for their loyalty and efforts that make this Department an asset to our community.

I also want to thank the various Department heads and employees and our Auxiliary Department for their continued cooperation and support.

On September 11th, after being closed for three years, the Engine #4 Station was reopened. For the support we received from our residents and especially Representative M. Joseph Manning in this endeavor, we will be eternally grateful.

Respectfully submitted,

Donald P. Affanato
Chief of Department

REPORT OF THE BOARD OF HEALTH

To the Honorable Board of Selectmen: June 30, 1995

The Board of Health herewith submits their Annual Report for the period July 1, 1994 through June 30, 1995.

REPORT OF THE HEALTH AGENT

The Board of Health was again extremely busy this year especially with new public and environmental health regulations relative to on-site septic systems (Title V) and lead paint. Title V revisions were effective March 31, 1995 and of most significance is an inspection requirement at the time of property sale or transfer. This has resulted in additional administrative work as well as field work to ensure that failing systems are repaired and new systems are installed per code requirements. Lead paint regulations now provide for a two-year period of interim compliance and various state and federal loan programs are available to assist with the deleading process. Budget constraints are hampering the Board's ability to conduct the mandated twice a year food establishment inspections as well as to fully respond to the many health concerns and complaints received by this office.

The Board was fortunate to receive a second year of funding from the State Department of Public Health's Health Protection Fund for our local Tobacco Control Program. This funding is a result of the 25¢ tax on cigarettes and has provided additional hours for the Health Agent to act as Program Director and for the Board of Health Secretary to act as Program Secretary. The goal of the statewide tobacco program is to reduce tobacco use in Massachusetts 50% by 1999. To reach that goal in Milton our program has a variety of facets. The first was to adopt local regulations that were effective January 1, 1995. These regulations prohibit smoking in all town buildings and vehicles. To assist in this transition, smoking cessation classes were offered, at no charge, to any interested town employee. The regulations also make it more difficult for minors to purchase tobacco products and bans cigarette vending machines in locations that youth have access to. Restaurants with 25 or more seats are now required to designate a contiguous nonsmoking area of at least 50% of the available seating. An ongoing effort involving educational programs and events has focused on youth issues and encouraging youth to stay smoke-free. Peer leadership training was sponsored at Fontbonne Academy and as part of the training the students developed smoking education skits that were performed at Fontbonne Academy, St Agatha's School and St Mary's School. The Board celebrated the Great American Smokeout on November 17, 1994 at Java Jo's Coffee House, in conjunction with the DARE Program and the Milton Merchants & Professionals Association. Raffle prizes, a poster display, folk singing, cake and refreshments were available, along with a visit by the Grim Reaper who handed out Anti-Tobacco playing cards to students who pledged

not to start smoking. The event was so successful that the Health Agent was recognized by the American Lung Association of Greater Norfolk County as a Local Hero.

The Board was also fortunate to receive grant money for the Health Agent to attend an EPA Training Course in Washington, DC for radon training. The program provided an abundance of educational materials and radon test kits that were distributed throughout the community. Coupons for low cost radon test kits are still available at the Board of Health office. In general, if radon levels exceed the recommended 4 pCi/L, mitigation efforts can be done at low cost to the homeowner. Our office also has information with techniques for radon resistant construction of new homes. Radon is the second leading cause of lung cancer in the United States and both testing and mitigation are inexpensive and recommended.

A major project that engaged the Health Agent during this fiscal year and continues on into the new fiscal year is a proposed sewer project in the Milton Hill neighborhood consisting of 35 homes on Forbes Road, Cheryl Drive, Marr Crest Drive, Milton Hill Road and a small section of Adams Street. Complaints of raw sewage seeping out of a hill and of sewer odors emanating from catch basins, all in close proximity to the Neponset River, resulted in a joint investigation by the Health Department and the Engineering Department. The investigation revealed a multitude of problems with the on-site septic systems in the area, including failing systems, systems connected to the storm drains, areas of high groundwater and areas of native soil of slow percability. Because of the many problems identified and the location which impacts the environmentally sensitive Neponset River, the Board of Health worked with the Board of Selectmen to further study the issue and to come up with a solution. At the spring 1995 Town Meeting, $20,000 was appropriated to hire the environmental consulting firm of Whitman & Howard, who are proposing, as one possible and economical solution, a pressure sewer system to serve the existing homes in this neighborhood. A spring 1996 Town Meeting Article is expected.

New State Sanitary Code regulations governing public swimming pools were implemented this year and to assist the town pools, an educational forum was held in the town of Norwood, in conjunction with the Norwood, Walpole and Braintree Health Departments.

Rabies continues to be a problem in Massachusetts and our Animal Inspector is kept very busy with animal quarantines and educational efforts. All dogs and cats must be immunized against rabies and the Board of Health and Kiwanis, in cooperation with the Milton Animal League, offers a low cost rabies clinic every spring.

The Board of Health Rules and Regulations have been revised and are available in our office.

REPORT OF THE PUBLIC HEALTH NURSE

I. School Report

Enrollment:	St. Agatha	375
	St. Mary of the Hills	344
	Montessori School	82
	Shaloh House	20
	Delphi Academy	110
	Fontbonne	482
	Total	1,513

Daily visits to the parochial elementary schools were made throughout the school year. Periodic visits were made to the remaining private schools.

Vision and hearing tests were administered to the entire enrollments of St. Agatha's, St. Mary's, Thacher Montessori and Shaloh House schools. Parents were notified if their child failed either testing program. Follow-up on each referral was conducted.

All students in Grades 5-9 were screened for Scoliosis as mandated by State law. Five students were referred to their family physician for further evaluation.

Immunizations were offered to students requiring boosters. Clinics were held at the schools and at the Board of Health office for residents. A total of 75 immunizations were administered.

All Camps were visited and health records reviewed for proper immunizations. A total of eleven camps now operate in Town during the summer months. All camps were in compliance with State regulations.

II. Communicable Diseases — Community

The Tuberculosis status of one resident was monitored throughout the year.

Sixty-eight Mantoux skin tests were administered to residents requesting the service and to those who have been in contact with an active case of TB.

Thirty Mantoux tests were administered to adult camp employees at Curry College Tennis Camp, Camp Sayre, Girl Scout Camp, South Shore YMCA Camp, Delphi Academy, St. Mary of the Hills Camp and Kids Camp, Chickatawbut Hill Camp and Sports Plus at Milton Academy.

III. Other Communicable Diseases

Case histories, home visits and follow-up were carried out on:

29 cases of Pertussis	1 case of Amebiasis
7 cases of Salmonella	7 cases of Campylobacter
8 cases of Giardia	3 cases of Hepatitis
3 cases of Meningitis	1 case of Lyme Disease
1 case of Rubella	1 case of Kawasaki Disease

IV. Community Nursing

Assisted the administrative staff of Pierce Middle School and Curry College in implementing the State Immunization laws. Both schools were not in compliance with state regulations pertaining to measles immunization requirements.

Investigated the Pertussis outbreak at Pierce Middle School with the assistance of the school nurse and the Department of Public Health. The outbreak lasted for three months and involved twenty-nine students and family members.

Presented a program to licensed family day care providers on common childhood illnesses and communicable diseases.

Conducted an in-service program for school nurses on current Immunization recommendations.

V. Tobacco Control

Assisted the Tobacco Control Director with implementing the peer leadership program in conjunction with the Boston University Wellness Center at Fontbonne Academy. Ten training sessions were held and the students presented the program they developed to students at Fontbonne Academy, St. Mary's and St. Agatha's Schools.

A Smoking Cessation Program was conducted for Town Employees in conjunction with the American Cancer Society. Five sessions were held at Town Hall.

Assisted the Tobacco Control Director with the Great American Smokeout. Arranged a poster contest at St. Agatha's School.

Conducted tobacco educational programs for students in Grade 3 at St. Mary's and St. Agatha's schools. Distributed literature to students in Grades Kindergarten through 6.

VI. Continuing Education

Continuing education credits were received for seminars on Vaccine Preventable Diseases, Food Borne Illness, Diabetes, Asthma and CPR Recertification.

VII. Community Relations

Daffodil Day — Captain
Milton Visiting Nurses Association (M.V.N.A.) — Walkathon Captain
Member, South Shore Association of Public Health Nurses
Member, Tobacco Advisory Board
Member, Health Protection Advisory Committee — Milton Public Schools
Representative of Board of Health — Health Fair at Fontbonne Academy

Mary Whitney, R.N.
Public Health Nurse

REPORT OF THE INSPECTOR OF ANIMALS

Local Board of Health Regulations, Chapter 1 govern the Keeping of Animals for both commercial and private uses. To ensure compliance with the local regulations, inspections of the five commercial stables in Milton were conducted every four weeks. The inspections assess cleanliness and sanitation, bedding supplies for the animals, food storage practices, and most importantly, monitor the manure storage and handling. This is critical to avoid the creation of nuisance conditions and breeding grounds for rodents and other pests.

The eighteen privately licensed stables were visited occasionally throughout the year, in addition to the November round of inspections which is mandated by the Massachusetts Department of Food & Agriculture, Division of Animal Health. The November inspections include completion of the official Barn Book Census which records the numbers and types of animals housed in the Town of Milton.

All biting and scratching incidents reported to the Board of Health were investigated to make sure that the animals involved were current on their rabies inoculations. The investigations included both animal-to-human contact, as well as animal-to-animal contact. Various types of quarantines were issued (isolation, strict confinement or close observation) depending on the circumstances of

the contact and the immunization status of the animals involved. During this fiscal year the following number of quarantines were issued:

10 days	50
30 days	2
45 days	15
6 months	25

Due to the sharp rise in the incidence of rabies in our community and throughout the state, animals suffering from wounds of unknown origin receive the strictest quarantine. The time period varies from 45 days, if the animal has been properly vaccinated, to 6 months for an animal not up to date on its shots. Weekly contacts are required to assess the health status of all animals under quarantine and to make sure that they are properly quarantined as defined by the State Department of Food & Agriculture.

I assisted Morton Wolf, D.V.M. at the spring Rabies Clinic, co-sponsored by the Board of Health and the Kiwanis, with the assistance of the Milton Animal League. At this clinic, 159 animals were inoculated against rabies.

Russell Pitnof
Inspector of Animals

In closing, we would like to thank all the Town Departments and agencies without whose help our work would be much more difficult.

Respectfully submitted,

MaryEllen Erlandson, Esq., Chairman
Morton Wolf, D.V.M., Secretary
Virginia A. Gaffey, R.N., Member

REPORT OF THE HISTORICAL COMMISSION

To the Honorable Board of Selectmen: June 30, 1995

The Milton Historical Commission is pleased to submit the following annual report.

The Historical Commission continues to retain the services of a qualified preservation consultant to identify and research historically significant Milton properties in the interest of their preservation.

One of the Historical Commission's principal goals in the implementation of its Historic Preservation Plan has been the expansion of a Survey Inventory of historic Milton properties that have been researched and documented for the Inventory Files of the Town and the Massachusetts Historical Commission. During the FY 1995 year historic property research and documentation has again been carried forward in both the Brush Hill and Milton Hill areas of the Town.

In September the Massachusetts Historical Commission voted to submit the nomination of the Milton Hill area as an Historic District to the National Park Service for approval. On June 9, 1995, the Milton Hill Historic District was accepted for inclusion in the National Register of Historic Places.

The establishment of the Milton Hill Historic District, in addition to the previously approved Milton Centre and Scott's Woods Districts, has resulted in a significant expansion of the Historical Commission's Survey Inventory town-wide, thus enabling the Commission to provide an ever-increasing amount of relevant historical information to Town Boards concerned with the protection of Milton's cultural assets.

The Historical Commission continues to advocate the preservation of the existing Fuller Trust buildings as a requisite for any Fuller Trust development. Material from the Historical Commission's files with regard to this historic property has been provided to Town Counsel John P. Flynn who now serves as a Friend of the Probate Court in the Fuller Trust Receivership case.

The Historical Commission has taken an active role in the review of the proposed Route 28 roadway reconstruction project in order to provide protection for eight surveyed historic properties which front on Randolph Avenue within the designated reconstruction area. Among those persons contacted so as to identify and safeguard these properties were the Chief Engineer of the Massachusetts Highway Department, the Executive Director of the Massachusetts Historical Commission, Milton's Town Planner, and the Chairman of Milton's Route 28 Advisory Committee.

In cooperation with the Massachusetts Historical Commission the Historical Commission reviewed and made recommendations for the proposed addition to the East Milton Post Office, a property listed individually in the National Register of Historic Places.

The Historical Commission wishes to express its sincere appreciation to State Archaeologist Brona Simon and also to the Town's engineering consultant Camp Dresser & McKee, Inc., for their continued oversight in providing an archaeological assessment of the Milton Landfill area in anticipation of the closure of the Landfill and the construction of a Waste Disposal Transfer Station.

The Historical Commission would like to take this opportunity to thank both Representative M. Joseph Manning and Senator Paul W. White for their successful representation on behalf of the Historical Commission. As a result of their efforts during the past year some two million dollars in FY 1994 State funds were restored to the Metropolitan District Commission for the renovation of six historic Blue Hills Reservation structures. Their efforts also contributed to the establishment of a five million dollar Massachusetts Preservation Projects Fund (MPPF) which is now available for matching grants for "bricks and mortar" projects of municipalities and non-profit institutions.

The Historical Commission wishes to again thank Preservation Consultant Edith G. Clifford for her dedication to the work of the Commission. The Commission also wishes to thank the Staff and the Members of the Board of Selectmen, the Board of Assessors, the Planning Board, the Board of Appeals and the Warrant Committee for their ongoing cooperation with the Historical Commission.

Respectfully submitted,

Esther M. Jepson, Chairman
Kevin C. Donahue
Richard B. Heath
William J. Loughran
Santiago A. Rozas
Anne L. Thompson
Frances K. Westerbeke
MILTON HISTORICAL COMMISSION

REPORT OF THE HOUSING AUTHORITY

To the Honorable Board of Selectmen: June 30, 1995

The Milton Housing Authority, established by Town Meeting in 1975, administers low income housing in the Town of Milton.

In the twenty years since its inception, the Authority has built 40 units of elderly housing at Miller Avenue, and purchased six two-family houses on scattered sites in the Town. They purchased a residence for eight special needs tenants and are presently building another residence for six individuals with special needs which will be handicapped accessible. Date of completion is anticipated to be in January 1996.

In July 1995, the tenants residing at 65 Miller Avenue celebrated the 10th Anniversary of the occupancy of the elderly development with a party for tenants, neighbors and past members of the Board.

During the past year, the Executive Office of Communities and Development awarded $158,000 for the removal of lead paint from three of the six two-family houses owned by the Authority. This work was completed in February 1995.

The Authority continues to administer the Section 8 Voucher Program, funded by the US Department of Housing and Urban Development.

Because of a long waiting list for State-Aided elderly and family housing, the waiting list was closed in July 1994. The elderly and family Waiting List for the Federally-aided Section 8 Voucher Program has been closed for three years.

The Authority and residents mourned the death of five-year veteran maintenance man Dick Teevens, and he is missed by all.

At the Annual Meeting in May 1995, Joseph F. Murphy was elected Chairman, Catherine A. Shea, Vice-Chairperson, James F. Foster, Treasurer, Francis C. O'Brien, Asst. Treasurer and Kathleen M. Mullen, Member.

Respectfully submitted,

Joseph F. Murphy, Chairman
Catherine A. Shea, Vice-Chairperson
James F. Foster, Treasurer
Francis C. O'Brien, Asst. Treasurer
Kathleen M. Mullen, Member

REPORT OF THE LEGISLATIVE COMMITTEE

To the Honorable Board of Selectmen: June 30, 1995

The members of the Legislative Committee are Robert E. Barrett, Walter J. Connelly, James F. Dineen, John P. Flynn and John F. O'Donnell.

The members have the following areas of responsibility: Robert Barrett, land use, including building and zoning, subdivision control, health and environmental issues and real property, including purchase, sale, gift and lease of property, and easements; Walter Connelly, contracts including bidding, construction and vendors and public safety, including police, fire and DPW; James Dinneen, general government, including organization, elections, by-laws, regulations, municipal finance, assessment and taxation and Town Meeting; John Flynn, litigation, including tort claims, defects in public ways, employment discrimination and civil rights; and John O'Donnell, personnel, including employment benefits, labor relations, conflict of interest and insurance.

These areas of responsibility cover the spectrum of legislative issues which affect the Town of Milton. Legislation becomes increasingly significant for the Town as a potential source of additional regulation and restriction and as a potential source of relief as well.

Respectfully submitted,

John P. Flynn, Chairman
Robert E. Barrett
Walter J. Connelly
James F. Dinneen
John F. O'Donnell
Legislative Committee

REPORT OF THE LIBRARY DIRECTOR

To the Honorable Board of Selectmen: June 30, 1995

I have the honor of presenting the 123rd Annual Report of the Milton Public Library for the year ending June 30th 1995:

The year was marked by the continued increase in the use of all library services. Circulation of library materials rose by nearly 10%. Because of the library's membership in the Old Colony Library Network, there are now 25 libraries, whose collections, totaling over 2 million books, are available to Milton residents. Furthermore, the state-funded delivery system makes it possible for a book to be delivered to Milton quickly, within two or three days. The availability of books from other libraries does not, however, reduce our need to purchase new books for Milton. A core collection of nonfiction, geared to the curricula of public and private schools, and the information needs of college students and adults must be kept up-to-date in all areas. New fiction cannot be borrowed from other libraries, and many copies must be purchased when demand is high. Therefore, the town must meet the library's need for an adequate book budget. Presently, Milton has one of the smallest book budgets among the 25 towns in the Old Colony Library Network.

The reduction in hours at the branch libraries has caused an increase in the use of the main library. East Milton is now open 22 hours a week, and the Kidder branch is open 12, less than half the hours of service available 5 years ago. The increase in the use of the main library is nearly 40%, with circulation at 228,000 items, 15,000 reference requests and more than 165,000 walk-in visits.

The Children's room continues to delight and educate youngsters with materials and programs made available throughout the year by the dedicated library staff. Almost 3,000 children enjoyed the programs in the library this past year . . . Among the programs that were presented were the several story hours held in the summer when the Summer Reading Club had its activities. Over 400 youngsters were introduced to thousands of books and ideas as a result of this traditional program. There was also a nationally known professional storyteller, Lucille Page, who appeared as a result of the Multicultural Grant that was awarded to the town in 1994. At a special Reading Club award ceremony in August, Rick Goldin, a nationally known children's story teller and folk singer, performed to the delight of several hundred kids and parents despite temperatures in the nineties . . . Story hours were also held in the fall and spring. Beginning this year these were divided into six week sessions repeated once so that every child requesting admission to the story hours could participate. A total of 275 children attended these sessions. In addition to the story hours, there were also several special programs that were sponsored by the Friends of the

Library who were responsible for funding them. Among these programs was a special Holiday Concert with Sarah Melton Keller performing. Ina R. Friedman, local author and story teller, also gave a special reading during the December holiday vacation. In the spring, artist Jan Trunquiest performed readings from Louisa May Alcott.

The Children's Librarian, Anne Parker, and the Young Adult Librarian, Pat Bergin, have been working closely with the elementary and middle schools in developing a collaborative and cooperative program so that the Milton Public Library can meet the needs of the school curriculum. This is accomplished through the regular visits with teachers and librarians at all of the public schools and parochial schools in the town. There were 79 classroom visits in Fiscal Year 1995 reaching a total of 1975 children.

As mentioned above, the library was awarded a Multicultural Grant and this year it was possible to see the results of the hard work involved in purchasing the materials and equipment of 570 items and in publicizing the availability of several hundred books and other materials. The collection has seen over 5000 circulations, an indication of the need for such material.

The reference department under the able direction of Eileen Piazza, Assistant Director, had an increased usage as more children in middle and high schools needed access to various reference materials. Among the innovations of the year in this department was the addition of two new CD-ROM products that have become very important in fulfilling assignments. "Proquest" supplies full text of thousands of articles from magazines through a sophisticated subject searching system. Another research aid is "EMAS," a CD-ROM product which indexes and abstracts additional periodicals for the High School or College student. Use of these research products has become very popular as students increasingly need up-to-date information on everything from AIDS to Zoroastrianism.

One of the most exciting events to occur in June was the establishment of an Internet connection so that any Milton resident could come to the library and find information available anywhere in the vast network of computers that has come to be called "the internet." Although this could be done by anyone from their home the fact is that only about 30% of the population has a computer and even fewer have the ability to connect to the Internet. The library has always been the source of information to everyone regardless of ability to pay and in a democracy it is even more necessary that the library should provide this kind of electronic access to information. As in the past, libraries have been the resource of culture and ideas. They will continue to be so long as they have enough funding to supply the latest technology and to purchase books and materials. The library's role continues to expand to meet the expanding needs of society.

Throughout 1994 and 1995 the preoccupation of staff and Trustees was the new library building project. Once the state made available $45 million for new construction of libraries, the Milton Trustees requested the town to appoint a Building Study Committee in FY 1994. In 1995, the committee began working with the architects Feingold Alexander and Associates of Boston in determining the possibility of renovating and adding to the present facility or building a new library on another site. Beginning in the summer of 1995 an investigation was made of the land behind the Library to see if it would be possible to use it for expanding the building and parking. However, it was determined that it was wetlands and therefore it could not be used. As a result, the building committee looked at many other sites (over 12) and found a suitable location that was owned by the town behind Town Hall. From November to February, the Building Committee and the Trustees worked together to develop a plan for a new library that would be compact and yet provide the necessary space that a modern library required with its expanding role in meeting the print, nonprint and social needs of the community. On March 2, 1995, the library building committee under the direction of chair Dr. Anne E. Coghlan submitted a proposal for a new library. As of July 1, the town was awaiting to hear of the results of the award of a grant to the town for a new library . . . The summer of 1994 was one of the hottest on record with several days when the temperature reached more than 90 degrees. When temperatures are this warm it is impossible to accomplish any meaningful work or to engage in any physical exertion. Despite the heat a number of special activities were held for children and attendance was up over last year . . . The new meeting room was completed in June and was opened by July 1, 1994 for the use of Trustees and library patrons. Several meetings were held throughout the year in this space, including the regular Trustees' meeting, the monthly book discussion group and the children's story hour programs.

Staff resignations for the year included Beverly Crowell, who resigned her full-time responsibilities as Circulation Librarian, and was replaced by Donna Marie Finn, a recent graduate of Framingham State College.

Throughout the year a growing number of staff participated in training sessions on a variety of subjects as they updated their technology skills and became more proficient in the use of the Internet as the library developed its resources in this area . . . The Library participated in a joint project with the School Technology Committee in one of their projects to create a town Computer Bulletin Board System. In that regard the library housed the system and provided telephone and hardware for the purpose of accessing a message system in the library. This collaborative effort was a wonderful opportunity for the library to assist the schools in project that would not otherwise have been completed.

The library was the recipient of a Milton Cultural Council grant for passes to the Museum of Science, Museum of Fine Arts and the Children's Museum . . . Several organizations helped the library with gifts including the Milton Garden Club, The Amateurs Garden Club, The Milton Women's Club and the Junior Women's Club. In addition, many individuals remembered deceased relatives and friends with gifts to the library. All of these contributions and acts of kindness make the library a better place for everyone in the community. The importance of them cannot be overestimated . . . More than 20 volunteers contributed their time in a variety of projects throughout the year. These individuals included librarians, retired librarians, and many others who find the work at the library challenging and fun. Their tasks range from helping with technology to indexing the local newspaper. All of their help is greatly appreciated and has enabled the library to provide a better level of service . . . In conclusion, I would like to express my personal appreciation to the Trustees, the staff and to all the many citizens who have helped the library in many ways to make it a meaningful and productive service to the community.

Respectfully submitted,

Glenn R. Coffman

STATISTICS
Library Services Usage

During FY95 (7/1/94-6/30/95)

1.	Total hours the main library was open	3,265
2.	Total hours the branches were open	1,791

REPORT OF THE MILTON PUBLIC LIBRARY TRUSTEES

To the Honorable Board of Selectmen: June 30, 1995

Again this year the main preoccupation of the Trustees of the Milton Public Library was to successfully complete the various steps towards a new library building.

Once Governor William Weld signed the legislation authorizing $45 million for public library construction, the Trustees did everything they could to further the work of the Library Needs Study Committee. We authorized $10,000 from various trust funds income to pay for a study by architects Finegold and Alexander regarding the feasibility of renovating and adding to the present Central Library and when that option was rejected as insufficient for the need, and as well as inadequate from the point of view of a State grant award, the architects, at the direction of the Study Committee, investigated the area behind the Central Fire Station for suitability for a new building.

In May 1995, the Town voted authorization of a $9.2 million bond issue for a new Library building on the condition that the Town was awarded a State grant of 30% of the cost of the building and a referendum vote approved an override of Proposition 2½.

July 13 was a banner day for the Library. The day in which a Grant of $2.8 million was awarded to Milton in the face of requests by 72 other libraries.

A major concern of many Miltonians was the question of the future of the three library buildings. These buildings and the land they are on are under the jurisdiction of the Selectmen, who appointed a special committee to examine various use possibilities if a new library was built, and if the branch libraries were closed.

Hearings were held by the committee in the three library buildings. Participants at hearing in the East Milton Branch Library did not want their branch closed. Recognizing the need for further communication the Trustees immediately scheduled a special hearing on the subject. The majority of the 200 people who attended wanted to keep their library. As a consequence, the Trustees later voted unanimously to rescind a previous vote to close the branches because of financial constraints. There is currently no plan to close the branches.

Collaboration between the Milton Art Museum and the Library has been very rewarding. The Museum has for some time, had on indefinite loan some works of art that belong to the Library. This year, three Piranesi prints were added to the museum collection. Director Beth Nevile is especially pleased to

be able to use them as teaching tools for the hundreds of children who pour through the Museum. As the Library has no place to either exhibit or properly store them it is a satisfactory solution for all concerned.

Dr. Herbert Wotiz, Library Trustee, has been proceeding with the task of finding experts to appraise some of the Library art, preparatory to applying for permission by the District Attorneys Office, to sell selected pieces unrelated to either the Library or Milton.

Fund raising has been a major concern of the Trustees this year in anticipation of a capitol fund drive for the new library. The Trustees, together with the boards of the Friends of the Library, and the Milton Historical Society donated funds to begin the campaign. Some of this money was used to hire a professional to do a preliminary study of fund raising prospects in Milton. The results were edifying to all concerned and will be useful when the campaign gets under way.

In addition to a capitol fund drive the Trustees have initiated the process of establishing an independent Library Foundation. We realize the necessity for continual fund raising in the future to supplement the Town appropriation. Operating with minimum funding is less than satisfactory; particularly frustrating to have a limited book budget at a time when more books are being published than ever before, and the average price has risen 14% in the last year.

The Library has long been the recipient of private donations and this fiscal year was no exception. In addition to generous contributions for funding books and magazines, several gifts have made possible the restoration of the Hutchinson Desk and the Aaron Willard Grandfather clock. They will have places of honor in the new library building for all to admire their magnificent craftsmanship and historical significance.

There has been much comment on the state of cleanliness of the Central Library. This is partly due to the age of the buildings and partly to a money saving effort to share a single full time employee, plus one (and sometimes two) very part time High School students to clean the three library buildings and the Town Hall. Before Proposition 2½ the Library had three full time employees devoted to cleaning! The Trustees are continually searching for ways to maximize the efforts of the existing staff. The new Library building has been carefully designed for maximum energy and staff efficiency and low maintenance costs.

Although divided responsibility may be troublesome, some shared resources bring a benefit to both parties. The Council On Aging van now delivers books to shut-ins, in addition to the long-time volunteer services of Sally Rollins, retired librarian.

The conference room in the basement of the Central Library, completed in the summer of 1994, has been in constant use by Trustees, staff, Friends of the Library and assorted other parties. An outdoor storage shed, partly donated by Home Depot, has been storing various tools and equipment freeing up a small room next to the conference room for use by the Friends.

Last but not least, two lovely outdoor signs were donated in November by the DeWolfe company. To our chagrin, one of the signs was stolen in April.

This past year the Director, the staff, Friends of the Library, members of the Library Needs Study Committee and many other individuals have worked enormously hard to bring as to where we have successfully jumped the series of hurdles leading to a new library building. One final jump remains, the referendum. The Trustees think that this new building will benefit the Library, to be sure, but the biggest beneficiary will be the residents of the Town, in ways that go far beyond the Library itself.

Trustees of the Milton Public Library

REPORT OF THE LIBRARY TREASURER

To the Trustees of the Milton Public Library: June 30, 1995

The funds in the care of the Trustees were invested as summarized in the following tables as of June 30, 1995.

		Market Value	Income Received	Disbursements
General Fund of the Trustees	1995:	$282,596.59	$16,118.14	$12,047.00
	1994:	$251,891.02	$15,074.26	$11,549.05

The above investments represent funds provided by the following donors:

Margaret Blair, Ellen Channing, Augusta Phillips Gardner Churchill, Aimee Draper, Miriam S. Draper, Rose Dabney Forbes, anonymous gift in memory of Waldo Emerson Forbes, Marion Davis Hollingsworth, Albert J. Johnson, family of Edward C. Johnson II, Henry P. Kidder, Eleanor P. Martin, Harriet B. Mears, Milton Women's Club, Florence I. Tucker, Sarah Vose, Mrs. Joseph C. Whitney, J. Huntington Wolcott, Roger Wolcott, and the sale of the Bierstadt painting.

Fine Arts Fund	1995:	$165,756.41	$10,015.01	$7,524.00
	1994:	$160,297.47	$8,401.20	$1,500.00

This fund was established from funds derived from the sale of Trustee held paintings in order to generate sufficient income to display and protect the remainder of the holdings.

Julia D. Stackpole Memorial Fund	1995:	$16,486.03	$957.16	$0.00
	1994:	$15,242.90	$819.41	$500.00

This fund for scholarships of library pages is the result of donations by members of the Stackpole family.

Harry R. Hoyt Trust Fund	1995:	$41,646.70	$1,996.10	$1,490.49
	1994:	$29,400.69	$2,086.59	$1,587.05

This fund was established to generate income to purchase children's books and biographical books.

Respectfully submitted,

Harry S. Tenofsky, Treasurer
Board of Trustees

REPORT OF THE METROPOLITAN AREA PLANNING COUNCIL

To the Honorable Board of Selectmen: June 30, 1995

In order to increase its ability to serve its local communities, MAPC has made an increasing effort over the past year to add new programs and technologies that will enhance our existing programs. The agency recently purchased MassTrac and MuniLaw, two services that allow MAPC to answer questions on current legislative action and local zoning and general by-laws. Additionally, the agency continues to work with the Massachusetts Municipal Association's Local Net to post information relevant to its communities. Communities that have a modem and are not yet part of the network may call MAPC in order to obtain a license that will allow them to participate in this program.

The agency's Data Center has recently compiled new community profiles for each community and has developed new 25-year population age group and household forecasts for the region. These projections will be used in planning for new infrastructure, and in the delivery of municipal services in the region. MAPC's Geographic Information Systems (GIS) department organized a municipal GIS user's group that meets to share information and help one another. The department also received a state grant to conduct workshops providing technical assistance to local communities on how to best plan for their own GIS needs.

Transportation issues continue to be a major concern for local municipalities. MAPC works with them to help get their projects ready for the Transportation Improvement Program (TIP). The agency recently hosted a public meeting to provide information on the Transportation Enhancement Program so that local governments will have a better chance to make their projects competitive. In order to improve air quality, the federal and state governments encourage new and creative approaches under what is called the Transportation Demand Management Program. MAPC works with local communities to help them formulate their applications for funding under this program. Additionally, this year the agency introduced Commuter Check, a program that utilizes a federal subsidy to allow employers to provide their employees with a tax free transportation benefit. Employers can purchase up to $60 a month per employee in travel vouchers which their workers can use for commuting by bus, boat, subway, train or vanpool. The goal is to reduce the number of single occupancy vehicles on the road, thus improving air quality, conserving energy and easing the overcrowding of the roadways. Any size business can participate.

Two other transportation-related programs that MAPC has worked on over the past year are the Greater Boston Clean Cities Initiative and the Regional Bicycle/Pedestrian Committee effort. The Clean Cities Initiative is a national program that assists communities and public agencies in acquiring

clean fuel vehicles by assisting with the incremental cost differences between these vehicles and conventional fuel vehicles. Through this program, communities have the opportunity to acquire electric or compressed natural gas vehicles for use in their municipal fleets. The program, through the use of Congestion Mitigation/Air Quality funding in the TIP can subsidize the additional costs associated with purchasing clean fuel vehicles. The group is also working with the private sector to help set up the necessary infrastructure to support these new vehicles. MAPC has acted as the major staff support for the Boston effort. MAPC staff has also been very instrumental in helping with numerous bicycle planning efforts in the area including helping to develop a regional bycicle/pedestrian plan. The agency has assisted the Bicycle Coalition of Massachusetts in setting up a series of public meetings as part of their contract with the stae to inventory existing and potential bicycles facilities throughout the sttae. The staff has also worked with a number of local groups and projects including: the North Shore Bicycle Coalition, the Assabet River Rail Trail organization, the MetroWest/SWAP bikeway and the Central Mass. Branch feasibility study.

MAPC continues to offer its pavement management program to all its communities. This year, in an effort to increase efficiency and be more compatible with the other regional planning agencies throughout the state, MAPC has changed the software it uses to VHB's Road Manager. For the first time, the agency hired and trained college students to carry out roadway inspections. This worked very well and the agency intends to continue the practice in the future.

The Council has continued its active legislative efforts on behalf of its cities and towns. On the state level, MAPC played an active role in passing, supporting, and/or initiating scores of planning-related efforts including: the Metropolitan Highway System, the Open Space Bond bill, the River Protection bill, the MegaBoston bill, the Budget, the Transportation Bond bill, and the Growing Smart legislation. A successful amendment proposed by MAPC to the Metropolitan Highway System bill requires the state to disclose the results of a feasibility study on creating a dedicated funding source for the Central Artery to local municipalities for their review before the state can take any legislative action.

This past year, MAPC placed an increasing emphasis on federal legislative priorities. MAPC met individually with six members of the Massachusetts delegation to discuss important federal legislative initiatives affecting local and regional efforts, including the Reauthorization of the Economic Development Act (EDA), the Safe Drinking and Clean Water Acts, Housing and Urban Development (HUD) reform, and the reorganization of the Department of Transportation among the issues.

The agency continues to review and comment on Environmental Impact Reports (EIRs) that are seen as having regional impacts. Staff handles hundreds of calls a year asking for information on a wide range of subjects. They also worked with a variety of local planning groups and sponsor or co-sponsor several dozen public meetings a year.

TRIC subregion includes: Canton, Dedham, Dover, Foxborough, Medfield, Milton, Needham, Norwood, Sharon, Stoughton, Walpole and Westwood. The group meets monthly in the Norwood Town Hall to discuss issues of mutual concern. Transportation issues are almost on the agenda. The group has discussed issues regarding access to the University Drive/Route 128 Greenlodge Street area. Another topic of discussion has been bicycle/pedestrian safety along Route 1. The group also reviewed the TIP projects for the region.

This fall the subregion held a breakfast for local state legislators to provide a forum for them and selectmen to communicate on current issues. Also this fall, the group began a special project that involves developing a resource management plan for The Fowl Meadow and Ponkapoag Bog area which is part of a ACEC.

MAPC staff also worked with some of the communities in the northern part of the subregion to help them identify a preferred alternate flight path for air traffic generated off Runway 27 at Logan Airport.

MAPC staff reviewed the town's open space grant application.

Respectfully submitted,

Ellen Harding Anderson

REPORT OF THE BOARD OF PARK COMMISSIONERS

To the Honorable Board of Selectmen: June 30, 1995

The Board of Park Commissioners is pleased to submit the following annual report for the period ending June 30, 1995.

The Park Department is responsible for maintaining approximately 85 acres of town property, including areas at Kelly Field, Andrews Playground, Mary C. Lane Playground, Shields Park, the Pierce Complex, Brooks Multi-Purpose Field and Turners Pond. Our recreation programs provide a variety of activities year round for children and adults

Providing these activities and adequately maintaining the Park Department properties has become increasingly challenging due to both the dramatic increase in organized league play among young children and the very limited funding afforded our department relative to other town departments. Nevertheless, through hard work, creativity, and the wonderful volunteer efforts of quite a few townspeople, the Commissioners believe that the Department enjoyed a very successful fiscal year.

During the summer of 1994, many sports clinics, instructional programs and playground activities were conducted. Each was either self-supporting or returned revenue to the Town. Sports clinics included: baseball, girls' softball, girls' basketball, boys' basketball, field hockey, soccer, football, track and field and golf. These one-week instructional clinics were offered to youngsters who wanted to improve their skills in a particular sport and have fun. Enrollment in these camps totalled 402.

Our instructional tennis program ran for six weeks at Cunningham Park's tennis courts. This program was for beginners as well as intermediate tennis players and provided basic instruction for children ages 6 to 13. A total of 133 children participated in this program.

The Park Department's popular Summer Playground Program once again was conducted at four local parks: Kelly Field, Andrews Park, Mary C. Lane Playground and Cunningham Park. Each park was staffed with two counselors and was open daily from 9:00 a.m. to 2:00 p.m. for a six-week period. Participants ages 7 to 14 were able to enjoy organized sports, games, arts 'n crafts and weekly field trips. Enrollment for the summer of 1994 was 113.

The Summer Special Needs Camp ran for six weeks beginning the first week of July and ending in mid-August. This program is a joint effort between the schools and the Park Department, and offers students a balance between academics and recreation. Students participated in field trips to the Children's

Museum, the Cinema, bowling, a Chinese luncheon and a closing day party with family members, staff and the Park Commissioners. They also participated in organized sports and swimming at Cunningham Park. The Board of Park Commissioners wishes to acknowledge the hard work of our new Special Needs Camp Director, Margaret McSharry, and the School Department's special education teacher, Pauline McLaughlin.

Although town funding for the popular Summer Band Concert series was cut from our budget, with the support of local clubs, businesses, civic organizations and the Board of Selectmen, the Park Department was able to continue and expand this popular series. Ten concerts throughout June, July and August took place at the Baron Hugo Gazebo on the town green. We are grateful to the following organizations for their contributions to this great Summer tradition: The Milton Town Club, the Milton Junior Women's Club, the Milton Cultural Council, Dr. David B. Harte, Dr. Steve Windwer and Milton Chiropractic and Rehabilitation, Inc., American Legion Post No. 114, Celtic Monuments, William J. Sullivan Insurance Agency, Geraghty Associates and Alfred D. Thomas Funeral Home, Inc.

The Men's Winter Basketball Program ran from October through May at the Pierce Middle School gym and the Milton High School gym. This program offered men over the age of eighteen weekly recreation in the form of "pickup" basketball games. Enrollment in the Winter of 1994-95 was approximately 70. The Park Commissioners intend to explore the interest in beginning a Women's Winter Basketball Program.

In January the Board of Park Commissioners appointed a volunteer group of citizens to conduct a study of Kelly Field. The Friends of Kelly Field conducted a comprehensive study of the present uses and future needs of that park. They recommended a renovation plan for the park to the board and assisted us in the submission of an Urban Self Help Grant application to the Executive Office of Environmental Affairs for funding of our proposed renovations. The Board wishes to extend its great appreciation to Dyanne Crowley, David Ehrmann and his daughter Sara, Paula Harrington, Peter Jackson, Dennis Kelley, Dot and Steve Kiernan, David Perdios, Steve Morash and Emily Smith Lee. The Board looks forward to beginning the extensive renovations to Kelly Field, known to many as Milton's Town Field, in this, its centennial year. A similar effort is planned at Andrews Park.

Ski instruction was offered to all Milton residents ages seven or over during January and February in collaboration with the Blue Hill Ski School. This program offered instruction for beginners and intermediate skiers and ran for five consecutive Saturdays. Enrollment for the Winter of 1994-95 was 68. Once again, we express our thanks to Mr. Joe Lannan for his contribution toward the

stocking of Turners Pond in April. With his help, anglers both young and old had an opportunity to enjoy the sport of fishing in Milton.

Also in April, the Board welcomed the first woman to its ranks, Barbara Brown. The Board was reorganized with Brian A. Joyce as Chairman, Barbara J. Brown as Secretary and Robert D. Ahearn as Member.

We are grateful to the core of volunteers who came together in May for our second annual Milton Pride day. Workers raked, pruned, planted and cleaned town property, which include much of the Park Department's property. It was a day to be proud of our town and its townspeople.

The Board wishes to acknowledge Kevin Sorgi and the Milton Golf Association for their efforts in making the Ninth Annual Milton Golf Tournament such a big success. This event is co-sponsored by the Park Department each spring to promote competitive golf instruction.

Group golf instruction in conjunction with Ponkapoag Golf Club was available through the Park Department in May. Five one-hour sessions recommended for the new golfer included instruction in set-up, iron play, wood play, chipping, putting, basic rules and golf etiquette. Enrollment was 68.

By charging modest user fees, organizing camps, tournaments and the like, and the generosity of private donors the Park Department was able to raise sufficient funds to re-groom our ballfields and resurface the Pierce tennis courts in time for spring play.

In June the Park Department sponsored its second annual Edward H. Baker Fishing Tournament. A total of 93 people participated in a great day of fishing, which included the presentation of a special Good Sportsman Award given in memory of Mark G. Hamilton, last year's winner who passed away shortly after the first tournament, The first place winner in the children's division was Kevin Cahill, and the adult division winner was Mark Schotte.

Once again, the Park Department and the Milton Rotary joined forces to sponsor the Second Annual Three-On-Three Basketball Tournament in June. Twenty-nine teams of three in six age categories participated for first and second place trophies on June 10 and 11. Proceeds from the tournament went to the Rotary Scholarship Fund and to the Park Deparnent's park improvement funds. The Board wishes to thank Dr. Steve Windwer, Dr. Rick Thomas and all Rotary members who worked to make this year's tournament such a success.

Further improvements to park property made in June included the re-grooming of the following baseball diamonds: Kelly Regulation, Pierce Regulation, the Little League diamonds at Pierce, Andrews Regulation,

Andrews Skinned and Andrews Little League No. 2. Andrews Park's and Kelly Field's parking lots were re-striped and new picnic tables were built for the Kelly Field's recreation areas.

As part of our park beautification program, the following local businesses agreed to beautify and maintain park property: Algerine Corner - Molloy Landscaping and Eagle Farms, park land at Squantum Street - Molloy Landscaping, park land at Granite Avenue and Wood Street - East Milton Exxon.

Our I.D. Recreation Program for middle school children continues to be very popular and successful with a total mernbership of 640 students. The program is open to all middle school students who attend school or live in Milton and is responsible for providing safe, fun recreational opportunities for this age group. The Board of Park Commissioners is very grateful to the following volunteer members of the I.D. Board who helped to run this program this past year: Max Horvet, Curtis Lindberg, Carol Hahnfeld, Dan Lewis, Jean Maher, Linda Donovan, Mary Abraham, Mary Launie and Nancy Doherty. The Board is also very grateful for the extraordinary efforts put forth by our Recreation Director, Paula Rizzi, in making this program such a success.

The Board of Park Commissioners extends its appreciation to the Board of Selectmen and to all town departments for their cooperation and help during this fiscal year.

Respectfully submitted,

Brian A. Joyce, Chairman
Barbara J. Brown, Secretary
Robert D. Ahearn, Member

REPORT OF THE PERSONNEL BOARD

To the Honorable Board of Selectmen: June 30, 1995

During the past year, the Board continued its efforts to ensure compliance with the Town's personnel policies and equal employment oportunity with regards to personnel decisions, including hiring and promoting. The Board reaffirmed its objective to assist Department Heads in their equal opportunity efforts.

During Fiscal 1995, the Board continued to make important decisions in many areas, but particularly in the reclassification of various positions due to changes in work duties:

The Board voted to recommend to the May 1994 Town Meeting the reclassification of the following positions: Assistant Director of Public Works (Operations) from Level 18 to Level 17; Assistant Director of Public Works (Administration) from Level 16 to Level 17; Assessors Principal Clerk to Senior Computer Operator from Level 8 to Level 9; Public Works Landfill Attendant from W2 to W3. These decisions were reached with the goal of greater efficiency for the departments and additional service to the Townspeople.

The Board voted to recommend to the November Special Town Meeting, a 3% wage increase retroactive to July 1, 1994. This request was in line with increases to other Milton employees and would allow the affected Town employes to remain within the median of the ten Town group with which we historically compare our salaries and benefits.

Our efforts and decisions during the past year have been directed to our continuing goals of greater efficiency in the operation of the Town Government and maximum service to the Town's residents, rendered in the most economical manner.

The Board sincerely recognizes the assistance and cooperation that all employees and Government Boards extended during this reporting period.

Respectfully submitted,

Francis P. McDermott, Chairman
M. Natalie Fultz
John M. Pender
John F. Herlihy
Paul V. Lyons

Carol A. Blute, Administrative Assistant

REPORT OF THE PLANNING BOARD

To the Honorable Board of Selectmen: June 30, 1995

There were no new subdivisions proposed or undertaken in Milton during Fiscal Year 1995. A few new lots were approved for existing streets, and the Planning Board rejected several other proposals for the creation of such lots because of inadequacies in street frontage or lot size.

During the fiscal year, the board considered a number of proposals for standards to control permanent and temporary signs in residential zones. Currently, only temporary signs are permitted. Legal considerations have complicated the formulation of a new Residential Sign Bylaw, but the Board expects that a workable proposal will eventually be presented to the Town Meeting for its consideration.

The Board took note of various ideas for attracting business to town. In the Board's view updates to the Town's existing Master Plan could create incentives and guides to sensible development, both commercial and residential.

After many years of faithful service, Mrs. Genevieve M. Byron retired as the Board's bookkeeper and secretary. The Board wishes Genevieve well in her retirement and welcomes her successor, Kathy O'Donnell. The Board acknowledges the competent assistance from the Town Engineer and Planning Director Paul Kanter. The members also thank Anne Coghlan for her service on the Board.

Respectfully submitted,

Alexander Whiteside, Chairman
Bernard J. Lynch, III, Secretary
J. William Dolan
Albert J. Kelley
Robert J. Kelly

REPORT OF THE PLUMBING AND GAS DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1995

Month	Number of Permits	Plumbing	Gas	Fees Received
JULY	74	55	19	$1,720.00
AUGUST	59	37	22	1,550.00
SEPTEMBER	57	29	28	945.00
OCTOBER	65	40	25	1,770.00
NOVEMBER	50	26	24	1,220.00
DECEMBER	40	22	18	1,030.00
JANUARY	54	30	24	1,425.00
FEBRUARY	39	28	11	885.00
MARCH	60	36	24	1,265.00
APRIL	44	32	12	815.00
MAY	80	57	23	1,985.00
JUNE	64	48	16	1,660.00
TOTALS	686	440	246	$16,270.00

Permit fees amounting to Sixteen thousand two hundred seventy dollars ($16,270) were collected and turned over to the Town Treasurer. Fees amounting to Five hundred seventy-one dollars ($571) were also collected and turned over to the Town Treasurer representing fees for sealing of weights and measures.

I wish to thank the Honorable Board of Selectmen and all Town Departments who have assisted me.

Respectfully submitted,

Mark Kelly
Inspector of Plumbing and Gas
Sealer of Weights and Measures

REPORT OF THE POLICE DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1995

I herewith submit my report for the twelve-month period July 1, 1994 through June 30, 1995.

ALL CATEGORIES INCLUDING ATTEMPTS

Homicide	1	Sudden Deaths	12
Rape	0	Fire Alarms	631
Robbery	13	Burglar Alarms	1,982
Assault & Battery	24	Domestic Complaints	122
Breaking & Entering	77	Youth Disturbance	489
Larceny	237	Neighbor Disturbance	360
Auto Theft	40	Trespassing Complaints	8
Arson & Bombs	3	General Service	1,085
Vandalism	116	Notification	456
Sex Offenses	9	Warrant Service	798
Narcotics	15	Animal Complaints	215
Other Crimes	52	Dog Bite/Animal	23
OUI	41	Annoying Phone Calls	141
Protective Custody	107	Stolen MV Recovered	66
Other MV Violations	620	Zoning Violation	13
Suspicious Activity	1,270	Assist Other Dept.	194
Missing Persons	73	Suicide & Attempts	2
Medical Service	753		

MOTOR VEHICLE STATISTICS

Property Damage Accidents	342
Personal Injury Accidents	91
Hit and Run Accidents	40
Illegal Parking Complaints	3,305
Traffic Complaints	5,982

During this period, four new appointments to the Department were made. Louis B. Bullard, John E. King, Jr., Bob Lee, Jr. and David M. Reardon were appointed to the Patrol Force effective April 26, 1995.

Genevieve M. Byron, Administrative Assistant, retired on April 1, 1995 after 25 years of service.

Ann B. Condon was hired from the Department of Public Works on March 6, 1995 as Administrative Assistant.

I wish to express my sincere thanks for their loyalty and cooperation to the members of the Patrol Division, Detectives, Auxiliary Police, Traffic Supervisors and Clerical Personnel of this department. I wish to thank the Board of Selectmen, John A. Cronin, Executive Secretary, the Justices, Clerks and Probation Officers of the Courts and officials and employees of other Town Departments who have assisted us during this year.

Respectfully submitted,

Kevin J. Mearn
CHIEF OF POLICE

REPORT OF THE PUBLIC WORKS DEPARTMENT

To the Honorable Board of Selectmen June 30, 1995

Submitted herewith is the twenty-third report of the activities of the Department of Public Works established under Chapter 570 of the Acts of 1973.

ENGINEERING

Engineering Services were rendered to all departments as required. All maps, atlases and plans on file have been updated to present condition.

The Department issued 17 street (house) numbers and 158 street opening permits.

Chapter 90 programs included the following roadway improvements

— Adams Street - Reconstruct Church Street to Quincy Line.
— Bassett Street - Curbing and concrete sidewalks.
— Blue Hill Terrace - Curbing rehabilitation and repaved from Blue Hill Parkway to Blue Hill Avenue.
— Brook Road - Reconstructed from Marilyn Road to Milton High School.
— Brush Hill Road - Repaved from Milton Health Care driveway southerly a distance of 600 feet.
— Centre Street - Repaved from Brook Road to Adams Street.
— Emerson Road - Repaved from Church to Alvin including sidewalks rehabilitation.
— Franklin Street - Curbing and concrete sidewalks.
— Franklin Street - Sidewalk resurfaced in preparation for repaving in FY96.
— Granite Avenue - Reconstructed Bassett Street to Wood Street including parking lot.
— Highland Street - Repaved from Clifton to Marshall
— Hillside Street - Repaved from 200 feet East of Forest Street to Pine Tree Brook.
— Thacher Street - Demonstration project including curbing and concrete sidewalks.
— Warren Avenue - Repaved from Blue Hill Parkway to Thacher Street.
— Washington Street - Curbing at intersections Adams to Quincy Line.
— Signed contract instituting formal pavement management program.

All master plans for sewer, water, streets and sidewalk programs are updated and improvements scheduled into future Public Works budgets.

1. The department gathered engineering data, performed testing of existing utility systems and plan review pursuant to the proposed pressure sewer system for the Forbes Road area.

2. Provided dimensional analyses of Zoning Districts for a proposed zoning bylaw that would limit the location of Sexually Oriented Businesses in Town.

3. Prepared plans and cost estimated and provided construction layouts and supervision for the Chapter 90 street reconstruction and paving program.

4. Provided cost estimates for Town-wide sewer system improvements.

5. Reviewed plans of the proposed Randolph Avenue reconstruction and the two bridges adjacent to the Adams Street and Eliot Street intersection.

6. Provided traffic improvement analysis for the Milton Traffic Commission.

Engineering services were provided as requested to the Board of Selectmen, Traffic Commission, Board of Appeals, Milton Police, Conservation Commission, School Department, Park Department, and Cemetery Department, in addition to participating in federal ISTEA and state Chapter 90 road reconstruction projects.

A separate report by the Town Engineer of the Milton Sanitary Landfill operation is submitted and appears elsewhere in the Town Report.

HIGHWAY

After two extremely severe winters we got a break this year with only 18" of snow recorded at Great Blue Hill. As a result the Highway Division was able to direct attention to drainage system repairs and tree pruning, removals and forestry related projects.

The DPW continues to utilize a crack sealing program to extend the life of the town's failing roadway network. This year the Town engaged the services of VHB under Chapter 90 program to develop a formal Pavement Management system for the Town. This program will be used to scientifically rate pavements throughout Town in order to support the important but underfunded pavement program. Chapter 90 funding for roadway maintenance is increasing and the Town is now pursuing ISTEA Federal funding for roadway rehabilitation. It is our hope that more of this type funding will become available to the Town.

A list of sidewalks constructed, resurfaced or repaired is on file in the Engineering Office. The sidewalk rehabilitation program like the roadway resurfacing program will require substantial expenditure during the coming years to maintain an adequate walking surface for the Town's residents and school children.

The DPW worked on removal of fuel tanks at two fire stations, the Town landfill and at the Town DPW yard. Future tank removals and replacements are anticipated to eliminate the risk of fuel spills and leakage.

This year one sidewalk plow, one brush chipper and one safety flashing arrowboard were purchased under Public Works General. This part of the DPW General Budget continues to be underfunded annually.

FORESTRY AND SHADE TREES MAINTENANCE

This year the inhouse tree planting was limited due to the large number of dead tree takedowns and tree pruning which was accomplished during the snow-free winter months. A substantial grant-supported tree planting program is planned for FY96.

Two hundred and one trees were removed during FY95. The DPW will continue to seek out grant funds and vigorously supports an inhouse tree planting program. The beautiful character of the Town is created by its tree inventory. The DPW's goal is to maintain and enhance our tree inventory.

WATER OPERATION

Thirty-nine service connections were made to supply new buildings.

Twenty-eight services were relaid. The demand for this service continues to diminish. This trend is expected to continue in the coming years with an eventual leveling off.

No new hydrants were installed in the Town's system.

Four new gate valves were added to the Town's water system.

The gating of old ungated hydrants continues and old hydrants are being replaced as necessary.

The Town's hydrant system continues to be in good condition with virtually all hydrants in an operable state. The inspection, repairing and painting of fire hydrants continues.

Improvements to the distribution system were made by installing main pipes in the following streets:

Randolph Avenue from Centre Street toward Reedsdale Road	1200' of 12" ductile iron pipe

Central Avenue from house #89 to Eliot Street	900' of 12" ductile iron pipe
Academy Lane	30' of 6" ductile iron pipe
Robbins Street at Alfred Road	6' of 6" ductile iron pipe
Metropolitan Avenue/Robbins Street Trout Brook/Canton Avenue	20" and 16" mains activated

Subdivision water mains were installed in the following subdivisions:

Marr Crest Drive Extension, Loew Estates, Paradise Road, Bradlee Road driveway subdivision

There were no subdivision water systems proposed for acceptance by the Town this year.

The Board of Water Commissioners (Selectmen) began this year to address the capital needs of the water system as recommended by Walter Amory Engineers last year. As a result, the Town Meeting passed an Article at November meeting supporting a $100,000 expenditure for tank painting. Although this amount is far short of the $500,000 annual expenditure recommended, it is a step in the right direction.

Water use in town remains relatively constant but future capital expenditures required by EPA will cause MWRA rates to rise in the future. In addition, the Town's system now requires substantial investment to rehabilitate our aging pipe network.

The water leak detection program begun in FY94 was completed during this year.

The Town will complete a water leak detection survey again in FY97. This program includes listening on the town's roadways with electronic sound enhancing equipment to find leaks in the town's one hundred and twenty mile water system.

New equipment purchased by the Water Department in FY95 includes one new 3/4 ton pickup truck and one diesel powered dump truck.

CENTRAL MAINTENANCE GARAGE

Each year recently I have commented on the lack of a proper replacement program for town vehicles.

The garage staff does a good job of keeping all of our first line equipment on the road and operational. During the year, one of the heavy duty truck lifts in the garage was replaced due to failure. It is my hope that the interest shown this year by the Board of Selectmen and Warrant Committee in supporting a town Capital Equipment Replacement Program will result in a better scheduled replacement program in dealing with the town's Capital Assets.

SEWER OPERATION AND IMPROVEMENTS

During FY95 Phase II of the town's sewer service evaluation survey was completed and sewer system repairs cited in the report implemented.

The sewer system repairs will ultimately benefit the Town's rate payers when the MWRA implements a rate system based on actual use.

The MWRA sewer rates are beginning to level off somewhat and it is expected that this trend will continue. There are still Capital Improvements left to be done in the sewer system causing the sewer bill paid by ratepayers to remain the driving force in the water/sewer utility rate.

New equipment purchased during FY95 included one sidewalk hot top roller.

COLLECTION OF REFUSE

In FY95 the DPW re-bid the trash pickup contract and Waste Management of New England took over from Laidlaw Corporation resulting in a savings to the Town of about 2%.

The DPW has had excellent success in containing the cost of this service to residents.

Waste Management did a good job of collection in town after initial problems the contractor experienced in finding the more remote streets in town.

CURBSIDE RECYCLING

FY95 was the fourth year of the Town's curbside recycling program started by the DPW. Residents continue to show a high level of enthusiasm and cooperation in making this program highly successful.

This year the Town made significant strides in working toward the DEP statewide goal of 47% recycling. At the present time the Town's recycling rate is at 43%, a 9% increase over last year, which ranks us among the top communities in the state.

Recyclables collected in FY95 included: 3800 tons of leaves, 2102 tons mixed paper, 663 tons commingled plastics, 207 tons scrap metal.

OBJECTIVES

To continue to reinforce the Water System with additional feed mains. To complete looping of all existing dead end mains. To continue a maintenance and replacement program of old and rupture-prone water mains and to initiate a water main cement lining program, meter replacement program, water main flushing program and cross connection control program.

To continue the Master Drainage Improvement Program. Areas scheduled for improvement are:

Brush Hill Road — Neponset Valley to Blue Hill Avenue
Randolph Avenue and Unquity Brook
Brook Road — Relief drain, Cemetery to Unquity Brook

To seek assistance on the local, state and federal level to complete drainage improvement to Unquity Brook and Pine Tree Brook Watersheds.

To seek assistance on the local, state and federal level to address the problems of our deteriorating roadway network.

To establish and maintain a Sewer Improvement Program.

To continue Shade Tree Improvement Program.

PERSONNEL

Ed Calabro worked for the department for twenty-five years. He was chief surveyor in the department and in charge of all crews doing field survey. Ed's vast engineering experience will be missed in the department. We all wish him the best in his retirement.

John Walker worked for the department for thirty-nine years, working his way up through the ranks and finally achieved the rank of Foreman. John's primary duty was maintaining the Town's drain catch basin system with our

hydraulic crane and bucket truck. John was a hero to many folks in Town on the many occasions when he rescued car keys and similar items which they accidentally dropped through catch basin grates. John was well liked by his fellow employees due to his friendly low key demeanor. We wish him the best in his retirement.

Ann Condon worked for the department for three and one-half years as executive secretary. She was an extremely fast and competent secretary in the department, so much so that she was scooped up by Chief Mearn and the Police Department to fill the Administrative Assistant position in that department. We wish her great success in her new position in law enforcement.

Sandra Wyse worked for the department as executive secretary for a brief five-month period after which she accepted a transfer to the School Department secretarial division at Pierce Middle School. We wish her success in her new position.

CONCLUSION

This year is my second as DPW Director. The weather was far more moderate than las year allowing for a more productive work schedule, particularly during the winter months.

This year we made progress in the Chapter 90 program as we were able to carry out substantial street repaving during the year.

Our organization has experienced downsizing over the past several years, similar to what has occurred in private industry and other municipalities. We will continue to provide services to the Town's residents as economically as possible by using a combination of inhouse and contractual methods.

During FY95 much of my attention was directed toward the operations of the Town Landfill. The fall and winter seasons were filled with constant disputes with our landfill contractor who was relieved of his landfill responsibilities in March.

The overall operation at the site was much improved during the final three months of FY95 and this trend is expected to continue into next year.

I wish to take this opportunity to express my appreciation to all the Public Works employees for their cooperation and assistance.

I wish to thank the Board of Selectmen, Executive Secretary and all Town Departments for their cooperation and assistance during Fiscal Year 1995.

Respectfully submitted,

Billy G. Taylor, Director
Public Works Department

REPORT OF THE BOARD OF RETIREMENT

To the Honorable Board of Selectmen: December 31, 1994

The Financial Report of the Board of Retirement for the year ending December 31, 1994 is submitted herewith.

As of December 31, 1994 we have 291 employee members and 288 pensioners and survivors receiving benefits under the Milton Contributory Retirement System.

Respectfully submitted,

Edward J. Spellman Jr., Chairman
John H. Bowie Jr., Secretary
Kevin G. Sorgi

REPORT OF THE SANITARY LANDFILL

To the Honorable Board of Selectmen: June 30, 1995

The Board of Selectmen and the Department of Environmental Protection have signed a consent decree that sets forth the terms and conditions for the closing of the Landfill by December 31, 1998 and for the capping of same by November 1, 1999.

The terms and conditions include the required method and sequence of operation and testing at the Landfill necessary to continue our disposing of the Towns' refuse until the December 31, 1998 closure date.

The Town shall also provide a report outlining alternative municipal solid waste disposal methods and a recycling program that would continue to comply with established waste reduction restrictions.

Revenues generated from tipping fees from the receipt of out-of-town municipal solid waste shall be used only to finance expenditures directly related to the closure and capping of the Landfill.

The Town continues to seek acquisition of excavate and clay material from the Central Artery Project to reduce our capping and closure costs.

As of this date, definitive plans for disposing of our municipal solid waste after closure or for future land use at the Landfill have not been finalized.

Respectfully submitted,

Paul D. Kanter, P.E.
Town Engineer

REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Milton: June 30, 1995

The Selectmen submit the following report for the fiscal year ending June 30, 1995.

The Board of Selectmen was organized following the March 5, 1994 elections with Katherine Haynes Dunphy as Chair, John Michael Shields as Secretary and Joseph P. McEttrick as the third member.

On April 25, 1995, Richard B. Neely was elected to the Board for a three-year term.

On April 27, 1995, the Board was organized with John Michael Shields as Chair, Richard B. Neely as Secretary and Katherine Haynes Dunphy as the third member.

FISCAL AFFAIRS

The Town continues to enjoy sound financial health in spite of its practice of operating with minimal reserves.

The following tables were extracted from the bond prospectus for $2,300,000 in General Obligation bonds to be sold this fall for the science addition to Milton High School.

Moody's Investor Services, Inc. has continued their AA rating for this bond issue.

The Town's Bond Counsel is the law firm of Ropes and Gray of Boston and the Financial Advisor is BayBank of Burlington, MA.

POPULATION COMPOSITION 1990 (1)

	Milton		Norfolk County		Massachusetts

STATE AID

The following table sets forth the amount of state aid to the Town in recent years as well as the amount estimated for fiscal 1995 and amount projected for fiscal 1996:

Fiscal Year	Total State Aid
1996 (projected)	$5,287,454 (2)
1995 (estimated)	4,650,256 (2)
1994	6,072,516
1993	5,212,827
1992	4,447,270
1991	7,588,305 (1)
1990	4,258,381

(1) Includes $2,387,869 of 1990 State Aid received in fiscal 1991.
(2) Does not include project grants such as highway, water or sewer grants.

MOTOR VEHICLE EXCISE

The following table shows the actual receipts in each of the most recent years:

Fiscal Year	Receipts (1)
1995	$1,776,894
1994	1,638,873
1993	1,626,553
1992	1,468,080
1991	1,527,041

(1) Net after refunds. Includes receipts for prior years.

BUDGET COMPARISON

The following table sets forth the actual budgets for fiscal years 1996-1992:

	(000)				
	1996 (1)	1995	1994	1993	1992
General Government	$ 1,660	$ 1,527	$ 1,596	$ 1,127	$ 1,217
Boards & Commissions	196	189	190	177	187
Veterans Benefits	15	16	15	15	14
Public Safety	6,965	6,415	6,362	6,221	6,347
Health & Sanitation	951	957	977	577	556
Libraries	558	515	523	483	535
Recreation	188	181	178	178	189
Public Works	979	948	905	1,262	1,384
Schools	17,901	16,012	15,407	14,681	14,283
Unclassified	5,099	5,462	5,032	5,333	4,915
Cemetery	402	415	387	368	429
Debt & Interest	1,243	872	944	692	769
Sewer	3,683	3,483	3,738	3,435	2,513
Water	1,649	1,603	1,488	1,505	1,359
Total	$41,489	$38,595	$37,742	$36,054	$34,697

(1) The voters approved an override for operations in fiscal 1996 in the amount of $1,391,219 of which $1,131,219 was for the schools and $260,000 for the fire department.

TAX LEVY CALCULATION

	(000 omitted) For Fiscal Year				
	1995	1994	1993	1992	1991
Gross Amount to be Raised:					
Appropriations	$39,080	$37,745	$36,325	$34,314	$34,222
Other Local Expenditures	482	488	824	57	48
State & County Charges	1,936	1,842	1,845	1,754	1,619
Overlay Reserve	501	494	465	537	558
Total Gross Amount to be Raised	41,999	40,569	39,459	36,662	36,447
Less Estimated Receipts & Other Revenue:					
Estimated Receipts from State	4,650	4,525	4,256	3,849	4,770
Estimated Receipts — Local	7,943	7,966	7,790	6,317	5,994
Available Funds Appropriated:					
Free Cash	0	0	0	0	0
Other Available Funds	1,185	1,042	777	900	803
Free Cash & Other Revenue Used to Reduce the Tax Rate	823	485	817	414	498
Total Estimated Receipts & Revenue	14,601	14,018	13,640	11,480	12,065
Net Amount To Be Raised (Tax Levy)	$27,398	$26,551	$25,819	$25,182	$24,383

The following shows the calculation of levy limits for the most recent fiscal years:

LEVY LIMIT CALCULATION

	(000 omitted) For Fiscal Year				
	1995	**1994**	**1993**	**1992**	**1991**
Primary Levy Limit — 2.5% of Assessed Valuation	$ 41,598	$ 41,399	$ 45,765	$ 45,591	$ 48,595
Prior Fiscal Year Levy Limit	26,012	25,252	24,509	23,805	21,178
2.5% Levy Growth	651	631	612	595	530
New Growth	226	129	131	109	120
Overrides	0	0	0	0	1,977
Growth Levy Limit	26,889	26,012	25,252	24,509	23,805
Debt Exclusions	519	546	580	677	692
Capital Expenditure Overrides	0	0	0	0	0
Tax Levy Limit	27,408	26,558	25,832	25,186	24,497
Tax Levy	27,398	26,551	25,819	25,182	24,382
Unused Levy Capacity	$ 10	$ 7	$ 13	$ 4	$ 115
Unused Primary Levy Capacity	$ 14,709	$ 15,387	$ 20,513	$ 21,082	$ 24,790

TAX RATES

The following shows the actual tax rates per $1,000 of assessed valuation, the average tax rate and the estimated full value rate based on the equalized valuations:

Fiscal Year	Actual Tax Rate		Average Tax Rate	Estimated Full Value Tax Rate
1995	$16.20	(Residential/Open Space)	$16.47	$15.66
	21.90	(All Other)		
1994	15.78	(Residential/Open Space)	15.50	13.92
	21.32	(All Other)		
1993	13.89	(Residential/Open Space)	14.10	13.53
	18.48	(All Other)		
1992	13.60	(Residential/Open Space)	13.81	12.60
	18.09	(All Other)		
1991	12.33	(Residential/Open Space)	12.54	12.20
	17.08	(All Other)		

LARGEST TAXPAYERS (1)

The following shows the ten largest taxpayers:

Name	Nature of Business	Fiscal 1995 Assessed Valuation	Amount of Tax	% of Total Levy
Pine Tree Brook Housing	Co-op Apartments	$8,297,900	$134,425.98	0.49%
NYNEX	Utility	8,152,300	178,535.37	0.65
Winter Valley	Housing	6,643,700	107,627.94	0.39
Boston Edison	Utility	6,194,900	135,668.31	0.50
Thomas Flatley	Nursing Home	4,276,900	93,664.11	0.34
Wollaston Golf Course	Golf Course	3,826,250	83,794.80	0.31
Boston Gas Company	Utility	3,797,200	83,158.68	0.30
Unquity House	Housing	3,463,600	56,110.32	0.20
Copeland, Charles	Bottling Plant	2,526,500	55,330.35	0.20
Milton Cable T.V.	Utility	2,450,000	53,665.00	0.19
Total		$49,629,250	$981,980.86	3.57%

(1) For fiscal year 1995. All of the largest taxpayers are current on their taxes.

CAPITAL BUDGET PLANNING

To address the Town's capital repair and equipment needs systematically, the Selectmen established a Capital Budget Advisory Committee. The Committee is assigned to study the Town's capital needs, suggest priorities and recommend capital appropriations.

The 1995 Annual Town Meeting approved $3,019,797 of capital project expenditures recommended by the Capital Budget Advisory Committee, the Selectmen and the Warrant Committee. These appropriations are being financed by bonds authorized by the 1995 Annual Town Meeting and the June 1995 debt exclusion override vote.

The Capital Budget Advisory Committee's research found that an increasing number of towns have goals of dedicating 5% to 7% of their town budgets or annual recurring revenues for capital investments.

The limitations of Proposition 2½ have often postponed major repairs, equipment replacements, street resurfacing, shade tree replacement, school building upkeep, etc. The Town's physical plant and infrastructure are too valuable an asset to neglect.

The understanding and appreciation of the Warrant Committee, Town Meeting and voters in addressing this problem are acknowledged.

SEWER AND WATER

Many factors contribute to the increases in water and sewer rates. The greatest of these factors is the MWRA capital programs. Another is the MWRA sewer rate formula which has been changed to assess a substantial portion of the cost on the Town's measured flow of sewage discharged into MDC trunks for treatment. Consequently, Milton and other towns were compelled to search for and eliminate inflow and infiltration points within their systems. The Town issued notes in the amount of $600,000 to eliminate a major part of this infiltration. The age of our local water system also requires a substantially increased appropriation for maintenance work. The Town's consultant recommends that the rate of capital investment in water pipe and meter replacements be increased by a full $500,000 per year over FY 1994 level. In FY 1995, an additional $100,000 was appropriated towards this goal.

This year the Town engaged a Utility Rate Setting Consultant to assist in the calculation of water and sewer rates. The consultant reviewed the indirect costs and made adjustments. The biggest change was to substantially reduce the end of the balance which the Town has traditionally carried forward. The effect of this will be rate relief this year, a diminished surplus the next year, to be followed by a rate increase to adjust for the discontinued surplus. Thereafter, the rates will continue to track the appropriations for operations and maintenance and the MWRA assessments and the utility receipts.

SOLID WASTE

The Department of Environmental Protection granted the Town the right to continue operating the landfill until December 31, 1998.

The State also granted the Town permission, after an MEPA hearing, to accept a limited amount of out-of-town trash. Numerous safeguards were imposed by the State on the town, including the installation of truck scales and daily inspection of each load.

If the current prices prevail to the end of 1998, the Town may realize net receipts of $1,000,000 to $1,500,000, all of which is reserve for the expense of landfill closing.

The Department of Environmental Protection is holding the Town to a very high standard during this landfill closure period.

PUBLIC SAFETY

For three years the Town has maintained a compliment of forty-eight firefighters. One ladder and two engine companies have been manned and supervised by a Deputy Chief. This is the configuration adopted following the closing of the Atherton Street fire station and the elimination of one lieutenant's position (four jobs). The savings over three years has been approximately $600,000 to the taxpayers.

A study committee authorized by the 1994 Town Meeting reviewed many aspects of Milton's fire service. The 1995 Annual Town Meeting voted to reopen the Atherton Street Station and to fund the restored position conditional on a Proposition 2½ referendum override, placing the $260,000 cost outside the levy limit. At a special election June 12, 1995, the voters did so with 3,343 voting yes and 2,842 voting no.

The Police Department continued to prepare for the E-911 central dispatching role with the expansion of the cadets' coverage to all shifts.

The Police Chief, in his capacity of Traffic Commission Chairman, worked with a citizen study committee and neighborhood groups to improve on the State Highway Department Route 28 – Randolph Avenue design. The project is approaching the 25% design point.

In East Milton Square similar efforts are underway to have the deck construction project move as quickly as possible, with minimum impact to Milton residents, pedestrians and area businesses.

APPRECIATION

We wish to thank all Town employees, volunteers, members of the various Boards, Committees and others who have participated in one way or another during the year as part of our Town Government process. In particular, we extend our appreciation to the Executive Secretary and our staff in the Selectmen's Office for their ceaseless efforts during the year.

Respectfully submitted,

John Michael Shields, Chairman
Richard B. Neely, Secretary
Katherine Haynes Dunphy

REPORT OF THE TOWN COUNSEL

To the Honorable Board of Selectmen: June 30, 1995

1995 was a robust year for Town Counsel services. A steady stream of issues arose throughout the year which required Town Counsel assistance. The primary needs were in the areas of bidding, claims against the Town, contracts, easements, health, insurance, landfill, library, licensing, litigation, open meeting, overrides and debt exclusions, police, public works, schools, subdivisions and zoning.

Contracts were negotiated for an audit of the Town's finances, capital asset management plan for the School Department, a traffic study, rehabilitation of the sewer system, a related state grant, a feasibility study for a new library, a consultant to study sewer and wastewater disposal alternatives in the Forbes Road area, acceptance of out of town trash at the landfill, inspection services at the landfill, operation of the landfill, environmental monitor services regarding the New Neponset Valley Relief Sewer Project and construction of the Milton High School Science Addition.

The Annual Town Meeting was held in May for the first time, pursuant to a 1994 By-Law amendment, and a Special Town Meeting was held in May. Town Meeting amended the flood plain district regulations to comply with National Flood Insurance Program standards and amended the Zoning By-Laws to allow noncriminal disposition of Zoning By-Law violations. Town Meeting accepted a statute which allows the Town to establish a scholarship fund for Milton residents and an educational fund to provide supplemental funding for Milton's educational needs, accepted a statute which provides a medicare health benefits supplement plan to eligible retirees, their spouses and dependents, and accepted a statute which requires installation of automatic sprinklers in new or substantially rehabilitated multi-unit residential buildings which contain not less than four dwelling units. Town Meeting increased from $5,000 to $20,000 the amount of money the Park Department may spend in fiscal year 1997 from its revolving fund for maintenance and repair of Town parks and recreational facilities. Town Meeting appropriated money for the construction of a new library, pending the fall 1995 debt exclusion vote, appropriated money to study sewerage and wastewater disposal alternatives in the Forbes Road area, and appropriated money to complete the eagerly awaited Milton High School Science Addition.

Lawsuits resolved in 1995 included a Board of Health enforcement case in which a landlord corrected lead paint violations, fourteen Appellate Tax Board cases, the Probate Court case in which three new trustees were appointed for the Fuller Trust, the case involving the property at Two Granite Avenue, in which the objections of the RTC were eliminated, and two Retirement Board

decisions. Lawsuits pending against the Town at the end of 1995 included two Conservation Commission cases, one Board of Appeals case, two Planning Board cases, one tort case, one appeal from denial of a gun permit, one prevailing wage claim, one employment law case, two unemployment compensation appeals, the case involving the Radio Tower, which was tried in December 1995, and eleven tax abatement appeals.

Our firm, Murphy, Hesse, Toomey and Lehane, is a law firm of twenty-seven lawyers. My partner, Regina Williams Tate, and associates James Salvie, Kevin Feeley, Geoffrey Wermuth, Nicola Favorito and Kimberly McCarthy frequently provided legal assistance to the Town of Milton in 1995. We wish to thank the Board of Selectmen, John Cronin, Barbara O'Malley, Carol Blute, Angela Hanna and all Town boards and personnel for the help you provided throughout the year, in varying degrees of crisis conditions. The Town of Milton is fortunate to have so many employees and volunteers who care deeply for the Town.

The Town of Milton lost one of its favorite sons when Dan Duggan passed away in August. He was truly a giant in every respect. The esteem in which he was held by his family, his friends and his colleagues was richly deserved. REQUIESCAT IN PACE.

Respectfully submitted,

John P. Flynn
Town Counsel

REPORT OF THE TRAFFIC COMMISSION

To the Honorable Board of Selectmen: June 30, 1995

The report of the Traffic Commission for the period July 1, 1994 through June 30, 1995 is herewith submitted.

During this period we were asked to make recommendations on existing or anticipated traffic problems in all areas of the town.

Recommendations were made to improve the intersection of Alden Road and Plymouth Avenue; and to install two NO TURN ON RED signs at the intersection of Canton Avenue and Gile Road.

The main issue addressed by this Commission was the plan for redesign of Route 28 (Randolph Avenue). The Massachusetts Highway Department submitted a 25% design plan which was the sole item on the agenda of a May 1995 meeting.

At the request of the Board of Selectmen, a committee of Milton citizens was formed to review the Mass. Highway plan for Route 28/Randolph Avenue. The Commission wishes to thank the members of that committee for their interest and input on this issue. They are: Forrest W. Carroll, Jr., Samuel E. Greydanus, III, Marie M. Lombardo, Margaret S. McDonough, John M. Pereira, and Frances K. Westerbeke.

The Commission also acted on individual requests for the installation of various traffic signs throughout the town and recommended those that were deemed necessary or served a useful purpose.

The Commission wishes to take this opportunity to thank non-voting members William J. Driscoll, Inspector of Wires, and Robert M. Galvin, Traffic and Safety Officer, for their assistance during the year.

Respectfully submitted,

Kevin J. Mearn, Chairman, Chief of Police
Donald P. Affanato, Chief, Fire Department
Billy G. Taylor, Superintendent of Streets
Paul D. Kanter, Town Engineer
Eileen F. Gillis, School Department

REPORT OF THE VETERANS SERVICES DEPARTMENT

To The Honorable Board of Selectmen: June 30, 1995

The authority for the Office of Veterans' Benefits exists under the provisions of Chapter 115, Massachusetts General Laws, as amended.

Entitlement and amount of payments are mandated by Statute. Unlike other departments, Veterans' Benefits expenditures are unpredictable. At the end of the fiscal year, the sum of $3,609.25 was returned to the General Treasury from the Veterans' Benefit account. This was due to less assistance being requested by veterans or widows in the Town of Milton.

Information from the Veterans Administration records indicate that there are presently 2,699 veterans living in the Town of Milton. The sum of $2,322,691 came to veterans widows and children of veterans in the Town during the past year.

More than 200 inquiries and forms were made out by this office on behalf of veterans and their widows, and they were sent to the proper Federal Agencies.

I wish to thank the members of the Board of Selectmen, Executive Secretary, Town Clerk and Town Treasurer/Collector for their assistance this past year.

Respectfully submitted,

James M. Hurley
Director & Veterans Agent

REPORT OF THE WIRE DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1995

I hereby submit my report of the Wire Department for the Fiscal Year from July 1, 1994 to June 30, 1995:

Permits were issued as follows:

Month	Total No. Permits Issued	Original	Alterations	Fees
JULY	55	5	50	$2,194.50
AUGUST	43	1	42	1,152.25
SEPTEMBER	47	3	44	1,460.50
OCTOBER	35	3	32	928.25
NOVEMBER	32	2	30	1,031.25
DECEMBER	42	6	36	1,217.00
JANUARY	53	4	49	1,792.25
FEBRUARY	32	2	30	821.75
MARCH	41	2	39	1,282.50
APRIL	35	0	35	867.50
MAY	67	2	65	1,864.75
JUNE	64	3	61	1,882.25
TOTALS	546	33	513	$16,494.75

1994-1995
Fire Alarm Signals

New Fire Alarm Boxes Installed:

2515	Loew Circle and Brush Hill Road
2516	7 Loew Circle
2517	19 Loew Circle
3228	Milton Academy Science Building

New Wire and Cable replaced at the following locations:

1350	Brush Hill Road	Rural C Wire	1400 Feet

Traffic Signals

Traffic Signal equipment was repaired or replaced at the following locations due to accidents or vandalism:

Brook Road	Central Avenue	Reedsdale Road
Adams Street	Wood Street Bridge	
Adams Street	Eliot Street (2)	

All traffic signals were relamped and cleaned and the controllers and equipment were cleaned, oiled and repaired periodically and as needed.

I wish to thank the Board of Selectmen and all Town Departments for their cooperation during the past year. My thanks to the members of the Wire Department — Assistant Inspector of Wires, Clifford Flynn, and Janice Freeman, Secretary, for their excellent work.

Respectfully submitted,

William J. Driscoll
Superintendent of Wires

REPORT OF THE YOUTH DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1995

I begin my twenty-first year as Youth Coordinator and Vicki McCarthy her 18th year as Youth Counselor in 1995-96. The difficulties and solutions facing families and their young in 1975 are not too dissimilar to the difficulties families (and their children) face today. There is one major difference. The services, funds, personnel and resources to help families in need are much less and Milton will have to be more resilient in utilizing partnerships and collaborating working relationships to replace social and human service programs cut from state and federal budgets.

The Youth Department worked with the school, police and park departments this year to coordinate community building partnerships with residents, and groups. Public and/or private organizations, colleges and universities, mental health and social services and numerous volunteers served the town effectively.

The 5th Grade Orientation Day at Cunningham Park, the Park and Recreation Departments' "I.D." program, the Human Rights Teams at the high school and middle school which implemented programs developing leadership and responsibility with students, and a pilot professional development workshop to teach conflict management and the nature of violence in the media on Cable TV are examples of working relationships producing results. The Youth Counselor has also completed a WholeLife Planning program for special needs students at the institute for Inclusion at Children's Hospital and is working with the schools Special Services Department. The Norfolk County Alcohol and Drug Awareness Program completed its fourth year presentation for the high school and started its first year program in all grades at the middle school.

The Job Match Program operated successfully by placing numerous teens at work outside the home. These jobs were opportunities for young people to learn adult work ethics while earning money at odd jobs working for residents of the town.

The Youth Coordinator and Youth Counselor, both licensed Mental Health Counselors, provide parents and teenagers with crisis intervention, counseling and referral support. Dr. John Eckelman, Ph.D. in Clinical Psychology, provided consultation services twice monthly.

The coming year will be a significant one if the school department receives funding from the Department of Education for its teen dating violence prevention, intervention project designed as still another collaborative model.

The newly formed Teen Production Company will also add exciting and original elements to the communities discussion about change, education and social responsibilities for young people and adults.

Respectfully submitted,

Max Horvet
Youth Coordinator

TOWN OF MILTON
FINANCIAL STATEMENTS

REPORT OF THE TOWN ACCOUNTANT

To The Honorable Board of Selectmen: June 30, 1995

I hereby submit the report of the Town Accountant for the twelve-month period ending June 30, 1995, arranged as follows:

1. Detailed listing of all receipts of the Town.

2. Detailed listing of all expenditures of the Town.

3. Summary of all departmental accounts, showing the appropriations, expenditures, and balances.

4. Balance sheet as of June 30, 1995.

All bills and vouchers on which monies have been paid from the Treasury and all trust funds in the custody of the Town Treasurer and Library Trustees have been examined and found to be correct.

I wish to thank the Accounting Department Staff, the Board of Selectmen, all Town Departments, and the Warrant Committee for all their help during the past fiscal year.

Respectfully submitted,

Edward J. Spellman, Jr.
Town Accountant

FUNDS HELD BY THE TOWN OF MILTON

Perpetual Care Fund

Amount held June 30, 1995 ..... $1,757,130.54

This fund is held by the Town Treasurer in accordance with Chapter 44, Section 54 of the General Laws.

Mary L Peabody Poor Fund

Amount held June 30, 1995 ..... $6,394.49

The clause under which this bequest is given is as follows: "To the Selectmen of the Town of Milton, Massachusetts, $5,000.00 to be invested and the income thereof to be distributed annually to the poor at Christmas."

E. T. L. Reed Park Fund

Amount held June 30, 1995 ..... $8,885.20

EXTRACT FROM THE WILL OF ELIZABETH T. L. REED

"All of the rest, residue and remained of all the monies remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said Town as a fund to be known as the 'Jason Reed Fund', and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton and the same shall be applied by the proper legal authorities to or towards layout of, improvement or ornamentation of a Public Park or Parks in said Town, in such manner as said authorities may deem advisable"

"I make the foregoing bequest in favor of . . . , the Cemetery and the Parks in said Milton, both on account of the deep interest by my father, the late Jason Reed, deceased, in the affairs of the Town, and of my profound desire for the welfare of said Town and of the citizens thereof."

Nathaniel T. Kidder Fund

Amount held June 30, 1995 ..... $62,911.99

The following is an extract from the will of Nathaniel T. Kidder:

Eighteenth:

"I give and bequeath to the State Street Trust Company . . . the sum of Twenty-five thousand dollars ($25,000.00) in trust . . . the income only of which shall be paid at such times as the Trustees may from time to time

determine, to said Town of Milton for the uses of the Milton Public Library system as the Trustees thereof for the time being may in their absolute discretion determine."

Special Retirement Fund

Amount held June 30, 1995 ..... -0-

This fund is held by the Town Treasurer in Accordance with Chapter 40, Section 5D of the General Laws.

Stabilization Fund

Amount held June 30, 1995 ..... $191.99

This fund was established by Article 55 at the 1968 Town Meeting and is held by the Treasurer in accordance with Chapter 40, Section SB of the General Laws.

Governor Stoughton Fund

Amount held June 30, 1995 ..... $196,969.20

The Governor Stoughton Fund is derived from receipts of the rental of the Town Farm and is spent only at the discretion of the Selectmen for purposes specified in Governor Stoughton's Will.

E. Francis & Emily Kane
Graduation Gift Fund

Amount held June 30, 1995 ..... $2,085.52

Oakland Hall Fund

Amount held June 30, 1995 ..... $18,242.04

The income from this fund is paid out under the direction of the Trustees of the Public Library for the purposes of the Mattapan Branch Library.

Tuell-Hallowell Good Citizenship Prize Fund

Amount held June 30, 1995 ..... $2,029.71

EXCERPT FROM SCHOOL COMMITTEE RECORDS
September 10, 1923

The Chairman presented to the Committee the following correspondence:

"To the School Committee of the Town of Milton:

"The Tuell Alumni Association herewith presents, through your Board, to the Town of Milton, the sum of One Thousand Dollars ($1,000.00) to be held as a fund in perpetuity, and the income thereof to be paid to the School Department and to be used to provide two prizes, one prize to be known as the Hiram Tuell Good Citizenship Prize to be awarded to the boy in the Senior Class of the Milton High School who, in the opinion of the faculty of said High School, has shown the highest degree, those qualities that make for good citizenship, the other prize to be known as the Henrietta T. Hallowell Good Citizenship Prize, and to be given to the girl in the Senior Class of the Milton High School who, in the opinion of the above said faculty, has shown similar qualities.

"The prizes are to be awarded each year at the graduation exercise. If such exercises are omitted for any year, the prizes are to be awarded on some other occasion near the close of the school year."

June 2, 1982

Percy E. Sheldon
President, Tuell Alumni Association

For additional gifts to the fund, see report of 1947

Selina M. Gibbons Scholarship Fund

Amount held June 30, 1995 ..... $11,559.51

PUBLIC SCHOOLS
MILTON, MASSACHUSETTS
ANNUAL REPORT
of the
SUPERINTENDENT
OF SCHOOLS

REPORT OF THE SCHOOL COMMITTEE

To The Honorable Board Of Selectmen: June 30, 1995

The Milton School Committee is pleased to submit its annual report for the period July 1, 1994 to June 30, 1995. The past year can best be characterized as one of change, growth, and progress.

CHANGE:

The membership of the School Committee this year, as in the past several, continues to change. After three years of service, Richard B. Neely successfully pursued a vacancy on the Board of Selectmen. Rick's excellent financial skills were a great help to us, and will continue to benefit the town. We thank him for his effort on behalf of the children of Milton, and wish him well as he applies his talent in his new role of service to the town. Mary S. Cobb was elected to Rick's vacancy and rejoined the committee. Mary has served the children of Milton for 25 years as a teacher within the Milton Public Schools, and for three years previously as a member of the Milton School Committee. We welcome Mary back and look forward towards working with her. She brings experience and classroom insight to our committee.

Change extended beyond the membership of the School Committee. Two top administrative posts also changed hands. Assistant Superintendent of Schools Dr. Caroline White, and Collicot School Principal William Griffin accepted new positions of responsibility outside of the Milton Schools. Dr. White was selected as the new Superintendent of the Millis Public Schools, and Mr. Griffin was selected as a Principal in the Canton Public Schools. We wish them well with these career moves. Dr. Anthony M. Roselli was selected as the new Milton Assistant Superintendent for Curriculum. Dr. Roselli brings extensive experience and talent with him, including 9 years experience as Foreign Language Department head in Milton. Most recently, he was the Superintendent of the Avon Public Schools. Dr. Roselli was the unanimous choice of the selection committee and was approved by the School Committee to join the Milton Schools in the fall of 1995. We welcome Dr. Roselli, and anxiously look forward to his leadership in this critical position. Dr. Richard L. Gillogly was selected as the new principal of the Collicot School. Dr. Gillogly served most recently as a Principal in Lebanon N.H. He has also been an administrator of pre-K through 12 schools in the Czech Republic, Italy, Norway, Algeria, U.S.S.R., Pakistan and Germany. We welcome Dr. Gillogly, and look forward to a successful year at the Collicot School under his direction.

GROWTH:

Growth is a theme that permeates the entire system. Enrollment continues to climb, and the town has responded with the additional funding for resources to deal with that growth. We began the year with 140 more students than the previous year. Although we anticipated 39 more students, we had planned to assume this growth with our current staff and funding levels. The increase of 140, however, jeopardized our quality without additional resources. The Town responded with an additional $200,000 in the fall of 1994. Using sophisticated computer software, accepted as the industry standard, we projected an additional increase of 169 students for the school year beginning in September 1995. This had a significant impact on our budget planning, and it soon became clear we would need a budget increase in excess of the limits of Proposition 2½, if we were going to continue to provide the same quality of service for all our students. On June 12, 1995, the voters of the Town of Milton responded favorably to our needs and passed a $1.1 million ballot question. This support has allowed us to increase staff, supplies, books and other educational materials so that we can adequately respond to this burgeoning enrollment. We are very grateful to all those in town who supported us in this effort.

CHANGE, GROWTH & PROGRESS:

This year is also marked by significant progress. We have made extensive advancements in many areas:

- *Curriculum:* Working towards a five year goal of revamped curriculum, our third grade grouping policy was changed. The "Challenge for ALL" committee of principals, teachers, and department heads worked months reviewing and inspecting ability grouping approaches to elementary education. This committee, much like society in general, consisted of proponents for both homogeneous and heterogeneous grouping. This entire group unanimously recommended a change to homogeneous grouping at the third grade for the 1995-1996 school year. The School Committee approved this change and are anxious to measure its effectiveness.
- *Math:* Our ninth grade math offerings will include an optional new approach in September. This IMP math program was presented to the school committee with great excitement by our math department head, David Harding. Having seen this approach working successfully in another school system, he was anxious to see it used in Milton. In this approach, students get to work in groups on real world problems, that require solid math skills in order to solve. The emphasis is on solving the problem, not memorization of math formulas. This exciting hands on course offering was eagerly selected by many of this years eighth graders.

- *Science:* This year ground was broken on a new $3 million science wing at the high school. Replacing old, inadequate facilities with new state of the art science labs and classrooms will give a big boost to our entire science program. This addition is the culmination of a project that has been planned over many years, and excitement is everywhere as this dream is now materializing.
- *Technology:* For several years, a Technology Advisory Committee (TAC) has worked towards a goal of having computer technologies used to enhance the effectiveness of subjects within our schools. These technologies are expensive, and require significant effort in order to be integrated within the curriculum. The TAC, made up of school administrative staff, school committee members, school parents and experts within the community, have developed and maintained a comprehensive plan for introducing technology across the system, K-12. With school committee, warrant committee and town meeting support, $45,000 was allocated this year. This marked the first time budget money was allocated to technology. Building on this success, and with the help of a capital needs study group, a $3 million capital ballot question was brought to the voters on June 12. This question included $624,000 for school technology. Thanks to the support of the voters, this question was passed and bids are being prepared to bring a strong infusion of new technology within all levels of the school system. Paramount among our objectives, will be guaranteeing that we will no longer graduate a student from the Milton Public Schools that hasn't worked with modern computer technology. With all this new technology, we will also be hiring a technology manager to ensure that this equipment will be operational, secure and maintained. After many years of working to bring in technology, we are now engaged in turning a vision of the future into reality.
- *Physical Plant Infrastructure:* This year we engaged the services of an architectural engineering firm to perform a detailed analysis of all six of our school buildings. We believe that it is imperative that we get a thorough professional assessment of our buildings condition. They were charged with evaluating the soundness of every facet of the physical plant. Systems such as electrical, heating, and ventilating will be inspected. Roofs, interior and exterior walls, parking lots, walkways, floors and ceilings will also be checked. Detailed maintenance and repair recommendations will be submitted so that we can have a clear road map of requirements as we invest in rehabilitating our buildings. Included in the $3 million capital needs ballot question was $1.1 in building repairs. This study will help us to get the most leverage from those funds. A full report is expected before school opens in September.

In summary, this past year demonstrates this is a system on the road of continuous improvement. Under the direction and supervision of our superintendent, Dr. Mary Grassa O'Neill, we are raising the bar of educational challenge for all our students. We are obliged in this effort to prepare them to meet the increased challenges that modern society requires of them. With continued support of the residents of Milton, we pledge to embrace change, manage our growth, and deliver academic progress for all of Milton's students.

Respectively submitted,

Brian M. Walsh, Chairman
Francis X. Desmond, Vice Chairman
Mary S. Cobb
Jeffrey L. Cruikshank
Ann D. Martinson
Katherine B Sullivan

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Honorable Board of Selectmen: June 30, 1995

It is a pleasure to submit my second annual report as Superintendent of the Milton Public Schools.

The residents of Milton continue to provide strong support to the children of our town. The passage last spring of two Proposition 2½ overrides — one for capital improvements and the other for operating expenses — speaks volumes about the commitment the citizens of Milton consistently demonstrate to our schools.

Override funds help us to meet the needs of our increased student enrollment. Over the past ten years student enrollment has increased almost 40% and the teaching faculty increased by only 9%. In this same period the number of students attending private and parochial schools has declined by 20%. Overall this means parents and students are making Milton Public Schools their choice for elementary and secondary education. This is good news for our community. People with school age children want to live in Milton and take advantage of our excellent public school system.

We greatly appreciate the efforts of all elected officials, boards, committees and departments, who worked jointly and unanimously for these overrides and the support of the taxpayers who ensured their passage.

The capital override provides many key improvements. The schools badly need new technology. In 1992, communities similar to Milton spent an average of $88.74 per student on technology. In that same year, Milton spent $13.33 per student on technology.

The good things that the capital override will provide include: computers for all schools, two state-of-the-art labs at the high school, mini labs in several high school departments, automated student support services, including guidance, library, etc., in all schools, greatly enhanced connectivity (school-to-school, school-to-town, school-to-Internet) in all schools and school building renovations and repairs which have been deferred for many years due to tight budgets.

The operating override will fund many critically important resources. Specifically, it will provide thirteen additional teachers to accommodate increased enrollments and relieve crowding particularly at the Pierce Middle School and Milton High School and significantly more resources for textbooks and other instructional materials. It makes possible a reduction in athletic fees from $75 per sport to $50 per sport (Milton, along with Natick, currently has the

highest fees in the Bay State Conference, making sports unaffordable for some.) It also restores the Marching Band at the High School and selected other extracurricular activities and increases staffing in the Athletic department to enhance safety. Finally, it increases art and music instruction at the elementary level which has been cut significantly in recent years.

In last year's comprehensive survey, parents, teachers and students overwhelmingly described Milton Public Schools as "excellent." We have been building on our strong traditions and unique assets to ensure continued success.

The survey showed that Milton Schools have excellent teachers who know their subject matter and that high levels of respect and caring permeate the schools. According to teachers, parents and students, classmates get along well with one another. Statistical data show that a very high percentage (85-90%) of graduates go on to higher education, with the vast majority attending four-year colleges, and that Milton Public School students routinely surpass both state and national averages in standardized tests of reading and math skills.

Results also indicated the following needs: increased individual student attention and challenge; exposure to innovative teaching techniques; more detailed suggestions for parents on how to help their children; and support and time for teachers to work together with colleagues on curriculum and management issues.

In response to these needs and the priorities set by the Milton School Committee after extensive school and community discussion, we have taken actions in several major areas. Each initiative is designed to support the five core values of the Milton Public Schools which are:

- High Academic Achievement for All Students
- Excellence in Teaching
- Collaborative Relationships and Communication
- Respect for Human Differences
- Innovation and Risk-Taking for Education

Activities are listed by category:

New Science Building

The spring of '95 saw the groundbreaking for a new science building at Milton High School. This project has been in the planning stages since 1986 and received townwide financial support in a 1994 override vote, demonstrating once again Milton's strong investment in education.

The original and current science classrooms were built in 1909.

The new wing will have two floors and nine new state of the art science rooms. Each room will be ready for cable, computers and all the new technologies.

Another part of the project involves modernizing some of the former science classroom spaces for other classroom use.

Projected date of completion of the science wing and remodeled classrooms is late winter or early spring '95.

World Languages

In the area of World Languages we established more equity in immersion and traditional offerings by implementing our first joint Open House for both immersion and traditional programs; producing a Cable TV program and video on Grade One choices with a panel of parents, teachers and administrators from each program; opening field trips and special events across the board to all students and starting to look at teaching methodologies in both traditional and immersion programs and having teachers work more closely so students have the benefit of the best teaching techniques from each program.

In addition, for the first time we offered the choice of a second foreign language to all eighth graders and increased foreign language offerings for seventh graders in the traditional program from half a year to a full year. We also eliminated the grade 6 Language Awareness Program and upgraded instruction to a full year's study of one foreign language. This doubled from 1½ to 3 years the foreign language study opportunities for all middle school students, making Milton one of only a handful of schools in Massachusetts to offer this opportunity to its students. Most students will soon reach high school ready for their fourth year of a foreign language.

Improved Communication

Improved communication was another key priority of the Committee and administration. To this end we met and conversed on a regular basis with School Committee members, principals, P.T.O. Presidents and parents to improve communications.

We pioneered with the Milton Educators Association a new innovative collective bargaining strategy called collaborative bargaining. Collaborative bargaining allowed us to work cooperatively and led to a contract with major educational gains for our students which included extending each school day by nine minutes to allow for early release professional development Fridays so teachers could learn new skills to expand their teaching repertoires and better meet individual student needs including cooperative learning, team teaching and

interdisciplinary instruction as strategies adopted by contract; restructuring curriculum days to focus on systemwide professional development priorities and to link teacher activities with classroom instruction; resolving problematic contract language on seniority; introducing middle school language for the first time since the establishment of the middle school, approximately 12 years ago. Earlier contracts had mandated different work requirements for different teachers in the same building. Now all teachers at the middle school have the same work requirements.

A key initiative to improve communication was to begin the community-wide process of strategic planning and participation. To this end we analyzed and interpreted data from surveys of parents, teachers, students and School Committee and used the results with School Committee, Principals, each faculty, P.T.O. Presidents and MHS Student Council to discuss results for fuller understanding and as a basis for action steps at each school and the district level and as part of the development of long-range plans. We also initiated the system's first K-12 planning team to focus on clearly identified needs in raising the challenge for all students and providing curriculum equity for all.

Enrollment and Space Needs

A review of class size and a space needs analysis showed that at the elementary level there are classes. Seventy-seven of the classes had more than 20 students, with the average class size at about 25. All elementary classrooms were in use. Only one school — Collicot — continued to have a separate room for art classes. None had separate music rooms. All other art classes were taught by art specialists in the regular classroom. For 1995-1996 only one elementary school — Cunningham — will have an additional classroom. This room will be used to absorb expected increased numbers of kindergarten students.

A review of the data on the 239 students new to MPS in September 1994 showed that students were moving into all precincts across town and were coming from a variety of foreign countries (Ireland, England, Cuba, Haiti, Switzerland, Canada, etc.) and several other states, as well as a large number enrolling from local private and parochial schools.

With every elementary school at capacity and new classrooms being added at both Pierce Middle School and Milton High School, the recommended course of action on redistricting was to stay the course for this year.

Addressed Operations and Concept at Middle School

To meet the unique needs and increased numbers of middle school students we created a new administrative position by reorganizing and reducing elementary coordinator positions from three to two and instituting a second

Assistant Principal at Pierce Middle School and then hired a brand new leadership team, a new principal and two new assistants who have implemented a cluster system Grades 6-8 and located most cluster or core academic classes in the same part of the building to increase class time by reducing unnecessary filing time; significantly increased the supervision of students, both entering and leaving school and during filing and lunch times; coordinated common planning/meeting times for all teams of teachers to focus on instructional and operational issues; established and facilitated grade team meeting times so parents could meet with their child's teachers in a group; established a planning team of faculty and administrators to restructure the school further for 1995-1996 school year; provided middle school concept professional development opportunities beyond that available through Milton Public Schools; established bimonthly meetings of teacher curriculum teams by discipline; and developed and enhanced opportunities for interdisciplinary instruction through the establishment of interdisciplinary teacher teams.

Reviewed Leveling/Tracking Policies and Practices

The K-12 Challenge For All Team studied grouping practices to ensure that we are grouping students for instruction in the most effective way. The Challenge Team is composed of all principals, teachers from each school and other faculty and administrative team members. They completed an extensive review of the literature and worked in the most expedient areas first instituting a new summer reading program which doubled the amount of time students spent on independent reading. They also spearheaded a revision of the current homework policy increasing the amount of homework required at each grade and adding a nightly recommended reading period. This policy was adopted by the School Committee in the Spring. The Challenge Team studied LATCH and at the same time found some outside resources to teach fifth graders in the program.

All third grade teachers were engaged in the process of studying grouping practices currently in place. They recommended changes in the grouping policy which were passed by the School Committee. This will lead to the detracking, heterogenous grouping and the use of new and varied technology and methodologies in these classes.

Lastly, we prepared to introduce a grade 3 Literature-based reading program. This program will use both a basal reader and authentic children's literature to teach reading skills. This will give students the best whole language and phonetic approaches. Children will read a minimum of 6 trade-books per year, classes will be heterogenously grouped and self-contained, opportunity to learn standards and expectations raised for all children (all are taught upper level curriculum with support for those students who need it via Reading Specialist

and/or Title I staff), instruction is thematically based: themes for SY95-96 will be *Connections, Journeys, & Imagine That!*

Used Milton Public Schools Diversity to Improve Racial Climate in Milton

To support the core value to Respect Human Differences, we increased faculty and administrative diversity. Notably, the system hired the first black assistant principal at Milton High School. We continued the successful town-wide Unity Day Celebration for fifth graders which receives enormous support from faculty, parents, and the community, particularly the Pepsi-Cola Company.

After surveying parents, teachers and administrators regarding race and its relationship to the educational experience in MPS, we analyzed, interpreted and presented results and began strategic planning to address the issues raised. We introduced the World of Difference Program to faculty and students; provided training for administrators through PAC Affirmative Action and participated extensively in the PAC Affirmative Action Minority Job Fair.

The Office of Civil Rights trained administrators and guidance counselors and assisted in the development of a new Title IX Grievance Procedure which was disseminated to all faculty, staff and parents.

Developed and Implemented New Teacher Training

We worked collaboratively with the M.E.A. and negotiated a significant increase in time for in-service training, ten Professional Development Fridays and 14 hours of training in systemwide priority areas in lieu of former curriculum days. We redrafted and strengthened the guidelines of the P.I.C. (Professional Improvement Committee) which reviews and evaluates all teacher graduate course work.

For the first time we activated the joint M.E.A. faculty/administration Professional Development Committee to identify the systemwide priorities for professional development. For 1994-1995 the priorities were:

Curriculum Issues

Writing Across the Curriculum
Hands-On Math/Science
Understanding Cultures
Conflict Resolution
Legal Issues in Education

Teaching Methodology

Cooperative Learning
Inclusion (Special Education)
Interdisciplinary Teaching

Team Teaching — Special Education/Regular Education/Interdisciplinary
Clustering
Flexible Grouping

Technology

To implement our plans we established a team of school leaders to put the professional day sessions together. This team surveyed all faculty to elicit recommendations on specific topics, areas of interest and potential presenters and balanced the offerings and recommendations with systemwide priorities; scheduled all sessions; and designed and distributed evaluation instruments to assess the effectiveness of each session.

All offerings were described in a booklet which allowed teachers to choose and pre-register for Professional Development Friday workshops, seminars and courses. Some opportunities for intensive professional development in both Cooperative Learning and Writing Across the Curriculum were offered during the summer and in late afternoon and evening sessions.

One of the special offerings allowed all elementary teachers, all math teachers and administrators to participate in the National Council of Teachers of Mathematics National Conference held in Boston last April.

Developed Technology Capabilities

Working with school teachers, the Technology Advisory Committee and P.T.O.s, we evaluated the state of technology and have plans to vastly expand resources available for technology. Most notably, the Proposition 2½ capital override will fund more than $600,000 in computer technology for all schools over the next two years.

This year we installed a second computer lab at Pierce Middle School — a donation from Bradlees — and we received a Department of Education grant that is funding ten computer stations at Milton High School and four presentation stations (one at each elementary school). We added a computer lab at Collicot Elementary School and we are in the process of building a computer lab at Glover School. Thanks to a highly successful MAC ATTACK fundraiser sponsored by the Cunningham P.T.O., a computer was installed in every classroom at the Cunningham.

We sponsored frequent technology training and purchased software and hardware with funds raised from the Townwide Spelling Bee sponsored jointly by Collicot, Cunningham, Glover and Tucker P.T.O.s and we actively participated in the first townwide Technology Saturday run by the Technology Advisory Committee and sponsored by Microsoft.

Teachers used the National Geographic Kids Network programs in grade 4 (*Weather In Action*) and grade 5 (*Acid Rain*). This provided students the opportunity to exchange information about various science experiments with students across the United States and receive feedback about their results from a scientist.

Examined Self-Esteem Programs

We worked with the School Committee to adopt core values of High Academic Achievement For All and Valuing Human Differences and focused efforts on developing good self-esteem through achievement. Most importantly, we incorporated into the strategic plan three major issues to address self-esteem. Each is a new mandate from the School Committee — eliminating negative labeling of students, providing all students equal access to curriculum and instruction, and increasing faculty diversity.

Made the Case for Increased School Resources

We conducted a major budget analysis which compared Milton to four comparable school districts and learned that we spent on the average 25% less than each district studied and that lower spending occurred across all spending categories. The differences per pupil ranged from a low of $300 per pupil in Braintree, to a high of almost $2,000 per pupil in Brookline. We also looked at historical spending and spending as a percentage of the town budget and learned that decreases existed there as well, and that of the 40 communities to which Milton has compared itself over the past 20 years, Milton currently is in the bottom 25% in school spending. This differs from the past, when Milton regularly was in the top 50%. With the help of the School Committee, we publicized budget findings and continually made the case publicly and privately for increased funding.

To generate additional resources and to supplement our school budget, we received a donation worth approximately $250,000 in furniture from GTE and a middle school computer lab from Bradlees.

We were the recipient of some competitive grants — an Eisenhower Grant for cooperative learning training and another grant to purchase technology. We also attained a National Science Foundation grant to implement a new high school Interactive Math Program (IMP).

New scholarship opportunities were established for Milton High School seniors, four from Fallon Ambulance and one from the Donadio Lodge of the Sons of Italy.

We established partnerships with Boston College, Curry and Aquinas Colleges and studied the Education Reform funding formula working to build support for changes that will benefit Milton Public Schools. Most particularly, we are seeking increased state aid.

Decentralized budget decision-making and expanding the role of principals, parents, and teachers in the budget process allowed us to put resource decisions closer to the schools.

Lastly, we initiated a capital needs facilities study of all schools and awarded the contract to begin the study. This will be the first professional architectural needs study in almost 20 years and will provide valuable information to help us improve our facilities.

Shaped Response to Education Reform

We initiated a strategic planning process with community-wide participation. A major part of this plan is to review and revise all curriculum areas by the year 2000 in keeping with new national standards — the Department of Education's curriculum frameworks and the common core of learning.

School Site Councils were formed at each school. Each council worked with the school principals to develop a School Improvement Plan which was presented to the School Committee.

INDIVIDUAL SCHOOL HIGHLIGHTS

Milton High School

Mr. Allen Adams, Principal of Milton High School, reports that the administration and faculty continued to pursue their goals in concert with their School Site Council, Education Reform and the Core Values established by the Milton Public Schools. Major topics of discussion by the Council were: the effects of Education Reform, community service and student involvement in activities.

Two new administrators, Wilbert Bernard, Jr., Assistant Principal, and David Meisse, Chair of the Social Studies Department, were welcome additions to the staff. Mary Lou Markarian, Latin teacher, was recognized by the students as "Teacher of the Year." Dr. Susan Offner, teacher of biology, was one of twenty-seven teachers statewide selected for expertise in science. Ellen Ahearn, French teacher, was awarded the American Association of Teachers of French scholarship to study at the Universite de Montreal.

Of the many student awards and recognitions, three outstanding academic awards were a National Merit Finalist and two students who had perfect 800 scores on the verbal section of the Scholastic Aptitude Test.

The Guidance Department continues to offer many services for students and their parents. In addition to various parent information evening meetings pertaining to college, one hundred sixty college representatives visited the high school. Approximately ninety percent of our seniors continued their education. About eighty-two percent are attending four-year colleges and universities.

The Business Department continues to provide career awareness workshops and programs for those students who will start their careers immediately after high school as well as for those who will pursue business careers in college.

Music and art students continue to be recognized at the state and national levels for their excellence.

In addition to a trip to France by some of the students in the French program, the Music Department traveled to Virginia to successfully compete at the national level.

Students in the technology department designed and built some excellent individual computer stations. They have developed a mini-technology center as well.

The very successful team-taught regular education and special education English program expanded to one at each grade level.

The pro-active Human Rights program continued its effectiveness. Highlights of the students' experiences included attending the statewide program "World of Difference" and hosting an assembly program for all students entitled "The Ethnic Man." Students and faculty from Russia were hosted as well.

The entire faculty was involved in ten professional development days, which enhanced their educational background and experiences.

The Parent, Teacher, Students and Friends Organization (P.T.F.S.O.) continued much appreciated support of the school store (Wild Cats' Den), the all night post graduation party, the dinner for freshmen and their parents, and the Teacher Appreciation Dinner.

It is worthy of note that approximately eighty percent of the students participated in sports and other school clubs and activities. The continued support of our student athletes by the Milton Boosters' Club is most appreciated.

Pierce Middle School

As part of the Halloween season, sixth graders had a Mystery Reading Day. They used their creative writing skills and produced excellent stories. During the winter, sixth graders presented a Living Wax Museum Program. In this endeavor, they each studied one historical character in depth and played that character for the wax museum that was visited by parents and other community members.

A group of sixth graders took part in the Christa McAuliffe Challenger Program at Framingham State College. They learned about space travel and the ways that astronauts cope with life in space and weightlessness. Students had the chance to command space ships and use Math and Science to calculate what they were doing. The efforts were coordinated by the teacher Ms. Ann Sullivan.

The seventh grade staff observed "Make A Difference Day." They donated a large amount of food to the Milton Food Pantry. Additionally, the seventh graders raised money for a field trip by working at various projects within the "Milton Pride Day" initiative. The project was coordinated by the teacher Ms. Maureen Griffin.

Another aspect of the Milton Pride Day was supported by Mrs. Patricia Kelleher. Mrs. Kelleher and her students received donations of plants and gardening supplies from Hood Milk. They planted the front Pierce lawn with beautiful annuals and perennials. Our custodian, Chris Silva, took care of the maintenance and cultivating of the plantings, even while he was on vacation during the summer.

The eighth grade students studied the joining of European and Native-American cultures. As part of this interdisciplinary instruction with Mrs. MaryAnne Mobilia, the students visited the elementary schools and told Native-American myths to the students.

The eighth graders, under the leadership of Mrs. Elaine Lovett, hosted an ice cream party for many community members. Former staff members of the Milton Public Schools attended.

As part of ongoing staff development, 12 teachers attended one or more days of the annual conference of the New England League of Middle Schools. Furthermore, by the end of the school year, more than 15 teachers were trained in the methods of the John Collins Writing Across The Curriculum Program.

As part of the planning process for the 1995-1996 school year, a team of 15 teachers from various disciplines was formed. Together they researched, discussed and developed effective school structures for consideration at Pierce. A major part of the initiative was the development of two-teacher teams that visited other middle schools to learn about best-demonstrated practices that could be applied to the improvement of Pierce Middle School.

In keeping with the strong emphasis on foreign languages, they saw Spanish Flamenco Dancers and took part in a Foreign Food Festival.

As part of an emphasis on multicultural awareness, Guidance Counselor Ms. Anna McReynolds and teacher Ms. Alanna Shone led groups of students to the World of Difference program at Boston Garden. They also helped the Human Rights Squad continue their effective work.

A group of Pierce students, led by teacher Michael Cleary, ran in the Milton Road Race. They had after-school practice sessions for four weeks. Everyone finished the race.

The theme for National Middle School Month in March was "Parents - Schools - Community - Building Bridges." A parent Ms. Elizabeth Corrigan and teacher Ms. Wendy Willhauck planned and coordinated a career education program for the seventh graders at Pierce. Numerous community and business leaders visited the school and spoke to classes about their careers. The program was highly successful and was the subject of an article in the Patriot Ledger.

The school had two major dramatic presentations. The first was the *Nutcracker* and the other was *Give My Regards To Broadway*. They were both directed by Mrs. Shone.

Collicot Elementary School

Many successful programs were continued, such as:
- Continental Mathematics Contest in grades 3, 4, and 5
- Word Master Program in grades 3, 4, and 5
- Family Reading Club
- Egg Drop Contest in grade 4
- Recycled Race Car Contest in grade 5
- Disability Awareness Program in grade 4
- Reading Assemblies
- Writing Assemblies
- Grade 5 Multicultural Exchange Program
- Grade 5 Conflict Resolution Program
- Boston College and Curry College student teachers

For the first time, the Collicot School instituted the French Immersion program in grade three; participated in the town-wide Spelling Bee with student

and faculty teams to raise money for technology; implemented the John Collins Writing Across the Curriculum Program in some of the second through fifth grade classes; participated in the Barnes and Noble Brain Quest; participated in the Book-It reading program with Pizza Hut; instituted a banking program with Bay Bank Savings for grade one; participated in a poetry writing contest at Boston College and participated in the Seuss-A-Bration at the Milton Public Library.

Special events were an important part of the school year. The Student Council continued having numerous special events, as well as making contributions to charities with monies from the school store. Retired telephone workers painted a map of the United States on our playground. A celebration breakfast was held to honor fathers. On a separate occasion we honored grandparents. Both celebrations were tremendously successful. Other celebrations were held to acknowledge the first 100 days of school, the grand opening of the new computer laboratory and the Irish Festival.

During the course of the school year, we had visitors from Africa and Russia, and students learned a great deal about Cuba. Others had a stimulating afternoon with Steven Kellogg, a noted author. This event was sponsored by the Little Book Room.

Large events like the grade five field day and the P.T.O. Collicot Fair were held at Cunningham Park. The award assembly was a culmination of great effort. Each class participated in a field trip, financed through the P.T.O.

The P.T.O. and the School Site Council were both very positive aspects of the Collicot School. Both groups in their own way helped to make Collicot a better place for students. While the P.T.O. worked to finance all the extras, the School Site Committees worked to help improve academics, resources and facilities.

The end of the school year brought an end to a very successful and happy era in the history of the Collicot School Community. Both the principal, William Griffin, and his secretary, Helen Williams, said a fond farewell to Collicot. They will be missed, but never forgotten.

Cunningham Elementary School

This school year was marked by an emphasis on math, science and technology. Our parents, staff and students all joined in strengthening these disciplines.

Our kindergarten teachers implemented year one of "Math Their Way" in all of our kindergarten classrooms. They also participated in training and

worked extensively over the summer to be prepared to introduce this new hands-on approach in September.

Our first, second and third grade teachers served on several math committees during the school year. These math committees examined several math programs in terms of their integration of math manipulatives and the National Math Standards. Our teachers visited several neighboring communities to observe the programs in action and speak with teachers. Our teachers chose to implement: D.C. Heath's "Math Everyday," a hands-on approach for students in Grades one and two; D.C. Heath's "CONNECTIONS" for our students in grade 3; and D.C. Heath's "Everyday Counts" Calendar in grades 4 and 5.

Cunningham parents and teachers joined together to be trained in the techniques of initiating and organizing Family Math and Science Nights for our students and their parents. Thirty Cunningham parents, three teachers and the principal participated in a weekend training session sponsored by Partnerships Advancing Learning in Mathematics and Science. We piloted two primary and intermediate Cunningham Family Math and Science Friday Night Programs. The Cunningham parents and teachers plan to join during the 1995-1996 school year with Tucker parents and teachers to co-sponsor joint Tucker and Cunningham Family Math and Science Nights.

Our Cunningham P.T.O. created a sub-committee and entitled their efforts, MAC ATTACK. The group's goal was to raise the funds for one Macintosh computer at every grade level. The Cunningham parents and teachers exceeded their goal and they raised enough money to fund the purchase of a Macintosh computer for every classroom in every grade. In addition, the MAC ATTACK funded teacher-selected software and teacher training.

Our 1995 Cunningham Science Fair involved over 300 students' scientific displays. This two-night and day sharing activity heightened our students' interest in science.

Mrs. Annette Raphel, Milton Academy Middle School teacher and nationally recognized expert in math education, served on Cunningham's School Council. Mrs. Raphel completed over three hundred hours for her practicum in the principalship at The Cunningham School. Mrs. Raphel served as an invaluable resource for our teachers. She led weekly workshops for our teachers on math manipulatives.

Mrs. Joanne Bonner, Cunningham fifth grade teacher, served on the district-wide Technology Advisory Sub-Committee.

Through Ms. Christine Lyons' and Ms. Leslee Haines' efforts in grant writing and Milton's PALMS involvement, Milton's elementary teachers

attended more professional development programs and conferences than I have observed during my twenty years in the Milton Schools. Opportunities ranged from teachers spending a week at Boston's Science Museum to days of intensive computer training.

Milton's students participated in our new and more challenging required Summer Reading Program created by Milton's "Challenge For All" Task Force.

Cunningham students and their families for the seventh year in a row participated in a Family Read-A-Thon. Over ninety-nine percent of our students participate in our reading programs.

Continuation of Cunningham's Parent Volunteer Program entitled Paperback Literature Discussion Groups was another initiative. Parents led weekly student discussion groups around paperback literature in grades two, three, four and five. Over forty parents volunteered to lead these student groups.

On National Family Literacy Day, November 1, 1994, all Cunningham students and teachers visited Milton's Public Library and families shared Dr. Seuss books on a nightly basis.

Milton's third grade teachers worked with Ms. Christine Lyons and Ms. Leslee Haines, Milton's elementary coordinators, to study various grouping practices and new math and language arts program in our grade three classrooms.

Eighty percent of Cunningham's intermediate grade teachers have been trained in The Network's Writing and Thinking Skills Across the Curriculum Program. Our teachers are integrating this program and stressing increased student writing in all disciplines.

Cunningham's grade five students piloted a student public speaking presentation at their graduation. We plan to expand this program to all grades next year.

Year seven of Grade Four's "Celebrating Our Differences" program deals with issues around blindness, deafness, physical handicaps and developmental delays. Our children are educated by volunteers in the fields.

Year seven of Cunningham's P.T.O.-sponsored Community Service Thanksgiving Holiday Baskets for Milton families who would not otherwise have a Thanksgiving meal was another success and part of our community service effort.

In year seven of Cunningham's P.T.O.-sponsored Community Service Holiday Giving Tree students bring in items for adults and children who would not have holiday gifts.

For the first time Cunningham's P.T.O.-sponsored Memorial Day Baskets in which food baskets were made by our students and families for Milton families in need of food.

It was year two of a Community Service partnership with Milton's Visiting Nurses and Cunningham students on Valentine's Day. Cunningham students created and wrote Valentines for Milton's senior citizens.

International Night — Cunningham teachers and students each chose a country to study in class and then displayed projects and reports at this evening event. Cunningham students and their families enjoyed food, student displays and entertainment from around the world.

The town-wide Spelling Bee was the first of its type joining four elementary schools together to sponsor an event and share the profits which went towards the purchase of technology in our elementary schools. It was a huge success and a lot of fun!

In year five of Cunningham's ChildWatch Program, parents volunteered to enroll their children in a morning call-in absentee program. This program is entirely initiated, organized and staffed by parents.

In year six of Cunningham's Student Birthday Book and Holiday Book Program, students and their families donate books to our library on the occasions of their birthdays and the holiday season.

Our School Council worked on our School Plan during the year and worked on revising our outstanding Cunningham Parent Handbook. We worked on our bylaws and discussed issues around diversity during several of our meetings.

A live presentation on the Life and Music of Wolfgang Amadeus Mozart was sponsored by Milton's Arts Lottery Cultural Council.

Grade four attended the Boston Youth Symphony's Program sponsored by Milton's Cultural Council's PASS Program.

Well-known musician Semenya McCord presented the history of gospel music for our fourth and fifth graders. This program was sponsored by our P.T.O.

We are happy to have Milton's senior citizens volunteering in our school. Mrs. Evelyn Williams volunteers every Wednesday in our office. Mrs. Fran Berig volunteers every Wednesday and Thursday reading to our second and third grade students.

Mrs. Marion Tourville volunteers twice every week in our second grade classrooms providing our students individual attention and helping our teachers with paperwork.

Also, one of our parents, Joanne Fisher, volunteers one day a month through the state of Massachusetts' Volunteer Services Leave Program.

Mrs. Parker, Milton librarian, volunteered for six mornings reading each month to each of our classes. Mrs. Parker reinforces the importance of Milton's Public Libraries to our students.

Milton Academy and Boston College High School juniors and seniors completed their community service at our school.

We are very proud and pleased to work with an extraordinary staff of dedicated teachers and professionals. Our Cunningham faculty works to provide the most enriching and challenging program possible for each of our students.

Cunningham children are wonderful and eager children who give 100% every day to learn and excel.

Cunningham parents are a most dedicated, involved and giving parent body.

We know the support of Milton's School Committee and citizens. Our staff and parents work together to create an atmosphere and program for our students with Milton's five Core Values always in our planning.

We consider ourselves privileged to teach Milton's children.

Glover Elementary School

The 1994-1995 school year was another busy and successful one for the Glover School. We wish to thank all staff and families for their efforts and contributions.

The importance of the affirmative override votes for education in June should not be minimized. They enabled us to improve services, activities and materials in order to serve our students even better in the future.

The faculty participated in many workshops and seminars to shape the curriculum, especially in math and reading for grades K-3. The results of their studies and the work of the Challenge Committee advocated for heterogenous groups in grades K-3. The staff selected a new math program to accommodate all the children as well as address the NCTM standards. They also chose to expand the literature-based reading program to grade 3. After attending workshops to improve student writing, teachers passed this information to their peers. Many teachers have decided to use new writing folders from The Network with their classes.

The Glover P.T.O., in conjunction with the School Council, formed subcommittees to enact the School Improvement Plan. For the first half of the year, we concentrated on home-school communication. We tried to ensure the delivery of weekly notices, wrote a curriculum guide, reorganized the Back-To-School-Night and Harvest Social and made suggestions for newsletters. The Council also formed a Computer Council to address Glover's technology needs and relay them to the town's advisory committee.

A joint committee of parents and teachers acted on its desire to teach children social skills and responsible means to resolve a conflict. A curriculum was studied, chosen and disseminated by the staff and bought with monies from the P.T.O.

Likewise, we emphasized school pride and civic responsibility through other joint activities. Parents, teachers and children participated in a Field Day on the first Friday in October. All the children in the school were divided into teams of children from grades K-5. In addition to having fun, the children were taught interdependence and to care for their younger classmates. Also, at various intervals during the year, classes of children in the upper grades worked with their younger "buddies" in writing, reading, math and science projects. Before the holidays in December, we had a Spoon Day to decorate wooden spoons for the homeless in Boston. Again, the children with the help of parents worked in multi-age pairs to create one spoon. Other reach-out programs included a correspondence and visit with senior citizens and a clothing collection for residents of the Pine Street Inn.

The P.T.O. continued to support and volunteer in the Glover School with funds, time and dedication. Continued activities included our monthly birthday celebration for the children, story reading, book fair, yard sale for resource books and classroom talks. Additional duties were undertaken due to the cutbacks in library staff. Parents helped to keep our libraries open when the librarian position was made half-time.

Also, a parent volunteered to pick up and change the science kits from a central location every month. We also obtained used computer furniture from a

parent. Another parent built the modules in school for a mini-computer lab off the library.

Parents and teachers working together was also evident in the many events which were planned for the fifth graders. These included the Glover Grade 5 Day and the Move Up Program which included a town-wide field day for the fifth graders and parents from the town to meet each other prior to grade 6.

Of course, an integral part of our program has been the cultural activities which the P.T.O. funded for the children. Dedicated parents previewed programs and discussed them with selected members of the staff. Again, there was an artist in residence, the writer, Jeff Kelly, for grades 4 and 5. This is our second in a series of artists to help children improve their communication skills.

Additional curriculum initiatives included thematic units in science such as the telecommunications units, Kids Net, for the fourth and fifth graders. Also, the school was involved in a study of many cultures, holidays and peoples. The culmination of this unit was our International Festival. Each class studied a different country, its people, geography, customs, flag, language and food. Everyone was involved in displays and the creation of a giant totem representative of their country. Then the school was recreated into a natural history museum. Parents were invited to visit "A Trip Around the World" in an evening visit to Glover School. The children worked at each display and stamped a Glover passport for each family. The following day the children also visited each other's displays as well as the Food Fair which was provided and staffed by the parents.

Glover School continued to teach care and responsibility for the environment through many science units. An educator from the MWRA visited all the classes and taught about water purification. Children visited Turner's Pond and studied the plants as well as water quality in many grade levels. We always recognize Glover's responsible citizens and recognize them on Earth Day.

The Student Council composed of children in grades 3-5 undertook civic activities to benefit not only their classmates but also the country. The children baby-sat during the afternoon conferences and sold chances for a one-week campership which was donated by a staff member. The proceeds were used to buy some soccer balls and basketballs for the playground. But the bulk of the money was donated to aid the victims of the bombing in Oklahoma.

As we reviewed the special programs during the year, we also reflected on the day-to-day teaching and learning which is our mission. The readings, plays, experiments, poetry, music, art displays, slide shows, and science fairs which the teachers inspired and encouraged in the children remain the backbone of our school.

In conclusion, we appreciate the financial support, time, and expertise of our parents. Without their efforts, many important programs and materials would not be available for the children. Also, we wish a fond farewell to Mr. William Monahan and Mrs. Katherine Benjamin, who retired in June. We wish them well in their retirement.

Tucker Elementary School

The following information highlights important events which occurred at Tucker School during the 1994-1995 school year.

The new School Site Council Plan centered around three areas: Enhancement of Parental Involvement, Class Size and Academic Enhancement.

The Parental Involvement subcommittee's primary objective was to focus on the importance of parental involvement at the time when families first enter the school or first transition from one grade to the next. The accomplishments and recommendation are as follows:

1. We compiled a Tucker School brochure which provides general information about the school, its philosophy and programs.

2. Changes and additions to the 1995 kindergarten and first grade orientation evening were implemented. Parents received a folder of information about the Tucker School, community resources, reading booklist and curriculum information.

3. Over the summer months, a "Buddy System" to match new parents with children entering kindergarten with parents of children who have recently finished kindergarten was completed.

The Class Size and Student Performance Subcommittee continued to explore student teacher ratios, examined Tucker School's pre-referral policy and began to look at creative avenues to address the issues of class size and the needs of special services populations at Tucker School.

The goal of the Academic Enhancement Subcommittee is to develop activities to further enrich the learning environment of Tucker School. Most of the recommendations can be implemented without the need for additional funding through the utilization of existing staff and volunteers. The following recommendations were made:

1. Using computers in the proposed computer lab, Tucker School students will have the opportunity to write and publish their own books.

2. The Tucker School community will identify themes to be the focus of the 1995-1996 school year. Staff will be encouraged to incorporate themes in classroom activities and all curriculum areas.

3. With input from Project PALMS (Partnerships Advancing the Learning of Math and Science), parents and staff will be trained to staff Family Math and Science Nights at Tucker School.

4. Implemented a School Wide Reading Program initiative in an effort to increase the amount of time Tucker School students spend reading.

The Cultural Arts Committee provided many entertaining, informative and educational offerings for the students, faculty and parents. Some of these activities included the following:

November was designated the "Arts Festival" month at Tucker School. Students' art work was displayed throughout the building. The theme for the Arts Festival was "Our World, Ourselves." Parents were contacted to participate in a Read-Aloud program. Our student artists were recognized, given certificates and an art gift. During the month of November, our students and parents were treated to a special performance by Rosalie Gerut, a musician, singer and composer. This special concert held at Pierce Middle School celebrated Chanukah and the holiday season.

Our fourth and fifth grade students spent a wonderful afternoon at the Parkway Church with acclaimed artist and singer, Semenya McCord. The performance featured songs and stories about Harriet Tubman and the Underground Railroad and the African American Experience in America.

The Perry Alley Theatre showcased familiar fairy and folk tales and puppetry to grades K-2 students. Bay Colony Educators presented a hands-on performance of life in Colonial America to our grade K-5 students.

The P.T.O. was responsible for the many activities (cultural and educational) that were undertaken throughout the school year. They organized a variety of subcommittees to address the various needs of Tucker School.

The following activities highlight some of their undertakings: The first "Annual Pumpkin Fair" was a great success in October. We enjoyed many games and activities during this event. Our P.T.O. Science Subcommittee held a "Whale Day" event in the gymnasium. This event had many exciting exploratory science activities for our students. The big event was watching a life-sized dolphin being inflated. The marine biology activities were presented by the New England Aquarium. The P.T.O. Bake Sale and Annual Book Fair were held in November. Our Book Fair Poster Contest theme was "Dreaming About My Favorite Book." A first at Tucker was our Christmas tree and wreath sale

held in December. We had a wonderful time at our "Sock Hop" which was held at the Pierce Middle School and the Annual Teacher Appreciation Luncheon was held in April. We had a great time and enjoyed wonderful food and plants that were given to all faculty members by the P.T.O.

Our P.T.O. Science Subcommittee coordinated our school-wide Science Fair. Our students designed many interesting projects. We received an overwhelming response to this activity and a large parent turnout.

Our first "Annual Spring Fair" which featured a "Silent Auction" was a smashing success in May. Another Tucker tradition was begun with this event.

The P.T.O. continues to work diligently to provide the best for the Tucker School community.

Other events of note at Tucker included:

• Our third grade teacher, Mrs. Anne McGuire, composed the Tucker School Song set to the tune of Edelweiss. It is a wonderful addition to our school assemblies.

• Parents participated in our Read-A-Thon program and read to our students throughout the grades.

Ms. Mary Mobilia and students from the Pierce Middle School visited our classrooms (Grades 3-5) offering Native American stories.

Our students participated in the Pizza Hut "Book-It" Reading Program.

Ms. Dorothy Keveny coordinated the Bank of Boston Technology program. If parents conducted business at Bank of Boston or opened an account the school received a certificate for points. We received over 10,000 points and were able to get a 27″ TV.

• Our first student newspaper, "What's Up At Tucker," was published by the Student Council with the assistance of parents and our grade five teacher, Mrs. Sherman.

• Our Tucker School Sing-A-Long was a special feature at our December Awards assembly. Mr. Thomas Milne, Ms. Ann McGuire and Dr. Noreen Burdett coordinated this event.

• Our "Silent Santa" project was successful. This event, coordinated by Ms. Sue Nutting, gives needy Tucker families assistance and goodies during the holiday season. The staff was very generous with their donations.

• Our third grade team scored second place honors in the nation among 345 school teams from 47 states in the Word-Masters Challenge. Two students earned near perfect scores in the meet, placing among the 93 highest scoring third graders in the country. One fifth grade student made no mistakes and was one of 12 fifth graders in the country to earn a perfect score. The Word-Masters Challenge invokes critical thinking skills in vocabulary-word reasoning skills.

• The first grade classes celebrated "100 Days" which included many activities, games and hats.

• The first informal Coffee Hour with the Principal was held.
It was an informal hour of discussion about Tucker School. We had a great time. This activity continued throughout the remainder of the year.

• Our Tucker School bumper sticker created by one of our parents and principal was funded by the P.T.O.

• We received five Dells and one Mac computer from an anonymous donor. This acquisition was facilitated by one of our parents.

• "Wacky Hat Day" was held for all students. Students were allowed to wear their "wackiest" hat in school.

• A fifth grade winner, Barbara Davis, won third place honors in the Department of Environmental Management's Arbor Day poster contest. Barbara received a gift certificate and visited the State House.

• The Musician's Local Union provided a wonderful band concert for our grade K-3 students.

• Grade three went to the John Hancock Hall to see Pippi Longstocking and grade one visited the Big Apple Circus.

• Our fourth and fifth grade students were reading buddies to our kindergarten students.

• Ms. Keveny's fourth grade class wrote a letter to Representative John J. Moakley in support of continued funding for the Corporation for Public Broadcasting. They received a thoughtful response from him.

• In our second Word-Masters Challenge, our third grade students tied with school teams for sixth place honors in the nation among 345 teams competing in the difficult Blue Division.

• Milton Librarian, Ms. Ann Parker, visited and read stories to students in every class.

• The Student Council hosted a "light fair" for the first Mother's Day Celebration.

• We had our first annual "Law Week." Our parents gave wonderful classroom presentations and the Milton Police Department showed us many valuable safety tips. This was a week long series of activities to honor our dedicated law enforcement professionals and to learn about varied aspects of our judicial system.

• Our Student Council members helped clean the school grounds in support of Milton Pride Day at Tucker School.

• Grade two visited the North Shore Music Theater to see "The Little Prince."

"The Little Dig," Tucker's own landfill project coordinated by one of our parents was underway. Nine classes buried various trash items. In six weeks our students "dug" and made predictions and observations from their findings. Mr. Casey of the Parks Department plowed the ground for students to have access to the storage area.

• One of our second grade students, Monee Brown, was chosen as first place winner in the Abraham Lincoln drawing contest sponsored by the Captain Robert Bennet Forbes House.

• Our first, second and third graders put on a splendid Spring Music Concert held in our school yard under the direction of Mr. Thomas Milne.

• The Grade Four Annual Egg Drop Contest was held. Students devised many wonderful projects.

• Our first Father's Day breakfast was a great success. This event was sponsored by the Student Council and held on the "lawn" (front yard) of Tucker School.

• Ms. Patricia Kurpeski and Mrs. Aurora Donahue were nominated as Patriot Ledger Golden Apple Teachers. They were nominated by former students.

• Step-up Day was held for our grades 1-4 students to meet their next year's teacher.

• Grade five took a field trip to Milton Historical Society.

• Unity Day celebration for fifth grade students town-wide was held at Cunningham Park. It was a wonderful day for all.

• Grade five had a good awards ceremony. Parents and students attended a potluck supper at the Parkway Church.

The Tucker School Faculty and parents actively engaged in challenging activities and events throughout the 1994-1995 school year. We held many Tucker School annual events and added quite a few new events to keep the "Tucker Tradition" alive.

Faculty

All of these successes reflect the quality of people involved. Excellent teachers are the keystone of the Milton Public Schools. Principals, other administrators, and support staff provide the leadership we need for good schools.

New staff members for the 1994-1995 school year were:

New Administrators:

William Baino, Assistant Principal, Pierce Middle School
Wilbert Bernard, Assistant Principal, Milton High School
Christine Lyons, Elementary Coordinator
George Moran, Principal, Pierce Middle School
Susan Nutting, Assistant Principal, Tucker Elementary School
Sonya Stiebel, Principal, Tucker Elementary School
Carolyn Wilson, Assistant Principal, Pierce Middle School

New Teachers:

Janet Jang
Marilyn Powell
David Meisse
Diane Walcott

School Year Substitutes:

Maureen Anderson
Marianne Byrne
Michael Cleary
David Curnick
Gretchen Hertzog
Barbara Katz
Patricia Leahy
Jo Francine Manning
Steven Murphy
Nathan Randall
AnneMarie Siroonian
Kathleen Bertrand
Kathleen Caccamo
Alan Cron
Kristen Gould
John Hickey
Anne Marie Laine
Kristi Leinert
Elisa Morris
Anne Marie Pokaski
Janet Sheehan
Pamela Toto

We are grateful for the dedication and commitment of the following teachers and support staff who retired from the Milton Public Schools during or immediately after the 1994-1995 school year:

Katherine Benjamin, Librarian, Glover School
Mary Callahan, Teacher, Milton High School
Patricia Cavagnaro, Teacher, Pierce Middle School
Elizabeth Duffy, Teacher, Glover School
Frances Grunin, Secretary, Tucker School
Lorraine McCabe, Secretary, Superintendent's Office
Sheila McCabe, Secretary, Superintendent's Office
William Monahan, Assistant Principal, Glover School
Jean Mullen, Secretary, Milton High School
Harry Semonian, Teacher, Milton High School
Denise Stanton, Teacher, Milton High School
Helen Williams, Secretary, Collicot School
Marjorie Wood, Teacher, Milton High School

It is an honor to serve as your superintendent and to work with the talented and dedicated Milton Public School faculty and staff, students and parents. Those of us in the Milton Public School System thank the School Committee, the Board of Selectmen, the Warrant Committee and Town Meeting Members for your strong and vocal leadership in providing resources for our students. We thank the taxpayers for their continued support and participation in public education and we look forward to continuing to work with all citizens to make an excellent school system even better for our children.

Respectfully submitted,

Mary Grassa O'Neill,
Superintendent of Schools

REPORT OF THE BLUE HILLS REGIONAL DISTRICT SCHOOL COMMITTEE

To the Honorable Board of Selectmen: June 30, 1995

The Blue Hills Regional District School Committee is pleased to submit its 29th Annual Report to the residents of the Town of Milton.

Blue Hills Regional continued to provide excellent academic and technical instruction to area students, resulting in many awards and recognitions for the 1994-95 school year.

Kate Sundling, a Health Occupations senior from Holbrook, was chosen as both the Outstanding Vocational Student of the Year and the Vocational Student of the Year. Kate is studying Early Childhood at Mount Ida College.

Eight Milton seniors earned a total of 18 scholarships and awards. Those students include Erin McNeill, Ronald Engrassia, Joseph Burton, Marcos DeJesus, David Palmer, Suzanne Palmer, Dale Campbell and Christopher Rose.

Sean Connell, a Milton freshman, placed third in the Vocational Industrial Clubs of America (VICA) State Skills Olympics in Air Cooled Gas Engines. He earned a bronze medal.

Milton's Suzanne Palmer became certified as a Level III Home Health Aide through the Health Occupations Program. Four Milton Post-Graduates became certified Licensed Practical Nurses. They are Valerie Cohen, Marlene Dessources, Sarah O'Connor and Deborah Noonan.

Avon senior Melissa Wilkins was featured in WCVB-TV's A+ segment during the evening newscast for her dedication and success in her studies, despite suffering from life-threatening kidney disease. While waiting for a kidney transplant, Melissa is studying health occupations at Massassoit Community College.

The Blue Hills School offers interscholastic sports in 12 areas, at no cost to the students.

Secondary school enrollment at Blue Hills was 828, up 4 students from the previous year. Postgraduate enrollment was at 85, an increase of 15 over last year, with four of them from Milton. Forty-six of the high school students were

from Milton. Twelve of the 187 seniors in 1994-95 were Milton residents. The number of Milton students attending Blue Hills continues to rise or remain steady each year. At this rate, we expect Milton resident enrollment to level off at between 50 and 55 students.

Placement for graduates was impressive, as usual. Forty-five percent of the graduates were placed in related jobs; 7% in unrelated jobs; 39% continued on to college; 3% entered the military; 6% were unemployed as of June 30; 1% was not in the labor force.

Enrollment continues to increase in the Continuing Education Program, and it continues to be self-supporting. Continuing Ed teamed up with General Motors to provide skill enhancement and other educational programs for the Company's UAW represented employees and their families. The Pine Street Inn also commissioned Blue Hills to train its residents in basic carpentry and home repair skills.

Teachers were honored by students through the Patriot Ledger Golden Apple Awards. Students nominated Math Department Head Paul Donovan, Social Studies Teacher and Football Coach Vin Hickey, Culinary Arts Department Head James Hanrahan, and Culinary Arts Teacher and VICA Adviser Richard Andrea for the annual recognition.

Science Department Head Pat Grasso was selected by the state Department of Education to serve on the Science Exercise Development Team to develop quality science exercises for 12 states. Math Department Head Paul Donovan and Math Teacher Al Dellorco, were chosen to participate in the Portfolio Field Trial portion of the New Standards Project, a national endeavor through the Department of Education designed to improve student performance and teacher assessment methods.

National Honor Society, one of the many extracurricular activities Blue Hills offers, received the Outstanding Chapter Award from the Mass. Secondary Schools Administrators' Association Committee.

Controlled Environmental Engineering Corporation (CEECO) was chosen as the Massachusetts winner of the National Association of State Councils on Vocational Education Award for Exemplary Business or Labor Involvement. Blue Hills nominated the company for its contributions to the school over the years.

Social Studies and government students were treated to several guest speakers throughout the year, including new Plymouth County District Attorney Michael Sullivan. The Automotive Program once again earned certification by

the National Automotive Technicians Education Foundation/Automotive Service Excellence (ASE).

As always, Blue Hills makes its facilities and programs available to the public. More than 2,000 participated in the pool program, enjoyed meals and bakery items at the school restaurant, the Chateau de Bleu, and received affordable salon services from the cosmetology students. The spring marked the opening of The Wellness Center, a health facility for Blue Hills students, staff, families and the public. The Blue Hills Aquatics Program earned recognition from the American Red Cross for being the largest and most comprehensive program in the Massachusetts Bay Chapter. The Red Cross also presented an award to the school for its successful annual Blood Drives.

The school saved district taxpayers several hundred thousand dollars through special projects for the municipalities, residents and civic organizations. Projects included printing, vehicle repairs, metal fabrication and building maintenance. Milton's municipal savings totaled $2,118, while residents saved $1,480 through work performed by the school.

In order to take the pressure off lean town budgets, Blue Hills won grants totaling $594,396 for fiscal 1994, including a Community Service Learning Planning Grant which enabled the school to design a program which would encourage and guide students in community service involvement.

Superintendent Wilfrid J. Savoie attended seminars in Washington, DC and met with lawmakers to discuss vocational education issues and funding. Mr. Savoie found that state and federal support of vocational education is significant.

The District School Committee meets on the first and third Tuesday of each month at 7:30 p.m. in the District Board Room at the school, 800 Randolph Street, Canton. The public is invited to attend. Sadly, the school lost a dedicated and long-time board member, Philip Doherty of Avon, who suffered a fatal heart attack following the 94-95 school year. His presence lives on through his contributions and fond memories. Mr. Doherty's son, Philip M., sits in his seat on the board for 1995-96. Board members for the 1994-95 school year were:

Avon	Philip E. Doherty
Braintree	Timothy D. Sullivan (Secretary)
Canton	Benson Diamond, Esq.
Dedham	John J. Lyons
Holbrook	William T. Buckley (Chairman)
Milton	Philip L. Kliman
Norwood	Kevin Connolly

Randolph	Ronald DiGuilio
Westwood	Alan L. Butters (Vice Chairman)

The District School Committee extends its thanks and appreciation to the citizens of Milton for continuing to support its efforts to provide quality vocational-technical education.

Respectfully submitted,

William T. Buckley
Chairman and Holbrook Representative
District School Committee

Philip L. Kliman
Milton Representative

REPORT OF THE HIGH SCHOOL SCIENCE BUILDING COMMITTEE

To the Honorable Board of Selectmen: June 30, 1995

This Committee was established under Article 28 of the 1994 Annual Town Meeting and is responsible for construction, remodeling and furnishing science laboratories at Milton High School. Since the time of the last report, the Committee has met ten times. During construction, members of the committee meet every other week with the Architect and the Contractor.

In the winter/spring of 1995 bids were announced for the project. On March 8, 1995 bids from the subcontractors were opened. There were 12 categories and a total of 75 bids. The bids for the general contract were opened on April 11, 1995. Of the 15 bids, A. Bonfatti of Norwood was the low bidder. The Mt. Vernon Group Architects re-calculated the budget for the project based upon all low bid amounts and the cost of the project rose from $2.5 million to $3.0 million. The Town Meeting at a Special Town Meeting of May 8, 1995 approved the addition of $500,000 for this project.

The notice to proceed with construction was issued by the architects on May 30, 1995. The Committee appointed James Barry, P.E., as Clerk of the Works. The contractor's estimate on this project is to complete the new construction of six laboratories, preparation and storage and faculty offices and renovation of three laboratories in the existing building by late February of 1996. The science department will move to its new quarters as soon as they are ready. Renovation of vacated science space will begin immediately and is expected to be completed by the end of May, 1996. All work on this project will be completed and ready for the opening of school in the fall of 1996.

The Committee is pleased with the progress of this construction. Cooperation among all the participants has been of the highest order. The Committee specifically commends the excellent work of the Clerk, James Barry, and the aid and support of the Assistant Superintendent for Business Affairs, John Sheehan. With the completion of the work of this project, the Committee will have discharged its duties.

Respectfully submitted,

Anne E. Coghlan, Chairman
Mary S. Cobb
William J. Fitzgerald
Dimitri Theodossiou
Richard A. Williams

EXPLANATION OF COVER ART:

PORTRAIT: **MISS DAISY**
ARTIST: **THOMAS HEWES HINCKLEY**

"Miss Daisy" is the name of the cow which graces this year's Annual Report. Her portrait hangs in the children's room of the Milton Public Library. Noted Milton artist Thomas Hewes Hinckley (1813-1896) painted this delightful image about 150 years ago.

Hinckley lived his entire life in a mansion located between Brook Road and Hinckley Road, where the St. Mary of the Hills school is now located. Hinckley frequently painted Milton scenes. His paintings of dogs, cattle and landscapes are prized.

The portrait of Miss Daisy was a gift to the Milton Public Library from his daughter, Mary. When he died on February 15, 1896, he was named as a Milton resident "whose contributions to the arts and sciences merit our acknowledgement."

TOWN RECORDS

MARCH PRIMARIES
MARCH 5, 1996

Commonwealth of Massachusetts)
County of Norfolk)SS

GREETINGS:

To any of the Constables of the Town of Milton in said County:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Primaries to meet at the several designated polling places in their respective Precincts in said Milton, to wit:

In Precinct 1.	Tucker School, Blue Hills Parkway
In Precinct 2.	St. Mary of the Hills School, Brook Road
In Precinct 3.	Glover School, Canton Avenue
In Precinct 4.	Pierce Middle School (Rear), Gile Road
In Precinct 5.	Pierce Middle School Gymnasium, Gile Road
In Precinct 6.	Cunningham School Gymnasium, Edge Hill Road
In Precinct 7.	Cunningham Park Community Center, Edge Hill Road
In Precinct 8.	Collicot School, Edge Hill Road
In Precinct 9.	Pierce Middle School Gymnasium, Gile Road
In Precinct 10.	Cunningham Park Community Center, Edge Hill Road
In Precinct 11.	Pierce Middle School Gymnasium (Rear), Gile Road

on, Tuesday, March fifth next at seven o'clock in the forenoon, then and there to bring in their votes to Precinct Officers for the election of candidates of Political Parties for the following offices:

PRESIDENTIAL PREFERENCE
DISTRICT MEMBERS OF STATE COMMITTEE (one man and one woman) for each Political Party for the Suffolk and Norfolk Senatorial District
35 Members of the Democratic Town Committee
35 Members of the Republican Town Committee
3 Members of the Libertarian Town Committee

For these purposes the polls will be open at each and all of said Precincts at seven o'clock in the forenoon and will be closed at eight o'clock in the evening.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the time and places for the purposes herein mentioned by posting attested copies of the Warrant in each of the Post Offices of said Town at least seven days before the fifth day of March and leaving printed copies thereof at the dwelling houses of said Town at least four days before said date.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said fifth day of March, next.

Given under our hands at Milton this 2nd of February nineteen hundred and ninety-six.

John Michael Shields
Richard B. Neely
Katherine Haynes Dunphy
Board of Selectmen

Commonwealth of Massachusetts)
County of Norfolk)

Pursant to the within Warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the town and leaving attested copies at the dwellings of the inhabitants. Warrants were posted on February 22nd and delivered to the inhabitants on February 22nd.

A True Copy: Attest
William A. Murdoch, Jr.

The Town Clerk upon receipt of the returns from the several precincts, forthwith canvassed the same and announced the results at 9:26 p.m.

At the Presidential Primary Election held Tuesday, March 5, 1996, Milton had the following number of Absentee Ballots.

Applications Received	8	17	4	10	5	11	12	10	19	8	8	112
Ballots Cast	7	15	3	10	5	9	11	8	17	8	8	101

Of the total ballots cast, 51 were cast in person by the voter in the Town Clerk's Office and 50 were cast by mail. Eleven (11) ballots that were mailed were not returned.

The Absentee Ballots were distributed to the Precincts before the close of the polls. The Wardens put them through the Ballot Boxes and they were counted with the ballots cast in the Precincts.

James G. Mullen, Jr.
Town Clerk

Commonwealth of Massachusetts) SS.
County of Norfolk)

To any of the Constables of the Town of Milton in said County:

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton qualified to vote in Elections and Town Affairs, to meet at the several designated polling places in their respective Precincts in said Milton, to wit:

In Precinct 1.	Tucker School, Blue Hills Parkway
In Precinct 2.	St. Mary of the Hills School, Brook Road
In Precinct 3.	Glover School, Canton Avenue
In Precinct 4.	Pierce Middle School (Rear), Gile Road
In Precinct 5.	Pierce Middle School Gymnasium, Gile Road
In Precinct 6.	Cunningham School Gymnasium, Edge Hill Road
In Precinct 7.	Cunningham Park Community Center, Edge Hill Road
In Precinct 8.	Collicot School, Edge Hill Road
In Precinct 9.	Pierce Middle School Gymnasium, Gile Road
In Precinct 10.	Cunningham Park Community Center, Edge Hill Road
In Precinct 11.	Pierce Middle School Gymnasium (Rear), Gile Road

on, Tuesday, April 30 next at seven o'clock in the forenoon, then and there to bring in to Precinct Officers of their precincts their votes on one ballot respectively the following Town Officers, to wit:

One Selectman and Surveyor of the Highway for a Term of Three Years
A Town Treasurer for a Term of One Year
One Assessor for a Term of Three Years
Two School Committee Members for a Term of Three Years
One Park Commissioner for a Term of Three Years
One Board of Health Member for a Term of Three Years
Three Trustees of the Public Library for a Term of Three Years
One Trustee of the Cemetery for a Term of Five Years
One Trustee of the Cemetery for a Term of Three Years
A Town Moderator for a Term of One Year
One Planning Board Member for a Term of Five Years
Ninety-nine Town Meeting Members to be elected as follows:

Precinct 1.	Seven for a Term of Three Years
	Two for a Term of One Year
Precinct 2.	Nine for a Term of Three Years

Precinct 11.	Nine for a Term of Three Years
	Two for a Term of One Year

For these purposes the polls will be open at each and all of said precincts at seven o'clock in the forenoon and will be closed at eight o'clock in the evening.

And thereupon by adjournment of said meeting on the following Monday to wit, May 6th next, at seven thirty o'clock in the evening at the Milton High School Auditorium, 391 Brook Road in said Milton, then and there to act upon the following articles, to wit:

Articles 1 through 59 inclusive appearing in regular type on the following pages.

And you are directed to warn said inhabitants qualified as aforesaid to meet at the times and places and for the purposes herein mentioned by posting attested copies of the Warrant in each of the Post Offices of said Town seven days at least before the thirtieth day of April, and leaving printed copies thereof at the dwelling houses of said Town at least four days before said date.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk, on or before said thirtieth day of April, next.

Given under our hands at Milton this 21st of March nineteen hundred and ninety-six.

John Michael Shields
Richard B. Neely
Katherine Haynes Dunphy
Board of Selectmen

Commonwealth of Massachusetts)
County of Norfolk)

Pursuant to the within Warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town and leaving attested copies at the dwellings of the inhabitants. Warrants were posted on April 22nd and delivered to the inhabitants on April 20th.

A True Copy: Attest
Michael P. Vaughan

The Town Clerk upon receipt of the returns from the several precincts, forthwith canvassed the same and announced the results at 10:37 p.m.

At the Town Election held Tuesday, April 30, 1996, Milton had the following number of Absentee Ballots.

PRECINCT	1	2	3	4	5	6	7	8	9	10	11	TOTAL
Applications Received	6	17	16	14	5	11	19	19	21	12	8	148
Ballots Cast	5	17	15	12	3	9	17	15	16	10	8	127

Of the total ballots cast, 57 were cast in person by the voter in the Town Clerk's Office and 70 were cast by mail. Twenty-one (21) ballots that were mailed were not returned.

The Absentee Ballots were distributed to the Precincts before the close of the polls. The Wardens put them through the Ballot Boxes and they were counted with the ballots cast in the Precincts.

James G. Mullen, Jr.
Town Clerk

PRECINCT TEN TIE BREAKING VOTE

The outcome of the election for the Town Meeting Member in Precinct Ten resulted in the same votes for the following candidates:

	Precinct Ten
Shannon M. Desmond	10
Evelyn C. O'Sullivan	10

According to the Milton Town Chapter, Section 1:

> "In the case of a tie vote which affects the election of town meeting members in any precinct, the members elected from such precinct at the same election other than those whose election is so affected, shall, by a majority vote, determine which of the members receiving such tie vote shall serve as town meeting member."

At 6:30 p.m. on May 6, 1996, a Precinct Ten Caucus was held among the members elected on April 30, 1996 to determine who would serve until 1999. The results were as follows:

Shannon M. Desmond	4
Evelyn C. O'Sullivan	2
Blanks	0
Total Votes Cast	6

Therefore, Shannon M. Desmond will serve Precinct Ten until 1999.

PRECINCT FIVE VACANCY CAUCUS

Thomas D. Spofford resigned as a Town Meeting Member in Precinct Five.

According to the Milton Town Charter, Section 6:

> "In the event of any vacancy in the full number of elected town meeting members from any precinct the remaining elected members of the precinct may choose from among the registered voters thereof a successor to serve until the next annual town election."

At 7:00 p.m. on May 6, 1996 a Precinct Five Caucus was held to elect a registered voter to fill the vacancy created by Mr. Spofford's resignation.

At the caucus a motion was made and seconded to elect David Jeffries Chairman and Bruce B. Alexander, Clerk of the Caucus. The vote was unanimous.

Lorraine J. Greenfield was nominated. The results were as follows:

Lorraine J. Greenfield	13
Blanks	0
Total Votes Cast	13

Therefore, Lorraine J. Greenfield will serve Precinct Five until 1997 at which time she may run for election as a Town Meeting Member.

James G. Mullen, Jr.
Town Clerk

ADJOURNED TOWN MEETING — MAY 6, 1996

The Adjourned Town Meeting held at the High School Auditorium was opened at 7:40 p.m. by the Moderator, Richard P. Ward.

The Town Clerk, James G. Mullen, Jr., informed the Moderator that a quorum was present.

The Moderator introduced Thomas C. Foley, Pastor of Saint Mary of the Hills Church, who delivered the invocation.

The Moderator read the name of the following Town Meeting member who had died since the last meeting.

Emily M. Wright
Town Meeting Member
1978-1995
Cemetery Trustee
1994-1995

The Town Meeting Members stood for a moment of silence.

The following twenty-six Town Meeting Members were absent from the Adjourned Town Meeting held May 6, 1996.

VOTED. The Town voted YES.

UNANIMOUS VOTE

ARTICLE 7. To see if the Town will vote to authorize the Moderator to appoint a committee of five citizens to consider such proceedings of the Legislature and State Boards and Commissions as may affect the interest of the Town, and confer as they may think expedient with the Selectmen in regard to the employment of counsel to represent the Town in any such proceedings; the members of such committee to hold office until the final adjournment of the next Annual Town Meeting and until the appointment of any succeeding committee authorized at such meeting.

VOTED. The Town voted YES.

UNANIMOUS VOTE

ARTICLE 8. To see what sum of money the Town will vote to appropriate for the Stabilization Fund in accordance with the provisions of General Laws, Chapter 40, Section 5B; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the sum of $500,000 for the purpose set forth in this Article and that to meet said appropriation the sum of $500,000 is to be transferred from funds certified as available by the Department of Revenue.

UNANIMOUS VOTE

ARTICLE 9. To see what sum of money the Town will vote to appropriate for capital items; to determine how said appropriation shall be raised, whether by borrowing or otherwise; and to act on anything relating thereto.

VOTED. The Town voted that the sum of $416,299 be appropriated for the equipment and projects listed below:

Data Processing Study Implementation	$102,299
Police Station Roof	13,000
Public Works – Maintenance Garage Roof Replacement	12,000
Public Works – Repair Water Garage Roof	10,000
Replacement of Fire Engine #2 in East Milton	230,000
School Repairs from among the following: window replacements, door replacements, temperature control upgrades (Glover), and replacements (Cunningham), lavatory, repairs, and stair repairs	49,000
TOTAL	**$416,299**

and that included in this appropriation are the sums of $14,085 representing expenses attributable to the Water enterprise and $7,263 representing expenses attributable to the Sewer enterprise which are to be included in Schedule A. "Local Receipts Not Allocated" of the Tax Recapitulation as Water and Sewer Estimated Receipts; and that to meet the appropriation for the replacement of Fire Engine #2 in East Milton, the Treasurer with the approval of the Board of Selectmen, be authorized to issue bonds or notes in the amount of $230,000 under and pursuant to Chapter 44, Section 7(9) of the General Laws, or any other enabling authority.

UNANIMOUS VOTE

ARTICLE 10. To see if the Town will vote to rescind the borrowing authorization voted by the March, 1983 Annual Town Meeting under Article 23, regarding a sewer system for the Silver Brook Road area, and to rescind the borrowing authorization voted by the March, 1989 Annual Town Meeting under Article 29, regarding replacement of the Granite Avenue pumping station and providing standby power for each pumping station in Milton; and to act on anything relating thereto.

VOTED. The Town voted to rescind the borrowing authorization voted by the March, 1983 Annual Town Meeting under Article 23, regarding a sewer system for the Silver Brook Road area, and to rescind the borrowing authorization voted by the March, 1989 Annual Town Meeting under Article 29, regarding replacement of the Granite Avenue pumping station and providing standby power for each pumping station in Milton.

UNANIMOUS VOTE

ARTICLE 11. To see what sum of money the Town will vote to appropriate to the Board of Selectmen for the purpose of conducting a municipal audit for the fiscal year ending June 30, 1996, and further to see if the Town will vote to authorize the Committee appointed pursuant to Article 14 of the 1978 Annual March Town Meeting (The Town Audit Committee) to make recommendations to the Selectmen relative to the employment of a Certified Public Accountant for the foregoing purpose; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the sum of $22,400 for the purpose set forth in this Article.

UNANIMOUS VOTE

ARTICLE 12. To see what sum of money the Town will vote to appropriate, transfer from available funds or otherwise provide to supplement the appropriation to the Group Insurance Budget under Article 9 of the 1995 Annual Town Meeting; and to act on anything relating thereto.

VOTED. The Town voted that the sum of $133,652 be appropriated from additional local aid reserved as an offset in November, 1995.

UNANIMOUS VOTE

ARTICLE 13. To see what sum of money the Town will vote to appropriate for the twelve month period beginning July 1, 1996, and for the several categories classified as Employee Benefits; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the amounts shown in the following tabulation.

	FY 97
EMPLOYEE BENEFITS	
Noncontributory Pensions and Annuities	134,148
Contributory Retirement System	2,131,013
Administration	57,993
Group Insurance	2,878,185
TOTAL	**5,201,339**

and that included in this appropriation for Employee Benefits are the sums of $59,904 representing expenses attributable to the Sewer enterprise and $172,367 for expenses attributable to the Water enterprise, which are to be included in Schedule A. "Local Receipts Not Allocated" of the Tax Recapitulation as Sewer and Water Estimated Receipts. The sum of $43,493 but no more shall be used for salaries and wages.

UNANIMOUS VOTE

ARTICLE 14. To see what sum of money the Town will vote to appropriate to reimburse the Commonwealth of Massachusetts, Division of Employment Security for benefits paid to former employees of the Town; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the sum of $38,000 for the purpose set forth in this Article.

UNANIMOUS VOTE

ARTICLE 15. To see if the Town will vote to amend Chapter 13 of the General Bylaws, known as the Personnel Administration Bylaw, as follows:

By striking out the section "Position Identification by Level, Department, Municipal Division and Personnel Code" and inserting in place thereof a new section as follows:

UNANIMOUS VOTE

ARTICLE 23. To see what sum of money the Town will vote to appropriate, transfer from available funds or otherwise provide to supplement the appropriation for the twelve month period beginning July 1, 1995 for Public Works General under Article 22 of the 1995 Annual Town Meeting; and to act on anything relating thereto.

VOTED. The Town voted that the sum of $70,000 be appropriated for the purposes set forth in this Article; and that to meet said appropriation the sum of $50,000 be transferred from the appropriation balance available under Article 19 of the 1995 Annual Town Meeting General Government — Insurance General Account and the sum of $20,000 be appropriated from additional local aid reserved as an offset in November 1995.

UNANIMOUS VOTE

ARTICLE 24. To see what sum of money the Town will vote to appropriate to repair and improve the Town's water system including replacing water mains, and to authorize the Board of Selectmen on behalf of the town, to apply for and use federal and state funds for this purpose, to see how such appropriation is to be raised; and to act on anything relating thereto.

VOTED. The Town voted that the sum of $100,000 be appropriated for the purpose set forth in this Article with said sum to be raised from the tax levy, and also that the Board of Selectmen, on behalf of the Town, be authorized to apply for and use federal and state funds for this purpose. The appropriation of $100,000 is an expense attributable to the Water enterprise, which is to be included in Schedule A. "Local Receipts Not Allocated" of the Tax Recapitulation as Water Estimated Receipts.

UNANIMOUS VOTE

ARTICLE 25. To see what sum of money the Town will vote to appropriate for the twelve month period beginning July 1, 1996, for the operation, maintenance and improvements of Public Works; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the amounts shown in the following tabulation:

	FY 97
DEPARTMENT OF PUBLIC WORKS	
PUBLIC WORKS	
Public Work General	909,939
Vehicle Maintenance & Operation	213,001
Subtotal Public Works	1,122,940
SOLID WASTE MANAGEMENT	
Collection of Refuse	321,000
Curbside Recycling	148,000
Landfill Engineering	130,000
Solid Waste General	215,516
Subtotal Solid Waste	814,516
Total Non-enterprise Accounts	1,937,456
Water Operation & Improvement	968,665
M.W.R.A. Water Assessment	864,077
D.E.P. (SDWA) Assessment	7,809
Subtotal Water Enterprise	1,840,551

Sewer Operation & Improvement	295,989
M.W.R.A. Sewer Assessment	3,073,001
Subtotal Sewer Enterprise	3,368,990
Total Water & Sewer Enterprise	5,209,541
Total Dept. of Public Works	1,967,456
GRAND TOTAL	**7,146,997**

The Public Works Department is authorized to spend from the aggregate amounts appropriated the sum of $1,393,713 but not more, for salaries and wages, and the sum of $143,600, but not more, for new equipment.

To meet the appropriation for Water Operation and Improvements and for the M.W.R.A. Water Assessment, and for the DEP Assessment, and to fund the $11,247 deficit in the Water Surplus as of June 30, 1995, the sum of $1,851,798 is to be raised from the tax levy. This sum of $1,851,798 represents expenses attributable to the Water enterprise which are to be included in Schedule A. "Local Receipts Not Allocated" of the Tax Recapitulation as Water Estimated Receipts.

To meet the appropriation for Sewer Operation and Improvements and for the M.W.R.A. Sewer Assessment, the sum of $50,649 is to be transferred from the Sewer Surplus as of June 30, 1995, and the balance of $3,318,341 is to be raised from the tax levy. This sum of $3,318,341 represents expenses attributable to the Sewer enterprise which is to be included in Schedule A. "Local Receipts Not Allocated" of the Tax Recapitulation as Sewer Estimated Receipts.

The Public Works Department is hereby authorized to sell at a private or public sale, with the approval of the Board of Selectmen, equipment which is no longer required by the department, exchange or trade in old equipment for the same or similar type of equipment, and to sell junk, metal, cast iron and similar materials, discarded meters, whether dismantled or not, in the usual course of its operations to furnish additional funds for the purchase of replacement items.

VOICE VOTE

ARTICLE 26. To see if the Town will vote to appropriate a sum of money to lay out and construct sewer lines to provide sewage disposal for Cheryl Drive, Forbes Road, Marr Crest Drive, Milton Hill Road and a portion of Adams Street, said project to be subject to assessment of betterments for a portion of the cost of said project in accordance with the provisions of Chapters 80 and 83 of the Massachusetts General Laws; to determine how said appropriation shall be raised, whether by borrowing or otherwise; to authorize the Board of Selectmen to purchase, take by eminent domain or otherwise acquire easements in certain property for said purpose; and to determine what sum of money to appropriate for the purpose of said acquisitions; and to act on anything relating thereto.

VOTED. The Town voted that the sum of $635,000 be appropriated by the Town for the purposes set forth in this Article; that to meet said appropriation the Treasurer, with the approval of the Board of Selectmen, be authorized to issue bonds or notes in the amount of $635,000 under and pursuant to Chapter 44, Section 7(1), of the General Laws, or any other enabling authority; and that the Board of Selectmen be authorized to apply for and use state and federal funds for said purposes; that sewer user fees be established so as to provide for payment of one half of the total cost of the Sewer Project and abutting property owners be assessed their pro rata share of one half of the total cost of the project. With respect to abutting property owners who do not apply for connection to the sewer line within the specified period, the Town shall provide for payment from sewer user fees of one half of the total cost of the project on public property and such abutting property owners shall pay from betterments their pro rata share of one half of the total cost of the project on public property and the entire cost of the project on their own property. Total cost to be included in sewer user fees and betterment assessments includes without limitation study, design, construction and interest costs at the rate of two percent above the rate of interest charged to the Town. The $60,000 paid previously from General Fund tax revenue shall be credited to the Town's share and shall reduce the amount to be raised from sewer user fees.

UNANIMOUS VOTE

ARTICLE 27. To see if the Town will vote to ban the acceptance and/or importation of out of town trash into the Town of Milton Landfill and to take any other action relating thereto.

	GRAND TOTAL	**6,900,731**

and to meet said appropriation for leash law enforcement, the sum of $1,882. shall be transferred from the Dog Licenses Surcharge Account received pursuant to Chapter 187 of the Acts of 1981 and that the balance of $6,898,849 be raised in the tax levy of the fiscal year.

VOICE VOTE

ARTICLE 28. To see what sum of money the Town will vote to appropriate for maintaining repairing, improving and constucting ways under the provisions of General Laws, Chapter 90, said sum or any portion thereof to be used in conjunction with any money which may be allotted by the State for this purpose; to determine how said appropriation shall be raised, whether by borrowing or otherwise; and to act on anything relating thereto.

VOTED. The Town voted that the sum of $475,273 be appropriated for the purposes set forth in this Article, that to meet said appropriation the Treasurer be authorized to issue, with the approval of the Board of Selectmen, bonds or secured notes in the amount of $475,000; that the sum of $273 be raised in the tax levy; that the Town vote to accept grants under the provisions of M.G.L. Chapter 90 in the amount of $475,273, the said reimbursements from the State (100%) to be restored upon their receipt to the Town Treasury.

UNANIMOUS VOTE

ARTICLE 29. To see if the Town, without the assessment of betterments and without making an appropriation, will vote to accept the following streets as Town Ways as laid out by the Selectmen:

Bartons Lane (from previously accepted section southerly to the end)
Carberry Lane (entire length)
and to act on anything relating thereto.

VOTED. The Town voted to accept Bartons Lane (from previously accepted section southerly to the end).

UNANIMOUS VOTE

ARTICLE 30. To see what sum of money the Town will vote to appropriate for Health and Sanitation for the twelve month period beginning July 1, 1996; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the amounts shown in the following tabulation:

	FY 97
BOARD OF HEALTH	
Salaries & Wages	77,365
General Expenses	4,231
Contractual Services:	
Extermination	1,158
Animal Inspection	2,000
Food Inspection	1,000
TOTAL	**85,754**

UNANIMOUS VOTE

ARTICLE 31. To see if the Town will vote, pursuant to Chapter 44, Section 53E½ of the Massachusetts General Laws, to establish a Library Revolving Fund in order to utilize the revenues collected from fines for overdue rnaterials, and from charges for lost or damaged materials, for the purpose of purchasing new books and other related materials; to authorize the Board of Library Trustees to expend money from such revolving fund; to determine a limit on the total amount which may be expended from such revolving fund in the Fiscal Year beginning July 1, 1996; and to act on anything relating thereto.

VOTED. The Town voted to establish a Library Revolving Fund to utilize the revenues collected from fines for overdue materials, and from charges for lost or damaged materials, for the purpose of purchasing new books and other related materials and to limit expenditures for the fiscal year beginning July 1, 1996 to $25,000.

The amounts of receipts and expenditures from the Revolving Fund will be subject to periodic review by the Board of Selectmen and the Treasurer. The Library Trustees will report annually the total amount of receipts and expenditures from the revolving funds to the Board of Selectmen and the Annual Town Meeting.

UNANIMOUS VOTE

ARTICLE 32. To see what sum of money the Town will vote to appropriate for the Public Library for the twelve month period beginning July 1, 1996; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the amounts shown in the following tabulation:

	FY 97
LIBRARY	
Salaries &; Wages	499,786

ARTICLE 46. To see if the Town will vote to amend Chapter 1, Section 6 of the General Bylaws as follows:

1. To make the first paragraph subsection a.

2. To add a new subsection b., which reads:

Whoever violates any provision of these by-laws or any rule or regulation of any municipal officer, board or department, the violation of which is subject to a specific penalty, may be penalized by a noncriminal disposition as provided in Chapter 40, Section 21D of the Massachusetts General Laws.

The Board of Selectmen and police officers of the Town of Milton shall in all cases be enforcing persons for provisions of this section. In addition, the Fire Chief or his designee, the Building Inspector or his designee, the Health Agent or his designee and such other officials as the Board of Selectmen may designate from time to time shall have the authority to enforce violations of by-laws, rules or regulations within their respective jurisdiction. If more than one person has jurisdiction in a particular case each person shall have enforcing authority within that jurisdiction.

Each violation of a by-law, rule or regulation shall be punished by a fine not to exceed three hundred dollars ($300.00) for each offense.

And to act on anything further relating thereto.

VOTED. The Town voted NO. **VOICE VOTE**

ARTICLE 39. To see if the Town will vote to amend Section 29A of Chapter 6 of the Town's General By-laws so as to read in its entirety as follows: "No person, or organization or corporation may sell any merchandise or services on any public park or playground, nor erect or maintain a booth, stand, tent or apparatus of any kind for the purpose of a financial profit, after July 1, 1965; provided, however, that, notwithstanding the foregoing, the Board of Park Commissioners, acting on behalf of the Town of Milton, may erect or maintain a permanent structure (to be owned by the Town) for any purpose consistent with the provision or support of athletic or recreational facilities to citizens of the Town (including, without limitation, for the purpose of providing storage facilities, bathroom facilities or locker space, or for the purpose of providing permanent space and/or facilities which could be used from time to time by a Qualified Organization (as defined in said Section 29B) to operate a non-permanent concession as contemplated by Section 29B of this Chapter 6)"; and to act on anything relating thereto.

Town Meeting Member, F. Beirne Lovely, Jr. made a motion which was seconded to add after the words "the Town of Milton, may" the following "by unanimous vote, following a public hearing erect and maintain (or permit to be erected and maintained) in compliance with applicable laws at the Pierce Middle School athletic field complex at a location proximate to Gile Road and the existing tennis courts, a one-story, permanent structure (to be owned by the Town) having an interior floor plan of no more than 750 square feet".

Town Meeting Member, Charles C. Winchester made a motion which was seconded to amend the pending motion by adding after the words public hearing "and following approval at a Town Meeting" and after the words "complex at a location" the following "and having such size and specifications as shall be approved at such Town Meeting."

VOTED. The Town voted NO. **VOICE VOTE**

The Town then voted on Mr. Lovely's amendment.

VOTED. The Town voted YES. **VOICE VOTE**

The Town then voted on Article 39 as amended.

VOTED. The Town voted to amend Section 29A of Chapter 6 of the Town General By-Laws as follows:

"No person, or organization or corporation may sell any merchandise or services on any public park or playground, nor erect or maintain a booth, stand, tent or apparatus of any kind for the purpose of a financial profit, after July 1, 1965; provided, however, that, notwithstanding the foregoing, the Board of Park Commissioners, acting on behalf of the Town of Milton, may by unanimous vote following a public hearing, and with the approval of the Planning Board, erect and maintain (or permit to be erected and maintained) in compliance with applicable laws at the Pierce Middle School athletic field complex at a location proximate to Gile Road and the existing tennis courts, a one-story, permanent structure (to be owned by the Town) having an interior floor plan of no more than 750 square feet for any purpose consistent with the provision or support of athletic or recreational facilities to citizens of the Town (including, without limitation, for the purpose of providing storage facilities, bathroom facilities or locker space, or for the purpose of providing permanent space and/or facilities which could be used from time to time by a Qualified Organization (as defined in said Section 29B) to operate a non-permanent concession as contemplated by Section 29B of this Chapter 6); and to act on anything relating thereto.

VOICE VOTE

ARTICLE 47. To see if the Town will vote to amend Chapter 1, Section 6 of the General Bylaws as follows:

1. To make the existing first paragraph 6a.

2. To add a new subsection b., which reads as follows:

6b. 1. Whoever violates any provision of these bylaws regarding the Board of Health, may be penalized by a non-criminal disposition as provided in MGL, Chapter 40, Section 21D. The non-criminal disposition may also be used for violations of any rule or regulation of the Board of Health, which is subject to a specific penalty. Without intending to limit the foregoing, it is the intention of this section that any Board of Health regulation be included within the scope of this subsection, that the specific penalties listed here shall apply in such cases, and that in addition to the Board of Health members, who shall in all cases be considered enforcing persons for the purpose of this section, the Health Agent and his or her designee and any such other official the Board of Health may designate from time to time, shall also be enforcing persons.

2. Each violation of such a by-law, rule or regulation shall be punished by a fine of:

twenty-five dollars ($25)	first offense
fifty dollars ($50)	second offense
one hundred dollars ($100)	third and subsequent offenses

3. Each day on which any violations exist shall be deemed to be a separate offense.

And to act on anything further relating thereto.

VOTED. The Town voted YES. **VOICE VOTE**

ARTICLE 48. To see if the Town will vote to amend Chapter 4, Section 15 of the General Bylaws by adding a second sentence to read as follows:

Each Town Department shall on or before July 1st of each year file with the Town Clerk a schedule of the fees charged by that Department; and to act on anything relating thereto.

VOTED. The Town voted YES. **UNANIMOUS VOTE**

ARTICLE 49. To see if the town will vote to repeal Article 2 of the special town meeting of September 24, 1991. Relating to Massachusetts General Laws Chapter 40, Section 22F.

VOTED. The Town voted NO. **VOICE VOTE**

ARTICLE 55. To see if the Town will vote to amend Chapter 10 of the General Bylaws, known as the Zoning Bylaws.

By adding the following definitions to Section I:

15. **ADULT LIVE ENTERTAINMENT ESTABLISHMENT** — A business in business premises which as a form of entertainment to customers allows a person or persons to perform in a state of nudity as defined in General Laws, Chapter 272, Section 31, as amended, or allows a person or persons to work in a state of nudity as so defined.

16. **ADULT THEATER** — A business in business premises which presents to customers live or filmed performances distinguished by an emphasis on matter depicting, describing, or relating to sexual conduct or sexual excitement as defined in General Laws, Chapter 272, Section 31 as amended.

17. **SEXUALLY ORIENTED BUSINESS** — A business in business premises having as a substantial or significant portion of its stock in trade any of the following:

a) Books, magazines, newspapers, or other written material which are distinguished or characterized by their emphasis depicting or describing sexual conduct or sexual excitement as defined in General Laws, Chapter 272, Section 31 as amended;

b) Videos, movies, photographs or other filmed material which are distinguished or characterized by their emphasis depicting sexual conduct or sexual excitement as defined in General Laws, Chapter 272, Section 31 as amended; and

c) Sex paraphernalia consisting of devices, objects, tools or toys which are distinguished or characterized by the purpose of stimulating sexual conduct or sexual excitement as defined in General Laws, Chapter 272, Section 31 as amended, and which are without medical utility.

As used in this definition a substantial or significant portion of stock in trade shall be deemed to exist under any of the following circumstances:

d) When the cost of such a portion of the stock in trade on hand exceeds more than fifteen percent (15%) of the cost of all stock in trade on hand;

e) When monthly sales including rentals from such a portion of the stock in trade exceed more than fifteen percent (15%) of the monthly sales of all stock in trade;

f) When an area of more than fifteen percent (15%) of the floor area open to or observable by customers is wholly or partially used for the display or storage of such portion of the stock in trade; or

g) In the event a business with any stock in trade listed in (a), (b) or (c) fails upon request of the building commissioner to produce accurate figures establishing costs for determining (d) and sales for determining (e).

As used in this and the two preceding definitions business premises are a building or buildings or part of a building or buildings occupied by a business in a Business District.

By adding the following Paragraph 6 to Section III, Subsection C:

6. Notwithstanding the provisions in Paragraphs 1 through 5 of this Subsection, no Adult Live Entertainment Establishment, No Adult Theater, and no Sexually Oriented Business, as defined in Section 1.A., shall be established or maintained in a Business District except as authorized by a special permit from the Board of Appeals, subject to appropriate conditions, limitations, and safeguards stated in writing by the Board of Appeals as part of the special permit, as provided in Section IX.C. Each application for such a special permit shall be made by the owners of the property at which the business will be located and shall include the following:

a) The name of the proposed business, a copy of any lease for the business premises, a detailed description of the type of business for which the special permit is sought, and the proposed days and hours of operation.

b) The name, and address of each person who has or will have a legal or beneficial interest in the business. If a corporation has such a legal or beneficial interest, the application shall include the names and addresses of the officers and directors and, if such corporation is not publicly owned, the names of the stockholders. If a partnership has such a legal or beneficial interest, the application shall include the names and addresses of all general and limited partners and all persons with a beneficial interest in the partnership.

c) The name and address of each person who will have management responsibility for the proposed business and specification of the days and times at which each such person will be present at the business premises. The application shall include the names and addresses each person with management responsibility who shall be authorized and available to respond promptly to complaints at any time when a manager is not present at the business premises and shall specify how each such person can be contacted without delay at any such time.

d) A certification that none of the persons named in the previous two subparagraphs has ever been convicted of violating the provisions of General Laws, Chapter 119, Section 63 or General Laws, Chapter 272, Section 28.

e) A plan to scale showing the lot on which the proposed business will be located, including all buildings, designation of parking spaces to be used by the proposed business, driveways, abutting streets and lots and any proposed landscaping; a floor plan to scale showing the proposed layout of the business premises; and exterior elevations to scale showing the proposed exterior appearance of the business premises, including each proposed sign and its content and the treatment of doors and windows.

f) A traffic study reliably determining the effect on traffic which is likely to be caused by the proposed business and setting out all measures proposed to be taken to mitigate any adverse traffic impact. The traffic study shall reliably determine the parking needs of the proposed business and shall specify how these needs will be met without adverse impact on other businesses.

g) Specification of the number of employees to be employed by the proposed business and the hours during which they are expected to work.

h) A proposed security plan ensuring that minors shall in no event be exposed to sexually explicit material or performances except as authorized by law.

i) A proposed plan for ensuring that the stock in trade of the business or any performances presented shall include no obscene material.

j) If an application seeks a renewed special permit, it shall contain a certification that there has been compliance with the terms and conditions of the special permit of which renewal is sought.

An application containing inaccurate or incomplete information shall be cause for denying a special permit. If a special permit is issued and information in the application is later discovered to be false, this shall be cause for revoking the special permit. In determining whether to issue a special permit and in specifying conditions, limitations and safeguards the Board

of Appeals shall consider the information in the application and all other relevant information presented to it. An application for a renewed special permit shall be determined in the same manner as the original application except that failure to comply with the conditions, limitations and safeguards of an original special permit shall be cause for denial or a renewed special permit, as well as cause for revoking the original special permit. Any special permit issued under this Paragraph shall be for a term specified by the Board of Appeals not to exceed three years; and to act on anything relating thereto.

VOTED. The Town voted YES.

UNANIMOUS VOTE

ARTICLE 56. To see if the Town will vote to instruct the Selectmen to petition the Legislature for permission to require that any reconstruction of Route 28 in the Town not involve the taking of parkland from the Blue Hills Reservation.

Submitted by:	
Nancy S. Mathews	154 Reedsdale Road
Robert D. Ahearn	930 Randolph Avenue
Alexander Whiteside	79 Hillside Street
Walter J. Hatch, Jr.	1282 Randolph Avenue
Frances M. Hatch	1282 Randolph Avenue
David G. Bjornson	1281 Randolph Avenue
Patricia F. Bjornson	1281 Randolph Avenue
Richard E. Sweeney	24 Garden Street
William J. Fitzgerald	246 Reedsdale Road
Webster A. Collins	533 Harland Street

VOTED. The Town voted NO.

UNANIMOUS VOTE

ARTICLE 57. To see what sum of money the Town will vote to appropriate for Interest and Maturing Debt for the twelve month period beginning July 1, 1996; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the amounts shown in the following tabulation:

	FY 97
Interest	280,629
Maturing Debt	941,615
TOTAL	**1,222,244**

and to meet said appropriation the sum of $192,864 represents debt service which is to be attributable to the Sewer Enterprise and included in Schedule A. "Local Receipts Not Allocated" of the Tax Recapitulation as Sewer Estimated Receipts.

UNANIMOUS VOTE

ARTICLE 58. To see what sum of money the Town will vote to appropriate for the Reserve Fund for extraordinary and unforeseen expenditures for the twelve month period beginning July 1, 1996 and to apply from the Overlay Reserve such amount as the Town shall determine to meet in whole or in part such appropriation; and to act on anything relating thereto.

VOTED. The Town voted the sum of $200,000 be appropriated for the Reserve Fund for extraordinary and unforeseen expenditures for the twelve month period beginning July 1, 1996; and to meet said appropriation the sum of $140,162 be transferred from the overlay reserve and the sum of $22,479 be appropriated for the purposes set forth in this Article and to meet said appropriation $22,479 be transferred from the following FY 1996 appropriation balances,

Municipal Audit	$8,000
Street Lighting	12,000
Widows' Annuities	1,479
Traffic Lighting	1,000
TOTAL	**$22,479**

and the sum of $37,359 to be raised from the tax levy.

UNANIMOUS VOTE

ARTICLE 59. To see what sum of money the Town will vote to appropriate from available funds on hand for the purpose of deduction by the Assessors from the amount required to be assessed in accordance with the provisions of General Laws, Chapter 59, Section 23.

VOTED. The Town voted to appropriate the sum of $152,712 for said purpose, and that to meet said appropriation the sum of $152,712 is to be transferred from funds certified as available by the Department of Revenue.

UNANIMOUS VOTE

Chairman of the Board of Selectmen, Richard B. Neely made a motion which was seconded to adjourn the meeting. The Town Meeting adjourned at 11:45 p.m.

James G. Mullen, Jr.
Town Clerk

RECOUNT TOWN ELECTION

On Friday, May 10, 1996, Diane DiTullio Agostino of 147 Ridgewood Road filed a petition for a recount of the ballots cast for a three-year term for Selectman.

Notices of the recount to be held on Wednesday, May 15, 1996 at the Town Office Building at 5:30 p.m. were given to both candidates for Selectman.

RESULTS OF THE RECOUNT HELD MAY 15, 1996

The result of the Recount showed no change in those who were elected on April 30, 1996.

The Recount was supervised by: David J. Lyons, Registrar
James G. Mullen, Jr., Registrar
Christopher Huban, Temporary Registrar
Joseph M. Reardon, Temporary Registrar

SEPTEMBER STATE PRIMARY WARRANT

Commonwealth of Massachusetts)
County of Norfolk)SS

GREETINGS:

To any of the Constables of the Town of Milton in said County:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Elections and Town Affairs, to meet at the several designated polling places in their respective Precincts in said Milton, to wit:

In Precinct 1.	Tucker School, Blue Hills Parkway
In Precinct 2.	St. Mary of the Hills School, Brook Road
In Precinct 3.	Glover School, Canton Avenue
In Precinct 4.	Pierce Middle School (Rear), Gile Road
In Precinct 5.	Pierce Middle School Gymnasium, Gile Road
In Precinct 6.	Cunningham School Gymnasium, Edge Hill Road
In Precinct 7.	Cunningham Park Community Center, Edge Hill Road
In Precinct 8.	Collicot School, Edge Hill Road
In Precinct 9.	Pierce Middle School Gymnasium, Gile Road
In Precinct 10.	Cunningham Park Community Center, Edge Hill Road
In Precinct 11.	Pierce Middle School Gymnasium (Rear), Gile Road

on Tuesday, September 17, 1996 at seven o'clock in the forenoon then and there to cast their votes in the State Primary for the candidates of political parties for the following offices:

SENATOR IN CONGRESS for this Commonwealth
REPRESENTATIVE IN CONGRESS for the 9th Congressional District
COUNCILLOR for the 4th Councillor District
SENATOR IN GENERAL COURT for the Suffolk and Norfolk Senatorial District
REPRESENTATIVE IN GENERAL COURT for the 7th Norfolk Representative District (Precincts 1, 2, 4, 5, 6, 7, 8, 9 and 10 only)
REPRESENTATIVE IN GENERAL COURT for the Twelfth Suffolk Representative District (Precinct 3, only)
REPRESENTATIVE IN GENERAL COURT for the Sixth Suffolk Representative District (Precinct 11 only)
REGISTER OF PROBATE for Norfolk County
COUNTY TREASURER for Norfolk County
TWO COUNTY COMMISSIONERS for Norfolk County

For these purposes the polls will be open at each and all of said precincts at seven o'clock in the forenoon and will be closed at eight o'clock in the evening.

And you are directed to serve the Warrant by posting attested copies thereof in each of the post offices of said Town seven days at least before said meeting and leaving printed copies thereof at the dwelling houses of said Town at least four days before said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk on or before said seventeenth day of September.

Given under our hands at Milton this twenty-fifth day of July, Nineteen Hundred and Ninety-Six.

Richard B. Neely
Katherine Haynes Dunphy
John Michael Shields
Board of Selectmen

Commonwealth of Massachusetts)
County of Norfolk)

Pursant to the within Warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the town and leaving attested copies at the dwellings of the inhabitants. Warrants were posted on September 10th, 1996 and delivered to the inhabitants on September 10, 1996.

A True Copy: Attest
William A. Murdoch, Jr.
CONSTABLE OF MILTON

The Town Clerk upon receipt of the returns from the several precincts, forthwith canvassed the same and announced the results at 10:50 p.m.

At the State Election held Tuesday, September 17, 1996, Milton had the following number of Absentee Ballots.

PRECINCT	**1**	**2**	**3**	**4**	**5**	**6**	**7**	**8**	**9**	**10**	**11**	**TOTAL**
Applications Received	15	55	15	38	45	29	29	25	46	36	12	345
Ballots Cast	11	42	8	28	34	17	23	21	33	30	7	254

Of the ballots cast, 125 were cast in person by the voter in the Town Clerk's Office and 129 were cast by mail. Ninety-one (91) ballots that were mailed were not returned.

The Absentee Ballots were distributed to the Precincts before the close of the polls. The Wardens put them through the Ballot Boxes and they were counted with the ballots cast in the Precincts.

1996
NOVEMBER ELECTION WARRANT

Commonwealth of Massachusetts) SS.
County of Norfolk)

To any of the Constables of the Town of Milton in said County:

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Elections and Town Affairs, to meet at the several designated polling places in their respective Precincts in said Milton, to wit:

In Precinct 1.	Tucker School, Blue Hills Parkway
In Precinct 2.	St. Mary of the Hills School, Brook Road
In Precinct 3.	Glover School, Canton Avenue
In Precinct 4.	Pierce Middle School (Rear), Gile Road
In Precinct 5.	Pierce Middle School Gymnasium, Gile Road
In Precinct 6.	Cunningham School Gymnasium, Edge Hill Road
In Precinct 7.	Cunningham Park Community Center, Edge Hill Road
In Precinct 8.	Collicot School, Edge Hill Road
In Precinct 9.	Pierce Middle School Gymnasium, Gile Road
In Precinct 10.	Cunningham Park Community Center, Edge Hill Road
In Precinct 11.	Pierce Middle School Gymnasium (Rear), Gile Road

on Tuesday, November 5, 1996 at seven o'clock in the forenoon, then and there to cast their BALLOTS for the following:

ELECTORS OF PRESIDENT AND VICE PRESIDENT
SENATOR IN CONGRESS for this Commonwealth
REPRESENTATIVE IN CONGRESS for the 9th Congressional District
COUNCILLOR for the 4th Councillor District
SENATOR IN GENERAL COURT for the Suffolk and Norfolk Senatorial District
REPRESENTATIVE IN GENERAL COURT for the 7th Norfolk Representative District (Precincts 1, 2, 4, 5, 6, 7, 8, 9 and 10 only)
REPRESENTATIVE IN GENERAL COURT for the Twelfth Suffolk Representative District (Precinct 3, only)
REPRESENTATIVE IN GENERAL COURT for the Sixth Suffolk Representative District (Precinct 11 only)
REGISTER OF PROBATE for Norfolk County

COUNTY TREASURER for Norfolk County
TWO COUNTY COMMISSIONERS for Norfolk County
FIVE BLUE HILLS REGIONAL VOCATIONAL SCHOOL COMMITTEE MEMBERS

also to vote on the following question:

QUESTION 1 YES NO

CHANGING THE TRAPPING AND HUNTING LAWS

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 1, 1996?

SUMMARY

This proposed law would prohibit the use of certain traps for fur-bearing mammals, prohibit certain methods of hunting bear or bobcat, and eliminates some restrictions on who may serve on the state Fisheries and Wildlife Board.

The proposed law would prohibit the use, setting, manufacture, or possession of any trap to capture fur-bearing mammals, except common mouse and rat traps, nets, and box or cage traps that confine a whole animal without grasping any part of it. Traps designed to grip an animal's body or body part, such as steel jaw leghold traps, padded leghold traps, and snares, would be prohibited. Federal and state health officials could use such traps in case of a threat to human health or safety. Where a property owner had reasonably tried but failed to correct an animal problem on the property using a legal trap, the owner could apply for and the state Director of Fisheries and Wildlife could issue a permit to use a prohibited type of trap, except a leghold trap, for up to 30 days to correct the problem.

A person violating any of these requirements could be punished by a fine of between $300 and $1,000, or imprisonment for up to 6 months, or both, for each prohibited trap and each day of violation. A person convicted for a second violation would be required to surrender, and could never again obtain, any trapping license or problem animal control permit.

The proposed law would also prohibit the pursuit or hunting of bear or bobcat with the aid of a dog or dogs. Hunting bear using any type of bait, lure, or attraction, or knowingly hunting bear in a baited area, would also be prohibited. The Director could allow the use of dogs or bait in legitimate scientific research projects and in order to control particular animals that posed a threat to human safety or that destroyed livestock, property, or crops.

Violators could be punished by a fine of between $300 and $1,000, or imprisonment for up to 6 months, or both, for each violation. A person convicted for a second violation would be required to surrender, and could never again obtain, any hunting and dog training licenses and permits.

The proposed law would eliminate the requirement that five members of the state Fisheries and Wildlife Board have held sporting licenses in that state for five consecutive years and that four members represent fishing, hunting, and trapping interest.

The proposed law states that if any of its provision were declared invalid, the other provisions would remain in effect.

For Precinct 3 Only:

QUESTION 2 YES NO

Shall the state representative from this district be instructed to vote in favor of legislation that:

- Limits spending on political campaigns;
- Removes the influence of contributions by large donors; and
- Creates a level playing field for candidates and voters,

By providing the option of public financing to candidates who agree to strict spending limits?

For these purposes the polls will be open at each and all of said precincts at seven o'clock in the forenoon and will be closed at eight o'clock in the evening.

And you are directed to serve the Warrant by posting attested copies thereof in each of the post offices of said Town seven days at least before said meeting and leaving printed copies thereof at the dwelling houses of said Town at least four days before said meeting.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk, on or before said fifth day of November, next.

Given under our hands at Milton this tenth day of October, Nineteen Hundred and Ninety-six.

Richard B. Neely
Katherine Haynes Dunphy
John Michael Shields
Board of Selectmen

Commonwealth of Massachusetts)SS
County of Norfolk)

Pursuant to the within Warrant, I have notified the inhabitants of the Town of Milton as within directed to meet at the time and places and for the purposes therein mentioned by posting attested copies of the same in the post offices of the Town and leaving attested copies at the dwellings of the inhabitants. Warrants were posted October 29th, 1996 and delivered to the inhabitants on October 29th, 1996.

A True Copy: Attest
William A. Murdoch, Jr.

ARTICLE 1. To see if the Town will vote to appropriate the sum of $125,000 received from the Commonwealth of Massachusetts, Department of Education from the Foundation Reserve Program Grant for Fiscal Year 1997 to supplement the appropriation for the support of schools in Fiscal Year 1997 voted under Article 43 of the 1996 Annual Town Meeting; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the sum of $125,000 received from the Commonwealth of Massachusetts, Department of Education from the Foundation Reserve Program Grant for Fiscal Year 1997 to supplement the appropriation for the support of schools in Fiscal Year 1997 voted under Article 43 of the 1996 Annual Town Meeting.

UNANIMOUS VOTE

ARTICLE 2. To see if the Town will vote to appropriate the sum of $218,860 from available funds on hand for the purpose of replacement of Fire Engine No. 2 in East Milton and to rescind the $230,000 borrowing authorization voted by the May 1996 Annual Town Meeting under Article 9 regarding the replacement of Fire Engine No. 2 in East Milton; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the sum of $218,860 for said purpose and to rescind the $230,000 borrowing authorization voted by the May 1996 Annual Town Meeting under Article 9 regarding replacement of Fire Engine No. 2 in East Milton, and that to meet said appropriation $218,860 be transferred from funds certified as available by the Department of Revenue.

UNANIMOUS VOTE

ARTICLE 3. To see what sum of money the Town will vote to appropriate for the removal and replacement of underground storage tanks, as required by 527CMR9.00, 310CMR7.24 and MGL Chapter 148, Section 37 through 38A, and to determine how said appropriation shall be raised, whether by borrowing or otherwise; And to act on anything relating thereto.

VOTED. The Town voted to appropriate $239,000 to supplement the appropriation under Article 14 of the 1995 Annual Town Meeting for the removal and replacement of Town-owned underground storage tanks throughout the Town, and that to meet said appropriation $239,000 be transferred from funds certified as available by the Department of Revenue.

UNANIMOUS VOTE

ARTICLE 4. To see what sum of money the Town will vote to appropriate for the purpose of funding cost items for the fiscal year beginning July 1, 1996 and/or for prior fiscal years, which may result from collective bargaining agreements between the Town and bargaining units representing Town employees, such sum to be allocated to particular departments; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the amounts listed below to be added to the Salaries and Wages lines of the Library, Police, Cemetery, Wire, Park and Public Works departmental budgets, as follows:

Library		$ 10,590
Police		243,330
Cemetery		6,752
Wire		543
Park		1,651
Public Works		24,378
General	$9,263	
Vehicle Maintenance	1,218	
Water	8,048	
Sewer	3,167	
Curbside Recycling	244	
Solid Waste General	2,438	

and to meet said appropriation the sum of $287,244 be transferred from funds appropriated under Article 16 of the May, 1996 Annual Town Meeting.

UNANIMOUS VOTE

ARTICLE 5. To see what sum of money the Town will vote to appropriate for the purpose of funding increases in the salaries of town employees for

the purpose of funding increases to the salary accounts of departments subject to the Personnel Administration Plan; and to act on anything relating thereto.

VOTED. The Town voted to appropriate the sum of $57,098 to fund wage adjustments effective September 1, 1996, said sum to be added to the salary accounts of the departments as shown in the following tabulation:

		VOTED 1996-1997
Accounting		$ 3,006
Appeals		473
Assessors		3,313
Building		1,816
Cemetery		1,961
Council on Aging		1,272
Animal Control		546
Fire		382
Health		2,050
Library		1,387
Park		2,193
Personnel		497
Plumbing		449
Police		13,049
Public Works		12,893
General	$4,900	
Vehicle Maintenance	644	
Water	4,255	
Sewer	1,676	
Curbside Recycling	129	
Solid Waste General	1,289	
Selectmen		1,793
Town Clerk		1,685
Town Office Building		1,135
Treasurer/Collector		2,855
Veteran's Agent		163
Wire		2,521
Youth		1,659
TOTAL		**$57,098**

and to meet said appropriation the sum of $57,098 be transferred from the funds appropriated under Article 15 of the May, 1996 Annual Town Meeting.

UNANIMOUS VOTE

ARTICLE 6. To see what sum of money the Town will vote to appropriate for the purpose of funding increases in the salary of the following:

1. Fire Chief pursuant to Chapter 48, Section 42 of the Massachusetts General Laws,

2. Police Chief, pursuant to Chapter 272 of the Acts of 1989 and Chapter 41, Section 97 of the Massachusetts General Laws,

3. Executive Secretary, pursuant to Chapter 41, Section 23A of the Massachusetts General Laws,

4. Town Clerk, pursuant to Chapter 41, Section 108, of the Massachusetts General Laws,

5. Town Treasurer, pursuant to Chapter 41, Section 108, of the Massachusetts General Laws;

and to act on anything relating thereto:

VOTED. The Town voted to appropriate the amounts listed below to fund wage adjustments effective September 1, 1996, said amounts to be added to the Salaries and Wages lines of the following departments:

Fire – Fire Chief	$1,857

VOTED. The Town appropriated a $1,857 salary increase for the Fire Chief.

UNANIMOUS VOTE

Police – Police Chief	$2,089

VOTED. The Town appropriated a $2,089 salary increase for the Police Chief.

UNANIMOUS VOTE

Selectmen – Executive Secretary	$1,954

VOTED. The Town appropriated a $1,954 salary increase for the Executive Secretary. **VOICE VOTE**

Town Clerk $ 1,315

VOTED. The Town appropriated a $1,315 salary increase for the Town Clerk.

UNANIMOUS VOTE

Town Treasurer $ 1,315

VOTED. The Town appropriated a $1,315 salary increase for the Town Treasurer.

UNANIMOUS VOTE

and to meet said appropriation the sum of $8,530 be transferred from funds appropriated under Article 15 of the May, 1996 Annual Town Meeting.

Chairman of the Board of Selectmen, Richard B. Neely, moved to have the meeting adjourned at 8:44 p.m.

James G. Mullen, Jr.
Town Clerk

DEPARTMENT REPORTS

REPORT OF THE AIRPLANE NOISE COMMITTEE

To the Honorable Board of Selectmen: June 30, 1996

With Robert Fournier on temporary hiatus, the committee reformed in September with many new members and a new chairperson. Our agenda has been to initiate a town-wide grassroots effort which includes a petition drive and quarterly newsletter. Concurrent with that effort, we are working to establish a legislative coalition among neighboring communities and towns, specifically Dorchester, Quincy, and South Boston.

I am happy to report that the first issue of our newsletter was mailed just before Christmas, and the petition drive is in place, and the number of signatories continue to grow. In addition, we are scheduled to make a full presentation to the residents of South Boston the second week of February.

Despite the effort of the committee in the past, the burden of airplane noise and traffic continues to grow in Milton. It is the consensus of the committee members past and present, that political pressure from multiple communities voiced at the door of our State Representatives will bring some relief to our town.

Respectfully submitted,

Claudia Clifford
Chairperson

REPORT OF THE ANIMAL CONTROL OFFICER

To the Honorable Board of Selectmen: June 30, 1996

The activities and income of the Dog Pound through June 30, 1996 were as follows:

Number of stray dogs picked up	168
Dogs turned in (surrendered)	22
Total entered:	190
Dogs adopted	81
Dogs returned to owners	107
Total exited:	188
Pound fees collected	$6,805

Dog Citations were issued for unlicensed and unleashed dogs. The Town was reimbursed by the court for their share of this revenue.

The invaluable assistance of the "Friends of the Pound" is gratefully acknowledged, especially their help on adoptions and coverage of the pound.

Respectfully submitted,

Linda A. Kippenberger
Animal Control Officer

REPORT OF THE BOARD OF APPEALS

To the Honorable Board of Selectmen: June 30, 1996

The Board of Appeals respectfully submits the following report for Fiscal 1996.

During the year, the Board received 27 applications for Variances and Special Permits. Listed is the action that was taken on them:

Variances	Special Permits
16 Granted	5 Granted
2 Denied	1 Denied
1 Withdrawn without Prejudice	2 Withdrawn without Prejudice

Thirty-three hearing dates were required on the above applications as several applications required more than one hearing date due to the number and interest of those attending and the complexity of the matter at hand.

Twenty-seven hundred dollars ($2,700) in application fees was collected and deposited with the Town Treasurer. The applicants are billed directly to cover the cost of the statutory mailing and advertising, and these funds are also deposited with the Town Treasurer.

We wish to express our sincere appreciation to Roger Gregg, Brian Hurley, and Marion McEttrick for their valuable time and loyalty to the Board over the years and in substituting for members of the Board, who were unable to be present at various hearings.

We also wish to express our gratitude to Frederick Kibble, who is retiring from the Board after 14 years of dedicated service. Fred's expertise, even manner and considered judgements will be sorely missed and almost impossible to replace. We thank you, Fred, and wish you well.

The Board extends their thanks and appreciation to all Department Heads, Town employees, Boards and Committees for their continued assistance over this past year.

Respectfully submitted,

Roderick M. Connelly, Chairman
James N. Doherty, Member
Frederick J. Kibble, Member

REPORT OF THE ASBESTOS COMMITTEE

To the Honorable Board of Selectmen: June 30, 1996

The Asbestos Study Committee was formed by the Annual Town Meeting in 1992 to make recommendations for the evaluation of safety conditions regarding asbestos construction materials used in the town properties.

As of this date, all town buildings have been inspected and all friable asbestos products have been removed or encapsulated. An ongoing program has been established and is expected to control this environmental hazard in the future. The committee is pleased with this success and wishes to thank all those responsible.

The committee feels that this is an appropriate time to terminate its activities and has voted to return any unused appropriations to the general fund.

Respectfully submitted,

James F. Dunphy, Chairman
Peter P. Gacicia III
James F. Foster
Richard Livingston
James C. O'Brien

REPORT OF THE AUXILIARY FIRE DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1996

The Auxiliary Fire Department provides services to the Milton Fire Department with its Support Service Unit. This converted modular ambulance has five generators (5K,2@1.8K,2@1K) and a 1000 watt converter operated off the vehicle's engine; 12 floodlights; nearly 1000 feet of various types of cables; space for a command post; medical equipment and a variety of light rescue materials. There is also a trailer with a 5K generator and arrow board available at all times.

The Support Service Unit responded to several fire incidents during FY96. An average of five auxiliary members, including at least one EMT, responded to each of these calls. The most significant response was to a weather-related power outage at Milton Hospital where members provided a variety of services. The Unit provided stand by power on another occasion.

The Support Service Unit collaborates with the Milton Police whenever requested. During FY96 it assisted at a variety of incidents including night training sessions for police cadets, 'Charbo's Run, the Milton Road Race, illumination of a crime scene, and Milton Night Out.

The Unit is listed with the Massachusetts Emergency Management Agency for disaster service in the metro area. Direct radio PACKET data link capability is available between Milton and MEMA, Area 2 Headquarters in Bridgewater.

The Auxiliary Fire continues to staff and maintain the 1934 Maxim pumper engine requested annually by Town organizations such as The Village School, The Sunshine School, The Carriage School, and Milton Pride Day. Engine No. 5 is a perennial feature in all parades in the Town.

The Auxiliary Dodge RAM Charger is regularly pressed into service by the Fire Department as a backup for the Deputy Chief's car and to transport the Milton members of the Metro-fire 13, HAZMAT team.

The Milton Firefighters Memorial Archives opened in October 1993, the 200th Anniversary of the Milton Fire Department. Now in its third year, the collection of fire service memorabilia related to the history of the Milton Fire Department continues to grow. The Archives are located in the Chemical Building which is being restored by Auxiliary Fire members.

The Auxiliary accepted one new member and one resignation during FY96. Ten members of the Auxiliary have contributed over 1630 hours of

volunteer services during FY 96. All members received CPR as well as basic first aid training.

Scheduled meetings are held at 7 p.m. on the second and fourth Tuesday of each month at the Chemical Building, 509 Canton Avenue, at which time anyone interested in joining the Auxiliary is most welcome. Most members meet every Tuesday to check on the building and to perform additional maintenance on the vehicles.

In conclusion, the Auxiliary would like to express its continued gratitude to Chief Donald Affanato and the professional firefighters of the Town of Milton for their encouragement. We also thank Lieutenant Richard Wells of the Milton Police Department for his utilization of the Support Service Unit.

Prepared by:
John Fleming, Captain

Approved by:
Deputy John Foley, MFD, Director

REPORT OF THE AUXILIARY POLICE DEPARTMENT

To The Honorable Board of Selectmen: June 30, 1996

The Milton Auxiliary Police, as a support group to the regular Police Department, contributed 1,135 man hours to the Town of Milton during the past fiscal year.

The Milton Auxiliary Police has a working complement of twenty-three officers, with one person presently attending the Massachusetts Criminal Justice Academy, to graduate early in January. We have two additional officers who will start classes January 23, 1997 and will graduate at the end of March.

Each of our officers will be attending a 21-hour refresher course in Canton this year. They will be re-certified in CPR and re-qualified on the range with their weapons.

The Auxiliary Police provided traffic and crowd control for civic organizations and for Town functions this year, including the Town Concerts, Milton Visiting Nurses' Walk-a-Thon, Women's Club Race, Boston Marathon, Charbo's Run, Dorchester Day Parade, July 4th, Veteran's Day parade, and Halloween night coverage of all school buildings and Town buildings.

In conclusion, the Auxiliary Police would like to express our sincere gratitude to Chief Kevin J. Mearn and Lt. Richard G. Wells, Jr. for their continued support and professional encouragement.

Respectfully submitted,

Louis B. Smith
Auxiliary Captain

REPORT OF THE BUILDING DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1996

MONTH	NUMBER OF PERMITS	PERMITS FOR DWELLINGS	PERMITS FOR GARAGES	NEW ALL OTHER	ALTERATIONS REPAIRS & MISC.	VALUATION	FEES RECEIVED

Fees for the above permits amounting to ninety-six thousand seventy-nine dollars and sixty cents ($96,079.60) have been collected and paid to the Town Treasurer.

Fees for the inspections of public and private institutions amounted to one thousand five hundred dollars ($1,500) and were paid to the Town Treasurer.

Fees for license renewals amounted to eleven dollars ($11) and charges collected for Zoning By-laws and maps amounted to five hundred eighty dollars, ($580), have been collected and paid to the Town Treasurer.

I wish to extend to the Honorable Board of Selectmen my sincere appreciation for their cooperation. I also express my appreciation to all Town Officials, Boards, Committees, and to Secretary Janice Freeman for their assistance.

Respectfully submitted,

Donald G. Robbins
Building Commissioner

REPORT OF THE CEMETERY TRUSTEES

To the Honorable Board of Selectmen: June 30, 1996

The Board of Trustees of the Milton Cemetery respectfully submit their Annual Report for the period of July 1, 1995 to June 30, 1996.

At the annual meeting of the Board of Trustees held in May of 1996, Paul F. Dolan was elected chairman and Joseph M. Reardon, Secretary.

The Trustees of the Milton Cemetery were greatly saddened by the sudden death of their colleague, Emily M. Wright. Emily was an invaluable member of the Board and her enthusiasm will be greatly missed.

During the fiscal year there were 266 internments and 264 graves sold. Funds appropriated by Town Meeting for 1996 totaled $434,388. Income produced from the sale of graves, services, fees and investments totaled $450,248.

Iron gates were installed at the two entrances along Centre Street as a result of a successful fundraising drive. Four bronze plaques were set into the granite pillars at the main entrance listing the donors or their loved ones and identifying the Cemetery. The Board of Trustees and the Superintendent of the Cemetery are most grateful to the donors who made these lasting gifts possible.

On behalf of the Board of Trustees, I wish to thank all the Town officials, Board members and Committees for their cooperation and assistance during the year.

Respectfully submitted,

Paul F. Dolan, Chairman
Board of Trustees

REPORT OF THE CONSERVATION COMMISSION

To the Honorable Board of Selectmen: June 30, 1996

The Conservation Commission is appointed by the Board of Selectmen to implement the Massachusetts Wetlands Protection Act as well as the Milton Wetlands Bylaw. Our jurisdiction extends to 100 feet beyond wetlands and floodplains. The Commission consists of 7 citizens of the Town – all volunteers. We meet monthly (second Monday of each month) at Town Hall and perform inspections of jurisdictional areas as necessary. We have an annual budget of $4,000 and receive personnel support from the Selectmen's Office (Conservation Clerk) and the Engineering Departrnent (Conservation Agent).

This year Mr. Craig McNaught, our most senior member, left the Commission. Craig gave generously of his own time and his perspective on engineering and development will be missed. Highlights of Fiscal Year 1995 are summarized below:

- The Commission continued to oversee construction of the New Neponset Valley Relief Sewer, a major construction project through the Fowl Meadow portion of the Blue Hills Reservation. Construction has proceeded smoothly and the system will be placed in service in late 1996, alleviating a major source of pollution to the Neponset River watershed.

- The Commission reached settlement with the Resolution Trust Corporation (now part of the FDIC) on litigation associated with the failed project at 2 Granite Avenue. The settlement paves the way for the FDIC to auction the property for redevelopment and remediation of a sensitive environmental area near the Neponset River.

- The Commission held public hearings and passed an amendment to the regulations for the Town Wetlands Bylaw establishing a 25-foot zone of nondisturbance designed to protect the quality of wetland resources in Milton.

In addition to the above highlights, the Commission considered a number of applications for smaller projects such as individual homes, and continued to be active in conservation issues that directly affect the town such as the Neponset Estuary and Neponset River Areas of Critical Environmental Concern.

Respectfully submitted,

Donald R. Neal, Jr., Chairperson
Ellen Anderson
William B. Clark, Jr.
Douglas Cotton
Mitchell C. Heineman
John Kiernan

REPORT OF THE COUNCIL ON AGING

To the Honorable Board of Selectmen: June 30, 1996

The Milton Council on Aging is pleased to submit the annual report for the year ending June 30, 1996. The Milton Council on Aging/Senior Center is an informational resource and referral for the more than 6,000 senior residents of Milton. The COA staff, Board of Directors and Friends of the COA are committed to their goal of "BRANCHING OUT INTO THE COMMUNITY." We have experienced many changes of the past year. We have completed our move from the lower level of The Milton Health Care Facility and are now renting the upper floor of the former Kidder Branch Library. Another change in our organization happened in January when the Director, Alexandra Hakimdin, gave her resignation. Although we have been through a challenging period, we are more committed than ever to offer the best possible services and programs to the seniors of Milton. The following is a brief overview of the past year.

INFORMATION AND REFERRAL: Units of Service 8,903

This represents a 34% increase in service from FY 95

Trained staff and volunteers handle the numerous inquires by providing current information and making referrals when needed. You will always find a friendly voice on the other end of the phone and we will do our best to help you or your family.

TRANSPORTATION: Units of Service 8,960

This represents a 24% increase in service from FY 95

The COA operates two vans, one handicap lift, that operate five days a week to help meet the transportation needs of Milton seniors. These vehicles are available to any resident 60+ and to handicap residents of any age. Limited transportation outside of Milton can also been arranged through our MAP program which is funded by a grant from South Shore Elder Services.

Medical Van Days — Our vans are used every Monday for local, routine medical appointments between the hours of 8:30 a.m. and 2:30 p.m. Reservations should be made as soon as possible but at least 48 hours in advance. This program has increased by 47% in the last year and we are pleased to now offer this service every week.

Shopper Van Days — Food shopping trips are done on Tuesday, Wednesday and Thursday to local supermarkets. Every Tuesday, our van also transports seniors to east Milton Square and either South Shore Plaza or the Christmas Tree Shop. Reservations should be made at least 48 hours in advance.

Medical Volunteers — Volunteer drivers provide transportation to both local and out of town medical appointments. Reservations should be made as

soon as possible by calling the COA at 898-1094. Riders are responsible for all parking charges. This is also a wonderful volunteer opportunity.

OUTREACH: Units of Service 1,865

This represents a 17% increase from FY 95

Our Outreach Coordinator is available to make home visits to bring the client current information and referral services. This program also provides a link for Community Relations and Intergeneration Programs. The Outreach Program is funded solely by a grant from the Executive Office of Elder Affairs.

SENIOR CENTER: Units of Service 3,530

This represents a 17% increase from FY 95

The numbers of seniors who participate in programs/events has seen an increase now that we have a more central location. The Senior Center offers classes in Exercise/Wellness, Painting, Cribbage, Bridge, Line Dancing, Book Discussion Group, Computers, Support Groups, Blood Pressure Clinics, Movies, Monthly Birthday Parties, Informational Programs, Health Education Programs, Crime Presentation, Tax Preparation, and many more. The Senior Center is open from 8:30 a.m. to 4 p.m. every Monday thru Friday.

COMPUTER EASE: Units of Service 802

This represents a 32% increase from FY 95

Our ComputerEase Group has maintained and grown in numbers even during a stay at Milton High School. Many of the class "adopted" computers and kept them at their own homes until we were able to move back to the Senior Center. This dedicated group now has over 13 working computers, both, IBM and MAC.

Computers are available to use any time but the class is scheduled for Thursday between 1 p.m. and 4 p.m. All levels are welcomed to attend this free program.

SENIOR HIGHLIGHTS NEWSLETTER: ..... 30,200 copies distributed

This is a monthly publication of the COA and provides current information about programs and classes at the Senior Center. It also lists the monthly menu for the Meal Site located at Winter Valley. In addition to our newsletter, we also have articles on a weekly basis in both the Transcript and The Milton Times.

FRIENDS OF THE MILTON COUNCIL ON AGING: ..... 144 members

This is the fundraising arm of the Council on Aging. The Friends plan many day and overnight trips and a portion of the money is used to help offset the cost of programs and improvements at the Senior Center. Last year, they had a very successful Holiday Raffle and they have bake sales all during the year. Membership in the Friends is available to any person and the fee is $5 for a regular membership and $10 for a sponsor.

WIDOWED PERSONS SUPPORT GROUP: Units of Service 214

This represents a 9% increase from FY 95

A monthly meeting is held on the third Wednesday of every month at the Senior Center. It is a support group for both men and women that is held in a private but relaxed atmosphere. It is co-sponsored by the Milton VNA.

NUTRITION PROGRAM

South Shore Elders Services serves a hot nutritious meal at Knowlton Hall (Winter Valley) on Monday, Thursday and Friday. Transportation is available by the COA van. Reservations and a $1.75 donation are suggested.

INCOME TAX ASSISTANCE: Units of Service 54

This represents a 24% increase from FY 95

One of our Volunteers of the Year, Mr. James Glunts, a retired account provides free tax preparation during the month of February. Days and times are posted in the Senior Highlights Newsletter.

SHINE (SERVING HEALTH INFORMATION NEEDS OF ELDERS):
Units of Service 402

A trained volunteer provides seniors with current information on the many changes in the health care system. This year we also hosted a forum that dealt with changes in Medicare. This is a free service and volunteers are trained by the Executive Office of Elder Affairs.

INTERGENERATIONAL PROGRAMS: Units of Service 344

This represents a 41% increase from FY 95

The Council on Aging is expanding programs with the school children of Milton. In addition to our Pen Pal Program, we also had an Art Exchange Program and a wonderful Senior to Senior Social with the Senior Class of Milton High. We plan to continue to expand upon these worthwhile interchanges between our school children and the senior population.

INFORMATION REQUEST FROM UNDER 60 INDIVIDUALS
Units of Service 334

This represents a 27% increase from FY 95

More calls than ever have been received from adult children of aged parents. We provide them with information, referrals and in some cases just a willingness to listen to their story.

VOLUNTEER OPPORTUNITIES: Volunteers FY 96 96

This represents an 21% increase from FY 95

Volunteers of any age are always welcomed. There are many different volunteer opportunities available that offer great flexibility. It is a wonderful way to help improve the quality of life for senior residents.

The Council on Aging wishes to thank our many volunteers who assist us with many hours of service. We would also like to thank the Board of Selectmen for their support and understanding of the importance of our services.

Respectfully submitted,

REPORT OF THE MILTON CULTURAL COUNCIL

To the Honorable Board of Selectmen: June 30, 1996

The Milton Cultural Council is pleased to submit its annual report for Fiscal Year 1996. The Milton Cultural Council is the local affiliate of the Massachusetts Cultural Council, formerly the Massachusetts Arts Lottery Council.

In Massachusetts, public funding for the arts, humanities, and interpretive sciences is provided through a central state agency, the Massachusetts Cultural Council (MCC), and a network of local cultural councils that serve nearly every city and town in the state. The state's cultural funding system is overseen by the MCC, which was formed in 1990 through the merger of two previously separate agencies, the Massachusetts Council on the Arts and Humanities (MCAH) and the Massachusetts Arts Lottery Council (MCAL). The MCC receives funding from the state of Massachusetts and the National Endowment for the Arts, and it distributes funds through two channels:

1. direct grants to individuals and organizations, available through statewide competitive grant processes; and

2. distributions to local councils, which then regrant funds to individuals and organizations in their own communities.

The mission of the Massachusetts Cultural Council is to promote excellence, access, education, and diversity in the arts, humanities, and sciences in order to improve the quality of life for all Massachusetts residents and to contribute to the economic vitality of our communities. The Milton Cultural Council adheres to these goals on a local level.

The duties of the Milton Cultural Council are to solicit community input, assess local cultural needs, communicate with the pubic, review and recommend action on local application, report to the Massachusetts Cultural Council, and comply with guidelines of the MCC. The Milton Cultural Council directs funds to individuals, organizations and schools that are dedicated to productive and creative efforts in the arts, humanities and interpretive sciences, and which contribute to the cultural vitality and well-being of the community.

At the close of FY 96, Milton Cultural Council Treasurer, Mary Sennott-Burke, and Publicity Chair, Steve Nelson, retired after both serving two full terms of office. Both the MCC and the Town of Milton benefited tremendously from the efforts and talents of these individuals. Council members Sunny Merritt and Rita Moy also retired at the end of FY 96. The Council thanks both these members for their participation. New members who joined the MCC in

FY 96 are Maureen Sweeney, Ailene Robinson, and Margaret Recanzone. Membership of the MCC during FY 96 was as follows: Catherine Smyth, Chair; Mary Sennott-Burke, Treasurer; Steve Nelson, Publicity; Frank Guiliano, Secretary; Sylvia Pitnoff, Patricia Hall Ostrem, Rita Moy, Ailene Robinson, Margaret Recanzone, Maureen Sweeney.

Publicity regarding the grant application process appeared in local newspapers. Public notices were also posted throughout town. On May 22, the Council held its annual Community Input meeting at the Main Branch Library. This meeting provides an opportunity for any interested individual to meet with Council members.

During FY 96, the Town of Milton received $11,136 from the Massachusetts Cultural Council. Thirty Local Cultural Council (LCC) grant applications and five PASS grant applications were received. The total amount requested through LCC applications was $24,357. The total requested through PASS applications was $4,015. After voting at the local and state level, fourteen LCC grants and five PASS grants were approved. Programs which received funding were: Collicot School: Shirim Klezmer Orchestra; Cunningham School: Bay Colony Educators; Forbes Museum: Film Editing and Enhancement; Glover School: Little Theater of the Deaf; Milton Art Museum: Community Outreach; Milton Junior Women's Club: Bennington Marionettes; Milton Park and Recreation: Summer Band Concert; Milton Performing Arts: Young Musicians' Festival; Patriot's Trail Girl Scouts: Concert by Greater Boston Youth Symphony; Pierce School: Storytelling by Jo-Ann Waugh, Theatre Espresso, and MythMasters performances; The Shalom Chorale: Concert for Milton Council on Aging; Tucker School: Authors Festival. Tickets to the following productions were awarded through the PASS Program:Cunningham School: Boston Symphony Orchestra, and Opera New England; Glover School: American Repertory Theatre Company; Milton High School: Huntington Theater Company.

Respectfully submitted,

Catherine Smyth
Chairperson

REPORT OF THE DISABILITY COMMISSION

To the Honorable Board of Selectmen: June 30, 1996

In January of 1995, full compliance with the provisions of the Americans with Disabilities Act was required for local governments. This landmark piece of civil rights legislation impacted all aspects of society and serves as a strong foundation for the social changes needed to assure that disabled Americans can participate in all aspects of community life to the fullest extent they desire. Through the cooperative efforts of Town government and with the assistance of many town Departments and Agencies, Milton has met this challenge.

Working with the Council on Aging, a lift equipped van is available to both the elders and disabled residents of all ages for medical and shopping trips and for transportation to the polls on election day.

Hearing impaired residents can have direct access to emergency services (police, fire, ambulance) via the TTD capability of the new Enhanced 911 system. Milton Hospital has a TTD phone line and later this year (we hope) Town Hall will add a TDD line.

The MBTA buses on the 4 routes serving Milton are equipped with wheelchair lifts and kneelers that allow the front door of bus to be lowered nearer the ground making it easier to board with young children as well as for those with mobility impairments. The RIDE paratransit program, operated by the MBTA, serves 63 cities and towns and makes it possible for local disabled residents to travel with ease and for fares ranging from $1-3 though most of the T's service area.

Many local churches and synagogues have added ramps and elevators and have either added assistive listening devises offer large print copies of sermons for those with hearing impairments.

Milton can be proud of the way it has complied with not only the letter but also the spirit of the Americans with Disabilities Act of 1990!

Members of the Commission have continued to be active advocates for the disabled by:

- serving as Community Access Monitor for the State Office on Disability;

- serving Chairman of the Fixed Route and Auditorily and Visually Impaired sub-committees of the Access Advisory Committee to the MBTA;

- teaching disability awareness programs for grammar and middle school students in several South Shore communities;

- serving as Community Partner representative for Milton to the National Organization on Disability in Washington, DC.

Respectfully submitted,

Jeffrey Grant, Chairman

REPORT OF THE EXECUTIVE SECRETARY

To the Honorable Board of Selectmen: June 30, 1996

I am pleased to submit my twenty-ninth Annual Report. Your assignment to assist Department Heads and Committees under the Selectmen's jurisdiction and to provide such assistance and cooperation as may be required by the Departments, Boards and Committees has been carried out. Every effort has been made to assist the Board in exercising its governmental duties in directing the activities of its department.

LABOR RELATIONS

In Fiscal Year 1996 collective bargaining agreements were negotiated with the Library Staff Association, Milton Public Employees and the Milton Police Association.

The Firefighters Association and the Town are continuing to negotiate an agreement for both FY 1996 and FY 1997.

The contract with the Librarians calls for wage increases of 3% effective September 1 in FY 1996, 1997 and 1998.

The contract with the Public Employees Association (representing the "W" classified people) calls for a 3% raise effective September 1, 1996 and a 3% raise effective July 1, 1997. This unit's agreement also gives the Town the right to contract for every service which formerly had to be performed by bargaining unit employees. The member employees received job security. Senior employees qualified for classified adjustments.

The Police Union contract provided for a ½% equity adjustment to restore that amount lost in 1991 when the third year of their collective bargaining agreement was revised. This unit received a 3% adjustment on September 1, 1996 and 3% on July 1, 1997.

MILTON'S SPENDING RATE

The Town of Milton's Fiscal Year 1996 level of spending was moderate in comparison to the communities with which we traditionally have made comparisons.

COMPARATIVE MUNICIPAL FISCAL DATA, 1996

Tax	Population	Tax Levy	Per Capita
Milton	25,788	29,614,878	1,148.40

MILTON EXPENDITURES COMPARED TO TEN TOWNS

Spending levels for various municipal services are scrutinized each year by department heads, governing boards and committees, the Warrant Committee, and finally by the Town Meeting which votes the appropriations. It is sometimes useful to compare Milton's actual expenditures to those of similar communities. A full page chart is included in this report entitled "General Fund Expenditures FY 1996 by Functional Category." The Source is the Massachusetts Department of Revenue. Capital outlay and construction have been excluded. Milton's spending is markedly less than the other municipalities surveyed.

CONCLUSION

All of the employees and departments have been understanding and cooperative as the Town continues to manage within the limits of 2½. I am grateful for their support and dedication.

I extend my thanks and appreciation to the Board of Selectmen and the department heads, Town employees and officials, the members of the boards and committees and to the citizens of Milton who assisted me throughout this year. Special note of appreciation is extended to the staff of the Selectmen's Office who have helped to meet all deadlines, and committees of the Board of Selectmen and the Town Meetings.

Respectfully submitted,

John A. Cronin
Executive Secretary

REPORT OF THE BOARD OF HEALTH

To the Honorable Board of Selectmen: June 30, 1996

The Board of Health herewith submits their Annual Report for the period July 1, 1995 through June 30, 1996.

REPORT OF THE HEALTH AGENT

The Board of Health had a very busy and exciting year and saw significant progress with a number of public and environmental health projects. After months of work, the spring Town Meeting approved a pressure sewer project for the environmentally sensitive Forbes Road neighborhood, overlooking the Neponset River. The town and the affected residents will share in the costs of the sewer installation. Title V continues to consume a large amount of the Agent's time and the Board plans on pursuing a grant and loan opportunity in the fall. The grant will fund a town-wide septic management plan and the loan will allow for low interest loans to homeowners with failing septic systems and cesspools.

Because the Health Agent's position is funded for only 20 hours per week, a consulting food inspector was hired to assist in meeting state mandated inspection requirements for all food service and retail food establishments within the town. However, funding for the consulting inspector falls far short of achieving the minimum requirement of twice a year routine food inspections. To assist the food service establishment operators in complying with the state food code, a training program was held in April. It was conducted in conjunction with the surrounding communities of Norwood, Westwood, Walpole and Foxboro and focused on safe food handling and personal hygiene.

The Board was fortunate to receive a third year of funding from the State's Health Protection Fund for our local Tobacco Control Program. This Department of Public Health funding is a result of the 25¢ tax on cigarettes and has provided additional hours for the Health Agent to act as Program Director and for the Board of Health Secretary to act as Program Secretary. The goal of the statewide tobacco program is to reduce tobacco use in Massachusetts 50% by 1999. Continued efforts include enforcement of local tobacco regulations, coordination with the DARE Officer, compliance checks or "stings" of cigarette merchants, a worksite smoking policy survey and participation in community events and health fairs. Of special note are the following: co-sponsorship of the Milton Road Race, "Up In Smoke" assemblies at St. Mary of the Hills and St. Agatha's schools, a peer leader training program and performance by Fontbonne Academy students, a celebration and poster contest display for the Great American Smokeout at Java Jo's Coffee House with special guest former

Patriot Ronnie Lippett, a smoke-free card promotion for students and participation in local Board of Health Recognition Day at the Statehouse.

The spring Town Meeting adopted a non-criminal disposition by-law that allows the Board of Health and their agent to issue tickets for violations of local Board of Health regulations. This is one of a variety of enforcement options that are available to the Board to achieve compliance with local regulations.

Radon literature and home buying guides were distributed to area real estate offices and local day care centers were provided with smoking activity books, posters, buttons and signs. The Board continues to participate in the Community Health Network Area (CHNA) involving the towns of Milton, Quincy, Braintree, Hull, Holbrook, Canton, Norwood, Randolph and Weymouth. The current project involves asthma management: self-help group formation, clinical intervention programs and community education. The CHNs were developed by, and are supported by, the MA Department of Public Health.

We continued our efforts to computerize records, permits and applications and look forward to working with the town-sponsored *Information Systems Needs Assessment and Strategic Plan.*

The Agent continues to serve on the Massachusetts Health Officer's Association Executive and Editorial Boards and was re-elected to serve as the Association's Secretary. Trainings attended throughout the year included topics such as Indoor Air Quality in Skating Rinks, Temporary Food Establishment and Food Manager Training Guidelines, Title V Revisions, Innovative/ Alternative Septic Systems, Lead & Asbestos, Resource Recovery & Ash Landfills, Tobacco & Smoking issues, and Emerging Pathogens.

REPORT OF THE PUBLIC HEALTH NURSE
July 1995 - June 1996

I. School Report

Enrollment:	St. Agatha	365
	St. Mary of the Hills	335
	Montessori School	205
	Delphi Academy	110
	Fontbonne Academy	525
		1540

Daily visits to the parochial elementary schools were made throughout the school year. Periodic visits were made to the remaining private schools.

Vision and hearing tests were administered to the entire enrollments of St. Agatha, St. Mary and Thacher Montessori schools. Parents were notified if their child failed either testing program. Follow-up on each referral was done.

All students Grades 5-9 were screened for Scoliosis as mandated by State law. Six students were referred to their family physician for further evaluation.

Immunizations were offered to students requiring boosters. Clinics were held at the schools and at the Board of Health office for residents. A total of 65 immunizations were administered.

Hepatitis B vaccine was offered to Grade 6 students at St. Mary's and St. Agatha's School. Forty students were immunized with the first two doses of the vaccine. The Massachusetts Immunization Program provided the vaccine for adolescents entering Grade 7 in September, 1996.

All camps were visited and health records reviewed for proper immunizations. A total of eleven camps now operate in Town during the summer months. All camps were in compliance with State regulations.

II. Communicable Diseases - Community

The Tuberculosis status of two residents was monitored throughout the year.

Fifty-five Mantoux skin tests were administered to residents requesting the service and to those who had been in contact with an active case of TB.

Twenty-five Mantoux tests were administered to adult camp employees at Curry College Tennis Camp, Camp Sayre, Girl Scout Camp, South Shore YMCA Camp, Delphi Academy, St. Mary of the Hills Camp, Chickatawbut Hill Camp and Sports Plus at Milton Academy.

III. Other Communicable Diseases

4 cases of Pertussis	4 cases of Hepatitis B
1 case of Giardia	4 cases of Hepatitis C
2 cases of Meningitis	1 case of Lyme Disease
1 case of Listeriosis	10 cases of Camplyobacter
2 cases of Hepatitis A	2 cases of Legionella

IV. Community Nursing

In conjunction with the Milton Visiting Nurses, promoted adult influenza immunizations on a Channel 5 health segment.

Conducted six clinics throughout the Town to administer Influenza and Pneumonia vaccine. 1,140 doses of Flu vaccine and 273 doses of Pneumonia vaccine were given to residents.

Conducted blood pressure screening for all Town employees at their workplace. Health counseling, education and referral were provided to those employees with elevated readings.

Provided technical assistance to various community health organizations on public health policies.

V. Tobacco Control

Assisted the Tobacco Coordinator with implementing the peer leadership program in conjunction with the Boston University Wellness Center at Fontbonne Academy. Ten training sessions were held and the students presented their program to students at St. Mary's and St. Agatha's schools.

Assisted the Tobacco Coordinator with the Great American Smokeout. Arranged a poster contest at St. Agatha's, and St. Mary's schools. T-shirts were made from winning posters at each school and distributed to Grade 4 students.

Conducted an educational program for students in Grade 3 at both schools. Distributed literature to students in Grades Kindergarten through 6.

VI. Continuing Education

Received certification as a Community Health Nurse from the American Nurses Credentialing Center post examination.

Continuing education credits were received for seminars on Vaccine Preventable Diseases, Asthma and Tuberculosis, Attention Deficits in Children and Adults, and Hepatitis B.

VII. Community Relations

Daffodil Day – Captain
M.V.N.A. – Walkathon Captain
Member, Mass. Municipal Public Health Nurses Association
Member, Tobacco Advisory Board
Member, Health Protection Advisory Committee – Milton Public Schools
Representative of Board of Health – Health Fair at Fontbonne Academy

Mary A. Whitney, R.N.
Public Health Nurse

REPORT OF THE HISTORICAL COMMISSION

To the Honorable Board of Selectmen: June 30, 1996

The Milton Historical Commission is pleased to submit the following annual report.

The Historical Commission continues to retain the services of a qualified preservation consultant to identify and research historically significant Milton properties in the interest of their preservation.

One of the Historical Commission's principal goals in the implementation of its Historic Preservation Plan has been the expansion of a Survey Inventory of historic Milton properties that have been researched and documented for the Inventory Files of the Town and the Massachusetts Historical Commission. During the FY 1996 Year, historic property research has been carried forward in the Brush Hill area of the Town.

The establishment of the Milton Centre, Scott's Woods and Milton Hill Historic Districts has resulted in a significant expansion of the Historical Commission's Survey Inventory town-wide. In June, the Commission submitted the nomination for the Brush Hill Historic District to the Massachusetts Historical Commission. This expanded Survey Inventory enables the Commission to provide an ever-increasing amount of relevant historical information to Town Boards concerned with the protection of Milton's Cultural assets.

The Historical Commission continues to advocate the preservation of the existing Fuller Trust buildings as a requisite for any Fuller Trust development. In June, material from the Historical Commission files with regard to this historic property was provided to the new Trustees for the Fuller Trust that were recently appointed by the Probate Court.

The Historical Commission has taken an active role in the review of the proposed Route 28 roadway reconstruction project in order to provide protection for eight surveyed historic properties which front on Randolph Avenue within the designated reconstruction area. The Commission would like to take this opportunity to thank both Representative M. Joseph Manning and Senator Paul W. White for their cooperation in this matter.

The Historical Commission wishes to express its sincere appreciation to the Staff of both the Selectmen's Office and the Engineering Department as well as to the Building Commissioner for their combined efforts to obtain a grant from the $4 million Massachusetts Preservation Projects Fund which provides monies annually for the preservation of historic municipal buildings. The

grant application submitted was for the proposed restoration of the Town's Chemical Engine House, a contributing building and an integral part of the Milton Centre National Register District. While the Town's grant application was unsuccessful in FY 1996, despite the support of the Historical Commission, the Massachusetts Historical Commission has encouraged the Town to participate in the Massachusetts Projects Fund application process again in the near future in order to realize the preservation goals of this project.

The Historical Commission wishes to again thank Preservation Consultant Edith G. Clifford for her dedication to the work of the Commission. The Commission also wishes to express its appreciation to the Staff and the Members of the Board of Selectmen, the Board of Assessors, the Planning Board, the Board of Appeals, the Warrant Committee, and the Town Planner for their ongoing cooperation with the Historical Commission.

Respectfully submitted,

Esther M. Jepson, Chairman
Kevin C. Donahue
Richard B. Heath
William J. Loughran
Santiago A. Rozas
Anne L. Thompson
Frances K. Westerbeke
MILTON HISTORICAL COMMISSION

REPORT OF THE HOUSING AUTHORITY

To the Honorable Board of Selectmen: June 30, 1996

The Milton Housing Authority, established by Town of Meeting in 1975, administers low income housing in the Town of Milton.

In the twenty years since its inception, the Authority has built 40 units of elderly housing at Miller Avenue, and purchased six two-family houses on scattered sites in the town. The Authority maintains a group home which houses eight special needs tenants. Additionally, in July of 1996, the Authority brought on line a newly constructed facility which houses six special needs residents. This facility is also handicapped accessible.

During the past year, the Department of Housing and Community Development awarded $80,000 for the removal of lead paint from two of the six two-family houses owned by the Authority. This work was completed in November, 1996.

The Authority continues to administer the Section 8 Voucher Program, funded by the U.S. Department of Housing and Urban Development.

Due to the long waiting list for state-aided elderly and family housing, the waiting list was closed in July of 1994. The elder and family waiting list for the Federal Section 8 Voucher Program has also been closed for three years.

In January of 1996, the Board of Commissioners appointed Louise R. Galante as Executive Director of the Milton Housing Authority.

At the Annual Meeting in May 1996, the following officers were elected:

Catherine A. Shea, Chairperson
James F. Foster, Vice Chairman
Francis C. O'Brien, Treasurer
Joseph F. Murphy, Assistant Treasurer
Kathleen M. Mullen, Member

Respectfully submitted,

Catherine A. Shea, Chairperson

REPORT OF THE INSPECTOR OF ANIMALS

Local Board of Health Regulations, Chapter 1 govern the *Keeping of Animals* for both commercial and private uses. To ensure compliance with the local regulations, inspections of the four commercial stables in Milton were conducted every four weeks. The inspections assess cleanliness and sanitation, bedding supplies for the animals, food storage practices, and most importantly, monitor the manure storage and handling. This is critical to avoid the creation of nuisance conditions and breeding grounds for rodents and other pests.

The eighteen privately licensed stables were visited occasionally throughout the year, in addition to the November round of inspections which is mandated by the Massachusetts Department of Food & Agriculture, Division of Animal Health. The November inspections include completion of the official Barn Book Census which records the numbers and types of animals housed in the Town of Milton.

All biting and scratching incidents reported to the Board of Health were investigated to make sure that the animals involved were current on their rabies inoculations. The investigations included both animal-to-human contact, as well as animal-to-animal contact. Various types of quarantines were issued (isolation, strict confinement or close observation) depending on the circumstances of the contact and the immunization status of the animals involved. During this fiscal year the following number of quarantines were issued:

10 days	28
45 days	21
6 months	14

Due to the sharp rise in the incidence of rabies in our community and throughout the state, animals suffering from wounds of unknown origin receive the strictest quarantine. The time period varies from 45 days, if the animal has been properly vaccinated, to 6 months for an animal not up to date on its shots. Weekly contacts are required to assess the health status of all animals under quarantine and to make sure that they are properly quarantined as defined by the State Deparment of Food & Agriculture. This year 28 wounds of unknown origin were investigated, as well as 26 dog or cat bites to humans and 9 animal to animal biting incidents.

I assisted Morton Wolf, D.V.M. at the spring Rabies Clinic, co-sponsored by the Board of Health and the Kiwanis, with the assistance of the Milton Animal League. At this clinic, 175 animals were inoculated against rabies.

Russell Pitnof
Inspector of Animals

In closing, we would like to thank all the Town Departments and agencies without whose help our work would be much more difficult.

Respectfully submitted,

Mary Ellen Erlandson, Esq., Chairman
Morton Wolf, D.V.M., Secretary
Virginia A. Gaffey, R.N., Member

REPORT OF THE INSURANCE COMMITTEE

To the Honorable Board of Selectmen: June 30, 1996

For fiscal year 1996, the permanent insurance committee reviewed the proposal from the Massachusetts Interlocal Insurance Agency (MIIA) and determined that the premiums were the lowest available and that coverage was acceptable as quoted for the needs of the Town of Milton. We communicated with the Board of Selectmen and coverage was placed with MIIA.

MIIA continued to offer rate stability and the town has elected with the advice of the Insurance Committee to continue that same program of coverage. The Insurance Committee recognizes that there are only a few markets that are providing insurance coverage for municipalities in the premium ranges that MIIA has quoted, and we feel that the program as presented is the best available in the marketplace.

Respectfully submitted,

Louis P. Hoffmann, Chairman
William J. Sullivan, member
Wallace E. Sisson, member

REPORT OF THE LEGISLATIVE COMMITTEE

To the Honorable Board of Selectmen:

The members of the Legislative Committee are Robert E. Barrett, Walter J. Connelly, James F. Dinneen, John P. Flynn and John F. O'Donnell.

The members have the following areas of responsibility: Robert Barrett, land use, including building and zoning, subdivision control, health and environmental issues and real property, including purchase, sale, gift and lease of property, and easements; Walter Connelly, contracts including bidding, construction and vendors and public safety, including police, fire and DPW; James Dinneen, general government, including organization, elections, by-laws, regulations, municipal finance, assessment and taxation and Town Meeting; John Flynn, litigation, including tort claims, defects in public ways, employment discrimination and civil rights; and John O'Donnell, personnel, including employment benefits, labor relations, conflict of interest and insurance.

It is apparent that legislation is significant for the Town of Milton as a potential source of additional regulation and restriction and as a potential source of relief as well. The Legislative Committee's role will be to identify those issues for the Board of Selectmen and to suggest strategies for dealing with such issues.

Respectfully submitted,

John P. Flynn, Chairman
Robert E. Barrett
Walter J. Connelly
James F. Dinneen
John F. O'Donnell
Legislative Committee

REPORT OF THE LIBRARY DIRECTOR

To the Honorable Board of Selectmen: June 30, 1996

I have the honor of presenting the 124th Annual Report of the Milton Public Library for the year ending June 30th 1996:

The notable event of the year was the awarding of a $2.8 million grant to the Town for a new library to be built behind the town hall. The award culminated nearly three years of planning that saw the Town survey virtually every piece of property that was available and that was either town-owned or potentially available. The final site was selected based upon its ideal location for the Townspeople. All other land involved severe legal limitations that could not be resolved or substantial financial costs. However, despite the enthusiasm of many library supporters the override required by the town to fund the balance of the library construction did not pass in the special election in November. Consequently, the Town was unable to accept the grant. The library Building Study Committee that was responsible for the application ceased its work with the failure of the override.

Despite the failure, the building grant process was a valuable experience for the staff, Trustees, Friends and everyone that worked on the campaign. It also brought to the attention of the Town the severe constraints of the library in terms of its physical limitations. The resulting publicity also renewed the interest of the town in the library and there has been an increased funding level as the result of this educational process.

As part of the Trustees reevaluation of the needs of the library, they focused on several concerns that needed to be addressed. In order to get the funding that the library would need they highlighted the following areas: Sunday Openings for increased access for townspeople; an increased book budget in order to meet the informational needs of students and other users; and upgrades in the physical plant of the main library. The first two of these improvements were funded by the Town which gave the library enough money in the appropriation to open Sundays from October to March and established a revolving account for fines that will be used to purchase new books. In order to make improvements in the air conditioning and the front entrance, the library held an auction of some of its less significant art with the approval of the Attorney General, which was successful. The air conditioning and front entrance work will be done as soon as possible in the 1997 fiscal year.

The Kidder Branch library underwent a transformation during the year. Beginning in September 1995, the Council on Aging moved into the main floor because of a need of a new home for itself. For many years the Council had been housed in an area of the Milton Healthcare, but because of their require-

ments the Council was force to look for a new home. The Kidder Branch was chosen as the site. For about six months the library services coexisted with the Council but it was necessary for the Council to have the entire main floor in order for it to conduct its programs. Consequently, by April of 1996, the library completely ceased its operations at the Branch. The Library still maintained the physical plant but it was now totally occupied by the Council on Aging and the Milton Community Schools' Kindergarten Enrichment and Daycare programs.

The Children's room continues to delight and educate youngsters with materials and programs made available throughout the year by the dedicated library staff. Almost 2,000 children enjoyed its programs in the library this past year.

Among the programs that were presented were the several story hours held in the summer when the Summer Reading Club held its activities. Over 400 youngsters were introduced to thousands of books and ideas as a result of this traditional program. There was also a nationally known professional story-teller, Lucille Page, who appeared again this year as she had appeared last year. The library hopes that her stories will delight Milton children in the years to come. At a special Reading Club award ceremony in August, David Polansky, a nationally known children's story teller and folk singer, performed to the delight of several hundred kids and parents despite temperatures in the nineties. Story hours were also held in the fall and spring. As in the last year these were divided into six-week sessions repeated once so that every child requesting admission to the story hours could participate. A total of 287 children attended these sessions. In addition to the story hours there were also several special programs that were sponsored by the Friends of the Library who were responsible for funding them. Among these programs was a special performance by Sandra Shields, a well-known and respected magician who delighted a record audience of 561 children and their parents in February.

As in the past several years the Children's Librarian, Anne Parker, and the Young Adult Librarian, Pat Bergin, have been working closely with the elementary and middle schools in developing a collaborative and cooperative program so that the Milton Public Library can meet the needs of the school curriculum. This is accomplished through the regular visits with teachers and librarians at all of the public schools and parochial schools in the town. There were 75 classroom visits in Fiscal Year 1996 reaching a total of 2031 children.

The Young Adult Room under Mrs. Bergin's direction was busy setting up and maintaining summer reading collections for the Milton High School and the Pierce Middle School. Work with Mrs. Seagraber, the head of the English Department at the High School, and Anne Halley of the English Department at Pierce Middle School involved setting up a reading incentive program between the school libraries and the Milton Public Library. The other important area that

the Young Adult Room has been developing is the college catalog collections and selection materials for High School Juniors and Seniors. Mrs. Bergin also applied for and received a competitive grant for medical literature in conjunction with Rita Fontinha, the librarian at the Pierce Middle School. A great deal of work was involved in the initial process of applying and the entire medical reference and general collection was evaluated to determine the extent of the collection and areas that needed to be updated. Problem areas were identified and three possible programs were suggested involving health issues. Mrs. Bergin also was directly involved in the planning of special programming for Young Adults including the Sandra Shields' performance mentioned above. The reference department under the able direction of Eileen Piazza, Assistant Director, continued to experience increased usage. As in past years there were a large number of students from public and private primary and secondary schools in the Milton area. "Proquest" supplies full text of thousands of articles from magazines through a sophisticated subject searching system. Another research aid is "EMAS," a CD-ROM product which indexes and abstracts additional periodicals for the High School or College student. Use of these research products has become very popular as students increasingly need up-to-date information on everything from AIDS to Zoaroastrianism.

As in past years the library continues to be on the forefront of technology. Several computers were upgraded with funding from the Trustees so that information resources can be accessed. In the future the library will need to have a major capital upgrade of its technology in order to meet the Town's informational needs. The library has always been the source of information to everyone regardless of ability to pay and in a democracy it is even more necessary that the library should provide this kind of electronic access to information. As in the past libraries have been the resource of culture and ideas. They will continue to be so long as they have enough funding to supply the latest technology and to purchase books and materials. The library's role continues to expand to meet the expanding needs of society.

The summer of 1995 was difficult with several days when the temperature reached more than 90 degrees. When temperatures are this warm it is impossible to accomplish any meaningful work or to engage in any physical exertion. Despite the heat a number of special activities were held for children and attendance was up over last year. After the override failed the Trustees began to think in terms of making incremental improvements in the existing main library so there would be no reduction in services to the townspeople despite the limited facilities at the library.

The new meeting room in its first full year of operation hosted several meetings throughout the year, including the regular Trustees' meeting, the monthly book discussion group and the children's story hour programs.

Throughout the year a growing number of staff participated in training sessions on a variety of subjects as they updated their technology skills and became more proficient in the use of the Internet as the library developed its resources in this area. A staff position was changed from Branch Library Assistant to Technology Assistant with the closing of the Kidder Branch. The Library participated in a joint project with the School Technology Committee in one of their projects to create a town Computer Bulletin Board System. In that regard the library housed the system and provided telephone and hardware for the purpose of accessing a message system in the library. This collaborative effort was a wonderful opportunity for the library to assist the schools in a project that would not otherwise have been completed.

Several organizations helped the library with gifts including the Milton Garden Club, The Amateurs Garden Club, The Milton Women's Club and the Junior Women's Club. In addition many individuals remembered deceased relatives and friends with gifts to the library. All of these contributions and acts of kindness make the library a better place for everyone in the community. The importance of them cannot be overestimated.

More than 20 volunteers contributed their time in a variety of projects throughout the year. These individuals included librarians, retired librarians, and many others who find the work at the library stimulating and challenging. Their tasks range from helping with technology to indexing the local newspaper. All of their help is greatly appreciated and has enabled the library to provide a better level of service.

In conclusion I would like to express my personal appreciation to the Trustees, the staff and to all the many citizens who have helped the library in many ways to make it a meaningful and productive service to the community.

Respectfully submitted,

Glenn R. Coffman

REPORT OF THE MILTON PUBLIC LIBRARY TRUSTEES

To the Honorable Board of Selectmen: June 30, 1996

The library began the 1996 fiscal year on the crest of a wave of optimism. The State authorized a $2.8 million grant to reduce by one-third the cost of constructing a new library. The new facility would be a community centerpiece providing additional space for library services, fuller entry into the electronic information highway, safe and convenient parking space and accessibility for the handicapped. Further, the new library would meet all the responsibilities of the Town necessary for certification and state aid requirements. It would be a multi-service and multi-generational focal point for library and other community functions. Fundraising gained momentum with an initial $100,000 donation - the largest cash gift ever to the Library. One final authorization remained. A General Town Election must approve Town funding of $6.0 million or less — i.e., the cost of construction minus the grant and gifts.

The November 1995 general Town election rejected the library debt exclusion bond override petition. The trustees accepted the mandate of the 2,987 "yes" voters to persevere in our vision for the future. The Trustees will provide the best possible library services within the constraints of space and financing.

The Trustees thank the Library Study Committee, the Friends of the Milton Public Library, the Override Committee, donors and other individuals for their determined loyalty and competence. In addition, special thanks to the Friends who managed the library building fundraising campaign. The Friends also donated more than $14,000 of their own funds to help the library to meet requirements for State accreditation in FY96.

The Trustees have discussed many options for the immediate future. Developing a comprehensive strategic plan will be a priority activity in FY97. It is also a time to enhance its leadership and communication skills with the public.

Trustees approved interim objectives:

- to make the facility more friendly for patrons and staff. Cosmetic and other low cost improvements in the present space will increase efficiency for library services and maintenance.
- to improve environmental conditions. Climate control – i.e., heating and cooling – is necessary to preserve the book and art collection.
- to upgrade the book collection which eroded during many years of tight budgeting in the Town.

The Trustees approved air conditioning for the circulation area and reading rooms, new inner and outer front doors and an air lock in the vestibule.

The Board received approval from the Attorney General to sell less valuable art works. Under the capable leadership of Trustee Herbert Wotiz, an auction on May 5, 1996 raised more than $42,000.

The Annual Town Meeting approved a revolving account, not to exceed $25,000 for the purchase of new books and related materials. Fines for overdue materials and charges for lost or damaged materials will accrue to the account.

During October 1995, the Council on Aging moved into the Kidder Branch Library on a shared use basis. Patron use had been decreasing for many years. The Council desperately needed space. After serving the area since 1929, library service at this branch ceased on March 1, 1996. The Council now occupies the first floor and the Milton Community Schools conduct pre-school classes in the basement. The building still bears the name of Nathaniel Thayer Kidder who served as a Library Trustee from 1894 until his death in 1938 and as Chair from 1907 to 1938.

The meeting room on the second floor was converted to a quiet reading room for adults.

In the April 1996 Town Election voters reelected Paul G. Buchanan to a fifth term and Mary C. Regan to a third term and elected new member Anna Bennett. Trustees are especially grateful to Lorraine J. Greenfield for three years of outstanding service as a Trustee. At the May meeting, Trustees elected Robert E. Varnerin as chair, Mary C. Regan as Secretary and Harry S. Tenofsky as Treasurer.

Julia Lau, a library page, received the $500 Julia Stackpole scholarship for 1996.

Trustees planned and approved opening on Sundays in the Fall of 1996. The May Town Meeting approved funding for about 25 Sundays in FY97.

The Board of Library Commissioners approved two grants for the Library. The first will provide for Internet access and a new computer. The second was a $6,000 grant prepared by Young Adult Librarian, Mrs. Bergin, for medically related books for young adults. It will also provide funding for a workshop in which the Pierce Middle School Librarian and Mrs. Bergin will participate. The Massachusetts Association for the Education of Young Children based in Milton received a Community Partnership grant. One component is $5,000 to provide books on parenting and children's issues for the children's room.

Susanna Place will collaborate with the Friends of the Library to raise funds during FY97.

Respectfully submitted,

Robert E. Varnerin, Chair
Mary C. Regan, Secretary
Harry S. Tenofsky, Treasurer
Anna Bennett

Trustees of the Milton Public Library

REPORT OF THE LIBRARY TREASURER

To the Trustees of the Milton Public Library: June 30, 1996

The funds in the care of the Trustees were invested as summarized in the following tables as of June 30, 1996.

		Market Value	Income Received	Disbursements
General Fund of the Trustees	1996:	$318,002.76	$18,144.61	$10,623.00*
	1995:	$282,596.59	$16,118.14	$12,047.00

*additional disbursements from 1996 income of $2,985.46 to be made in 1997.

The above investments represent funds provided by the following donors: Margaret Blair, Ellen Channing, Augusta Phillips Gardner Churchill, Aimee Draper, Miriam S. Draper, Rose Dabney Forbes, anonymous gift in memory of Waldo Emerson Forbes, Marion Davis Hollingsworth, Albert J. Johnson, family of Edward C. Johnson II, Henry P. Kidder, Eleanor P. Martin, Harriet B. Mears, Milton Women's Club, Florence I. Tucker, Sarah Vose, Mrs. Joseph C. Whitney, J. Huntington Wolcott, Roger Wolcott, and the sale of the Bierstadt painting.

Respectfully submitted,

Harry S. Tenofsky, Treasurer
Board of Trustees

REPORT OF THE METROPOLITAN AREA PLANNING COUNCIL

To the Honorable Board of Selectmen: June 30, 1996

MAPC's list of activities and accomplishments for 1996 is a long and varied one. The agency is completing one of its most productive years with both staff and council members continuing to work hard to keep up with the opportunities and challenges as they are presented.

Perhaps the single most notable achievement in 1996 was the successful restructuring of the Metropolitan Planning Organization (MPO). The MPO, which has been composed of six agencies (four state agencies plus the MBTA Advisory Board and MAPC), is responsible for allocating financial resources from the federal government to various transportation projects in the metropolitan region. MAPC has argued for years that the organization needed to be changed in order to have better representation by local communities. When a 1995 federal review of the organization found substantial deficiencies in the existing process, the agency played a major leadership role in working with the other five MPO members to design the new organization. In addition to the existing members, the new MPO will include the city of Boston, the Turnpike Authority and three cities and three towns. The new agreement also provides that at least $40,000,000 will be made available for local highway projects in the MAPC region. The community representatives to the MPO will have the decision-making power for how that money is to be spent.

Elections to fill the six new community positions will take place in early 1997 at a MAPC Council meeting. Candidates must obtain the nomination of the CEOs from five communities to be on the ballot. With the exception of the Inner Core subregion, no subregion may have more than one community on the MPO. Local communities now have a voice and a vote in this important transportation process.

MAPC's GIS Lab has continued to grow and provide new services to its communities. The staff conducted a series of eight workshops on GIS data automation. The focus of the workshops was on assessor map automation. In addition to working on defining policy areas for MetroPlan 2000, the staff is also putting together a map of existing and potential bike paths throughout the MAPC region.

The agency continues to produce the Planner's Exchange series. This year there were two reports: "Community Reuses of Failed Septic Systems" and "Development Guides."

Among the several hundred meetings that the agency sponsors each year, there were several of particular note. MAPC brought in a noted national authority

on Transit Oriented Development (TOD). As a result of that meeting, the agency has formed a TOD advisory committee that will be working to encourage more concentrated development throughout the region. Another of these special meetings was an informational session on the Governor's Executive Order 384 which provided for the sunsetting of state regulations after a review process to determine which regulations were determined to be outdated or obsolete.

The agency continued its affiliation with the Challenge to Leadership program. This program sponsors a forum every fall for business, educational, religious, labor and government leaders to explore civic issues. The forum for this year was "Youth and Jobs in the 21st Century: Is Massachusetts Ready for the New Millennium?".

Another in the series of MAPC sponsored Community Dialogues was presented. The focus was also on job training. MIT, UMass, the Federal Reserve Bank of Boston, and Boston Edison were partners with the agency for this event.

MAPC's efforts in the legislative arena continued to be productive. Many of the agency's priority legislation were passed into law. The agency also continued to work with the Massachusetts Audubon Society to draft legislation which will serve to coordinate and streamline the participation of federal, state, regional and municipal agencies in a statewide land information system institution utilizing Geographic Information Systems (GIS). On the federal level MAPC began working with other organizations across the country on the process of reauthorizing the Intermodal Surface Transportation Efficiency Act (ISTEA).

Planning continues on the Inner Circumferential Project and the North and South Rail Link. MAPC is active in both of these projects. The agency also continues to expand its help to communities on a diversity of transportation projects such an the Enhancement Grant Program and Transportation Demand Management Grant Program.

The eight subregions of the agency also continued working on their numerous projects. Several documents were produced this year as part of the Subregional Special Project program. Among those reports of region wide interest are: "The MAPC Grant Source," "Revitalizing Inner Core Commercial Areas and Squares" and "Environmental Tourism Strategies for the North Shore." Copies of these reports are available at the agency.

The 12 towns that are part of the Three Rivers Interlocal Council (TRIC) had a busy year. The group invited speakers to their meetings to discuss various topics including: the new telecommunications act and its implications for local communities, MBTA assessments, and revised school aid formulas. The group also heard and responded to a number of transportation issues. Additionally,

TRIC hosted a legislative breakfast to discuss items of interest with the local state legislators. Also, the subregion hosted a meeting on pavement management for the local DPW directors. The subregion developed a special report on the Assessment and Recommendations for Land Use Regulation in the Fowl Meadow and Ponkapoag Bog Area of Critical Environmental Concern. The MAPC GIS Lab completed two maps showing land use and zoning within this state designated ACEC.

MAPC invited community officials to participate in discussions on urban truck routing. These discussions focused on the impacts of trucks on urban and residential neighborhoods, truck exclusions from some regional roads and cargo prohibitions in tunnels. The purpose of the effort is to resolve any conflicts and at the same time to support continued economic development in the region.

Respectfully submitted,

Ellen Harding Anderson

REPORT OF THE BOARD OF PARK COMMISSIONERS

To the Honorable Board of Selectmen: June 30, 1995

The Board of Park Commissioners is pleased to submit the following annual report for the period ending June 30, 1996.

The Park Department is responsible for maintaining approximately 85 acres of town property, including areas at Kelly Field, Andrews Playground, Mary C. Lane Playground, Shields Park, the Pierce Complex, Brooks Multi-Purpose Field and Turners Pond. Our recreation programs provide a wide variety of activities year round for children and adults.

Providing these activities and adequately maintaining the Park Department properties has become increasingly challenging due to both the dramatic increase in organized league play among young children and the very limited funding afforded to our department relative to other town departments. Nevertheless, through hard work, creativity, and the wonderful volunteer efforts of quite a few townspeople, the Commissioners believe that the Department enjoyed a very successful fiscal year.

During the summer of 1995, many sports clinics, instructional programs and playground activities were conducted. Each was either self-supporting or returned revenue to the town. Sports clinics included baseball, girls' softball, girls' basketball, boys' basketball, field hockey, soccer, football, cheerleading, track and field, and golf. These one-week instructional clinics were offered to youngsters who wanted to improve their skills in a particular sport and have fun. Enrollment in these camps totalled 467.

Our instructional tennis program ran for six weeks at Cunningham Park's tennis courts. This program was for beginners as well as intermediate tennis players and provided basic instruction for children ages 6 to 13. A total of 138 children participated in this program.

The Park Department's popular Summer Playground Program once again was conducted at three local parks: Kelly Field, Mary C. Lane Playground and Cunningham Park. Each park was staffed with two counselors and was open daily from 9 a.m. to 2 p.m. for a six-week period. Participants ages 7 to 14 were able to enjoy organized sports, games, arts'n crafts and weekly field trips. Enrollment for the summer of 1995 was 139.

The Summer Special Needs Camp ran for six weeks beginning the first week of July and ending in mid-August. This program is a joint effort between the Schools and the Park Department and offers students a balance between academics and recreation. Students participated in field trips to the Children's

Museum, the Cinema, bowling, a Chinese luncheon and a closing day party with family members, staff and the Park Commissioners. They also participated in organized sports and swimming at Cunningham Pool. The Board of Park Commissioners wishes to acknowledge the hard work of our Special Needs Camp Director, Margaret McSharry, and the School Department's special education teacher, Pauline McLaughlin.

Although town funding for the popular Summer Band Concert series was cut from our budget, with the support of local clubs, businesses, civic organizations and the Board of Selectmen, the Park Department was able to expand this popular series. Ten concerts throughout June, July and August took place at the Baron Hugo Gazebo on the town green. We are grateful to the following organizations for their contributions to this summer tradition: Al Thomas and the Alfred D. Thomas Funeral Home, David B. Harte, D.M.D., P.C., Sarah Melton Keller and Janet Ashton, Milton P.M. Club, Rotary Club, Dan Tarpey and the Celtic Monuments, Milton Cultural Council, Milton Jr. Women's Club and State Representative M. Joseph Manning.

The Men's Winter Basketball Program ran from October through May at the Pierce Middle School gym and the Milton High School gym. This program offered men over the age of eighteen weekly recreation in the form of "pick-up" basketball games. Enrollment in the winter of '95-96 was approximately 85. The Park Commissioners intend to explore the interest in beginning a Women's Winter Basketball Program.

Ski instruction was offered to all Milton residents ages seven or over during January and February in collaboration with the Blue Hills Ski School. This program offered instruction for beginners and intermediate skiers and ran for five consecutive Saturdays. Enrollment for the winter of '96 was 65. Once again, we wish to express our thanks to Mr. Joe Lannan for his contribution toward the stocking of Turner's Pond in April. With his help, anglers both young and old had an opportunity to enjoy the sport of fishing in Milton.

Also in April, the Board welcomed John Davis as the new Commissioner. The Park Department also hired David Perdios as the new Recreation Director and Patricia Ambrose as the new Principal Clerk. The Board also was reorganized with Robert D. Ahearn as Chairman, Barbara J. Brown as Secretary and John Davis as Member.

We are grateful to the core of volunteers who came together in May for our third annual Milton Pride Day. Workers raked, pruned, planted and cleaned town property, which include much of the Park Department's property. It was a day to be proud of our town and its townspeople.

The Board wishes to acknowledge Kevin Sorgi and the Milton Golf Association for their efforts in making the Tenth Annual Golf Tournament such a big success. This event is co-sponsored by the Park Department each spring to promote competitive golf instruction.

Group golf instruction in conjunction with Ponkapoag Golf Club was available through the Park Department in May. Five one-hour sessions recommended for the new golfer included instruction in set-up, iron play, wood play, chipping, putting, basic rules and etiquette. Enrollment was 70.

By charging modest user fees, organizing camps, tournaments and the like, and through the generosity of private donors, the Park Department was able to raise sufficient funds to re-groom and reconstruct our ballfields and enter into a 4 step, 3-year plan to aerate, slice, seed and fertilize Pierce Middle Field.

In June the Park Department sponsored its third annual Edward H. Baker Fishing Tournament. A total of 140 people participated in a great day of fishing, which included the presentation of a special Good Sportsman Award given in memory of Mark G. Hamilton. The Milton Corporation, Dave's Bike Infirmary and State Representative M. Joseph Manning all sponsored prizes for the winners.

Further improvements to park property made in June included the regrooming of the following baseball diamonds: Kelly Regulation, Pierce Regulation, the Little League diamonds as Pierce, Andrews Regulation, Andrews Skinned and Andrews Little League No. 2. Also, new bleachers were erected at Brooks Field and the basketball and tennis courts at Andrews Park were resurfaced.

The Park Department received a sizeable state grant from the Massachusetts Executive Office of Environmental Affairs. The Park Department also received matching funds from Town Meeting to reconstruct Kelly Field. The Board would like to thank State Representative M. Joseph Manning and Senator Paul White for their leadership in securing this grant.

Our ID Recreation Program for middle school children continues to be very popular and successful with total membership of 622 students. This program is open to all middle school students who attend school or live in Milton and is responsible for providing safe and fun recreational opportunities for this age group. The Board of Park Commissioners is very grateful to the following volunteer members of the ID Board who helped to run the program this past year: Max Hovet, Curtis Lindberg, Carol Hahnfeld, Dan Lewis, Jean Maher and Mary Launie. The Board is also very grateful for the extraordinary efforts put

forth by our former Recreation Director, Mrs. Paula Rizzi, in making this program such a tremendous success.

The Board of Park Commissioners extends its appreciation to the Board of Selectmen and to all town departments for their cooperation and help during this fiscal year.

Respectfully submitted,

Robert D. Ahearn, Chairman
Barbara J. Brown, Secretary
John J. Davis, Member

REPORT OF THE PERSONNEL BOARD

To the Honorable Board of Selectmen: June 30, 1996

During Fiscal 1996, the Personnel Board continued its efforts to ensure compliance with the Town's personnel policies and equal opportunity concerning personnel decisions, including hiring and promoting.

During this year, the Board continued to make important decisions with respect to various Town positions and voted to recommend the following to the May Annual Town Meeting:

- Increase the position of Park Department Recreation Director from part-time to full-time.
- Reclassify the position of Department of Public Works Principal Clerk, whose duties would include responsibility for maintaining records on Solid Waste and Recycling from Level 8 to Level 9.
- Establish the position of Police Student Officer, as required by Massachusetts General Law, Chapter 41, Section 96B.
- Replace position of Assistant Branch Librarian with new position of Technology Library Assistant at Level LS4.
- Reclassification of W-4 Cemetery Working Foreman/Maintenanceman to W-6 Senior Working Foreman/Maintenance Craftsman and W-3 MEOII/Cemetery Maintenanceman to W-6 Motor Equipment Repairman/Maintenance Craftsman.
- Recommend a 3% wage adjustment effective September 1, 1995 to remain within the median of the ten-town group with which we historically compare our salaries and benefits.

The Board's efforts and decisions during the past year have continued to be directed to our dual goals of greater efficiency in the operation of the Town Government and maximum service to the Town's residents, rendered in the most economical manner.

The Board sincerely thanks the Town's employees and Government Boards for their assistance and cooperation during Fiscal 1996.

Respectfully submitted,

Francis P. McDermott, Chairman
M. Natalie Fultz
John M. Pender
John F. Herlihy
Paul V. Lyons

Carol A. Blute, Administrative Assistant

REPORT OF THE PLANNING BOARD

To the Honorable Board of Selectmen: June 30, 1996

During the twelve-month period between July 1, 1995, and June 30, 1996, the Planning Board held fifteen (15) meetings and conducted four (4) public hearings. The Board approved plans creating four (4) new building lots on existing streets. Other plans were disapproved and returned to the developers for amendment or Board of Appeals action.

The May 1996 Town Meeting amended Article 39 to include Planning Board review. Article 55 regarding sexual oriented business sponsored by the Board was approved.

During the fiscal year, the Planning Board dealt with matters concerning Maple Street, Hinckley Road, Sias Lane, Unquity Road, Meg Lane, Carberry Lane, Bartons Lane, Granite Avenue, the proposed Hinckley Road Subdivision, Sexually Oriented Business Zoning, Town of Milton Master Plan, Randolph Avenue, Reed Street, Dudley Lane, Marr Crest Drive, the proposed new Main Library as well as the proposed concession, storage and bathroom facilities at Gile Road.

Our continued thanks to the Town Engineer and Planning Director Paul D. Kanter, P.E., and our Assistant Kathy O'Donnell.

Respectfully submitted,

Bernard J. Lynch, III, Chairman
Albert J. Kelley, Secretary
J. William Dolan
Robert J. Kelly
Alexander Whiteside

REPORT OF THE PLUMBING AND GAS DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1996

Month	Number of Permits	Plumbing	Gas	Fees Received
JULY	65	44	21	$ 1,485.00
AUGUST	57	36	21	1,325.00
SEPTEMBER	61	34	27	1,480.00
OCTOBER	60	36	24	1,310.00
NOVEMBER	58	33	25	1,010.00
DECEMBER	26	13	13	480.00
JANUARY	35	22	13	720.00
FEBRUARY	25	15	10	415.00
MARCH	55	36	19	1,030.00

MOTOR VEHICLE STATISTICS

Property Damage Accidents	442
Personal Injury Accidents	117
Hit and Run Accidents	33
Illegal Parking Complaints	3,110
Traffic Complaints	7,401

During this period, two new appointments to the Department were made. Clyde M. Brown and Charles M. Caputo were appointed to the Patrol Force effective October 30, 1995.

Officer John B. MacDonald retired on September 29, 1995 after thirty-one years of service to the Town.

I wish to express my sincere thanks (for their loyalty and cooperation) to the members of the Patrol Division, Detectives, Auxiliary Police, Traffic Supervisors and Clerical Personnel of this department. I wish to thank the Board of Selectmen, John A. Cronin, Executive Secretary, the Justices, Clerks and Probation Officers of the Courts and officials and employees of other Town Departments who have assisted us during this year.

Respectfully submitted,

Kevin J. Mearn
Chief of Police

REPORT OF THE PUBLIC WORKS DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1996

Submitted herewith is the twenty-third report of the activities of the Department of Public Works established under Chapter 570 of the Acts of 1973.

ENGINEERING

The Engineering Department provided engineering and planning services to the Milton Conservation Commission, Planning Board, Board of Selectmen, Traffic Commission, Board of Appeals, Milton Police, School Department, Park Department, Cemetery Department, Library, Public Works, Article 38 Committee and Sewer Task Force Committee. All master plans for sewer, water and drainage are updated through the year.

Prepared plans, budgets, cost estimates, field engineering and supervision for the Chapter 90 street reconstruction and paving program.

Prepared application for FY96 Underground Storage Tank Grant and received grant of $24,250 for removal and replacement of a 10,000 gallon oil tank at the Milton High School.

Reviewed plans and inspected field connections to ten residences which connected to Town sewer in 1996.

Provided plan review and administrative assistance for East Milton Square Landscaped Deck project.

Provided field data, technical analysis and reviewed design plans for the removal and replacement of all Town-owned Underground Storage Tanks (USTs). USTs are scheduled for removal and replacement in the spring of 1997.

Provided data and analyses for proposed zoning changes.

Provided engineering data and plan review for the Forbes Road area sewer project.

Provided engineering analyses, preliminary plan review and negotiated conditions relating to the Massachusetts Highway Department's proposed safety improvements and reconstruction of Randolph Avenue between Chickatawbut Road and Reedsdale Road.

Attended meetings, reviewed plans and provided testimony concerning developments in neighboring communities that could adversely affect the Town of Milton.

Met with federal, state and MBTA officials, provided plans and analyses pursuant to the proposed reconstruction of the Eliot Street MBTA Bridge and Adams Street Bridge in Lower Mills.

The Engineering Department issued 6 street numbers and 161 street opening permits.

Chapter 90 programs included the following roadway improvements

— Atherton Street (Canton Avenue-Blue Hill Avenue) – repaved,

— Audubon Road (entire) – repaved and curbing at intersections removed and replaced (R&R),

— Central Avenue (Valley Road-98 Central Avenue) – cold planed and paved,

— Brook Road (Brush Hill Road-Blue Hill Avenue) – cold planed, paved, intersection R & R

— Indian Spring Road (entire) – paved, reduced & loam corners at Colonial Road,

— Robbins Street (Canton Avenue-Blue Hill Avenue) – paved and intersections R & R and

— Thacher Street (Central Avenue-Brook Road) – cold planed, paved, granite curbing and concrete sidewalks.

HIGHWAY

After an almost snowless winter last year, this year the region was hit with record-breaking snowfall recorded at 144" on Great Blue Hill. The Department of Public Works work force did a terrific job of keeping Town roadways clear of snow despite what seemed a never ending snowfall pattern. Needless to say, very little maintenance work such as tree pruning, drain, sewer and water work was performed during the winter season as crews were busy from November to April fighting snow storms.

The Department of Public Works continues to utilize crack sealing to extend the life of the Town's roadway system. This program, which produces black ribbons of asphalt on our roadways, is a bandaid approach to roadway maintenance and is in no way a substitute for roadway resurfacing with hot top pavement materials.

This year the consultant firm of Vanasse Hangen Brustlin provided a pavement management system to the Town complete with a report stating the overall condition of the Town's roadways. The report indicates that there is a backlog of roadway repairs presently existing in the amount of approximately

$8,000,000. Increases in Chapter 90 state funding to a level of about $500,000 annually still leaves a vast shortfall in funding for work which needs to be done.

The sidewalk network throughout Town is being repaired on an as-needed basis. As is the case with the roadway system, much will have to be done in the future to upgrade the walking surfaces throughout Town to accommodate the walking public and provide safe walking surfaces for our school children.

This year the Department of Public Works removed one 150 gallon inground waste oil tank from behind Milton High School.

This year there was no new equipment purchased under Public Works General.

FORESTRY AND SHADE TREE MAINTENANCE

This year, due to the snowy winter, tree pruning and tree removal programs saw limited activity. As a result, fifty-nine dead and diseased trees were removed. On the positive side, the Town was fortunate enough to receive Mass Releaf grant funding in the amount of $10,000, which enabled us to plant one hundred thirty-two trees throughout Town. The Department of Public Works will continue to seek Town and grant funds in support of the Town's beautiful shade tree network.

WATER OPERATION AND IMPROVEMENT

Seven service connections were made to supply new buildings.

Nine services were relayed. The demand for this service continues to diminish. This trend is expected to continue in the coming years with an eventual leveling off.

One new hydrant was installed in the Town's system.

Seven new gate valves were added to the Town's water system.

The gating of old ungated hydrants continues and old hydrants are being replaced as necessary.

The Town's hydrant system continues to be in good condition with virtually all hydrants in an operable state. The inspection, repairing and painting of fire hydrants continues.

Improvements to the distribution system were made by installing main pipes in the following streets:

Randolph Avenue from Centre Street toward Reedsdale Road	Work begun June of 1996, temporary service lines installed in preparation for main work.
Union Avenue interconnect existing dead ends	330' of 6" ductile iron pipe
Milton High School property from Breck Street to Brook Road	530' of 8" ductile iron pipe
Brook Road from Canton Avenue to Churchill Lane (part of)	1220± of 12" ductile iron pipe

There were no subdivision water mains installed during FY 1996.

The Bartons Lane Extension Subdivision water system was accepted by the Town this year.

The Board of Water Commissioners (Selectmen) continued this year to address the capital needs of the water system as recommended by Walter Amory Engineers two years ago. As a result, the Town Meeting passed an Article at May Town Meeting supporting a $100,000 expenditure for water system capital improvements. Although this amount is far short of the $500,000 annual expenditure recommended, it is a much needed addition to the $80,000 past capital expenditure account which was a part of the Water Operations Budget.

Water use in Town remains relatively constant but future capital expenditures required by EPA will cause MWRA rates to rise in the future. In addition, the Town's system now requires substantial investment to rehabilitate our aging pipe network.

During this year the Water Division was deluged by calls from residents regarding rusty water in their household water lines. Some of the rust seems to be related to the Town's rusting water pipes but this condition may also relate to changes in the MWRA water supply generated by regulations that require the MWRA to provide corrosion control. This corrosion control is intended to protect residents from lead and copper in their water pipes.

The Department of Public Works plans to engage a consultant engineer to design a comprehensive water main flushing program for the fall of 1996 in order to address the rusty water issue.

New equipment purchased by the Water Department in FY96 includes one new one-ton utility truck.

CENTRAL MAINTENANCE GARAGE

In recent years, I have commented on the lack of a proper replacement program for Town vehicles. This condition still exists.

Fortunately, the garage staff does a good job of keeping all our first line equipment on the road and operational.

The Town's Capital Budget Advisory Committee has the difficult task of sorting out all of the Town departments' needs and prioritizing them to fit within the overall Town Budget. I am confident that as funds become available the Committee will give consideration to the equipment needs of the Department.

SEWER OPERATION AND IMPROVEMENTS

During FY96 Phase II of the Town's sewer service evaluation survey was completed and sewer system repairs cited in the report implemented. In addition, the Department continued to investigate residential sources of ground water inflow and infiltration into the Town sewer system. Any sewer system repairs will ultimately benefit the Town's ratepayers as the MWRA implements a rate system based on actual use.

The MWRA sewer rates continue to level off somewhat and it is expected that this trend will continue. There are still Capital Improvements left to be done in the sewer system causing the sewer bill paid by ratepayers to remain the major component in the water/sewer utility rate.

New equipment purchased during FY95 included one Jet Rodder Sewer Cleaning Machine.

COLLECTION OF REFUSE

In FY96, the Department of Public Works exercised the second year option of a three-year trash pickup agreement with Waste Management of New England. This contract has been most beneficial to the Town as the price was negotiated down by about 10%.

The Department of Public Works has had excellent success in containing the cost of this service to residents.

Waste Management has done a good job of trash collection in Town for a two year period.

Waste Management also has the contract for disposal of up to sixty (60) tons per day of out-of-town trash at the Town landfill. The contractor installed a

truck weighing scale at the landfill as part of this contract and the contractor pays the Town a per-ton fee for trash disposal privileges. It is anticipated that this contract will generate about $1,500,000 to be used as part payment for closure of the Town landfill presently required, starting in 1999, under an agreement with the State Department of Environmental Protection.

CURBSIDE RECYCLING

FY96 was the fifth year of the Town's Curbside Recycling Program started by the Department of Public Works, with the assistance of the Town's Recycling Committee. Residents continue to show a high level of enthusiasm and cooperation in making this program highly successful.

This year the Department of Public Works conducted the Town's first ever Household Hazardous Waste Collection Day. The event was highly successful and residents who participated were happy to wend their way along the serpentine trail in the Public Works Yard to relieve themselves of old paints, pesticides and chemicals lurking their basements.

This year the Town made significant strides in working toward the DEP statewide goal of 47% recycling. At the present time the Town's recycling rate is at 45%, a 2% increase over last year, which ranks us among the top communities in the state.

Recyclables collected in FY96 included: 3,800 tons of leaves, 2,058 tons mixed paper, 558 tons commingled plastics, 201 tons scrap metal, 20 tons household hazardous waste (paint), 250 auto tires, 50 auto batteries.

OBJECTIVES

To continue to reinforce the Water System with additional feed mains. To complete looping of all existing dead end mains. To continue a maintenance and replacement program of old and rupture-prone water mains and to initiate a water main cement-lining program, meter replacement program, water main flushing program and cross connection control program.

To continue the Master Drainage Improvement Program. Areas scheduled for improvement are:

Brush Hill Road — Neponset Valley to Blue Hill Avenue
Randolph Avenue and Unquity Brook
Brook Road — Relief drain, Cemetery to Unquity Brook

To seek assistance on the local, state and federal level to complete drainage improvement to Unquity Brook and Pine Tree Brook Watersheds.

To seek assistance on the local, state and federal level to address the problems of our deteriorating roadway network.

To establish and maintain a Sewer Improvement Program.

To continue Shade Tree Improvement Program.

PERSONNEL

There were no resignations or retirements during Fiscal Year 1996.

CONCLUSION

I am writing this report as the Acting Director of the Department of Public Works. The dominant activity of the Department over the past year certainly related to snow and ice control.

The members of the workforce who routinely participate in the snow removal activity are to be congratulated. From November to April, they worked long and hard to insure that the Town's roadway system and sidewalks were clear and safe for the motoring public and school children. They did a great job and our group is second to none at this activity.

The second most dominant area of our attention this year was the installation of the out-of-town waste program and management of the Town's leaf composting program and landfill. Institution of the Out-of-Town Trash Program ran fairly smoothly after some initial controversy prior to starting the program. Once the new scale was installed at the landfill and necessary inspectional systems instituted on site, very few problems occurred as a result of the Out-of-Town Trash Program. Truckers involved in this activity using Route 28, Randolph Avenue were generally cooperative about not parking on the state highway or using residential streets.

The one area in which we were not successful enough was in leaf composting. A combination of variables, including ground conditions, contours, prevailing southwesterly wind and close proximity to neighbors all contributed to causing about four (4) leaf odor events per year, which was deemed to be excessive. As a result, the in-Town composting program was abandoned and all Town leaves are now trucked to an out-of-town location.

Discontinuance of the leaf composting allowed us to concentrate a greater effort into management of the landfill operation and as a result, this program dramatically improved during the year.

There is still room for major improvement at the site, particularly at the drop-off areas, but with closure of the landfill scheduled in about two years, further capital investment in the site is not warranted at this time.

We have been fortunate to receive dramatic increases in Chapter 90 funding during the past two years, but $500,000 is still far below the expenditure level necessary to rehabilitate the Town's roadway network.

Department of Public Works management is focusing more and more on downsizing and privatization to accomplish the workload in a competitive cost-effective manner. Our small work force is more skilled and versatile than ever and these employees are eager to handle the task at hand, whether it be hands on emergency operations such as snow, wind, rain, sewer and water emergencies or acting as project managers for contract or privatized work.

I wish to take this opportunity to express my appreciation to the managers, office staff, engineers and Public Works field employees for their cooperation and assistance during the past year.

I wish to thank the Board of Selectmen, Executive Secretary and all Town Departments for their cooperation and assistance during Fiscal Year 1996

Respectfully submitted,

Branch B. Lane, Acting Director
Department of Public Works

REPORT OF THE BOARD OF RETIREMENT

To the Honorable Board of Selectmen: December 31, 1995

The Financial Report of the Board of Retirement for the year ending December 31, 1995 is submitted herewith.

As of December 31, 1995 we have 300 employee members and 303 pensioners and survivors receiving benefits under the Milton Contributory Retirement System.

Respectfully submitted,

Edward J. Spellman, Jr., Chairman
John H. Bowie, Jr., Secretary
Kevin G. Sorgi

REPORT OF THE SANITARY LANDFILL

To the Honorable Board of Selectmen: June 30, 1996

The Board of Selectmen and the Department of Environmental Protection (DEP) entered into a consent Order Agreement concerning the operation of our Randolph Avenue Sanitary Landfill on December 29, 1995. The agreement includes the planned closing of the Landfill to the acceptance of solid waste by December 31, 1998 and the capping of the Landfill over a six to eighteen month period beginning during the spring of 1999. We authorized a study by the environmental consulting firm of Camp, Dresser & McKee that concluded it would not be cost effective or in Milton's best interest to spend $15,000,000 to line the Landfill and provide other environmental safeguards in order to continue to Landfill beyond December 31, 1998.

The Town Meeting of November 9, 1992 voted to appropriate the sum of $9,396,000 for the purpose of closing and capping the Landfill and constructing or providing facilities and equipment for an alternative form or forms of solid waste disposal. The Town is accepting residential solid waste from other communities that will generate $1.2 to $1.6 million in revenues to help offset this $9,396,000 projected closure cost. The Town's Landfill Study Committee has been evaluating various post-closure uses of the Landfill, including a golf course, recreational fields and passive recreational alternatives. The Town's recycling program is currently one of the most effective in the state with 45% of our refuse being diverted for reuse.

Respectfully submitted,

Paul D. Kanter, P.E.
Town Engineer

REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Milton: June 30, 1996

The Selectmen submit the following report for the fiscal year ending June 30, 1996.

The Board of Selectmen was organized following the April 25, 1995 elections with John Michael Shields as Chair, Richard B. Neely as Secretary and Katherine Haynes Dunphy as the third member.

On April 30, 1996, Katherine Haynes Dunphy was re-elected to the Board for a three-year term.

On May 6, 1996, the Board was organized with Richard B. Neely as Chair, Katherine Haynes Dunphy as Secretary and John Michael Shields as the third member.

FISCAL AFFAIRS

The Town continues to enjoy sound financial health in spite of its practice of operating with minimal reserves.

Moody's Investor Services, Inc. has continued the Town of Milton's AA rating.

The Town's Bond Counsel is the law firm of Ropes and Gray of Boston and the Financial Advisor is BayBank of Burlington, MA.

STATE AID

The following tables set forth the amount of state aid to the Town in recent years, as well as the amount estimated for fiscal 1996 and amount projected for fiscal 1997:

Fiscal Year	Total State Aid
1997 (projected)	$5,642,125
1996	5,284,419
1995	4,592,857
1994	6,072,516
1993	5,212,827
1992	4,447,270

MOTOR VEHICLE EXCISE

The following table shows the actual receipts in each of the most recent years:

Fiscal Year	Receipts*
1996	$2,005,120
1995	1,776,894
1994	1,638,873
1993	1,626,553
1992	1,468,080

* Net after refunds. Includes receipts for prior years.

Copeland Properties	Bottling	2,155,900	50,555.85	0.16

CAPITAL BUDGET PLANNING

The 1995 Annual Town Meeting appropriated $3,019,797 for capital items financed by a bond issue. This marked the successful completion of the first year of the formal Capital Planning process initiated by this Board.

The 1996 Annual Town Meeting appropriated $416,299 for capital items, including a fire engine, resurfacing of the Brooks Field track, the replacement of roofs and the implementation of the data processing study. Within budgets and separate articles, additional Capital Budget items were appropriated, including the Forbes Road sewer betterment project, police cruiser replacements, school projects, DPW truck replacements and the Kidder Library parking lot.

The second year's Capital Planning goals were achieved. The Town must continue to address its needs for capital repair and equipment using this system-

atic procedure. This can best be carried out by a Committee assigned to survey department and study capital needs, which recommends capital appropriations.

SEWER AND WATER

Discolored water was widespread in the Town and throughout the MWRA water district during the coldest months of the winter 1995/1996. Ultimately, the precipitation of rust particles and "chlorine residue" (yellow color) was substantially attributed to the new MWRA system wide corrosion control chemical additives.

It is also recognized that the Town's network of water pipes is old. Our consultant recommends a capital program of $500,000 per year to clean and/or replace water mains and meters. This year, the Town increased the level of water capital investment to $315,000, up from $89,000 two years ago.

The Town continued the sewer inflow and infiltration elimination programs. Milton obtained a MWRA grant of $37,500 and zero interest loan of $112,500 for the first part of the project. Funds for additional work will be sought for FY 1998. Eliminating infiltration by caulking the pipes seeks to reduce the flow of clean water into the sanitary sewer lines under the streets. The MWRA meters the sewer flows and assesses their costs in proportion to those metered flows. Even more important is to end the practice of opening the brass clean-out caps in cellar floors to drain flooded cellars or to pump cellar sumps into the sanitary sewers. Such actions add substantially to your sewer bill, those of your neighbors, and cause the sewerage backups into a number of houses in our Town during wet periods.

At the urging of the Town Treasurer and some residents, the Selectmen eliminated the long standing practice of maintaining a large balance or surplus in these water and sewer accounts. Those balances were used as needed to temper the rate of increase and fluctuations in the water and sewer rates. This year we encountered the first non-dampened change. The combined water and sewer rate rose by 13 percent on average. Future rates will continue to track the appropriations for operations and maintenance and the MWRA assessments adjusted by the prior year's surplus.

SOLID WASTE

The Department of Environmental Protection continues to hold the Town to a very high standard in these years approaching the landfill closure.

Waste Management Inc. received the contract for the Out-of-Town Trash project. The Town's scales are used to weigh the trash, and the loads are inspected. Revenue deposits to the M.G.L. Chapter 44, Section 28C, Escrow account totaled $272,712 on June 30, 1996.

The Town agreed to close the landfill on days when wind velocities approach 35 mph. The purpose is to minimized wind-blown litter in the landfill areas. One of the consequences of the windy day policy has been to periodically force the Town to bring its regular rubbish to the SEMASS Transfer Station in Braintree with a tipping fee cost. The second problem is that the Town cannot accept this out-of-town trash on those afternoons when closed by high winds. $2,500 is the estimated cost or loss per day when the landfill is closed. A third consequence is the aggravation to citizens who arrive at the landfill gate and find it locked.

The Town received a revised landfill proposal from a "for-profit" group called Quarry Hills Associates. They propose to close and cap the landfill to the Town's specification and build two athletic fields if they receive a fifty-year lease and permission to accept and grade Central Artery excavate over a three-year period. Substantially, all truck traffic would arrive and exit by way of Quincy's Riccutti Drive. A twenty-seven hole private golf course open to the public would be the end use. About 25 percent of the course would be in Milton and 75 percent in Quincy.

The Board of Selectmen established a committee to review the proposal consisting of Selectman John Michael Shields as Chairman, Town Counsel and Executive Secretary.

The proposal is also currently under review by Camp Dresser & McKee, the Town's landfill and solid waste consultant.

PUBLIC SAFETY

The Police Department continues to get younger and better educated. More and more recruits come to the department with baccalaureate degrees. It has been a long-standing goal of present and prior Selectmen to have a well-educated and well-trained Police force.

The voters supported an override which allowed the reopening of the Atherton Street station this fall. Four firefighters were promoted to Lieutenant and four firefighters were appointed to man the reopened Engine 4. The Chief obtained an invitation from the Quincy Fire Department to allow Milton's recruit firefighters to receive basic training.

GOALS AND OBJECTIVES

As a new initiative the Board started FY 1996 by adopting the following goals and objectives:

- Develop multi-year town financial planning projections including both operating budgets (revenues and expenditures) and capital needs for use by departments, governing boards and the Warrant Committee.
- Improve all forms of communications both community-wide, inter-Board and inter-Department utilizing both conventional and new technologies. Continue to communicate Town priorities to the Legislature and State and Federal agencies.
- Focus efforts of all appropriate resources on the development of 2 Granite Avenue releasing it from the web of bankruptcy level and environmental entanglements.
- Promote the vitality and continue development of business within existing commercial areas to provide services to the community and protect our small but important tax base.

As the year closed, a review revealed:

- A computer base financial model of the Town's revenues, expenditures, including all departmental budgets was developed. It was presented to the Warrant Committee, School Committee, Department Heads and other interested parties. It will be an important tool in future years.
- Efforts to achieve improved communications have been successful but will require continuing attention. Funding for networked computers within the Town Office Building was voted and local cable TV access has been utilized.
- Every indication is that the federal Resolution Trust Cooperation will sell the defaulted note on 2 Granite Avenue shortly. All departments have been cooperating with prospective bidders.

The Board has supported initiatives in the business district seeking improved parking. The Selectmen will continue to work with the business associations.

APPRECIATION

We wish to thank all Town employees, volunteers, members of the various Boards, Committees and others who have participated in one way or another during the year as part of our Town Government process. In particular, we extend our appreciation to the Executive Secretary and our staff in the Selectmen's Office for their ceaseless efforts during the year.

Respectfully submitted,

Richard B. Neely, Chairman
Katherine Haynes Dunphy, Secretary
John Michael Shields

REPORT OF THE TOWN COUNSEL

To the Honorable Board of Selectmen: June 30, 1996

1996 was an active year for Town Counsel services. The most frequent issues arose in the areas of bidding, claims by and against the Town, landfill, leases, legislation, litigation, open meeting, schools, the Selectmen election recount, subdivision control, water and sewer and zoning.

Contracts were negotiated for data processing needs, purchase of a fire pumper truck, a consultant contract and a construction contract for the Forbes Road area sewer project, improvements to Kelly Field, operation of the landfill, collection and disposal of recyclable solid waste material, revaluation of real property in the Town, rubbish collection, improvements to the Town sewer system, a traffic study, towing services, renovations to the Brooks Field track, and removal and replacement of Town-owned underground fuel tanks.

The Annual Town Meeting was held in May and a Special Town Meeting was held in November. Town Meeting appropriated money for the Forbes Road area sewer project; appropriated money to remove and replace underground fuel storage tanks; appropriated money to renovate Brooks Field and the track; approved a revolving fund for the library to use fines and charges for overdue and lost materials toward the purchase of new materials; amended the General Bylaws to provide for noncriminal disposition of violations of Board of Health bylaws, rules and regulations; amended the General Bylaws to require departments to file a schedule of fees with the Town Clerk each year; and amended the Zoning Bylaws to regulate adult entertainment.

In 1996 the Appeals Court overturned a judgment against an individual police officer and ordered entry of judgment in favor of that police officer in a case where fleeing felons in a stolen car refused to stop for Milton police, attempted to drive over the police officer in question who was signalling them to pull over and stop, and, while escaping, collided with an oncoming car and caused serious injury. The Supreme Judicial Court refused to grant further appellate review. The case is of monumental importance because to impose liability upon an individual police officer in such a case would have a devastating effect upon police officers and their families and would have a catastrophic impact upon the Town of Milton. Successful litigants would exert pressure upon the officer and the Town in an attempt to coerce the Town of Milton to indemnify the litigants for any judgments against a police officer. Other cases resolved in 1996 include a Superior Court case where the Planning Board's decision to deny an approval not required endorsement was upheld, a case where the Planning Board denied an approval not required endorsement and, in lieu of a trial, the applicants revised the plan to cure certain defects and include the changes requested by the Planning Board; the infamous radio tower case, in

which the Superior Court refused to overturn the Quincy Planning Board's decision to permit the contraption to be built; and a case in which the applicant agreed to conditions satisfactory to the Conservation Commission to permit an order of conditions for a two lot residential development. Lawsuits pending against the Town in 1996 included one Board of Appeals case, one appeal from a denial of a gun permit, one employment law case and seven tax abatement appeals. The Board of Assessors and staff have done an admirable job of case management and the volume and scope of tax abatement appeals is quite reasonable at this point.

Our firm — Murphy, Hesse, Toomey and Lehane — is a law firm of twenty-nine lawyers. My partner, Regina Williams Tate, and associates Nicola Favorito, Kevin Feeley, Kimberly McCarthy, Lisa Sinclair and Geoffrey Wermuth also provided legal services to the Town of Milton in 1996. We wish to thank the Board of Selectmen, John Cronin, Carol Blute, AnneMarie Fagan, Ruth Proctor and all Town boards and personnel for the courtesy and help you provided throughout the year, often on short notice. We appreciate your help and we are honored to represent the Town of Milton.

I wish to thank Barbara O'Malley for her help, grace and generosity over the years and to wish her a very happy retirement. The Honorable M. Joseph Manning completed a remarkable thirty-year career in the legislature in 1996. I wish to thank him for his devotion to the Town of Milton and for his always prompt, expert, and affable assistance on legislative and legal matters.

Respectfully submitted,

John P. Flynn
Town Counsel

REPORT OF THE TRAFFIC COMMISSION

To the Honorable Board of Selectmen: June 30, 1996

The report of the Traffic Commission for the period July 1, 1995 through June 30, 1996 is herewith submitted.

During this period we were asked to make recommendations on existing or anticipated traffic problems in all areas of the town.

The Commission also acted on individual requests for the installation of various traffic signs throughout the town and recommended those that were deemed necessary or served a useful purpose.

The Commission continues to discuss and review the proposed reconstruction project on Randolph Avenue.

The Commission also continues to monitor the construction of the East Milton Deck which is scheduled for completion in the summer of 1997.

Eileen F. Gillis stepped down as a voting member and was replaced by James Foster as the representative of the School Department.

In May, DPW Director Billy Taylor announced plans to enter the private business sector. We wish him well in his new endeavor.

The Commission wishes to take this opportunity to thank non voting members William J. Driscoll, Inspector of Wires, and Robert M. Galvin, Traffic and Safety Officer, for their assistance during the year.

Respectfully submitted,

Kevin J. Mearn, Chairman, Chief of Police
Donald P. Affanato, Chief, Fire Department
Billy G. Taylor, Superintendent of Streets
Paul D. Kanter, Town Engineer
James Foster, School Department

REPORT OF THE VETERANS SERVICES DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1996

Veterans Benefits expenditures for the year were less than the amount which was appropriated, resulting in funds being returned to the general treasury as of June 30, 1996.

Records from the Veterans Administration show there are presently 2,494 veterans living in the Town of Milton. The total amount of federal monies from the Veterans Administration coming into the Town of Milton to veterans, widows, and children amounted to $2,278,893.

On May 27,1996, the Milton Post #114 American Legion dedicated a large, bronze plaque with the names of those who were killed in World War I, World War II, the Korean War, and the Vietnam War. This beautiful plaque is located in the main entrance of Milton Town Hall. The Officers and members of Post #114 American Legion can be justly proud of this reminder to all of us, of all those young men who made the supreme sacrifice in all wars.

I wish to thank members of the Board of Selectmen, Executive Secretary John Cronin, Administrative Assistant Carol Blute, the Town Clerk, Treasurer and Accountant for their assistance during the past year.

Respectfully submitted,

James M. Hurley
Director

REPORT OF THE WIRE DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1996

I hereby submit my report of the Wire Department for the Fiscal Year from July 1, 1995 to June 30, 1996:

Permits were issued as follows:

Month	Total No. Permits Issued	Original	Alterations	Fees
July	65	4	61	$ 2,140.50
August	50	1	49	1,380.25
September	42	3	39	1,173.25
October	53	1	52	1,679.25
November	39	0	39	936.25
December	31	0	31	804.00
January	26	0	26	599.50
February	39	2	37	1,217.80
March	39	0	39	1,150.75
April	51	0	51	1,308.75
May	57	0	57	1,777.00
June	45	0	45	1,153.50
TOTALS	537	11	526	$15,320.80

Fire and Police Alarm Signals

New Fire Alarm Boxes Installed:

3231	Milton Academy Squash Court and Hockey Rink
3442	Bartons Lane

New Police Alarm Boxes Installed:

129	Bartons Lane

New Wire and Cable replaced at the following locations:

Randolph Avenue	25 conductor – underground cable	2800 Feet

Traffic Signals

New Traffic Control Signal installed at Brook Road and Randolph Avenue.

Traffic Signal equipment was repaired or replaced at the following locations due to accidents or to vandalism:

Adams Street and Wood Street Bridge
Adams Street and Squantum Street
Brook Road, Central Avenue and Reedsdale Road
Adams Street and Eliot Street

All traffic signals were relamped and cleaned. The controllers and the equipment were cleaned, oiled and repaired periodically and as needed.

I wish to thank the Board of Selectmen and all Town Departments for their cooperation during the past year. My thanks to members of the Wire Department – Assistant Inspector of Wires Clifford Flynn, Signal Maintainer Kevin Larkin and Secretary Janice Freeman for their excellent work.

Respectfully submitted,

William J. Driscoll
Superintendent of Wires

REPORT OF THE YOUTH DEPARTMENT

To the Honorable Board of Selectmen: June 30, 1996

The Youth Department's two employees, Youth Counselor Vicki McCarthy and Youth Coordinator Max Horvet, worked extensively with Milton's Early Childhood Alliance (MECA) this past year. MECA is an excellent resource for two-parent working families and single parent households unable to afford family day care and day care centers. MECA also provides parenting education and education materials. This additional service to Milton makes it possible to provide help for families and new parents.

One case in particular, which typifies the coordination of services provided by the youth department, truly benefited from MECA. This single parent family required involvement with the police, courts, social service agencies, volunteers, the Martin and Swift Foundation, Milton Community Food Pantry, Norfolk County District Attorney's Office and Milton Community Schools. This network of resources and services were required to assist a mother with 3 children who had to file a 209A petition because of domestic violence.

Domestic Violence, which also includes teenage dating and violence, is an increasing problem both nationally and locally. In 1995 Milton recorded 125 domestic violence incidents. Already in November 1996 there have been 136 reported cases by the Milton Police Department. Since domestic violence involves children there is a legitimate expectation that these children will also behave aggressively or violently in personal and/or dating relationships. A majority of the violence in relationship cases involve substance use as well. With this in mind the Parent Teacher Friends and Students Organization (PTSFO) in 1995 asked the Youth Department Public Schools, and the Police Department to form a partnership to address problems of substance abuse and domestic violence. In turn the Milton Police Department validated this concern by stating, "Domestic violence is the number one problem in this community."

The PTSFO, with the Youth and Police Departments, began the development of 3 subcommittees to address the national and local escalation of drug and alcohol use by ever younger students beginning at the middle school level. The SAFE HOMES, Public Information, Education and Awareness programs regarding risk taking behaviors, and Police Community Relation Initiatives are now active committees seeking parent participation in 1996. The Youth Department will continue to work with this partnership throughout the coming year.

The Youth Department actively worked at promoting tolerance, celebrating diversity and reducing prejudice through the schools' human rights teams, the Celebrate Milton Working Group, and the annual Fifth Grade Orientation Field Day at Cunningham Park. A first ever and now to be annual multicultural festival was also initiated by high school human rights teams this past year and is planned for March 1997. Ketsia Noel, a sophomore at Milton high, received the Martin Luther King award for leadership at the first multicultural festival.

The Departments Job Match program (formerly Rent-A-Kid) had a banner year. Over 300 jobs were provided by residents to teenagers. One reason these jobs were so important this past year was the loss of Federal funds for summer jobs administered by the South Coastal Career Development Center.

The unique aspect of the job match program is the number of customers served on a regular basis. The Job Match program for many teens is a self-employment project. A number of job match employees made well over $1,500 on odd jobs during the year. Job Match employees are known to keep their customers throughout high school and college years and provide service to residents for all seasons of the year.

One exceptional job completed by a college and two high school students, was the painting of a senior citizen's house, allowing her to ready the house for market. The total cost for the house painting was $1,150 against an estimate of $6,000. The Martin & Swift Foundation also helped by supporting the homeowner to free up funds to afford the house painting.

The Department worked with Cherie Dolgin, coordinator of the Gifts Program once again. Mrs. Dolgin, a social worker for the Martin and Swift Foundation, was assisted by the students of Cunningham and Collicot Schools and served well over 100 families at Christmas. Milton's Kiwanis Club, for the first time, contributed $1,800 to the project. Their assistance and generosity made a real difference in the lives of many families.

The Youth Department's Crisis Intervention, Counseling and Referral system was ably assisted by the services of Dr. John Eckelman, our Clinical Consultant. The Youth Counselor, Vicki McCarthy, established a working relationship with the Department of Revenue Child Enforcement Division to hold fathers accountable for support of their children. She also coordinated the fifth annual Norfolk County's drug and alcohol awareness program for high school students. Some 16 students and 5 adult chaperones from the Selectmen's office, police department and the schools attended.

Project Connect, a unique human service initiative bringing together all relevant service personnel for a client family, helped the Youth Department to access services from the Department of Mental Health, Mental Retardation, Social Services, schools, courts and the Youth Department.

The Youth Coordinator and Youth Counselor also served on several committees through the public schools. One outcome of this process was the first ever survey to determine needs, services, and perceptions of students, parents, teachers and administrators regarding risk-taking behaviors. Materials developed by this survey will be used as a planning tool for the PTSFO, its committees and the school department.

Respectfully submitted,

Max Horvet
Youth Coordinator

REPORT OF THE DATA PROCESSING COMMITTEE

June 30, 1996

The Data Processing Committee, created by the 1978 Town Meeting, continues to meet and advise the Town as to its data processing needs, activities and priorities.

During the past year the Committee undertook and completed an Information Needs Assessment and Strategic Plan with the assistance of a computer consultant, Mr. Sheldon Cohen.

The lengthy report and Strategic Plan was adopted by the Committee and involved all town departments. During the next three years the Committee intends to implement the far reaching recommendations contained in the report and completely modernize the town's information systems.

The Committee wishes to thank all the town officials and town employees who assisted the Committee in carrying out its work throughout the year.

Respectfully submitted,

Robert J. Sheffield, Chairman
Daniel Gover
John Lucey
John Mitiguy
James Sabine

TOWN OF MILTON
FINANCIAL STATEMENTS

REPORT OF THE TOWN ACCOUNTANT

To The Honorable Board of Selectmen: June 30, 1996

I hereby submit the report of the Town Accountant for the twelve-month period ending June 30, 1996, arranged as follows:

1. Detailed summary of revenue budgeted to actual for the General Fund, Water Fund and Sewer Fund.

2. Detailed summary of Appropriations and Departmental Expenditures for all funds.

3. Combined Balance Sheet of all funds as of June 30, 1996.

4. Summary of Water Operations budget to actual.

5. Summary of Sewer Operations budget to actual.

6. Summary of Solid Waste Operations budget to actual.

All bills and vouchers on which monies have been paid from the Treasury and all trust funds in the custody of the Town Treasurer and Library Trustees have been examined and found to be correct.

I wish to thank the Accounting Department Staff, especially Midred Clark, who retired from the accounting office after eighteen years of service to the Town, the Board of Selectmen, all Departments, and the Warrant Committee for all their help during the past fiscal year.

Respectfully submitted,

Edward J. Spellman, Jr.
Town Accountant

FUNDS HELD BY THE TOWN OF MILTON

Perpetual Care Fund

Amount held June 30, 1996 ..... $1,949,966.91

This fund is held by the Town Treasurer in accordance with Chapter 44, Section 54 of the General Laws.

Mary L. Peabody Poor Fund

Amount held June 30, 1996 ..... $6,434.03

The clause under which this bequest is given is as follows: "To the Selectmen of the Town of Milton, Massachusetts, $5,000.00 to be invested and the income thereof to be distributed annually to the poor at Christmas."

E. T. L. Reed Park Fund

Amount held June 30, 1996 ..... $9,260.77

EXTRACT FROM THE WILL OF ELIZABETH T. L. REED

"All of the rest, residue and remained of all the monies remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said Town as a fund to be known as the 'Jason Reed Fund', and the income thereof shall be applied to the preservation, care, improvement, or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton and the same shall be applied by the proper legal authorities to or towards layout of, improvement or ornamentation of a Public Park or Parks in said Town, in such manner as said authorities may deem advisable."

"I make the foregoing bequest in favor of . . . , the Cemetery and the Parks in said Milton, both on account of the deep interest by my father, the late Jason Reed, deceased, in the affairs of the Town, and of my profound desire for the welfare of said Town and of the citizens thereof."

Nathaniel T. Kidder Fund

Amount held June 30, 1996 ..... $63,994.14

The following is an extract from the will of Nathaniel T. Kidder:

Eighteenth:

"I give and bequeath to the State Street Trust Company . . . the sum of Twenty-five thousand dollars ($25,000.00) in trust . . . the income only of which shall be paid at such times as the Trustees may from time to time determine, to said Town of Milton for the uses of the Milton Public Library system as the Trustees thereof for the time being may in their absolute discretion determine."

Special Retirement Fund

Amount held June 30, 1995 ..... -0-

This fund is held by the Town Treasurer in Accordance with Chapter 40, Section 5D of the General Laws.

Stabilization Fund

Amount held June 30, 1996 ..... $200.99

This fund was established by Article 55 at the 1968 Town Meeting and is held by the Treasurer in accordance with Chapter 40, Section 5B of the General Laws.

Governor Stoughton Fund

Amount held June 30, 1996 ..... $208,380.96

The Governor Stoughton Fund is derived from receipts of the rental of the Town Farm and is spent only at the discretion of the Selectmen for purposes specified in Governor Stoughton's Will.

E. Francis & Emily Kane
Graduation Gift Fund

Amount held June 30, 1996 ..... $2,151.60

Oakland Hall Fund

Amount held June 30, 1996 ..... $19,679.63

The income from this fund is paid out under the direction of the Trustees of the Public Library for the purposes of the Mattapan Branch Library.

Tuell-Hallowell Good Citizenship Prize Fund

Amount held June 30, 1996 ..... $2,032.06

EXCERPT FROM SCHOOL COMMITTEE RECORDS
September 10, 1923

The Chairman presented to the Committee the following correspondence:

"To the School Committee of the Town of Milton:

"The Tuell Alumni Association herewith presents, through your Board, to the Town of Milton, the sum of One Thousand Dollars ($1,000.00) to be held as a fund in perpetuity, and the income thereof to be paid to the School Department and to be used to provide two prizes, one prize to be known as the Hiram Tuell Good Citizenship Prize to be awarded to the boy in the Senior Class of the Milton High School who, in the opinion of the faculty of said High School, has shown the highest degree, those qualities that make for good citizenship, the other prize to be known as the Henrietta T. Hallowell Good Citizenship Prize, and to be given to the girl in the Senior Class of the Milton High School who, in the opinion of the above said faculty, has shown similar qualities.

"The prizes are to be awarded each year at the graduation exercise. If such exercises are omitted for any year, the prizes are to be awarded on some other occasion near the close of the school year."

June 2, 1982

Percy E. Sheldon
President, Tuell Alumni Association

For additional gifts to the fund, see report of 1947.

PUBLIC SCHOOLS
MILTON, MASSACHUSETTS
ANNUAL REPORT
of the
SUPERINTENDENT
OF SCHOOLS

REPORT OF THE SCHOOL COMMITTEE AND OF THE SUPERINTENDENT OF SCHOOLS

To The Honorable Board Of Selectmen: June 30, 1996

The Milton School Committee and the Milton Public Schools are pleased to submit their annual report for the period July 1, 1995 through June 30, 1996. This was a year of significant change for the Milton Public Schools. Through strong leadership at the school level, the system has continued to implement its long-term strategic plan. Although this report presents innovations in several categories, readers of this report should understand that most of these changes have been conceived and implemented as part of a larger whole.

Curricular and Extracurricular

In June, the School Committee heard a report on the progress of the new third grade curriculum, which eliminates ability grouping and focuses on flexible in-class grouping of students. After reviewing standardized test data and surveys, teachers, principals, and parents reported satisfaction with the results of the change and recommended its continuance.

The schools adopted programs which demand more higher order thinking skills in conjunction with basic skills. At the elementary level, a new math program, a literature based reading program, and writing across the curriculum were implemented. At the Middle School, the number of eighth graders enrolled in algebra was significantly increased and all sixth grade students completed a full year of world language study in Latin, French or Spanish. Until this year, the first full year of language study was not introduced until grade 8.

At the High School, new courses in Advanced Placement chemistry and physics were planned, new technology courses were added, and the National Science Foundation's Interactive Math Program was introduced.

Significant challenges remain in the realization of these efforts, however. One is the overall large class sizes in Milton's elementary schools. Another is the relatively small amount of time that is allotted for in-school teacher preparation and common planning time.

The School Committee in the winter had the gratifying experience of creating a new extracurricular program: a varsity lacrosse team. This was made possible by a private fundraising effort. In addition, the system was also able to restore some library, and art, and music programs, including band and chorus. Collectively, these initiatives represent the first new/or restored extracurricular programs that have been made available to Milton's students since the onset of the state's financial problems at the beginning of the decade.

Policy

In this academic year, the long range planning process begun in 1993 was brought to the level of the individual schools for on-site strategic planning. Faculty members established and served on more than two dozen planning teams and "change committees" intended to transform the system's general goals into concrete action plans. At the High School, for example, teams assessed multiple approaches to teaching practices, student assessment, the integration of technology and community service. At the Middle School, faculty members explored interdisciplinary instruction, conflict resolution, grouping, time-and-learning requirements, and other key topics.

In November and December, the School Committee engaged in a formal process of setting annual goals and objectives. Included in the final list of goals and objectives were: a request for reports on how well the system is meeting the needs of both its gifted-and-talented and special-needs populations; continuing study of the new third grade curriculum; development of a pilot program of community service that would be 1.) educationally sound and 2.) reflect the Milton Public Schools' core value of innovation and risk-taking; and a report on the feasibility of expanded language instruction at both the elementary and middle-school levels.

The School Committee engaged in an extended debate during the winter and spring over the appropriate age to permit out-of-country travel on school sponsored field trips. A policy was adopted in February limiting such travel to students in grades 9 through 12. Later in the spring, this policy was amended to permit travel by students 13 years old and older, with exceptions made only by the Middle School Principal.

Personnel

For much of the winter and spring, the administration and representatives from the School Committee engaged in collaborative bargaining with the Milton Educators' Association (MEA). We are pleased to report that we reached a three-year successor agreement to the current contract which was scheduled to expire on August 31, 1996. This successor agreement ensures a productive working and learning environment during that period.

The contract also contained a number of highly innovative provisions which – because they will be implemented in the year 1996-1997 school year – will be reported on in detail in next year's annual report. On the basis of this and our previous round of negotiations the School Committee is convinced that collaborative bargaining is a much more productive approach than traditional, "positional" techniques.

Late in the spring, the Milton School Committee approved a proposal from the MEA for a formal job-sharing program. This proposal grew out of a School Committee approved pilot program at the Collicot School which proved highly successful. The structure of the new program ensures that students' needs (as well as teachers' needs) will be met, and that the Town will incur no additional expenses as a result of adopting this approach.

Infrastructure

This spring saw the realization of two long-held dreams of many current and past School Committee members. The first was the completion and occupancy of the new science wing at Milton High School. Planning for this facility began seven years ago, and many town residents – most particularly Dr. Anne Coghlan, who headed the townwide Building Committee for the science wing – deserve credit for this vital addition to the town's educational system.

The second came when two computer labs were completed and put into use at the High School. It has been clear for many years that our graduating students needed a thorough grounding in current information technologies, and the technology-bond override approved by the voters last spring has made possible this dramatic step forward. Throughout the spring, efforts continued to create an electronic network systemwide.

In the same election, as reported in last year's annual report, the voters approved a debt-exclusion override for $1.3 million in renovations to our school buildings. This is an important first step toward catching up with maintenance on our physical plant, much of which has been deferred during a five-year period of declining state aid to education.

The system was pleased to be awarded the following competitive grants: Gifted and Talented Grant; Social Studies and World Languages Education Reform Study Group Grant; PALMS Demonstration Site Grant and Middle School Restructuring Grant; a Technology Grant Award that provided for presentation stations, including a Quick-Take Camera, scanner, and paper port, and a MassPEP Science Grant.

Finally, in June, the Milton Public Schools gratefully accepted the donation of an early-childhood playground on the grounds of the High School. This new resource, made possible by the Playground Planners of Milton, helped the system's early-childhood education program earn state accreditation from the National Academy of Early Childhood Programs (making it one of the few such accredited programs in the state). The School Committee was pleased to name the playground in honor of Jeanne O'Brien, who was a driving force behind the Playground Planners' highly successful townwide fundraising efforts.

Communication

Members of the administration, School Committee, and faculty continue to make every effort to convey the successes, opportunities, and continuing challenges of the Milton Public Schools.

We work closely, for example, with Milton Cable, which broadcasts School Committee meetings, public forums, sporting events, and other special presentations. The editor of the Quincy Patriot-Ledger has made space in that newspaper available to Milton High School students and the High School has begun making use of that resource.

We also try to work closely with the other town boards that have an interest in educational issues. In June, following the close of the fiscal year budgeting cycle, our board reached agreement with the Warrant Committee on a series of steps designed to enhance communication between our two boards.

Recognizing the importance to the system of non-tax-derived income, the School Committee in the spring approved the creation of the "Milton Foundation for Education." This new foundation will serve as a mechanism for tax-deductible contributions to education in Milton and will provide much-needed resources for enrichment programs that cannot be sustained by the school system's base budget. Focus areas include technology and learning, scholastic enhancement, arts and education, and cross-cultural enrichment. Among the foundation's early initiatives were support for a Milton High School Alumni Association, mini-grants to teachers, and the first annual "charter donor" drive.

In addition, the Milton Education Fund, initiated by Selectman John Shields and Town Treasurer Kevin Sorgi, gave citizens the opportunity to contribute to the schools through a voluntary excise tax check-off program. Funds raised in this successful effort have already helped to extend and enrich curriculum experiences for students.

Our school system is strong and growing stronger. It is the support of the parents and taxpayers of Milton, their elected representatives across town government, and our faculty and administrators and staff that ensures that this growth will continue into the future. We thank you for that support.

Respectfully submitted,

Jeffrey L. Cruikshank, Chairperson
Mary S. Cobb, Vice-Chairperson

Brian M. Walsh, Member

Mary Grassa O'Neill,
Superintendent of Schools

MILTON HIGH SCHOOL

One of the highlights of the school year was the opening of a magnificent state of the art science complex in the spring. As part of that package, the old science rooms were beautifully renovated and are now housed by our mathematics and art departments.

In addition, two new computer labs were opened and the building is in the process of being networked.

During the professional development days our faculty was divided into seven committees according to interest. Topics that were extensively studied were: community service, student assessment, teaching practices and techniques, scheduling and structure, technology integrated with the curricula, grouping and school atmosphere. The High School Site Council paralleled the discussions. The mandates of the Educational Reform Law were integrated with many of the topics where applicable.

The Human Rights programs continued to function harmoniously. We were pleased to host a contingent of Japanese students and educators.

We pioneered two team-taught interdisciplinary programs one in humanities and the other in grade eleven English and U.S. History. Our existing team taught regular education – special education English program continues to be exemplary.

The original French Immersion class had a smooth transition to grade nine.

The fact that approximately ninety percent of our students continued their education (75-80% to four year colleges of their choice) is reflective of our excellent faculty and the curricula they teach.

The annual Career Awareness program and the Art and Technology Fair were most impressive.

In spite of being one of the smallest schools for athletics in the Bay State Conference, our teams continue to excel. We are proud of the relatively large number of teams who qualify for the State tournaments each season. Our boys basketball team had a perfect season (25-0) and won the State Championship.

The tremendous support from the P.T.S.F.O. and the Athletic Boosters is greatly appreciated. They do much beyond the call for our students and faculty.

During the 1995-1996 school year, the Pierce School made very dramatic inroads in the direction of its development as a true middle school with clustering and interdisciplinary instruction. The actual planning for that highly significant development began in December of 1994. At that time, a work group that was reflective of a cross-section of the Pierce staff, began to make site visits to schools that had been known to have programs and initiatives that were considered exemplary in middle school education circles. The funding to pay for substitutes was provided by the very active Pierce PTO. During the period of self-assessment and planning, we learned that many initiatives in place were excellent and clearly should and would be maintained.

September of 1995 was the time that the population of Pierce began its first major increase. The incoming sixth grade had 330 students as opposed to 275 during the previous year. In order to accommodate that increase, two new classrooms had to be built from previously unused corridor space.

The most significant and all encompassing initiative at Pierce was the actual implementation of a team approach to middle school instruction. Through the good graces and support of the Superintendent, the Milton School Committee and Warrant Committee/Town Meeting Members, Pierce was staffed appropriately. Four teams were established in Grade 6 (Blazers, Explorers, Pioneers and Voyagers), three in Grade 7 (Coyotes, Raptors and Red Wolves) and three in grade 8 (Apollo, Gemini and Sputniks). Themes were chosen by each grade and students decided on the team names.

Between 75 and 100 students were assigned to each team of teachers. The teachers on the teams were those teaching core subjects (Language Arts, Mathematics, Science and Social Studies). That group of teachers taught all the same group of students. The teachers on the teams had common planning and meeting time each day. The common time of the teachers was regularly used for meeting with each other to plan work units for the students that used all subjects and demonstrated an interrelatedness to help develop a greater and lifelong acquisition of subject matter. Additionally, the common time was used by teachers to meet with parents as a team to monitor the academic and social progress of students. It was very clear to all that the common time was used effectively and truly supported the students and significantly improved parent-school communication.

Among the most significant programmatic changes and initiatives at Pierce during the past year was the expansion of World Language opportunities. With the excellent assistance of Mrs. Gracie Burke (Director of World Languages Department), students began a new cycle of taking three full years of Latin, French or Spanish. The expectation was established that a student would

choose a language in Grade 6 and take it for three years. This year's sixth graders will have completed three full years of foreign language study before entering high school. Pierce is one of the few public schools in New England to offer this opportunity to its students.

In Special Education we reallocated staff resources to hire full-time Special Education teachers for each grade. These teachers conducted after-school homework clubs. Summarily, there has been a great improvement in the service for special needs children.

The next significant endeavor at Pierce was the adjustment of the elective courses into an exploratory program that ensured equal access for all students to a wide variety of courses. Among the course offerings that were significant expansions was the guaranteed participation of every student in the Computer Technology Program. Students in grade 6 had one half year of computer instruction while the seventh and eighth graders were able to access a full year of technology classes. Through the excellent support of the Pierce PTO, we were able to acquire a site license for Windows.

Among the other exploratory courses that students could take were the restored and excellent music program with the hiring of Alan Cron as Band and Music Instructor. At the end of the year, the Pierce Band had 97 members as opposed to 33 members at the conclusion of the previous year. Additionally, with the hiring of Cynthia Grammer as a new Chorus Teacher, the Pierce Chorus experienced a significant growth and revitalization. Finally, with the hiring of Patricia Ostrem as a Strings Instructor, major improvements were made as indicated by the awards won by Pierce students at regional competitions. We had wonderful growth and improvement of the music program during the 1995-1996 school year.

Support for the professional development of the teaching staff was based on a grant written by Cathleen Kral (Assistant Principal). That grant, acquired from the Massachusetts Department of Education, provided $5000 that was earmarked for schools that were undergoing restructuring in order to adjust scheduling and to accommodate the tenets of the Education Reform Law. To support the examination of alternative approaches to teaching and learning in the middle school, the grant provided significant opportunities for staff members to attend conferences and pedagogical training sessions. Among these were process writing, mathematics instruction, conflict resolution and interdisciplinary instruction as well as attendance by nine staff members at the major conference of the New England League of Middle Schools.

Among the activities at Pierce during the year were the following:

Grade 6

- Conducted a simulated news conference after a space mission at the Christa MacAuliffe Space Center. Grace Corrigan, mother of Christa MacAuliffe, attended the news conference.

- Participated in the Boston Globe Stock Market Game in which students learned about investments through the use of Mathematics and historical analysis.

- Conducted ongoing bottle and can drive to defray field trip expenses.

- Participated in an interdisciplinary unit on Egypt in which students prepared food, dressed in Egyptian clothing, simulated Egyptian crafts and portrayed significant Egyptian characters based upon research done as part of the project.

- Conducted an Invention Convention in which students experimented with concepts/ideas and actualized them into prototype models.

- Conducted a major research project on "*Women in History.*" The culminating activity was a public demonstration of the research for visitors and parents.

- Promoted a letter-writing program to the soldiers in Bosnia.

Grade 7

- Received sponsorship by Bent's Cookie Factory.

- Built a snowman equal in height to the depth of the winter snow as part of a unit on weather.

- Conducted a Career Education Program with guest speakers.

- Had a visit to Wolf Hollow as part of the focus in Life Science.

- Conducted fund-raisers for the Greyhound Rescue and the Milton Food Pantry.

- Had eight essay contest winners.

- Had a VIP tour of the Fleet Center.

- Visited the Weather Station at the Blue Hills Observatory.
- Painted a classroom and planned the work with math formulas to estimate paint needed and the time required to complete the work.
- Conducted a house design project using Mathematics, Social Studies, Science and Language Arts.
- Took part in an interdisciplinary project about the Salem Witches that culminated in a visit to Salem.
- Conducted a major fund-raiser for the burned-out churches in the Southern United States. Activities in the project were: a car wash, rock concert, raffles and donation requests.
- Took a field trip to Washington, D.C.

Exploratory Subjects

Drama:

The sixth graders took part in a backstage tour of the Wang Center. A professional actress visited classes to discuss acting as a profession. She also worked with students on various acting techniques.

Physical Education:

Teachers conducted five dances from 2-5 p.m. in order to raise money for various school needs.

Led the Jumpathon to raise money for the Heart Fund.

Led the Eighth Grade Field Day.

Chaperoned a trip to the Baseball Hall of Fame.

Conducted an after-school softball program on a volunteer basis.

Art:

Designed and constructed two major art displays in the Central Office.

Conducted an "*Opening*" in order to present a major display of Grade 8 Artists' work.

Participated in the townwide Art and Technology Festival.

Four students were selected to present art work at a student art exhibition conducted at Beaver Country Day School.

ACE students designed and completed a large mural on the exterior walls of the new classrooms.

Health:

Developed a peer leadership group of Milton High School students who led a program at Pierce Middle School.

Conducted a poster contest for the Great American Smokeout.

Led a Globe Santa Fund support initiative that raised more than $1000.

Computer:

Used the 1995 World Series statistical reports to develop a database for information retrieval and analysis.

Used WordPerfect to develop business materials for a project.

Developed presentations using Multi-Media equipment.

Collicot Elementary School

Many special events took place over the course of the year. One of the highlights for Collicot School was receiving word that the third grade students finished second in the nation in the most difficult gold division of Word Masters.

Students in grade five, as part of Collicot's "Connection Theme", began a weekly volunteer program for the elderly by delivering Meals On Wheels. The school was awarded a grant from the Milton Foundation for Education to extend the existing third grade Great Books Program. Two other grants from the Milton Education Fund Committee allowed Collicot to increase the library collection of books on foreign countries. The other grant allowed us to create a program entitled "Unplugged" (a week without TV). An excellent student literary journal entitled "Connections" was produced by the staff to emphasize the importance of writing in all areas of the curriculum. Through a special reading project, the fifth grades were able to choose new World Book educational products for their classes. With the help of many supporters, Collicot won first prize of $2500 in the Cash for Class Program at the South Shore Shopping Plaza!

Many changes took place, beginning with a new principal and secretary. The students and staff were thrilled to have a full-time librarian. A new French section began at fourth grade, as well as a new innovative teaching sharing situation in grade two. The third grades were engaged in completing the task of instituting heterogeneous grouping, a literature-based reading program, and an instruction model using thematic units. This change involved a dedicated staff willing to spend the time necessary to insure success for all students. Creative Problem Solving was added to the grade four and five curriculum. New comput-

ers have been added to classrooms, the lab has seen additions, and the staff has continued professional development in order to integrate the computer with grade level curriculum. Our primary playground was given a tremendous facelift as well as a higher safety rating.

As a way of melding separate classes at each level, monthly assemblies were instituted. All students and staff at each grade level gave 100% to produce an assembly they shared with the student body and parents. To add to these special assemblies, all students provided special music assemblies. The Parent Teacher Organization rounded off the school year by providing assemblies by the Epic Brass Band, Colonial Life and Favorite American Folk Tales to mention a few.

Collicot School also managed to continue the many special programs that have been instituted over the years. Continental Mathematics, Word Masters, Read Aloud Week, Handicap Awareness, Spelling and Geography Bees, Writing Across the Curriculum, Family Reading Club, Visit Milton and the Summer Reading Program remain integral parts of the school curriculum. Grandparents' Day, St. Patrick's Day and grade five Unity Day continue to be highlights for students.

Students, for the first time, were able to take advantage of some new special events. Pumpkin, Holiday Door and Gingerbread House decorating were not only fun, but allowed students to show their creative sides. A Spring Hat Parade also took place for the first time this year.

What makes Collicot such a special educational institution is the ability of all groups – the administration, teachers, staff and parents, an active and supportive PTO, the School Site Council and a dedicated parent volunteer group, to work together to provide the best for our students.

Cunningham Elementary School

The 1995-96 school year was an exciting year for our students and teachers full of curriculum changes and developments. Our teachers and staff worked on our Strategic Plan for the 1996-97 school year. Our school's climate was positive, enthusiastic and supported by a strong parent body. The curriculum development, professional development, and strategic planning which we worked together to develop and implement were driven by our system's CORE VALUES:

High Achievement for All Students
Excellence In Teaching
Collaborative Relationships and Communication
Respect for Human Differences
Innovation and Risk-Taking for Education

The entire elementary staff enthusiastically supported the implementation of new and more challenging language arts and math curriculum in all of Milton's grade three classrooms. After two years of research and professional development, our grade three teachers and support staff implemented a strong thematic language arts program combining wonderful new literature with skills instruction from existing basals. Interdisciplinary units around the themes of "Connections" and "Journeys" provided the framework for a very challenging educational year for our students and teachers. All of our grade three students are now taught in heterogeneously grouped classrooms with flexible grouping and cooperative teaching techniques integrated into all lessons.

Milton's teachers previewed several new math curricula and chose to implement the D.C. Heath's "Connections" during the 1995-1996 school year. The D.C. Heath's "Everyday Counts" Calendar marks the beginning of every kindergarten through grade five students' day. Math concepts ranging from prime numbers to percentages are taught and reinforced through the "Calendar" instruction.

Writing Across the Curriculum continued to be an area of professional development for our staff.

During the 1995-1996 school year, our librarians, guidance counselors and classroom teachers were trained in the Future Problem Solving process. Future Problem Solving teaches students to be more creative.

Students improve their oral and written communication skills, research skills, and work on teams. The Future Problem Solving six-step process involves:

Step 1: Identifying the Problems

Step 2: Choosing One Problem to Solve

Step 3: Finding Solutions

Step 4: Developing Criteria

Step 5: Using Criteria to Evaluate Solutions

Step 6: Describing the Best Solution

Elementary librarians and classroom teachers in grades four and five taught this process around school, town and social problems to all of our fourth and fifth grade students during a weekly class (in addition to their library class). Elementary librarians and guidance counselors also taught an enrichment Problem Solving class to a small group of fourth and fifth graders who demonstrated a strength in Future Problem Solving. Our students worked on teams to solve school problems. One group worked on solutions to East Milton Square's traffic problems caused by construction.

Our students continued to participate in the following state and national competitions. These academic competitions "stretch" our students' minds and provide our teachers with excellent comparative information regarding our students' performance on a state and national level.

- Word Masters in Grades 3, 4 and 5
- Continental Mathematics Program in grades 2, 3, 4 and 5
- National Current Events League in grade 5
- Future Problem Solving in grade 4 and 5

The formation of The Milton Foundation for Education marked an exciting option for Milton teachers and staff members to write grants to fund creative programs and projects. Cunningham teacher Madame Agnes Alberola wrote and was granted funds to build a Cunningham School Garden. Cunningham teachers, students and parents joined together to create a twenty-six plot (including principal's plot) garden in the back of our school. The Foundation's grant gave our staff the "seed" funding to seek additional grants to create an interdisciplinary center for our students. Last spring and summer, students and teachers could be found working together as a school on a common project. We look forward to writing another grant to fund a weather station in our garden. The Milton Art Museum will be donating pieces of sculpture to enhance the aesthetics of the area. We invite the public to come and visit!

Cunningham teachers and parents joined with Tucker's teachers and parents to sponsor four very successful and challenging Family Math and Science Nights. During these very special Friday nights, parents and children had fun together while solving complex math and science problems.

Cunningham's P.T.O. funded continuous technology and computer professional development training for our staff. We look forward to the "Opening" of our elementary computer lab during the 1996-1997 school year.

The strengthening of each of our student's reading skills and love of reading continues to be one of our main goals, themes and objectives. Students' Summer Reading efforts were applauded and recognized. Cunningham's annual Family Reading Program reached 100% student participation. Students' individual and class reading efforts were charted and reinforced through discussions and lessons around "Breaking Down Barriers." Our students studied and discussed walls and barriers ranging from the Great Wall of China to invisible racial walls.

Over three thousand pieces of Milton students' artwork were exhibited at Milton's Art Fair which provided hundreds of parents and residents an evening to remember.

Cunningham's Strategic Plan

Cunningham teachers joined together on Strategic Planning Committees. Teachers worked all year to create plans for the 1996-97 school year. All of our teachers, staff, students and parents will join together during the 1996-97 school year to implement exciting plans in the following areas: Technology - Respect - Communication - Collaboration - Interdisciplinary Instruction and Learning - High Level Thinking Skills

Cunningham P.T.O.

Our Cunningham P.T.O. and parent body worked in close collaboration with our staff to enrich our children's and staff's school lives through the following programs:

- Birthday Book Program – Students and their families donated over three hundred books last year to our school library on the occasions of children's birthdays.

- Community Service Projects taught and reinforced the spirit of giving for our students, staff and families.

- Thanksgiving Baskets – Twenty-seven Thanksgiving Meal Baskets which were filled with good food for families to enjoy a wonderful Thanksgiving feast. The Baskets were decorated by our students. Each student picked a "turkey feather" and brought in one item and an optional dollar towards the cost of Tom Turkey for each basket!

- Holiday Giving trees – Two "Charlie Brown" Holiday Trees grew in our lobby. Each student picked a dove, dreidel or candy and brought in an item for a child or adult. Our P.T.O. and students donated over eight hundred gifts (small and large) to eight local charities last December.

- Cunningham students created Valentines for Milton's Visiting Nurses to deliver to their patients.

- Cunningham parents volunteered on a regular basis in our library.

- ChildWatch Program – Over two hundred Cunningham families chose to enroll and staff a parent-run program designed to protect their children from the possibility of becoming a missing child.

- International Night – Cunningham's teacher and parent Diversity Committee sponsored an annual International Night. Families enjoyed foods made by each other with entertainment by multi-cultural groups and individuals. At our 1996 International Night, Milton High School's "Step Dancers" entertained our families.

- Town Wide Spelling Bee – Milton's four elementary schools joined together to raise funds for technology in our schools.

- Cultural Events – Cunningham parents worked with our staff to set up a schedule of programs which enriched our curriculum.

The following individuals and professional groups presented grade appropriate programs for our students: Bay State Educators, National Theater for the Deaf, Opera New England, Theatreworks U.S.A., Sarah M. Keller and Celebrating Our Differences. Teachers and parents have worked to develop a very strong awareness and educational program for our fourth graders around blindness, deafness, physical handicaps and developmental delays. Cunningham's Parent Handbook, "Turn the Channel and Read" Program, Cunningham Cougar - Monthly Cunningham P.T.O. Newsletter continue to be a strong communication method for parents. Our Annual Book Fair prepared students for Milton's Student Summer Reading Program.

Cunningham's P.T.O. put a tremendous amount of work into incorporating as a non-profit organization during the 1995-1996 school year. Their work, talent, dedication and support of our school are exemplary. Our P.T.O. enriches the lives of our students and staff.

School Council

Cunningham's School Council worked with our staff on Cunningham's Strategic Plan's Respect Committee. Council members discussed creative solutions to class size and diversity issues.

Teacher and Staff Professional Development

Cunningham teachers joined Milton staff in a variety of professional development programs during our Friday Professional Development Sessions and through PALMS and Eisenhower funding. The following are a few highlights of the 1995-96 professional development options and programs: Teacher's Week Sabbaticals at Boston's Museum of Science, Milton Kindergarten Screening Tool-Revision and Implementation, Technology and Computers, Cooperative Learning, Flexible Grouping, New Math Curriculum, Writing Across the Curriculum, Writing Workshops, extensive professional

development for grade three teachers around heterogeneously grouped classrooms, Gifted and Talented Education, Future Problem Solving, Multi-Cultural Education at Boston's Children's Museum, Thematic Teaching and Interdisciplinary Teaching

Community Involvement

We are very proud of our three "veteran" Senior Citizen Volunteers: Mrs. Evelyn Williams volunteers every Wednesday morning in our office. Mrs. Williams has been a Cunningham School Volunteer for the past eight years. Mrs. Fran Berig volunteers as a wonderful reader in several of our primary classrooms. Mrs. Berig has been with us for the past four years. Mrs. Marion Tourville was one of our first volunteers. Every student in Mrs. Smith's and Mrs. Cardinal's classes knows and love Mrs. T.!

Mrs. Ann Parker, Milton librarian, visits every one of our twenty-five classrooms. Mrs. Parker reads to our students and discusses the importance of Milton's Public Library.

We are very pleased to accept Boston College High School and Milton Academy students who chose to perform their community service programs in our school.

Deputy Chief Malcom Larson provided each of Milton's elementary schools with materials to integrate into our programs during Fire Prevention Week and through the school year.

Cunningham's fifth graders followed Collicot School Principal Gillogly's volunteer spirit and every Thursday could be found delivering MEALS ON WHEELS to fifteen Milton residents.

Cunningham's fifth grade chorus entertained Milton's senior citizens during the holiday season.

The Cunningham School was awarded three Milton Cultural Arts Lottery Grants to partially cover the cost of our fourth graders attending the Boston Symphony's Youth Concert, a cultural event and a theatrical field trip. Milton's Community Schools continues to grow and to provide a much needed service for many of our families before school, after school, during vacations and during the summer with Camp Cunningham. The Milton Art Museum continues to be a wonderful resource for our children and staff.

We appreciate the town of Milton's continued efforts to support education and prepare our children to be strong and contributing citizens in the 21st century.

The various strands of educational reform which the Glover School community has been implementing these past few years were woven together with the writing of a strategic plan. The faculty dedicated many hours in meetings and workshops to research, discuss, agree and write Glover School's Strategic Plan. When this plan is adopted, it will become the engine that will lead and drive our initial steps in site based management. This document will act as a guide for the parents and staff to understand the school and share the responsibility for student learning. Our mission for the coming year is to implement our plan's first year goals. The Glover School Site Council completed and published an involved, long-term project: The Curriculum Guide. Included in the booklet are two publications. The first, written by members of the PTO, addresses the common questions parents ask about the school's culture and routines. The second is a curriculum guide for each grade level. The teachers and parents discussed and then wrote the topics which are taught at each grade level. We are very proud of our product and are enthusiastically looking forward to revising and improving it.

The Site Council also assessed its role and working relationships. Then we rededicated ourselves to act as leaders and enhance the curriculum changes and student learning. The members also suggested changes in the Back-To-School-Night which were implemented in 1995.

The faculty attended and participated in many courses, seminars and workshops to implement our new grouping practices, math, reading, writing and science programs. We are very enthusiastic about the math program and the problem solving techniques which the children are learning daily. The grade 3 reading program has been a blend of traditional skills and novels to illustrate the three themes. Additionally, the grade four teachers have also been trained to continue the curriculum changes. Glover School was awarded a grant, MassPEP. Its goals include the teaching of higher level scientific principles using simple experiments which all children can explore. Two teachers attended monthly meetings at Wentworth Institute and then disseminated their materials and information with the faculty. Another added benefit was a college student volunteer from Wentworth who worked with our children for 20 hours per week. His task was the use of computers and conducting science experiments. This summer two teachers are attending seminars sponsored by MassPEP and discussing gender equity in the sciences.

The Glover PTO continues to support and nurture the school's programs. They purchased several computers and printers for the classrooms and library. Several fundraisers were earmarked for new non-fiction collection and research materials. The dedicated members of the Cultural Arts Committee arranged entertaining, creative programs for the children. One highlight was our Artist-in

Residence. This year a poet visited all classes and elicited poetry from each child. There is a poetry anthology edited and printed by parents in the library as a reminder of the children's work. A second highlight for families was an outdoor music program presented by the group Sonabo. Families picnicked, danced and listened to the music on an early June evening.

The children are taught a curriculum about personal safety. It is emphasized by the DARE officer and our physical education/health teacher. But nobody could talk to the children and hold their attention like the Boston Celtics' Eric Montross. This young man donated time to visit us and discuss child safety. We were fortunate enough to have this visit arranged by a Glover School parent who works for the State.

The library volunteers spent many hours reorganizing the library, taking an inventory of the collection and adding new books to the shelves. Updating the research materials was a major goal of fundraising activities during the year. Members of the PTO also continued many other projects to benefit the Glover family including the Opening Day Coffee Hour, Harvest Social, Informational Meetings, science kit rotation, Birthday Recognition Days, Book Fair, Read Aloud, Sports Night, Disability Awareness and all the grade five activities.

Members of the Glover community are members of a new town-wide committee – Cultural Connections. The committee formed when the schools learned of a $5,000 anonymous donation. Our initial task was to spend the funds to foster understanding among all peoples and cultures. The money was given to the Children's Museum for the use of the four elementary schools. First, teachers from all the schools attended a workshop at the Children's Museum about multicultural celebrations. Then, the committee organized a free trip on yellow school buses to the Children's Museum for the families of Milton. It proved to be a huge success. The committee has continued to meet monthly to set additional town-wide programs to promote cross-cultural education and cultural understanding. Our first activity of the next school year is a townwide Grade 4 Day at Horizons for Youth, a camp in Sharon.

The Glover family also emphasized social responsibility through our Committee for Respect and Responsibility. The members of the Student Council ran a school store and baby-sat during school conferences. Profits were donated to the Milton Food Pantry. The children in the upper grades helped and completed projects with the younger children. It was a pleasure to watch a fifth grader taking a science walk holding the hand of a kindergarten child. The school in conjunction with the PTO ran food collections for the Food Pantry. Student Council members collected, counted and then graphed the amount and type of food collected. A second and fifth grade class decorated spoons, sold them and also donated the money.

Grade 5 won a Milton Education Foundation grant to conduct school-wide recycling and all classes are taught respect for our environment. They are taught lessons on water conservation and pollution. We all celebrated Earth Day.

The faculty met regularly to discuss school wide curriculum activities and thematic units. This year we titled our social studies unit Heroes and Heroines. It was especially effective to link lessons with the celebration of women's suffrage, biographies and multiculturalism. Of course, we were very proud when some children wrote about a parent or grandparent as their hero. We also conducted our extra reading program with World Book to update our library and classroom research materials in French and English. The school raised sponsors and received matching funds amounting to over $9000. We also all celebrated President's Day with an assembly. Some classes sang patriotic songs and some children dressed as patriots and spoke of their deeds.

If we just review all the special events and programs which Glover School offered, the core and heart of the school's daily life would be missing. The lessons, plays, writing, book reports, math problems, reading, geography, history lessons, science fairs and experiments were taught, encouraged, admired and inspired every day.

To conclude, we wish to thank the parents and teachers of Glover School. Together we provided a rich and varied education for the children.

Tucker Elementary School

This was a year marked by many exciting changes in our curriculum. A new Math program, Math Every Day, was implemented in Grades one and two to address the NCTM standards, emphasizing problem solving, communication and reasoning. A second component of the program, the Every Day Counts Calendar, was used at grades one through five. Teacher training in the implementation of the program was ongoing and continuous. Many training sessions were held on our Professional Development Fridays. Kindergarten teachers continued to work to further strengthen the Math Their Way program which was implemented at that level last year.

Heterogeneous grouping of students moved up to Grade three. Teachers were provided with extensive training in strategies to employ in order to meet the needs of all learners in a deleveled classroom. In addition to using a new Math program, grade three students also worked in a new Reading/Language Arts program. Instruction revolved around central themes and children read stories from a variety of sources (tradebooks and basal readers).

Many teachers from all grade levels attended the "Writing Across the Curriculum" course. This program introduced strategies that have been found to be highly effective and that result in improvement in student writing. The course also introduced methods to integrate writing into all curriculum areas.

A committee of teachers and administrators from all schools and grade levels met throughout the year to examine assessment practices. One accomplishment of this committee was the design of a new report card that was used in Grades one and two. This new report card better reflects curriculum and teaching strategies.

The faculty and staff of Tucker School wrote a Strategic Plan that outlined specific goals and objectives spanning a three year period designed to improve teaching and learning at the school. Subcommittees representing the CORE VALUES of the Milton Public Schools were established. Professional development time was devoted to preparation of a document that details specific focus areas. Implementation of stated goals will begin in the 1996-1997 school year.

The Tucker School Site Council composed of parents, teachers, administrators and community members met on a monthly basis throughout the school year. In June, the School Site Council presented a School Improvement Plan that focused on three major areas: class size, academic enhancement and parental involvement.

The Tucker School Student Council, composed of student representatives from each class in grades three to five, continued to be an active group. The council sponsored a food drive to benefit the Milton Food Pantry. Various fundraisers were held and the council hosted a Mother's Day and Father's Day breakfast, both of which were very well attended.

Thanks to the active support and involvement of its many members, the Tucker School PTO continued to provide numerous services to the Tucker School community. Baby-sitting was provided at each monthly meeting to enable more parents to attend. The PTO-sponsored Pumpkin Fair was a huge success in October. December brought the Holiday Sale. Christmas trees and wreaths as well as a variety of Hanukkah and Kwanza items displayed by vendors were sold. Everyone enjoyed the Sock Hop in March.

The various PTO subcommittees worked diligently to enrich the academic program for our students. The Science Committee joined forces with Cunningham School to offer a series of Family Math and Science Nights. With assistance from Project PALMS, teacher/parent teams were trained in the philosophy and design of a Family Math and Science Night Program. Three different Friday evening events were held with one of our primary grade groups visit-

ing Cunningham School and a group from Cunningham School visiting us. All evenings were very well attended and received rave reviews from children and adults alike.

The Technology Committee met monthly to assist in the development of a plan to obtain and integrate technology into all of our classrooms. A consultant was hired and workshops in the use of a variety of programs were presented to the staff. The committee purchased computer printers, software and furniture for some of our classrooms.

The Diversity Committee was formed this year. This committee hopes to provide the Tucker School Community with programs and resources that allow us to continue to celebrate our similarities and differences. A member of this committee represented Tucker School on the town-wide Cultural Connections Committee. The focus of this group is to design opportunities for children and parents from all elementary school districts to meet. One such event, held in May for parents, was the Family Science Project Workshop.

The Fundraising Committee expended much time and energy in an effort to raise funds for Tucker School activities and programs. Some of the major fundraising events were the annual Book Fair and Poster Contest and the spring T-shirt/sweatshirt sale.

The Cultural Arts Committee provided the Tucker community with a rich variety of performances by various artists. We kicked off the school year with an Author's Fest. Partially funded by a grant through the Milton Cultural Arts Program, children met Barbara Sewall, Anita Riggo and Jana Dillon. Students and staff were also treated to a performance by the Epic Brass Band and Alice and Andy. Tucker School artists were honored at our November Awards Assembly. Their art work was added to the Tucker Wall of Fame.

Tucker School staff were involved in writing and securing a number of grants through the Milton Education Fund and the Milton Foundation for Education. Funds obtained will provide a computer printer and publishing software for our student publishing center, thirty calculators and teacher resource materials for use in grades one and two, supplementary social studies/history materials for grade five and conflict resolution training for our guidance counselor.

Tucker School staff members attended a number of workshops and served on a variety of committees, some of which were:

- PALMS callback days
- Museum of Science Teacher Sabbatical Program
- Writing Across the Curriculum
- Assessment/Report Card Committee
- Math Square One Program
- Pre-Algebra workshop
- MFLA conference
- Multicultural workshop at the Children's Museum
- Future Problem Solving
- Intensive ongoing training in heterogeneous grouping for grades three and four

The lessons and activities that children are involved in on a daily basis are the core of the wonderful program at Tucker School. In addition, our children participated in numerous special activities and programs. Those included:

- Continental Math Program in grades two-five – Tucker students were regional award winners at the fifth grade level, with one student obtaining a perfect score
- Word Masters Program – grades three-five
- Book Buddy Program – students in grades K-2 matched with a high school student
- Egg Drop Contest – grade four
- Recycled Vehicle Contest – grade five
- Winter Solstice Concert – all grades
- Science Fair – all grades
- Monthly awards assemblies to recognize academic accomplishments and social responsibility
- Lincoln Essay Contest – Honorable Mention winner
- Barnes and Noble Brain Quest
- MWRA Poster Contest
- Milton Art Museum – publication of books – grade four
- Awesome Authors Across America: schoolwide voluntary reading program
- 100th Day Celebration
- Spelling Bee – student, parent and teacher teams participated in this townwide fundraising event
- Fizz and Martina – grades one-five
- Unity Day – grade five
- Move Up Day – grade five (to Pierce)
- Family Night at the Children's Museum
- Summer Reading Program
- BC High School Community Service
- Step Up Day – all grades in June
- Student teachers from Curry College
- Plays performed by Kindergarten and grade two

In summary, we are very pleased with the efforts of our highly talented and dedicated staff who continue on a daily basis to provide our students with a challenging and supportive learning environment. We appreciate the dedication of our parents who support us in our endeavors We thank the Milton School Committee and the citizens of the town for their continued support.

Faculty

All of these successes reflect the quality of people involved. Excellent teachers are the keystone of the Milton Public Schools. Principals, other administrators and support staff provide the leadership we need for good schools.

New staff members for the 1995-1996 school year were:

Administrators

Dr. Anthony Roselli, Assistant Superintendent for Personnel and Curriculum, Richard Gillogly, Principal, Collicot School – Cathleen Kral, Assistant Principal at Pierce Middle – Anna McReynolds, Assistant Principal at Pierce Middle, Carole McCarthy, Assistant Principal at Glover Elementary.

New Teachers

Francoise Aylmer, Nancy Bakey, Marguerite Bradley, Mary Elizabeth Byrne, Jennifer Caputo, Michael Cleary, Alan Cron, Dyanne Crowley, James Daly, William Deschenes, Dana French, Cynthia Grammer, J. Michael Gregory, Barbara Kelley, Mary Kirwan Hayes, Gretchen Hertzog, Julie Kenerson, Annmarie Laine, Deanna MacNeil, Carlotta Maggi, Susan McCabe, Michael McNally, Mary Moody, Elisa Morris, Erin Power, Steven Murphy, Rachel Murphy, Scott Nalibow, Coleen Queally, Nathan Randall, Mary Catherine Riley, Sally Rush, Janet Sheehan, Dalia Soto, Jennifer Staub, Julie Huffaker, Ellen Smith, Cheryl Thompson.

School Year Substitute Teachers

Kathleen Bertrand, Christopher Calos, Karen Cavanaugh, Thomas Egan, Marianne Fitzsimmons, William Gross, Amy Guzzardi, Amy Johnson, Mary Jones, Lucinda Ellert, Constance Mahoney, Anne Murphy, Patricia Ostrem, Frances Sullivan, Almarie Wilmot.

We are grateful for the dedication and commitment of the following teachers and support staff who retired from the Milton Public Schools during or immediately after the 1995-1996 school year: Kathleen Berrigan, Carol Crowley, Robert Kent and Ann Palmer.

REPORT OF THE BLUE HILLS REGIONAL DISTRICT SCHOOL COMMITTEE

To the Honorable Board of Selectmen: June 30, 1996

The Blue Hills Regional District School Committee is pleased to submit its 29th Annual Report to the residents of the Town of Milton.

Blue Hills Regional continues to provide excellent academic and technical instruction to area students, resulting in many awards and recognitions for the 1995-96 school year.

David Wilson, an Electrical senior from Braintree, was named the Outstanding Vocational Student of the Year. David was the class valedictorian and is a freshman at Rensselaer Polytechnic Institute.

Culinary Arts senior Taryn Mohan of Holbrook earned first place in the National VICA Skills Olympics. Now a student at the Culinary Institute of America, Taryn will compete in the International competition to be held in Switzerland next year. VICA is a national student organization that develops leadership, citizenship and character. VICA emphasizes respect for the dignity of work and good workmanship and teaches how to live and work with others in a responsible and caring way.

Four students were recognized for English excellence through the 21st Century Book Award. Senior Alan DeNapoli (Norwood), junior Shannon Hogan (Randolph), and sophomores Jenny Dibble (Dedham) and Brendan Kidwell (Randolph) all received dictionaries for their accomplishments.

Electronics Senior Damon Boykin of Milton was the Blue Hills Nominee for the Jewish War Veterans' Classmates Today-Neighbors Tomorrow Award which recognized students who have positively impacted diversity within their school and/or neighborhood.

The Graphic Communications Department earned a first place award from the Gallery of Superb Printing for production of the Open House Brochure, and a first place for production of the 1995-96 school appointment calendar.

The Automotive Program once again earned certification by the National Automotive Technicians Education Foundation. The Graphics Communications Departments earned certification through the Printing Industry of America.

The Blue Hills William H. Dwyer Chapter of the National Honor Society inducted 18 students from six occupations into the prestigious organization. This was the largest number of students ever inducted at Blue Hills.

The Blue Hills School offers interscholastic sports in 12 areas, at no cost to the students. Intramural sports are also offered in golf, basketball, floor hockey, and volleyball. This past year the mixed gender Varsity Soccer team was Mayflower League Division II Champion and the Boys Basketball Team was Mayflower League Division I Co-Champion.

Secondary school enrollment at Blue Hills was 837, up 9 students from the previous year. Forty-three of the high school students were from Milton. Nine of the 165 seniors in 1995-96 were Milton residents. The number of students attending Blue Hills continue remain steady or rise each year.

Placement for graduates was impressive, as usual. Thirty-three percent of the graduates were placed in related jobs; 7% in unrelated jobs; 53% continued on to college; 5% entered the military; 2% were unemployed as of June 30; 2% were not in the labor force. Seventy-six percent of the Postgraduate Program graduates (Auto Body, Auto Repair, Cosmetology, Culinary Arts, Electrical Technology, and Electronic Technology) are working in their field.

The Blue Hill Aquatics Program earned recognition from the American Red Cross for being the largest and most comprehensive program in the Massachusetts Bay Chapter. The Red Cross also presented an award to the school for its successful annual Blood Drives.

Enrollment continues to increase in the self-supporting Continuing Education Program. Evening personal enrichment courses are offered along with trade preparation, electrical code and theory, computers and cosmetology. Continuing Ed. continues its relationship with General Motors to provide skill enhancement and other educational programs for the Company's UAW represented employees and their families. Customized re-training programs are also available to local business and industry.

Discover, the Blue Hills Career Exploratory Camp, is offered to youngsters aged 10-13 during two-week sessions in July and August. Campers are given an opportunity to develop and learn skills in a particular vocational area in the morning while enjoying organized recreational activities during the afternoon.

As always, Blue Hills makes its facilities and programs available to the public. More than 2,000 participated in the pool program, enjoyed meals and bakery items at the school restaurant, the Chateau de Bleu, and received affordable salon services from the cosmetology students. Blue Hills is the only school in the area with a full sized fitness center open to the public on a membership basis.

The school saved taxpayers several hundred thousand dollars through special projects for the municipalities, residents, and civic organizations. Projects included printing, vehicle repairs, metal fabrication, and building maintenance. Special letters of thanks were received from State Police for converting a military vehicle generator for use in helicopters; Avon Police Department for auto repair work; Sheriff Clifford Marshall for refinishing work on desk tops for Norfolk County; State Police for the structural wood department's work on drain covers for the Milton Stables. The Structural Wood students also refurbished voting booths for the town of Braintree. Structural Wood and Electrical completed major additions on private homes in Canton and Randolph.

In order to take the pressure off lean town budgets, Blue Hills won grants totaling $515,500 for fiscal 1996.

Superintendent Wilfrid J. Savoie attended seminars in Washington D.C. and met with lawmakers to discuss vocational education issues and funding. Savoie found that state and federal support of voc-ed is impressive and encouraging.

The District School Committee meets on the first and third Tuesday of each month at 7:30 p.m. in the District Board Room at the school at 800 Randolph Street, Canton. The public is invited to attend. The following individuals were members of the 1995-96 Committee:

Avon	Philip M. Doherty
Braintree	Timothy D. Sullivan
Canton	Benson Diamond, Esq.
Dedham	John J. Lyons, Jr.
Holbrook	William T. Buckley
Milton	Philip L. Kliman
Norwood	Kevin Connolly
Randolph	Ronald DiGuilio
Westwood	Alan L. Butters

The District School Committee extends its thanks and appreciation to the citizens of Milton for continuing to support its efforts to provide quality vocational technical education.

Respectfully submitted,

BLUE HILLS REGIONAL VOCATIONAL
SCHOOL DISTRICT COMMITTEE

Alan L. Butters
Chairman and Westwood Representative

Philip L. Kliman
Milton Representative

REPORT OF THE HIGH SCHOOL SCIENCE BUILDING COMMITTEE

To the Honorable Board of Selectmen: June 30, 1996

This committee was established under Article 28 of the 1994 Annual Town Meeting and was responsible for the construction, remodeling and furnishing of science laboratories at Milton High School. Since its last report to the Selectmen, dated June 30, 1995, the Committee has completed the work assigned to it under Article 28.

The work of this project included construction of nine new science laboratories and ancillary rooms, remodeling of the old science space, and replacement of two rooms that had been dedicated to moderate special needs instruction. The construction work, which began in May of 1995, was completed for the opening of the school year in the fall of 1996 and was within the budget allocated by the Town. It should be noted that it took the Town nine years from the establishment of the original Study Committee in 1987 to correct a need identified by the School Department.

The first phase of the project was construction of the new science facilities, which were occupied by the Science Department on March 18, 1996. The Committee is indebted to the Mt. Vernon Group architects and the A. Bonfatti Construction Company for completion of these rooms for occupancy on the above date. Special recognition is due to Peter Avitable, Chairman of the Science Department, all science teachers, and the many students who over the weekend of Friday, March 15, 1996, participated in the move from their old to their new quarters. Teaching and learning continued on Monday the eighteenth without a pause.

The second phase, remodeling of the old science space, began immediately and was completed by June 1, 1996. Two rooms were renovated specifically for use by the Art Department with a small area designated for the kiln. One laboratory room was assigned to the English Department and the remaining six rooms to Mathematics.

The last phase of the project, relocation and remodeling of two rooms for moderate special needs, was completed during the summer of 1996. A new kitchen, designed for use in teaching some of the activities of daily living, was a part of this phase. The work was done by a team outside the Bonfatti Contract and within the budget for the project.

An open house for Town Meeting members to show the new science facilities was held on May 7, 1996, during the Annual Town Meeting. The Science Wing was dedicated on September 29, 1996. It is impossible to thank

individually the hundreds of people who made the project possible. The Committee commends the many town offices and officials for their help during construction. The spirit of cooperation at every level made the work of this Committee a pleasure. The Committee's responsibilities will be discharged when the School Committee accepts the project.

Respectfully submitted,

Anne E. Coghlan, Chairman
Mary S. Cobb
William J. Fitzgerald
Dimitri Theodossiou
Richard A. Williams
